NEWS OF THE DAY.

THE CABINET.—The Hon. Messrs. Campbell, Cockburn, Blair and Chapais left Ottawa on Thursday evening for Prescott, to attend the sitting of the Executive Council at Montreal yesterday. His Excellency the Governor-General will sail for England on the 12th, (Wednesday next,) as previously announced.

DEATH OF W. HEWETT GRIFFIN, ESQ.—Our columns to-day contain a Funeral Notice of the late William Hewett Griffin, Esq., of the Township of Pittsburgh, one of the County Auditors, whose untimely and unlooked-for decease has cast a gloom upon the whole community. Although not universally known, he was universally respected by all who had the pleasure of knowing him. He was an Irish gentleman in the fullest and truest acceptation of the word. A Trinity College man, of good birth and position, he emigrated to Canada many years ago, and settled on Amherst Island, where he resided until a couple of years ago, when, for the sake of the education of his only son, he moved to Pittsburgh, near Kingston, where his hospitality to his friends, his obliging kindness to his neighbors, and his charity to the poor, will make him long remembered and regretted. He died from the rupture of a blood vessel, and will be buried on Monday next, at the Cataraqui Cemetery. The Funeral Cortege will cross the Cataraqui Bridge about three o'clock P.M.

TRUST AND LOAN COMPANY.—The sale of property in Pittsburg on account of this Company takes place at noon on Monday, at Mr. Linton's Auction Rooms. See advertisement.

KINGSTON CURLING CLUB.—The annual meeting of the Kingston Curling Club was held on Thursday evening in Blondheim's. The meeting passed off very pleasantly in discussing the various subjects usually necessary at such gatherings. The officers for the ensuing year are:—President, C. Hamilton; Vice-President, S. Woods; Secretary and Treasurer, Jas. Richmond. Messrs. Falconer, Fraser, Drummond, Gildersleeve, Ford, Carruthers, Kerr and Col. Moffatt were elected Skips and Managers. It was further determined that a challenge be sent to the Montreal Curling Club to play a match game in February, one Rink in Montreal and one in Kingston. After an hour or two spent in a very pleasant manner, the meeting adjourned, to meet again as soon as the ice is in condition in the Rink.

THE NEW SILVER DOLLAR OF THE U. S. CURRENCY.—One of these new coins we have seen. On the obverse is a scroll, having thereon the words: "In God we trust." We have always known that the Yankees worshipped the Almighty Dollar, but had no idea that they would openly boast of it.

THE SITUATION IN IRELAND.—A correspondent, writing from Dublin, defines the situation in a clearer light than can be gleaned from the news received through American sources:—The private advices from America respecting the Fenians, including the speech of Stephens at Jones' Wood, wild and improbable as it is, have, nevertheless, induced the Government to take precautions to prevent any unpleasant Fenian surprise. Preparations, naval and military, have been extensively but quietly made, and I am assured that the Commander of the Forces in Ireland, Lord Strathnairne, better known as Sir Hugh Rose, has the 'situation' so completely in his hands that an attempt at a surprise in any portion of the island must end in complete failure. The probability of such an attempt seems, however, to be recognized to a certain extent.

THE MADOC GOLD FIELDS.—The Intelligencer has a very encouraging report from Madoc this week. Property is increasing in value at an unparalelled rate. The more mining that is carried on, the greater degree of certainty in the minds of the people that gold exists to a large extent in the Township, and every one looks forward anxiously to the day when the Boston Company will pay over the $35,000 for the Richardson mine, which it is thought will give a new impetus to mining operations. Prospecting, digging, and sinking shafts are going on in all parts of the township; every one is certain of success. Active operations are now being carried on in various lots, a large number of private parties being at work on their own responsibility, not having leased their lots. The Intelligencer gives the names of fourteen parties who have commenced work and found gold some in the quartz rock, and others among the loose sand. One farmer has sold a small lot for the sum of $30,000.

POLICE COURT, Friday.—Three drunken cases were fined $2 each, and another of a similar kind was remanded. Ellen McDonald, vagrant, was discharged. Jimmy McKeown was brought up, charged with being drunk and a vagrant, and sent back to gaol for 30 days. Charles McAvey, one of the party who broke into Margaret Gavin's house at the Grove about a week ago, and who eluded the grasp of the police ever since, was arrested yesterday afternoon, and this morning fined $12, the same amount as was imposed on his three comrades. The adjourned case of John Nobbs, of Wellington street, charged with selling liquor without license, was brought up, but the witnesses deposed that they had never paid for liquor in the house, though they had drunk repeatedly. The case was dismissed. Mr. Mostyn also charged George Cochrane, of Barrack street, with the same offence, but in the absence of material witnesses, the case was put off.

NAVIGATION CLOSED AT OTTAWA.—The Rideau canal was closed for the season on Thursday night, the last boat passing through. A tug arrived at Ottawa the same day with nine loaded barges belonging to the Montreal and Ottawa forwarding company. These are the last arrivals there of the season. The steamers are now all going into their winter quarters.

LAST SHIPMENT.—The last shipment of grain of the season was made yesterday by Mr. G. M. Kinghorn, who despatched the barge 'Frank' to Ogdensburg. Mr. Kinghorn also shipped the first grain of the season to Montreal.

VESSEL LOST WITH ALL HANDS.—The barque 'Garryowen,' Capt. Collins, of Toronto, on Sunday last encountered a violent gale on Lake Erie, about midway between Cleveland and Port Colborne, and foundered, all hands being lost. She was loaded with coal, consigned to Toronto, where she was owned and fitted out.

This vessel has a strange history, full of casualties. She was built first as a barge about twelve years ago, being employed between Kingston and Montreal, until she sank in one of the St. Lawrence rapids with a portion of her crew of French Canadians. She was afterwards raised and towed to this port, where she was rebuilt as a propeller and named the 'Inkermann.' After running for a couple of years she blew up in Toronto harbor, causing the death of several of her crew, including a son of Mr. Honeyman, foundryman, of this city. She again changed hands and her new owner cut her down and constructed her as a barque, calling her the 'Tornado.' Not long after she was driven ashore at Four Miles Point, at the lake entrance to this harbor, during a violent fall gale, and all her crew were either drowned in the cabin or frozen to death. The vessel was soon after owed off and repaired, being registered as the 'Stork.' Subsequently she was named the 'Garryowen,' and has now ended her ill-fated career by finding a watery grave for her crew in the deep waters of Lake Erie, with only her old timbers for their coffins.

THE STEAMER CORINTHIAN.—This steamer has been laid up in her winter quarters at Port Hope, so that water communication with Rochester is closed for the present season.

FENIAN PRIVATEERS.—It is supposed in New York that several privateers are already being fitted out to prey on British commerce the moment the anticipated troubles in Ireland begin. A telegram from New Orleans reports that the fast Clyde-built blockad runner Heroine, has been purchased and is fitting out there for a similar purpose, but, of course, the Fenian leaders profess to know nothing about it.

PARTICULARS OF THE LOSS OF THE SCHOONER M. BALLARD.

On the 30th inst., the keeper of the lighthouse on Galloo Island, Lake Ontario, with two men, saw the Ballard going down toward the St. Lawrence, probably bound for Ogdensburgh. When opposite the Island, and one and a half miles to the northwest of the lighthouse, she struck a shoal and was unable to get off. She struck about 9 o'clock a.m. At twenty minutes of 11 the mainmast fell over, and at 11 the foremast also fell. The wind was blowing a gale and a heavy sea running, so no boats could be sent from the island with any hope of reaching the imperilled crew of the schooner. The vessel hung in the same position till 1 p.m., when she sunk out of sight. Her small boat drifted ashore about an hour after she went down.

The lighthouse keeper and his two companions remained on the beach till dusk. Shortly before nightfall three or four of the crew were seen floating on the hatches. One of them came so near that an oar was handed to him. He caught it, but a heavy sea washed him back and he was not seen afterwards. One of the crew was picked up that evening on the shore, about three miles from the head of the Island, and two more were found the next morning. Two of the bodies have been forwarded to Detroit, and one has been received in Kingston.

ST LAWRENCE TOW-BOAT COMPANY.—At a special meeting of the Stockholders of this Company, held on the 15th November, it was resolved that the Directors at once complete and fit out the steamer Union, with the view of running her between Montreal and the Saguenay during the ensuing summer.—Quebec Chronicle.

AN ANTIDOTE FOR POISON.

THE PAIN KILLER.—Rev. T. Allen, writing from Tavoy, Burmah, says:—'Within the past four years I have used and disposed of about five hundred bottles, but am now out. Please send me a fresh supply as soon as you can—say two hundred bottles. I dare not be without it myself and there are endless calls for it both by Burmans and Karens. I always take it with me into the jungles, and have frequent occasion to use it both on myself and others. One night while sleeping in an open Zayate, I was awoke by a most excruciating pain in my foot. On examination, I found I had been bitten by a centipede. Immediately applied the Pain Killer, and found instant relief.'

Rev. Mr. Hibbard, writing from Burmah to his father, says:—'I have used Davis' Pain Killer for coughs, colds, summer complaints, burns, and for the sting of scorpions, with uniform success. We always keep it where we can lay our hands on it in the dark, if need be.'

Sickness is an affliction that waits on us all. None are exempt and there are none but need relief from attacks. Whoever can furnish this becomes our benefactor. A conviction prevails that Dr. Ayer does it. Disorders of the blood have been healed by his Sarsaparilla, and affections of the lungs by his Cherry Pectoral, too frequently and too distinctly to be disputed. His Ague Cure is sold, by those who use it, to never fail. Reader, if you must have medical aid, take the best of medicine. Poor remedies are dear as good are cheap, at any price you have to pay for them.—[Charleston Courier. 269

"Jes' so?"—"Exactly!"—Solon Shingle said they were there 'every time.'—If he felt "owlish" in the morning, he took Plantation Bitters; if he felt weary at night, he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

Few persons want any better authority; but as some may, just read the following:

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life."
REV. W. H. WAGONER, Mad'd, N.Y.

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me."
REV. C. A. MILLWOOD, New York City.

"* * * I had lost all appetite—was so weak and nervated I could hardly walk, and had a perfect dread of society. * * * The Plantation Bitters have set me all right."
JAMES HEIMINWAY, St. Louis, Mo.

"* * * The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs, that distressed me for years. They act like a charm."
C. C. MOORE, 254 Broadway, N.Y.

"Mr. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred reams of such certificates, but no advertisement is so effective as what people themselves say of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. OVER A MILLION DOLLARS SAVED!

Gentlemen:—I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

Montgomery, Ala., June 17, 1859. J. L. DOWNING

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic."
J. W. HEWITT,
Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while sleighing last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Gloucester, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the private U.S. stamp of DEMAS BARNES & Co. over the top.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

FRIENDLY COUNSEL TO DYSPEPTICS.

Your digestive organs require rousing and regulating. Severe purgatives will deprive them of the little vigor that disease has left them, and leave them in a state of hopeless irregularity. What you require is a medicine that includes the properties of a gentle laxative, a counter irritant, a stomachic and an alterative. This desideratum you have in Radway's Regulating Pills. They not only carry off the acrid and corrupt humors generated by imperfect digestion, and heal and soothe the irritation created in the intestines by the presence of those humors, but they also restore the secretive organs to a healthy condition, and thus preclude the further development of vitiated fluids. They not only subdue the symptoms, but extinguish the causes of indigestion. These are simple facts verified by years of uniform experience. 285

DO YOU SKATE?—It is a pleasant delightful and exhilarating exercise. Skate by all means; but if you should take cold, Downs' Vegetable Balsamic Elixir will restore you to health. Henry's Vermont Liniment, taken internally, imparts a pleasant and agreeable warmth to the stomach and wards off the attack of cold. If provided with these remedies, and always keep them in your house.—A bottle of each costs only 25 cents. Sold by druggists and Dealers everywhere. 253

Humphreys' Homoeopathic Specifics are emphatically the people's remedies. Economical, simple, convenient and efficient, they form a system of prompt remedial means for families quite superior to anything ever offered to the public. 285
