BENJAMIN CLARK,
Secretary.

Office of the Canada Powder Co.,
Hamilton, 11th March, 1856. } 135 1m

THE SNOW BLOCKADE OF OSWEGO.—The arrival of a mail from the south at Oswego this winter, has been such an unusual occurrence that the papers announce it with a grand flourish of capitals, similar to the announcement of the arrival of a steamship from Europe with exciting war news. The Times of Thursday evening last heads its editorial column with "Four Days Later from Syracuse!" The mails arrived overland this morning from Syracuse, with later dates from the United States, and all parts of Europe." The Palladium of Friday morning announces, "A Mail! A Mail!! We received a mail yesterday from Syracuse by the overland route, bringing news from different quarters four days later." The trains are now running regularly on the Oswego road.—Syracuse Standard, March 10.

MATCH BETWEEN THE LIVERPOOL AND MANCHESTER CHESS CLUBS.—The annual match between the Liverpool and Manchester Chess Clubs was played on Wednesday, at the Adelphi Hotel, when the following were the principle players:—Manchester: Messrs. Duval, Kipping, Cohen, Pender, and Cluley. Liverpool: Messrs. Sparke, Soul, Jones, Smith, and Sinclair. Our townsmen were unfortunate, winning only one game, while their opponents were victors in no less than seven. In the evening the annual dinner of the Liverpool Chess Club took place, when about twenty-five gentlemen sat down to dinner Mr M'Connell occupying the chair, and Mr T. L. Morecroft the vice-chair.

STUDYING LATIN.—The New Era relates a story of a farmer whose young son had for a long time been studying Latin in a popular academy.

The farmer not being perfectly satisfied with the course and conduct of the young hopeful, recalled him from school, and placing him at the side of a cart one day, thus addressed him:

'Now, Joseph, here is a fork, and there is a heap of manure and cart; what do you call them in Latin?'

'Forkibus, cartibus, et manuribus,' said Joseph.

'Well, now,' said the old man, 'if you don't take that forkibus pretty quickibus, and pitch that manuribus into that cartibus, I'll break your lazy backibus.'

Jaseph went to workibus forthwithibus

Special Notices

LYNO'S KATHERON.—The Ladies have proclaimed this article to be, by far, the cleanest and most delightful preparation ever used; and from their verdict, in such matters, there is no appeal. Their decision is certainly well grounded for its wonderful efficacy in restoring, preserving and beautifying the Hair; cleansing it from dandruff and all other impurities curing nervous Headache, &c: together with its delightful perfume, and its perfect cleanness and delicacy, (the result of the great care taken in its preparation,) have made it the most universally popular article of the kind, in the world.

Sold every where in large bottles, for only 25 cents.

SCROFULA.—Unprecedented instances of the cure of this Complaint.—This is, perhaps, the greatest scourge to which the human family are subject, and at the same time the most difficult of cure, inasmuch as it is dependant on the power of the medicine prescribed, and its instantaneous effects upon the parts affected. The only infallible remedy for the cure of this most distressing of maladies with which we are acquainted, is Holloway's Ointment and Pills. They quickly eradicate all cutaneous diseases, and there is perhaps no class of disorders which so readily yields to the treatment of these mighty medicines. They act like a charm, and not only astonish the patient, but the faculty themselves rendering them unparalleled in the history of medical science.

THE VICTIMS OF WHOOPING COUGH, Croup and also of Diarrhea, Cholera Morbus, Dysentery, Cholera Infantum, and Summer Complaints have been alarmingly numerous, as shown by the city and country bills of mortality. Immense suffering and thousands of lives might be saved yearly by the use of Dr. Jas. McClintock's Whooping Cough Remedy and his Diarrhea Cordial, prescribed in the Cholera Hospitals and City Prisons, Philadelphia, with the most happy and gratifying results

DR JAS McCLINTOCK, late Dean of Philadelphia College of Medicine, has brought his most profound medical knowledge and experience to bear not merely upon the aggravated disease. His Dyspepsia Elixir for Dyspepsia and Indigestion, and Alterative Syrup for Purifying the Blood are premium medicines, and are gaining daily and week of all who pass such testimony as that concerning they most rare [illegible] all from

Kingston, March 13, 1856.

NOTICE is hereby given, that application will be made to the Provincial Parliament at its present meeting, for an act to incorporate a Company, by, and under the name of the Kingston and Smith's Falls Railway Company, for the purpose of constructing a Railway from the City of Kingston to the Village of Smith's Falls, in the County of Lanark, with liberty to extend the same to Kemptville, or to some point at or near the Ottawa River.

M. FLANAGAN,
City Clerk.

Kingston, March 11th, 1856.

TIRAGE AU SORT.

MR. JOSHUA BATES, of Sly's Rapids, Canada West, respectfully brings before the attention of the Public his Scheme for the disposal of his Real Estate, situate in the united counties of Leeds and Grenville, and of Lanark and Renfrew, C. W., valued by disinterested and competent parties at $61,000, which will be done by *Tirage au Sort*, at $5 per Ticket, and to contain in all 640 Prizes, from the value of £3125 to £1 5s, thus making a prize for every 20 numbers. The highest prize being a Grist Mill, of the most perfect and best finished in Canada, or the United States, and which can be leased for £400 per annum; it is situated at Sly Lock Station, on the Rideau Canal; it has four run of stones; the size of the building is 40 by 60, and it is built of Stone, in the most substantial manner. Each run of stones has a separate water-wheel, the two smut machines, two setts of elevators and two separators having a water-wheel for themselves, and all central discharge wheels made of iron. The shafting is all iron from the bottom to the top throughout, the machinery is all perfect and in goodworking order; and the remainder of the property at Sly's Lock Station is water power lots, of much value, some with buildings thereon, and others vacant averaging downwards to £5 per lot. The other properties are all divided into lots, valued at £6,932 10s., and the lowest value of any one is £5. In laying this Scheme for the disposal of such valuable property before the public, the proprietor would not have done so, unless circumstances compelled him so to do, under certain pecuniary embarrassments in which he and many of his friends have been led and hoping thereby to get alleviated therefrom; the cause of which embarrassments is attributable to the death of James Sykes, of Sheffield, in England, who was, before his death interested in the contemplated Railroad known as the Brockville and Ottawa Road, in which the undersigned's all was at stake. To allow processes at Law to go against his property and sold by Sheriff's sale would be ruinous to all his property, and not realize such sufficient balance as to relieve him of all his difficulties; it is a sacrifice which the undersigned feels greatly, but if he can honestly discharge his liabilities, although incurred for others, he is willing to give up his hard earnings, which have taken over 40 years of his labor and economy to earn, and which he expected to have for the latter days of his and his family life, and recommence the hardships of the world anew. The public need not fear entering into this scheme, because it bears the name of a *Tirage*, for, although very many deprecate the general principle of *Tirages*, yet there are instances in which they ought to be recommended and adopted, which is, when it is intended to carry out some good purpose, as in this instance, which is got up solely for the purpose of relieving the proprietor and his friends, who are responsible with him for liabilities which cannot be met in time by any other plan. The drawing will take place on the 28th May, 1856, under the superintendence of gentlemen of the highest respectability, character, and standing in society, who will see that anything connected with the drawing is fairly and honorably attended to, and the names of those gentlemen are Adiel Sherwood, R. P. Cotton, and John Kilborn, Esquires, of Brockville, who have kindly come forward to undertake the responsible part, and see the matter carried to a final result.

Having appointed Mr Thos. Wilson of the City of Kingston, my authorized agent to dispose of Tickets, &c., any information required touching the above lottery can be obtained on application to his office, King street, Kingston.

JOSHUA BATES.

Rowe and Peterson, Bath; Wm. Thompson, Wilton.

TO ARCHITECTS.

PUBLIC WORKS,
Toronto, 29th Dec. 1855.

PLANS ARE REQUIRED FOR A CUSTOM HOUSE, proposed to be Erected in the City of Quebec.

From the nature of the site on which it is decided the Building shall stand, as well as to be enabled to form a judgment upon the character of the materials to be used, and on the facility, or otherwise of procuring them, it will be necessary that the gentleman who may see fit to engage in the preparing of Plans and Estimates, should visit the locality; and it is wished that the Estimates should show separately the additional cost, if any, should Granite, such as is to be had on the Montreal and Portland Road, be adopted for the principal fronts.

For full information, as to the amount nature and extent of the accommodation which the Building must afford, reference is to be made to the Collector of the Port of Quebec, J. W. DUNSCOMBE, Esquire.

The Plans are to comprise one of the Basements, showing the sewerage, principle of heating, &c., and one of each of the floors, with such sections also as may be necessary to convey fully the intentions of the Architect.

The plans are to be accompanied by a detailed Specification, measurement, and Estimate of the Works of the several classes required to complete the Building ready for business, and also by a Schedule of Rates by which any extra Work will be governed.

For the set of Plans, &c., which may be considered by the Commissioners of Public Works, most deserving and applicable, the sum of Two Hundred and Fifty Pounds will be paid, these Plans becoming thereby the Property of the Commissioners, who will make such arrangements for the Superintendance of the erection of the Building as they think fit.

A premium of £100 will be awarded to the design considered second in merit. All the Plans will be returned but those connected with the design adopted.

The Estimates are to show the cost of the necessary filling and forming and protecting the approaches distinct from the cost of the Building.

It is desired that the Building should present a respectable Architectural Facade to the River and also one to the Street. The Plank elevations to be plain but in character.

The entire, in appearance and construction, to be commensurate with the importance of the Port

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining the above requirements, and the necessary accommodation.

The Plans, &c., are to be Sealed and Addressed to the Chief Commissioner of Public Works, Toronto, Canada, and are to be delivered in, on, or before the 15th MARCH next.

By order,

THOMAS A. BEGLY,
Secretary.

Department of Public Works,
Toronto, Dec. 28, 1855. } 80-2cw-t-m-15.

TO ARCHITECTS.

PLANS ARE REQUIRED FOR A JAIL proposed to be erected outside the walls of the city of Quebec, upon a suitable site.

The Plans are to comprise a general Plan, showing the insulating walls, position and extent of the Prison Building, with all the indispensable Jay-rooms, work-shops, and other outbuildings, hospitals and airing yards, sewerage, &c., &c. Also, a Basement Plan, exhibiting the principles of Heating and Ventilating, and a plan of each on the floors; likewise such sections as may be necessary to convey fully the intentions of the Architect. Such Plans are to be accompanied by a detailed Specification, Measurement, and Estimate of the works of the several classes required for the full completion of the buildings &c, and also by a Schedule of Rates, by which any extra work will be governed.

For the set of Plans, &c, which may be deemed by the Commissioners of Public Works most deserving and applicable, and in the designing of which due consideration will appear to have been given, so that they shall combine all the requirements which such an institution should afford, as to the sale-keeping and health of the prisoners, their classification, employment, and reclamation, &c., &c., the sum of Two hundred and Fifty Pounds will be paid—these plans becoming thereby the property of the Commissioners, who will make such arrangements for the superintendence of the erection of the Building as they they think fit.

A Premium of £100 will be awarded to the design considered second in merit. all the Plans will be returned but those connected with the design adopted.

The Estimates are to show, separately, the cost of supplying the premises with Water and Gas.

For information as to the number of prisoners for which the building should be suited, taking into consideration the rapidly increasing population of the country, reference is to be made to W. S. SEWELL, Esq., Sheriff, Quebec.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining all the necessary requirements, and with the substantial construction of the entire, as much as possible, on fire-proof principles, and in a suitable style of architecture.

The Plans &c., are to be sealed, and addressed to the Chief Commissioner of Public Works, Toronto, Canada; and are to be delivered in, on, or before the 15th March next.

By order,

THOMAS A BEGLY, Sec.

Department of Public Works,
Toronto, 3rd Jan. 1856. } 80-2cw-2m15

Wharfage, Forwarding & Commission BUSINESS.

THE SUBSCRIBER having leased, for a term of years, those extensive Wharves and premises, at the foot of Johnston and William Streets, recently built by Messrs. A. & D. Shaw, and known as the Garratt Block, will be prepared at the opening of the Navigation to give every attention to such business as may be intrusted to his charge.

WM. COLCLEUGH.
Kingston, Feb. 28th, 1856.

FINE ARTS.

SCOTT & WRIGHT beg to announce that they have opened a Picture Gallery over their Store, with a late arrival of first-class English Engravings, which they have put in hadsome Gilt Frames, which in design or finish cannot be surpassed.

The above embraces the most popular works of the best masters; together with a large variety of Pier and Mantel Mirrors, with French and English Plates. Making their Gallery replete with all that is new and beautiful in art.
