

Pineview School celebrates 50th anniversary

Grade three students, with Principal Jane McCarter, sing O'Canada during ceremonies for the 50th anniversary of Pineview School last Saturday. "The parent committee has worked very hard to organize this event," said McCarter. "Staff and students are excited to be taking part in Pineview's history, helping decorate the rooms and gym, while learning about the school's different eras." A White Pine tree was planted on school property, which will be further landscaped over the coming months. A rock with a plaque commemorating the 50th anniversary will be installed in this area.

Thank You from Tocher Pianos

We would like to take this opportunity to thank all of our customers for allowing us to bring music into your lives. After 45 years, we have decided to downsize and close the retail portion of our business.

We will continue to provide piano servicing to our customers including tuning, repairs, refinishing, etc.

Over the years, we have thoroughly enjoyed dealing with so many wonderful and interesting people and all the young families who introduced their children to a musical world. "Thanks for the Memories."

Musically yours,
Lee & Barb Tocher

STRATEGIES USED TO HELP UNDERSTAND SPEECH BETTER!

The best thing you can do whether you are wearing hearing instruments or not is to use effective listening strategies. Even people with normal hearing have difficulty in some situations. Don't get discouraged. The following are some effective listening strategies you can implement easily:

- * Make sure the person you are communicating with is facing you and not turned away or in another room.
- * Make sure the background noise is kept to a minimum when trying to communicate.
- * Have people try to get your attention before they start to speak to you.
