Peace Rejoicings.

FOR THE DAILY NEWS.

It is whispered about town that the city authorities have it in contemplation to have a demonstration to evince their appreciation of the successful termination of the Paris negotiation in bringing about a reconciliation of the great contending nations. Always ready for a jollification, our City Corporation avail themselves of every occasion to have bonfires and orations, with liberal potations, all at the expense of the city. Now, I protest against it, and will never sanction it, because I don't believe in its necessity. Peace is desirable, no doubt, but the way it has been brought about is not yet fairly out; and it is not wise to shout Io Pæans until its permanency is placed beyond a doubt. That's the opinion of your humble servant,

SCOUT.

PARLIAMENTARY.

TORONTO, April 19.

Last night a number of petitions were received.

Hon. Mr. Cameron introduced a bill to amend the Woodstock and Lake Erie Railroad and Harbor Company's Act.

Mr Sol.-Gen. Smith, a bill to amend the qualifications of Justices of the Peace Act.

On motion of Mr Att'y. Gen. Drummond, the orders of the day were read.

A message was read from the Legislative Council agreeing to the two following bills without amendment:—To explain and amend the charter of the City Bank, and to increase the capital stock of the Port Darlington Harbor Company.

The Buffalo and Lake Huron Railway Bill was considered in committee, and reported with several amendments.

Hon. Mr Cartier introduced a bill to amend the Common School Laws, and further to promote elementary education in Lower Canada.

Arrival of the Africa.

New York, April 19.

The Africa reached her dock about half-past 5 o'clock, with Liverpool dates to the 5th inst.

The Peace Conference continued its sittings at Paris, considering the minor details.

Peace had been proclaimed at St Petersburg, and was favorably received.

The Conference was not expected to get through its labors under a month or more.

The United States' Mediterranean squadron was about to cruise off the coast of Africa.

LIVERPOOL MARKETS.

Cotton—The Broker's Circular reports market current at an advance of ⅛ a ¼.

Breadstuffs generally unchanged. Market quiet. Western Canal flour 30s to 34s; Ohio 35s a 36s. White, yellow and mixed corn steady. Weather had been favorable.

London market active. Iron in active demand £8 2s 6d to £8 5s for bar.

Money market unchanged Consols closed at 93 to 93¼.

Provisions generally quiet and unchanged.

The Africa brings about 100 passengers.

The following from Lloyds List, may or may not have reference to the *Pacific*:—"Figuera, March 24:—The ship Outh arrived here. On coming off the Newfoundland coast she fell in with ice to the distance of 200 miles, and saw the light of a steamer, in the ice. The above vessel left St. John's Newfoundland, Feb. 13."

The ice blockade at the lake entrance of the harbor was raised during Saturday night by old Boreas, who pitched into it pretty strongly from the eastward, driving the vast body into the lake, where it must during the whole of yesterday have been performing a grand tilting tournament to its own destruction and the benefit of the peaceful pursuits of commerce. Vessels can now enter and depart freely.

To the Ministers and Pew Holders of St. George's Church.

REV. GENTLEMEN AND GENTLEMEN:—I beg leave to acknowledge the receipt of ten pounds, which I have received by the hand of Thomas Askew, Esq., as a present from you on my resignation as Sexton of said Church. I am at a loss for words to express the very great honor and pleasure I feel at the handsome manner you have shown your approbation of my conduct during the long period I had the pleasure of serving you. It was always my desire and wish to do that which in my humble opinion I thought was best for the interest of the Church, and for the comfort of the Ministers and Pew Holders. Whenever I have erred, which, no doubt, I have often done, it was not willingly. With my most grateful thanks for this handsome token of your respect, and with my best wishes for the prosperity of the Church, and happiness of her Ministers and Congregation,

I remain, Rev. Gentlemen and Gentlemen,
Your most obedient servant,
CHARLES H. LINTER.

TO ARCHITECTS.

PLANS ARE REQUIRED FOR A JAIL proposed to be erected outside the walls of the city of Quebec, upon a suitable site.

The Plans are to comprise a general Plan, showing the insulating walls, position and extent of the Prison Building, with all the indispensable day-rooms, work-shops, and other outbuildings, hospitals and airing yards, sewerage, &c., &c. Also, a Basement Plan, exhibiting the principles of Heating and Ventilating, and a plan of each on the floors; likewise such sections as may be necessary to convey fully the intentions of the Architect. Such Plans are to be accompanied by a detailed Specification, Measurement, and Estimate of the works of the several classes required for the full completion of the buildings &c., and also by a Schedule of Rates, by which any extra work will be governed.

For the set of Plans, &c., which may be deemed by the Commissioners of Public Works most deserving and applicable, and in the designing of which due consideration will appear to have been given, so that they shall combine all the requirements which such an institution should afford, as to the safe keeping and health of the prisoners, their classification, employment, and reformation, &c., &c., the sum of Two hundred and Fifty Pounds will be paid—these plans becoming thereby the property of the Commissioners, who will make such arrangements for the superintendence of the erection of the Building as they they think fit.

A Premium of £100 will be awarded to the design considered second in merit. all the Plans will be returned but those connected with the design adopted.

The Estimates are to show, separately, the cost of supplying the premises with Water and Gas.

For information as to the number of prisoners for which the building should be suited, taking into consideration the rapidly increasing population of the country, reference is to be made to W. S. SEWELL, Esq., Sheriff, Quebec.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining all the necessary requirements, and with the substantial construction of the entire, as much as possible, on fire-proof principles, and in a suitable style of architecture.

The Plans &c., are to be sealed, and addressed to the Chief Commissioner of Public Works, Toronto, Canada; and are to be delivered in, on, or before the 15th March next.
