House of Assembly.

Toronto, 5th June, 1856.

The following was the vote on Tuesday evening on J.S. Macdonald's motion relative to the double majority:—Yeas 15; Nays 65.

Mr Turcotte called the attention of the House to the following notice by Mr Darche,—That the following article be added to the rules of this House, to form part thereof, at the time of taking the vote on any question:—"No member of the administration shall be admitted to cabal, visit or caress the members then present, to induce them by promise to vote in favor of the Government." This, he said, was an insult to the House, which, it must be supposed, was capable of being influenced by bribes to render such a motion necessary. He therefore moved to expunge the said motion, as being an insult to members of the House and a breach its privilege.

Mr J.S. Macdonald said there was no charge conveyed against the Administration in this notice; and, therefore, no insult was contained in it. Such a resolution as this now moved would be, if carried, a gag on the House. The House had a right to bring charges against members of the Government, and how much more had a member a right to seek to establish a rule to prevent corruption.

Mr A.A. Dorion moved to leave out the words declaring the notice an insult to the House, and a breach of its privileges, which was lost.

Mr Loranger then moved an amendment, to omit the words "a breach of the privileges of the House."

Mr Dorion said he would move an amendment to strike out the words after that, and insert, it is inexpedient to pronounce any opinion upon the following words, (repeating the notice of motion), until the member for Chambly should be in his seat. He was sorry to move that amendment, but as it was desired to put on the record a charge of some great offence against the member for Chambly, it was necessary that a statement of what the offence was should go with the censure.

The Speaker suggested that as this amendment, whether carried or not, would place on the journals the words which were judged objectionable, it would, perhaps, be desirable to come to an understanding which would avoid that.

Mr Turcotte said that he had no objection to the words appearing on the journals.

The amendment was then lost.

Mr Sanborne then moved also in amendment to strike out the words immediately following the notice of motion, and to add thereto the following and "also anotice of motion by the member for Kent." The notice was for a motion, calling for a return of all black and colored people, Sambo's, half-breeds, mulattos, &c., in the penitentiary, lunatic asylums, &c. He said that he left the last words as the member for Maskinonge had proposed the censure he desired to put on the books was exactly in accordance with English precedents, and as members had so high a sense of their honor and dignity, no doubt they would be obliged to him for giving them an opportunity for maintaining them.

The debate was continued when the House rose.

This Company is one of the most respectable in Philadelphia, and has the Hon. Thomas B Florence for its President. It has complied with the law of this State in regard to companies belonging to other States, and has provided an accruing trust Fund of $100,000 with Messrs Duncan, Sherman & Co. Messrs. Bushing & Co publish a card of thanks in the Philadelphia North American for the prompt manner in which this Company settled its losses on their establishment, thus enabling them to resume business without delay.—*N. S. ROWLANDS is agent for the above-named company in Kingston. Office No. 4, Wilson's Buildings, Wellington Street.

Holloway's Pills have cured a Liver complaint of ten years' standing—Mr Hurlow, of Newport, Nova Scotia, for ten years suffered with a liver complaint, attended at times with violent purging, at others with costiveness, a foul stomach and indigestion; these were caused by the impurity of the blood, and general derangement of the system. He used Holloway's Pills for a few weeks, which effectually cured him, giving him an excellent appetite, enabling him to eat any kind of food, and restored him to such health as he had not enjoyed since he was a boy.

The great antipode for epidemic, is Dr Jas. McClintock's diarrhea cordial, which has frequently been administered to over two hundred patients in a single day at the City Chelsea Hospital and City Prison Philadelphia, during the frightful epidemic of 1832. In cases of Diarrhea, Cholera Morbus, Dysentry, Cholera Infantum, and Summer Complaints, it gives instant relief. A speedy cure is sure to follow its use. It is mild and safe for children and adults.

A Blooming Complexion and a Good Appetite are the results of using Dr. Jas. McClintock's Aperative Syrup for purifying the Blood, Eradicating Pimples, Blotches, Scrofula, and all kinds of taint from the system, and creating New, Pure, and Rich Blood; also his Dyspeptic Elixir for Dyspepsia, Indigestion, Loss of Appetite, and all diseases incident to this complaint. Invigorates the stomach, assists digestion, gives a good appetite, and speedily restores to health the sufferer.

Delicate Lungs cannot safely be trifled with, yet tens of thousands of our population are daily swept off by Pulmonary diseases, which their incipiency a few doses of Dr James McClintock's cold and cough mixture would radically cured. Colds and coughs lay the foundation of consumption and bronchitis, where this has unfortunately been the case the patient is earnestly recommended to try Dr McClintock's Pectoral Syrup as the only means present relief and prospective cure.

Dr McClintock's Medicines have this great fact—they strike at the very root of disease; they do not merely alleviate the symptoms, but totally extinguish the complaint. Those who have tested his Fever and Ague Syrup, claim it to be the only radical cure for that distressing complaint; and sufferers from Bilious affections who have tried his Anti-Bilious Pills are equally enthusiastic in their praise,

POSTPONEMENT OF BATES' TIRAGE AU SORT.—The undersigned, who consented to act as a Committee to superintend the drawing of Tickets in Bates' Tirage au Sort, have concluded to postpone the drawing to the 25th day of JUNE, for the following reasons:—A number of Tickets still remain unsold, and as the Committee are desirous that Mr Bates should have no interest in the drawing, farther than the interest he feels in giving entire satisfaction to Ticket holders; and believing that to postpone the drawing for one month would enable him to dispose of the unsold Tickets, the Committee have decided to postpone the drawing till the 25th day of June, when it will, without fail, take place, whether all the Tickets be sold or otherwise.
