A new election for Frontenac Ward will take place on Friday next to fill the vacancy created by the resignation of Councillor Hector Macdonald. Mr Thomas Robinson has been appointed Returning officer, and the polling will take place at Mr Joseph Moore's Inn.

RACES.—The Cornwall Races are advertised to come off on the St. Lawrence course on Thursday and Friday the 26th and 27th days of the present month. There are fifteen hundred dollars in purses and stakes to be contended for.

The bill which was sent from the Upper to the Lower House, entitled "An Act to enable the members of the United Church of England and Ireland in Canada, to meet in Synod," has passed the Assembly, and now only awaits the Royal assent.

MR BUCHANAN.—The democratic candidate for the Presidency of the United States is presented to the people in no very favorable light by the Oswego *Times*, as will be seen by reference to an article copied from that journal, in another column.

CRICKET.—We understand that a match at Cricket is to be played to-day on Barriefield Common between an eleven from Ottawa, and a Kingston eleven.

TELEGRAPHIC REPORTS.—Our reports latterly have been very unsatisfactory, owing to the pressure of private business on the line from which we usually receive the news. This pressure is likely to be removed, when the new wire stretched along the line of the railway is in order, which it is expected to be in a few days, and then we may hope for more frequent despatches. The news from England by the Arago, which should have been received here on Tuesday, only reached us by yesterday's mail.

On motion of Ald. Dickson, seconded by Ald. Davidson, the following resolution was adopted at the meeting of the Council on Monday last:

Whereas there is not any evident indication of the Grand Trunk Railway's intention of forming a connexion with our harbor, therefore be it

Resolved—That the Council instruct the Committee on Railroads to submit the whole question connected with this matter to some Solicitor in Chancery, to obtain his opinion thereon, and take such other steps as may be necessary to fully ascertain whether the spirit of the law has in this affair been complied with, or if not, if there exist warrantable grounds to induce this Council to enter an action in Chancery against the aforesaid Company, for the purpose of enforcing its fulfilment.

NEW YORK MARKETS,—JUNE 17.

Flour, &c.—The flour market is heavy and drooping for common descriptions. The sales aggregate 8000 bbls at $4,40 a 5 for common to good Michigan; $4,90 a 5,50 for common to choice state; $5,50 a 6 for extra do; $5,30 a 5,60 for common to good Illinois, Wisconsin, and Ohio; $5,70 a 6,10 for common to good extra do; $6,70 a 8 for extra Genesee. In Canadian flour there is only a limited business doing, and the market is easier; sales 300 bbls at $5,40 a 5,75 for common to choice superfine; and $5,80 a 7,25 for fancy and extra. Just at the close the news from Europe by the steamer Arago was published, but up to the present writing the markets have not been materially affected thereby.

GRAIN.—For Wheat there is a good export demand, and the tendency of prices is upward. Stock and receipts moderate, and a fair portion of the sales are to arrive. Sales 40,000 bushels at $1,40 a 1 79 for White Southern; $1,35 a 1,75 for inferior White Canadian.

Rye—80 a 83c for inferior to prime.

Corn is without important change; Sales 14,000 bushels at 44 a 46c for distilling, and 50 a 56c for common to good sound mixed Western; 52 a 55c for mixed Southern, and 56 a 60c for common to prime yellow do. Oats plenty and dull at 34 a 36½c for State and Western.

Parliamentary.

June 17, 1856.

Last night the House was engaged with the report and evidence from the select Committee appointed to enquire into certain charges made against Mr Brown by Attorney General Macdonald. The discussion was opened by a speech of over two hours length by the hon. member for London, who went through all the points in the evidence, and endeavored to show that none of the charges had been proved, and that therefore the committee should have brought in a bill fully exonerating the member for Lambton, and that the Report not having done so, ought not to be received by the House.

The member for Wolfe, Mr Felton, followed briefly—differing somewhat from the member for London, inasmuch as, in his opinion, the Commissioners had proceeded in a most unparalleled way to execute their commission, but concurring with him, that the evidence failed to substantiate any of the charges against the member for Lambton

Mr Solicitor General Smith contended that the two first charges had been fully sustained, and that therefore the report should be received, and that by doing so, justice could only be done to parties. A motion for adjournment was passed about ten minutes to 12 o'clock, moved by Mr Cassault. Mr Dorion urged the House, in so important a matter, to sit one hour longer. A general discussion ensued as to the propriety of proceeding with the debate as the first Order of the Day. The Attorney General replied to the speech of the member for Montreal, and thought it a strange circumstance that he should be appealed to in such a matter, when the member for Lambton and his friends had done great injustice to him by bringing up that report in an unfinished state, just to allow the hon. member for Hampton, Mr Sanborn, to make a long speech, and the member for Lambton, in order that his speeches might go to the country to his judices.

The House adjourned shortly after 12 o'clock.

CANADA IMPORTING PRODUCE.—It will doubtless astonish many of our readers when we tell them that oats and potatoes are being imported in large quantities at Toronto, from Rochester. Cord wood and butter have also been brought to the same place. This reversion of trade is surprising. For the last few years we have generally found the American market far better than ours, and the fact that we now are importing the same articles without being compelled by failure of crops, &c., to do so, must lead to speculation as to the cause of such an unusual state of things. Are the consumers of the country increasing in Canada in greater proportion than the producers than in the United States? Or the public work of the country that has occasioned the demand in the cities? There can be no doubt but the increased demand in the country has tended greatly to cut off the supplies which heretofore flowed to the cities.—*Colonist.*

Holloway's Ointment and Pills—cure of Piles, after fourteen years' affliction.—Mr M. C., of Montreal, was a martyr to this complaint for 14 years, rendering him an object of misery to himself as well as to his friends; he shunned society lest he should let those around him observe his affliction, and thus he suffered secretly. As he had tried every remedy without sucess, he at last gave upin despair all hopes of recovery; but resolved to give Holloway's Ointment and Pills a last trial, and fortunate it was he did so, for these potent remedies cured him in five weeks. He feels so grateful for the cure effected, that he wishes these facts to be made public for the benefit of similar sufferers.
