HOLLOWAY'S OINTMENT AND PILLS.—The taint of scrofula has been known to run through the blood for half a dozen generations. The seeds of all virulent eruptions and ulcerous distempers exist in the animal fluids, and will be inevitably transmitted from parents to children unless rooted out of the system by a preparation capable of utterly neutralising the virus in the channel of circulation. Holloway's Ointment is such a preparation, and there is none like it in the whole range of pharmacy. The poison which produces and perpetuates external disease, cannot resist its diligent and antiseptic properties. When scrofula, cancer, tumor, salt-rheum, &c., have become hereditary, it literally cuts off the entail. It is desirable that the Pills should be given occasionally in all cases which require the Ointment. 244

R. R. R.

LET not the sick die! for in Radway's R. R. R. Remedies there is new life for all who have faith in them!!

LET THEM BE TRIED!

RADWAY'S METHOD OF CURE IS

SIMPLE, QUICK, SAFE AND EFFECTUAL.

There is no pain, however torturous or excruciating, but that a simple application of Radway's Ready Relief will instantly stop and quickly allay the most violent spasms, inflammations and congestions. There is no disease, however long it may have become established in the system, whether constitutional, chronic, humorous or of a loathsome character, but that Radway's Renovating Resolvent will exterminate and infuse new life, new blood, and a new existence throughout the broken-down and emaciated organizations of the body.

If by irregularity or otherwise the organs of the system become deranged and incapable of performing their several functions; if the Liver, Heart, Bowels, Stomach, Bladder, Kidneys, Skin, Nerves, Blood, etc., are at fault, a dose or two of Radway's Regulators will restore health and regularity to every organ throughout the body. They force each and every organ to the natural performance of its duty, and thus keep up a regular and healthy circulation of the blood.

If a dose of Radway's Regulators were swallowed the moment a person feels unwell, or when any unpleasant symptom appears, there would be no further trouble, for the diseased action would be arrested, and a healthy action re-established. On one fact the sick may depend—that disease cannot grow in the system fortified and under the influence of the R. R. R. Remedies.

MALARIA.

In countries where malarious diseases prevail, Fever and Ague, Dysentery, Cholera, Cholera Morbus, Typhoid, Typhus, Pneumonia, and other Malignant Fevers, Radway's Ready Relief, taken as a preventive, will securely protect the inhabitants of an infected district against any serious attacks; and if the infection has already spread, a prompt use of the Ready Relief and Regulators will quickly cure the patient and expel the infectious malady entirely from the system.

CONSTITUTIONAL DISEASES.

Many diseases that afflict humanity are inherited as heirlooms from the diseased bodies of sickly sires. Scrofula, Consumption, Syphilis, Fits, are among the most common of constitutional diseases. Now we care not how many generations the seeds of these diseases may have been established in the system, corrupting the blood—Radway's Renovating Resolvent will eradicate from the bodies of the afflicted every particle of diseased deposits, and fill the veins with new, pure and healthy blood.

Radway's Renovating Resolvent should be hailed as a blessing by every mother throughout the land whose infants are afflicted with Sores, Humors, &c. These breakings out (thus early) are evidences of disease transmitted from the parent stock. A few doses of the Renovating Resolvent will eradicate every vestige of the disease and insure the child a sound and healthy body.

A LONG CABLE OF CERTIFICATES.

(Since 1847, when we first commenced our good work of discovering remedies for the relief of the pain-ridden and diseased, and preparing the same for public use, we have the gratification of claiming to have received more letters of thanks and certificates of cures than all other medicine manufacturers and medicine practitioners in the world, put together)

Among the immense number of certificates are:

120,000 Rheumatism cured in from ten minutes to twenty-four hours
90,000 Chronic Rheumatism cured in from one week to six weeks. Pain relieved in a few moments, after its first application.
100,000 Cases of the Dolourous and Neuralgia. Pains stopped in a few moments, and cured in from half an hour to a few days.
100,000 Cases of Burns, Scalds, Bruises and other accidents. Pains stopped in a few moments, and cured in a day or so.
500,000 Cases of Diarrhœa. Pains stopped in a few moments.
50,000 Cases of Fever and Ague.
1,000 Cases of Scarlet Fever.
400 Cases of Yellow Fever, reported to us. How many of this fatal disease have been cured by the aid of the Relief, not reported, we are unable to say.
100,000 Cases of Toothaches, Earaches, Strains, Lumbagos, and pains in the legs, back, etc., in from five to twenty-five minutes.
2,000 Cases of Asthma.
10,000 Bronchitis, Catarrh, Lung Complaint, etc.
10,000 Cases of Syphilitic Rheumatism, Nodes, and other venereal taints.
200,000 Cases of Sick and Nervous Headache, Rush of Blood to the Head.
5,000 Cases of Cholera (Asiatic) in from fifteen minutes to six hours.

Besides thousands and tens of thousands of everyday complaints of no given name, that every one is more or less subject to.

5,000 Cases of Dispepsia.
10,000 Cases of Skin Diseases, Salt Rheum, Sore Heads, Eyes, Legs, Face, Pimples, Blotches and Humors of all kinds—cured by the use of Renovating Resolvent. A change for the better is felt by the sufferer of the most loathsome disease, in a few hours after a dose of the Resolvent is taken.
20,000 Cases of Costiveness, Indigestion, Liver Complaints, Heart Diseases, Kidney, Bladder and Urethra difficulties, cured by a few doses of Radway's Regulators, a dose of which once a week will keep every organ in the system in a healthy condition, and force them to a due performance of their duties.

JOHN HOGG, ESQ., OF COLLINGWOOD, CANADA WEST.

The following communication, addressed to us by John Hogg, Esq., Editor of the Collingwood, C. W., "Enterprise," should be a solemn warning to parents to have recourse to our life-saving remedies when their children are attacked by that dreadful disease Croup, the cause of such a great mortality among children. No mother should be without a bottle of Radway's Relief in the house:—

Collingwood, C. W., June 1st, 1857.

Messrs. Radway & Co.

Gentlemen—A child of mine, about eight weeks old, was taken with a very severe cold. Not being attended at once, it settled on the chest, and ultimately turned into Croup in its worst form. The best medical practitioner in the town was called in, and after doing everything in his power to relieve her—but all in vain—then gave her up as dead. I now took her in hand myself, and rubbed her chest and back with Radway's Relief thoroughly, when, in the course of a few hours, she was well again, and now is as well and hearty as a child could be.

I am, Gentlemen,
Your obt. servt.,
JOHN HOGG,
Editor and Proprietor Collingwood "Enterprise."

Mr. Hogg in conversation likewise informed Mr. John P. Moore, our traveler, that it cured his wife of a severe sprained ankle, occasioned by her falling down a flight of stairs.

John McWhinney, Esq., the well-known Editor of the Woodstock "Sentinel," likewise informs us that he was laid up for weeks with Inflammatory Rheumatism.—The doctors could not assist him, but Radway's Relief cured him.

Important to Ladies.

DANGER OF LEAVING BED TOO SOON!

Dangerous Condition of the Wife of the Deputy Sheriff of Frontenac Co., C. W.

HARROWSMITH, Frontenac Co., C. W., June 24th, 1857.

"In October, 1855, my wife giving birth to a child, left her bed too early, and caught a severe cold, which promised to terminate her life. The best physicians in this neighborhood and Kingston were in attendance on her, but all to no avail—the Doctors had given her up to die. For seven consecutive weeks I sat at her bedside, momentarily watching to see her breathe her last. I happened to see a copy of your paper, called "The Moving World," and there read of your medicines. I resolved to test them as a last resort. I gave her the Resolvent, with the Regulators—and Relief—according to directions, and in three days OBSERVED A WONDERFUL IMPROVEMENT. From this she daily recovered, and is now, thank God, better than ever she was in her life.

"The child, when three months old, caught a bad cold, and dwindled away to a mere skeleton, nothing but bone and skin; his eyes protruded from his head, as if they would drop out. The physicians all united in saying there was no use in attempting to save him; his case was hopeless, as he was too young and must die. But I thought different. Your Remedies gave life to my wife, while the doctors gave her up to death. I again had recourse to them. I gave him the Resolvent internally, and used it as a wash externally to his eyes—he is now a laughing, hearty, prattling child, enjoying the best of health.

"Your most obt. and grateful servant,
"RICHARD GRIFFITH,
"Deputy Sheriff, Frontenac, Co., C. W."

Radway's Renovating Resolvent is for the cure for all diseases of a chronic, constitutional, or scrofulous character, skin eruptions, sores, salt-rheum, rumors, &c. These remedies are pleasant to take, quick in action, and safe. No injury can result from their use. Let the sick give them a trial.

TO THE FREE AND INDEPENDENT ELECTORS OF THE CATARAQUI DIVISION:—

As I have observed that several Gentlemen have already addressed you, to solicit your votes at the Election of a Legislative Councillor, to be held next Fall, I hasten to inform you that it is my intention to present myself to you as a Candidate for that honor.

I have been personally known to most of you for many years, during which time ample opportunity has been afforded to you of knowing my political principles and character, it is therefore unnecessary for me, at the present time, to state my views more fully than to say, that I always have been, and now am, desirous of maintaining the connection of Canada with our Mother Country, and of promoting the welfare of the Province by such Liberal Measures as may be necessary for its prosperity.

Should I be favored with your support, the interests of Cataraqui Division will always receive my best attention.

I am, Gentlemen,
Your faithful Servant,
THOMAS KIRKPATRICK.

God Save the Queen.

To the Free and Independent Electors of Cataraqui Division.

GENTLEMEN:—

Under the new Law as, you are doubtless aware, members of the Legislative Council, or Upper House, are to be elected by the people, instead of being appointed, as heretofore, by the Crown. The Writ for the election of a Representative of "Cataraqui Electoral Division," which includes the Counties of Frontenac and Addington, and the City of Kingston, will issue before September next, but the exact day is not known, and may be much earlier than is generally supposed.

I have consented to become a Candidate, and will stand, no matter what the professions, or politics of my opponents may be. Those who are tendering me their support, have been kind enough in their requisition to say they are doing so, "Because that, "having closely watched the conduct of "their Candidate as a public man, they are "satisfied with the result; that he has "ever displayed an ardent attachment to "Canada, his native country; that for the "last several years he has always been in "the ranks of the foremost in almost every "public undertaking for the prosperity "of, and the restoration of rights to "this neighborhood, and with this ob "ject has never hesitated to spend time "or means; that he is deeply interested, "even in a worldly point of view, in the "prosperity of Cataraque Division; that, "having studied the Law, he is possessed of "that knowledge of the existing statutes of "the Land; which cannot be otherwise "than an advantage to one who aspires, to "be a Law maker, and that the objection "which is sometimes raised, whether properly so or not, is a question against the return of practising Lawyers to represent "the people cannot apply to him, as he long "since retired from the Profession, and "that, if returned, his voice, as it ever has "been, will be heard whenever the interests "of his Constituents require it."

Politics have nothing to do with the selection of a Member for the Upper House. The duty of which is without bias to endeavor to conserve every existing benefit and reform every abuse. By the British Constitution that House was intended to act as an arbitrator between the People and the Crown—to moderate the exactions of both and reconcile their differences as far as possible. The Members were chosen for merit, vested interest in, and devoted attachment to their country:—the political element never entered into its ingredient, and should not at the present time. If both Houses were to be partizan would not the greatest danger exist of their constantly coming in political antagonism, in case one party had a preponderance in the Council and the other in the Assembly? Or, if the composition of both Houses was intended to be the same, why the necessity of the two? The man, therefore, who through the instrumentality of a Political Convention avows himself as the Candidate of a particular party, and that party only is, by his own avowal, unfit for the position he aspires to fill. Let those who desire advancement, as the would-be representatives of any political sect, go to the Lower House, the legitimate arena in which their merits will be appreciated, and their partizanship be recognized; but let them not obtrude such unseemly strifes upon the Upper House.

For the Legislative Council the Election at the Polls is the only true Convention. There every man who votes is entitled to do so, and exercises his own unbiassed judgement:—

"Canada," our beloved country, my native land, shall always be my motto, and I defy living man to point to one public act of mine which has been tainted with selfishness, or to name the time when I hesitated to devote every influence and energy I possessed to further the interest of our Country in general, and of Cataraque Division in particular. Born and bred in the Division, known to almost every man of you, if not personally at least by reputation, I boldly point to my past public actions as a criterion to judge my future conduct, should I be elected as your Representative for the Legislative Council.

I remain,
Yours Faithfully,
OVERTON S. GILDERSLEEVE.

LEGISLATIVE COUNCIL.

To the Electors of Cataraqui Electoral Division.

GENTLEMEN:

In the Summer or Autumn of the present year, you will be called upon to elect a member of the Legislative Council for "Cataraqui" an Electoral Division composed of the Counties of Addington and Frontenac, and the City of Kingston.

It is proposed, I believe, to hold a convention at an early day to nominate a Candidate.

I should not have deemed it necessary to address the Electors in any way, prior to the holding of this Convention, did I not understand that an active personal canvass had been already commenced by another candidate.

Being unable to see you personally, I am urged by my friends in various parts of the Electoral Division, to adopt this mode of informing you that I hope to receive the Nomination of the Convention, and will be a Candidate at the Election in question, and to solicit your votes and support.

I do not deem it necessary at this time to enter into the discussion of the political questions of the day;—my course as a private elector amongst you for many years is well known, and free from inconsistency.

Should I be nominated, it will be with the full knowledge on the part of the Convention that I cannot go into a personal canvass, and that my election must depend on the exertions of others more than on my own.

If, labouring under such a disadvantage, I am honored with the nomination, I shall continue the contest with an assured prospect of success, and if elected, will endeavor to carry into public life the principles which have so far, I would fain hope, secured me the confidence and good will of the general body of the Electors.

I am,
Gentlemen,
Your obedient servant,
A. CAMPBELL.
