class of buggy, was that made by Chas. H. Linter, of this city, which exceeded anything ever before manufactured in this city, and perhaps in the Province. A gentleman who attended the late exhibition in Toronto assured us that he saw nothing there to equal it.

Mr. Domenico Chisachi, Hatter and Furrier, showed two Seamless Caps of Labrador Otter; a sett of Fitch Furs, with Mitts and Cuffs; a superb Lady's Boa; a Mink Boa; a Stone Martin Boa; 4 Silk Hats, and several other articles.

Mr. Hope, Boot and Shoemaker, made a fine display of excellent work. He showed two cases full of fine goods.

1 Case, containing Ladies White and Black Satin and Kid Boots and Slippers.—Bronze and Black Embroidered Slippers, Quilted Satin Shoes, Balmorals and Stocking Boots, (a new article,) Kid and Cloth Boots with elastic, and warm lined. One Case containing gentlemens' long Russian Riding Boots, Balmorals of Patent leather, seal and Calf Skin Patent leather shoes of various styles, Dress Congress (a beautiful article,) together with numerous styles, too many to be noticed here. And Oil Paintings, painted by Miss Hope.

Mr. Thomson, Boot Maker, also exhibited a Pair of Gent's Calf Skin Boots, a pair of Lady's Balmorals, a Gent's Over Shoes, and some other things, of very exquisite workmanship.

Mr. David Fraser, (of the City Hotel,) in one compartment of the Crystal Palace, catered well for the carnal appetites of both Members and Guests. Everything was to be found provided by him, from a Boned Turkey to plain Bread and Cheese; and from a bottle of Champagne to a glass of Beer.

We might go on, and enumerate ad infinitum, the names of Exhibitors and the Articles they showed, for no less than 846 Entries were made, but we have done enough to show the character of the Exhibition. Of Poultry there was a great display, but the noise and confusion were so great as to defy all attempts to discover the names of the fortunate Prize gainers.

WORMS! WORMS!

☞ A great many learned treatises have been written, explaining the origin of, and classifying the worms generated in the human system. Scarcely any topic of medical science has elicited more acute observation and profound research; and yet physicians are very much divided in opinion on the subject. It must be admitted, however, that after all, a mode of expelling these worms, and purifying the body from their presence, is of more value than the wisest disquisitions as to the origin. The expelling agent has at length been found—Dr. M'Lane's Vermifuge, prepared by Fleming Bros. is the much sought after specific, and has already superseded all other worm medicines, its efficacy being universally acknowledged by medical practitioners.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of Pittsburg, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of

UNEQUALLED WORM REMEDY!

[Extract of a Letter from Mr. A Payson, Woodstock, N. B.]

Woodstock, May 12, 1857.

Messrs. Fellows & Co.—Gents.—I have used in my family at different times all the different Vermifuges and other preparations vended for the destruction of Worms, and have much pleasure in saying that I lately tried a box of your Worm Lozenges, and consider them unequalled as a specific for worms—particularly as they produce none of the sickness and distress occasioned by the use of Vermifuge, Worm Nuts, &c., &c., and are certain in their effect.

Yours very truly, A. PAYSON.
