FIRE SURROUNDED BY WATER AND NOT EXTINGUISHED!!

A. Wilbers' Patent Liquid Heater for the use of Tanners, Hatters, Hotels, Farmers and others.

THIS is a New Invention, combining a great saving in fuel and labor, by which a barrel of water can be heated in the open air, or in the house as may be required, with a very small quantity of fuel, and little attention. It can be fitted to Tanners' Leaches or vats, in addition or portable form; and Hatters by its means will be enabled to do their boiling in a barrel or other portable vessel, and thereby be protected from heat, while at work. It is admirably adapted for boiling sap in the bush, as it can be moved to any place with ease; also for heating water in Hotels, Baths, or any place where much warm water is required.

All orders addressed to the Subscriber will be thankfully received, and promptly attended to.

MAGAZINES FOR MARCH!

JUST RECEIVED by Express, and for sale at the City Book Store:—

Harper's Magazine for March—a brilliant number, opening with Thompson's "Seasons," with numerous and beautiful illustrations. The selections from European publications are made with the same good judgment as has distinguished former numbers, and extracts from works not yet published increase the interest and variety of the reading matter. "Punch," with illustrations, contributes three leaves to the present number, and fashions and fashionable advice bring up the rear."

The *International Magazine* for March "this is an excellent number in every respect, and indicates untiring energy on the part of the publishers. The selections are admirable, and the Editor's original articles eminently instructive. The present number, too, has a historical review of the events of the month, prepared with great tact and judgment. This new feature adds to the already great and substantial excellence of the International."

THE TESTIMONY OF PHYSICIANS

SURELEY IS THE BEST.

Read what that distinguished and able physician, Dr. Ashton Abbot, Boylston street, Boston, says of Dr. Corbett's Highly Concentrated Syrup of Sarsaparilla:—

Messrs. E. Bailey & Co.—

Dear Sirs:—In answer to your inquiries relative to Dr. Corbett's "Compound Syrup of Sarsaparilla," I answer that about eight months since I procured a few bottles of you and have had up to this time some number of gross, and my patients have procured elsewhere quantities to great extent. I use it at my "Orthopedic Institute," in preference to any other preparation of Sarsaparilla.

For spinal irritation, several cases of eruptions, diseases of the skin, and top diseases in the secondary stage, connected with scrofulous habit, it is one of the most valuable remedies. For ill conditioned and scrofulous ulcers, its effects are most happy—rapidly improving the general health, and producing a healthful condition of the ulcerated surfaces. It acts on the whole—mildly as a diuretic and laxative. Until I find a better compound, I hope to be supplied by you to my extent.
