A. Wilbers' Patent Liqu'd Heater for the use of Tanners, Hatters, Hotels, Farmers and others.

THIS is a New Invention, combining a great saving in fuel and labor, by which a barrel of water can be boiled in the open air, or in the house as may be required, with a very small quantity of fuel, and little attention. It can be fitted to Tanners' Leaches or vats, in affixed or portable form; and Hatters by its means will be enabled to do their boiling in a barrel or other portable vessel, and thereby be protected from heat while at work. It is admirably adapted for boiling sap in the bush, as it can be moved to any place with ease; also for heating water in Hotels, Baths, or any place where much warm water is required.

MAGAZINES FOR MARCH!

JUST RECEIVED by Express, and for sale at the City Book Store:—

Harper's Magazine for March—a brilliant number, opening with Thompson's "Spring," with numerous and beautiful illustrations. The selections from European publications are made with the same good judgment as has distinguished former numbers, and extracts from works not yet published increase the interest and variety of the reading matter. "Punch," with illustrations, continues three leaves in the present number, and fashions and fashionable advice bring up the rear."

The International Magazine for March, is an excellent number in every respect, and indicates untiring energy on the part of the publishers. The engravings are admirable, and the Editor's original articles exceedingly attractive. The present number, too, has a historical review of the events of the month, prepared with great tact and judgment. This new feature adds to the already great and substantial excellence of the International."

THE TRUTHFUL OR SUBSTANTIAL

SURGERY IS THE BEST.

Read what that distinguished and able physician, Dr. Chalmers Alden, Rochester, says of Dr. Graham's Highly Concentrated Syrup of Sarsaparilla &c.

Messrs. E. Shepard & Co.—

Sirs: Since I wrote to your inquiries relative to Dr. Graham's Compound Syrup of Sarsaparilla, I cannot therefore only confirm what I stated in the letter of yesterday, but add that I have had up to this time some number of cases, and my patients have generally reported a marked improvement. I use it as my "Ne plus ultra" in preference to any other preparation of Sarsaparilla.

For special indication, several cases of eruption, diseases of the skin, and top diseases in the advanced stages, connected with scrofulous taint, it has been valuable remedy. For ill constitutional and scrofulous cases, its effects are most happy, supply improving the general health, and producing a healthful condition of the diseased system. It acts on a large scale, only as a diuretic and laxative. Until I find a better compound, I hope to be supplied by you on pretty terms.
