LONDON FIRST PREMIUM DAGURREAEN GALLERY

No. 214 MAIN STREET, BUFFALO,

AND THE LAMBTON HOUSE,

PRINCESS STREET, KINGSTON, C. W.

THE above is a cut of a SILVER MEDAL awarded the subscriber at the New York State Agricultural Fair, at Buffalo, and the Fifth Premium in the last six years. Also, the first prize at the late Fair at Syracuse, in competition with over three hundred pictures from some of the first galleries in the United States. This Gallery has now become the PICTURE EMPORIUM for the entire Western World, and the standard of imitation. Our competitors involuntarily acknowledge their inferiority by following in our wake and apeing us in every particular except the return!

Therefore, strangers visiting the city are respectfully solicited to compare our pictures with those executed by others. Also, all who have long been prepossessed in favor of other Daguerreans, and have pictures taken by them, are very urgently invited to call and have one executed at this establishment, that they may have an ocular demonstration of the vast difference in portraying the same individuals.

The subscriber would also notify the people of C. W. that he has opened a branch Gallery on Princess St. Lambton House, Kingston, where persons may expect such pictures of themselves and friends as will rarely if ever be offered to that community again.

N. B. The undersigned would most respectfully further notify the public that no premiums or diplomas have ever been awarded by the New York State Agricultural Fair to any Daguerrean in Buffalo except the subscriber.

A. Wilders' Patent Liquid Heater for the use of Tanners, Hatters, Hotels, Farmers and others.

THIS is a New Invention, combining a great saving in fuel and labor, by which a barrel of water can be boiled in the open air, or in the house as may be required, with a very small quantity of fuel, and little attention. It can be fitted to Tanners' Leaches or vats, in a fixed or portable form; and Hatters by its means will be enabled to do their boiling in a barrel or other portable vessel, and thereby be protected from heat while at work. It is admirably adapted for boiling sap in the bush, as it can be moved to any place with ease; also for heating water in Hotels, Baths, or any place where much warm water is required.
