TREES, SHRUBS, &c.

SPRING, the best season for transplanting (in most localities,) fruit and ornamental trees, has arrived; and the subscribers would notify the public, that they have for sale a large stock of the most choice varieties of FRUIT TREES, embracing nearly all of Mr. Downing's select lists, and those recommended by the Committee of Fruit Growers, for general culture.

Their Nurseries, embracing over twenty-five acres, are situated on Twelve-Mile Creek, Oswego co., but little over half a mile east of the Rail-Road Depot.

They have a larger stock of extra sized trees of all the kinds, except the Pears, than in any Nursery in Western New York, and feel confident in claiming superior hardiness and value to trees grown here on the shore of Lake Ontario, exposed to the winds, at a point further north than any other extensive Nursery in the states; and would also claim superior vigorous trees, not from latitude and exposure only, but from the fact that they allow more room in the Nursery than other tree growers, thereby rendering them more sturdy. They have a large stock of pear on standards, in a bearing state, at prices from $1 to $3. Also Dwarf pears in a bearing state, from 50 cents to $3, according to size and variety. Particular care will be taken in digging and packing extra sized trees, so that there will be no more injury in transplanting them than smaller trees. In this city and vicinity they will set the Oswego Beurre, in a bearing state, and warrant it true. This is the most valuable pear that can be cultivated here, and as a high flavored, melting pear, a perfect and regular bearer, the Oswego Beurre is not equalled.

We have of sizes suitable for the garden or orchard, more than 200 varieties of the Pear and nearly all of the distinguished varieties of the Apple, Cherry, Peach, Quince, Apricot and Nectarine. Also the small fruits—Raspberries, Currants, Gooseberries and Strawberries. Of Ever-bearing Roses—an extensive stock of Asparagus, Pie Plant, etc. A large stock of evergreens.

Ornamental Trees,

and shrubs, hardy Flower Roots and Green House Plants.

Catalogues sent to post paid applicants.

For encouragement of nurseries generally and the interesting public, we have made N. Sinnet, No. 3, in the East Wing of the City Hotel, our Agent, with whom orders may be left, and he can obtain Greenhouse Plants, and Fruit and Ornamental Trees, only to a small extent, may be had.

In Kingston C. W., we can refer all those wishing to purchase any thing in our line, to Mr. C. T. Goodrich, Princess House, Princess Street, having made arrangements with him to attend to the Canada trade in and about Kingston. He will be prepared to supply purchasers at short notice, and without risk of damage in delivering. We have a large variety of green-house plants, such as Fuchsias, Verbenas, Double Dahlias, Calceolarias, Cactus, Oleanders, Rhododendrons, Veronicas, Cactuses, and many other kinds too numerous to name in this advertisement.

BRITANNIA LIFE ASSURANCE COMPANY,
No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies issued by the Offices in America in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.—The rates of the Britannia are the lowest which can be offered consistently with security to the Assured, and the subscriber hops respectfully to invite the attention of the inhabitants of Kingston to the eligibleness Tables of Rates, specimens of which may be seen at his office, or in the Montreal Herald, Montreal Gazette, and Montreal Courier as also in a recent paper in Canada West.

Assurances may be advantageously effected on the lives of others, either for the purpose of securing loans or debts or in case where the party has an interest in the life of another, so as to be an easy way provided in the event of his decease. To creditors, a Policy of Assurance affords a certain and, in many cases, the only means of security. Also in addition to the published rates, an extensive set of Tables has been computed for Assurances on Joint Lives, the survivor of two or more lives, and for endowment Assurances; also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency of Mortal Human life, against which it may be prudent or expedient to provide.

COMPARATIVE STATEMENT OF THE RATES OF THE FOLLOWING OFFICES:

Rate for one year, (whole of Life) for the Assurance of £100;

National Loan Fund	Age 30	£2	4 4
Colonial Life Assurance Com'y do		2	5 ½
United Kingdom do		2	3 11
British Commercial do		2	1 13
Mentor do		2	1 3
Britannia do		2	0 8

The above Table of the business in the London Offices is taken from a Pamphlet, that comparison is unnecessary.

The revenue of the Company, in addition to the large subscribed Capital, is between Eighty and Ninety Thousand Pounds Sterling, per annum, and it is the greatest point to be universally recommended for the payment of losses.

Policies effecting an Assurance with this Company, may be issued at a fixed sum, payable at the time of death, or an immediate Bonus or annuity, or a contingency required to pass to the heirs of a participation in profits is provided for; and lastly, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits and which being supported by the other Branch of the Institution, hold out a very extensive and reliable endowment to the persons working in Assurance.

All sums payable within three months after proof of death. No proof of birth is required at the time a claim is made, the age of the Assured now, in every case, admitted in the Policy, unless, under any circumstances, be afterwards called in question. Policies effected or matured may now be assigned and transferred and renewed with by dwelling on the bounds of [illegible]. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum assured will be paid without doubt; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The subscriber begs to remark that the Britannia Company has been doing business in this Province for about ten years—and has been always found liberal, and prompt in the settlement of claims.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

LONDON FIRST PREMIUM DAGUREREAN GALLERY
No. 224 Main Street, Buffalo,
AND THE LAMBTON HOUSE,
PRINCESS STREET, KINGSTON, C. W.

THE above, is a cut of a SILVER MEDAL awarded the subscriber at the New York State Agricultural Fair at Buffalo, and the Fifth Premium in the last six years. Also, the first prize at the late Fair at Syracuse, in competition with over three hundred pictures from some of the first galleries in the United States. This Gallery has now become the PICTURE EMPORIUM for the entire Western World, and the standard of imitation. Our competitors involuntarily acknowledge their inferiority by following in our wake and aping us in every particular except the success!

Therefore, strangers visiting the city are respectfully solicited to compare our pictures with those executed by others. Also, all who have long been prepossessed in favor of other Dagueroeans, and have pictures taken by them, are very urgently invited to call and have one executed at this establishment, that they may have an ocular demonstration of the vast difference in portraying the same individuals.

The subscriber would also notify the people of C. W. that he has opened a branch Gallery on Princess St. Lambton House, Kingston, where persons may expect such pictures of themselves and friends as will merely if ever be offered to that community again.

N. B. The undersigned would most respectfully further notify the public that no premiums or diplomas have ever been awarded by the New York State Agricultural Fair to any Dagueroean in Buffalo except the subscriber.

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sell Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company, unclogged, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more favorable than the low rate of interest obtainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An annual statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it expends all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (as this is merely a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To persons who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have made, and it further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thereon assured.

A peculiar feature of the Company is that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
