GENERAL ADVERTISEMENTS.

TREES, SHRUBS, &c.

STOCKS, the best which the Country can afford, are now growing in most extensive Nurseries, and are unrivalled in point of vigour, and the advantage which will result to the public from having a large supply of such a large number of the best choice varieties of FRUIT TREES, embracing nearly all of Mr. Downing's select list, and those recommended by the Congress of Fruit Growers, for general culture.

Their Nurseries, which are now twenty-five years of standing, are situated on Twelve-Mile Creek, Niagara, and lie over half a mile east of the Half-Way House.

They have a larger stock of every kind than any other Nursery in Western New York, and feel confident in claiming superior hardiness and value to trees grown here on the shore of Lake Ontario, exposed to its winds, at a much further north than any other extensive Nursery in the province; and would also claim superior value to those who, from the fact that they have more room in the Nursery than other tree growers, thereby rendering them more stocky. They have a large stock of pears on standards, in a bearing state, at prices from $1 to $5. Also Dwarf pears in a bearing state, from 50 cents to $1, according to size and variety. Particular care will be taken in digging and packing extra small trees, so that there will be no more danger in transplanting them than smaller trees. In this city and vicinity they will sell the Orange Berries, a beautiful, and earliest to ripen. This is the most valuable pear that can be cultivated here, and at a high flavored, melting pear, a medium and top-bar bearer, the Orange Berries is not equalled.

We have of vines suitable for the garden or orchard, more than 200 varieties of the Fine and nearly all of the distinguished varieties of the Apple, Cherry, Peach, Quince, Apricot and Nectarine. Also the a variety of Raspberries, Currants, Gooseberries and Strawberries. Of Roses we have an extensive stock of Assortment, Pot Plant, etc. A large stock of well grown

Ornamental Trees,

and shrubs, hardy Flower Roots and Green House Plants.

Catalogues sent to post-paid applicants.

In Kingston C. W., we can refer all those wishing to purchase any thing in our line, to Mr. C. T. Gooderich, Princess House, Princess Street, having made arrangements with him to attend to public Canada trade in and about Kingston. He will be prepared to supply purchasers at short notice, and without risk of damage in delivering. We have a large variety of green-house plants, such as Fuchsias, Verbenas, Double Dahlias, Calceolarias, heaths, Geraniums, Rhododendrons, Venusta-Cactuses, and many other kinds too numerous to name in this advertisement.

GENERAL ADVERTISEMENTS.

BRITANNIA LIFE ASSURANCE COMPANY,

No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

INCORPORATED BY ROYAL ACT OF PARLIAMENT.

A Year Cash Bonus.

THIS extensive Institution is now established in Canada, and the undersigned, Agent for Kingston, is fully authorized to take Assurances on Lives, and to offer the advantage of a Bonus, which has been sanctioned by the Directors, as being the most liberal and advantageous system of Life Assurance ever yet offered to the public, as it secures to the Assured the whole of the profits, without any deduction whatever, and the Assured participates in the profits of the Company, which have been so large as to enable the Directors to declare a Bonus of 2 per cent. on the premiums paid during the first year, and 1 per cent. on those of the following years, which Bonus may be added to the Policy, or taken in cash, at the option of the Assured.

The Bonus for the year 1830 has been declared, and the Agent is now prepared to pay it to the Assured, and the undersigned hopes respectfully to remind the inhabitants of Kingston and the surrounding Townships, that the Tables of Rates, specimens of which may be seen at his office, or at the Montreal Herald, Montreal Gazette, and Montreal Courier, are less than those of any other Office in Canada West.

An advance may be occasionally offered on the lives of others, either for the purpose of securing loans, or debts, or in cases where the party has an interest in the life of another, so as to be in no way prejudiced in the event of his decease. To operations, a Policy of Assurance effected upon certain and, in many cases, the only means of security. Also in addition to the published rates an extensive set of Tables have been compiled for Assurance on Joint Lives, the survivor of two or more lives, and for reversionary Assurances; also for Reversionary Annuities, Bonds to the Widows and Children, and for every possible contingency of varying demand which the system which it may be desirable to adopt may be required to provide.

COMPARATIVE STATEMENT OF THE RATES OF THE FOLLOWING OFFICES:

	For one year, (whole Life) for the Assurance of £100:			
National Loan Fund		£0	19	4
Colonial Life Assurance Company, do		2	5	4
United Kingdom do		2	7	10
British Commercial do		2	17	7
Equitable do		2	1	9
Britannia do		2	0	0

The other Offices doing business in the Colonies are much higher, their comparison is unnecessary.

The income of the Company, in consequence of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greater part is unalienably accumulating for the payment of losses.

A party effecting an Assurance with this Company, may also have a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not varying more than is absolutely required to provide for the risk. The Participating in profits is preferable in every party, there are "Mutual Tables" adopted by the Companies, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable investment to the person wishing to Assure.

All claims payable within twenty months after proof of death. No proof of birth is required after the claim is made; the age of the Assured being, in every case, admitted in the Policy, certain, under any circumstances, to affect the validity in question. Policies effected by parties on their own lives are not vacated and in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum assured will be paid without deduction; if the Policy be not assigned the Amount of Premium received thereon will be returned to the family of the Assured.

The subscriber begs to remark that the Britannia Company has been doing business in this Province for about ten years—and has been always found liberal, and prompt in the settlement of claims.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

LONDON FIRST PREMIUM DAGUERREAN GALLERY,

No. 211 MAIN STREET, BUFFALO,

AND THE LAMBTON HOUSE,

PRINCESS STREET, KINGSTON, C. W.

THE above, is a cut of a SILVER MEDAL awarded the subscriber at the New York State Agricultural Fair at Buffalo, and the Fifth Premium in the last nine years. Also, the first prize at the late Fair at Syracuse, in competition with over three hundred pictures from some of the first galleries in the United States. This Gallery has now become the PICTURE EMPORIUM for the entire Western World, and the standard of imitation. Our competitors involuntarily acknowledge their inferiority by following in our wake and copying us in every particular except the results!

Therefore, strangers visiting the city are respectfully solicited to compare our pictures with those executed by others. Also, all who have long been prepossessed in favor of other Daguerreans, and have pictures taken by them, are very urgently invited to call and have one executed at this establishment, that they may have an ocular demonstration of the vast difference in portraying the same individuals.

The subscriber would also notify the people of C. W. that he has opened a branch Gallery on Princess St. Lambton House, Kingston, where persons may expect such pictures of themselves and friends as will rarely if ever be offered to that community again.

N. B. The undersigned would most respectfully further notify the public that no premiums or diplomas have ever been awarded by the New York State Agricultural Fair to any Daguerrean in Buffalo except the subscriber.

ROBERT BARKER'S COMPOUND SARSAPARILLA PILLS.

THE Proprietor having paid just value attention to the composition of these Pills, can with confidence recommend their use to the Public, in all diseases above enumerated; and having been in use several years, they have given general satisfaction in every case where they have been used. Numerous testimonials could be published of their truly wonderful effects, but not wishing to adopt a system which the good sense of the public must condemn of publishing a long list of fictitious cases, the Proprietor trusts that a single trial will prove their good effects. In consequence of the peculiar virtues of the Sarsaparilla Root, it has been used by the Medical Profession many years, but experience has proved that all Liquid or Variety Preparations lose their Medicinal qualities, in a very short period, and become worthless, consequently it has been found necessary to use the solid extract of Honduras Sarsaparilla, from which these Pills are prepared, combined with other valuable remedies and therefore more real benefit will be derived by the use of one box, than from half a dozen bottles of any preparation of Sarsaparilla in use, many of which are an imposition on the Public, too notoriously known. These pills act as a Powerful alterative, and tonic, and mild aperient, strengthening the stomach, &c., and being of a purely vegetable composition, are perfectly safe in their operation, and may be taken by the most delicate females at any period, and will be found most valuable for any irregularities peculiar to them.

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sell Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more reasonable than those on rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it wends all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel themselves unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fully representative of the value of such payments as they may have been made, & no further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is, that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
