GENERAL ADVERTISEMENTS.

TREES, SHRUBS, &c.

SPRING, the best season for transplanting the most beautiful trees, shrubs, ornamental trees, has arrived; and the subscribers would notify the public that they have for sale a large stock of the most choice varieties of FRUIT TREES, embracing nearly all of Mr. Downing's select lists, and those recommended by the Congress of Fruit Growers, for general culture.

Their Nurseries, embracing over twenty-five acres, are situated on Tenth-street, Oswego east, but little over half a mile east of the Rail-Road Depot.

They have a larger stock of extra sized trees of all the fruits, except the Plum, than in any Nursery in Western New York, and feel confident in claiming superior hardness and value to trees grown here on the shore of Lake Ontario, exposed to its winds, at a point further north than any other extensive Nursery in the state; and would also claim superior values to their trees, not from the sun and exposure only, but from the fact that they allow them more room in the Nursery than other tree growers, thereby rendering them more stocky. They have a large stock of *pears on standards*, in a bearing state, at prices from $1 to $5. Also *Dwarf pears* in a bearing state, from 50 cents to $5, according to size and variety. Particular care will be taken in digging and packing extra sized trees, so that there will be no more danger in transplanting them than smaller trees. In this city and vicinity they will get the Oswego Beurre, in a bearing state, and warrant to live. This is the most valuable pear that can be cultivated here, and as a high flavored, melting pear, a profuse and regular bearer, the Oswego Beurre is not equalled.

We have of sizes suitable for the garden or orchard, more than 300 varieties of the Pear, and nearly all of the distinguished varieties of the Apple, Cherry, Peach, Quince, Apricot and Nectarine. Also the small fruits—Raspberries, Currants, Gooseberries and Strawberries. Of Esculent Roots—an extensive stock of Asparagus, Pie Plant, etc. A large stock of well grown

Ornamental Trees,

and shrubs, hardy Flower Roots and Green House Plants.

Catalogues sent to post-paid applicants.

For convenience of our city customers and the travelling public, we have made N. Stone No. 5, in the East Wing of the City Hotel, our Agent, with whom orders may be left, and from whom Green-house Plants, and Fruit and Ornamental Trees, etc., to a limited extent, may be had.

In Kingston C. W., we can refer all those wishing to purchase any thing in our line, to Mr. C. P. Goodrich, Princess House, Princess Street, having made arrangements with him to attend to the Canada trade in and about Kingston. He will be prepared to supply purchasers at short notice, and without risk of damage in delivering. We have a large variety of green-house plants, such as Fuchsias, Verbenas, Double Dahlias, Calceolarias, Heaths, Oleanders, Rhododendrons, Veroneras, Cactuses, and many other kinds too numerous to name in this advertisement.

GENERAL ADVERTISEMENTS.

BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

ENDOWED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts by or to them in case of premature death.—The rates of the Britannia are the lowest which can be offered consistently with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the subjoined Tables of Rates, specimens of which may be seen at his office, or in the Montreal Herald, Montreal Gazette, and Montreal Courier or in any of the papers in Canada West.

Assurances may be advantageously effected on the lives of others, either for the purpose of securing loans or debts, or in case where the party has an interest in the life of another, so as to be in any way prejudiced in the event of his decease. To creditors a Policy of Assurance affords a certain and, in many cases, the only means of security. Also in addition to the published rates an extensive set of Tables has been computed for Assurances on Joint Lives, the survivor of two or more lives, and for contingent Assurances; also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency affecting human life, against which it may be prudent or expedient to provide.

COMPARATIVE STATEMENT OF THE RATES OF THE FOLLOWING OFFICES:

Rate for one year, (whole of Life) for the Assurance of £100;				
National Loan Fund	age 30	£2	4	4
Colonial Life Assurance Com'y	do	2	5	2
United Kingdom	do	2	3	10
British Commercial	do	2	1	10
Mentor	do	2	1	3
Britannia	do	2	0	8

The other Offices doing business in the Colonies are so much higher, that comparison is unnecessary.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are 3 Mutual Tables adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within twelve months after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, except, under any circumstances, be allowable if filed in question. Policies effected by parties on their own lives are not forfeited by suicide or death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum secured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The subscriber begs to remark that the Britannia Company has been doing business in this Province for about ten years—and has been always found liberal, and prompt in the settlement of claims.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

LONDON FIRST PREMIUM DAGUERREAN GALLERY,

No. 214 Main Street, Buffalo,

AND THE LAMBTON HOUSE,

PRINCESS STREET, KINGSTON, C. W.

THE above, is a cut of a SILVER MEDAL awarded the subscriber at the New York State Agricultural Fair, at Buffalo, and the Fifth Premium in the last site event. Also, the first prize at the late Fair at Syracuse, in competition with over three hundred pictures from some of the first galleries in the United States. This Gallery has now become the PICTURE EMPORIUM for the entire Western World, and the standard of imitation. Our competitors involuntarily acknowledge their inferiority by following in our wake and aping us in every particular except the service!

Therefore, strangers visiting the city are respectfully solicited to compare our pictures with those executed by others. Also, all who have long been proponeered in favor of other Daguerreans, and have pictures taken by them, are very urgently invited to call and have one executed at this establishment, that they may have an ocular demonstration of the vast difference in portraying the same individuals.

The subscriber would also notify the people of C. W. that he has opened a branch Gallery on Princess St. Lambton House, Kingston, where persons may expect such pictures of themselves and friends as will surely if ever be offered to that community again.

N. B. The undersigned would most respectfully further notify the public that no premiums or diplomas have ever been awarded by the New York State Agricultural Fair to any Daguerrean in Buffalo except the subscriber.

ROBERT BARKER'S

COMPOUND SARSAPARILLA PILLS.

THE Proprietor having paid particular attention to the composition of these Pills, can with confidence recommend their use to the Public, in all diseases above enumerated; and having been in use several years, they have given general satisfaction in every case where they have been used. Numerous testimonials could be published of their truly wonderful effects, but not wishing to adopt a system which the good sense of the public must condemn of publishing a long list of fictitious cures, the Proprietor trusts that a single trial will prove their good effects. In consequence of the peculiar virtues of the Sarsaparilla Root, it has been used by the Medical Profession many years, but experience has proved that all Liquid or Watery Preparations lose their Medicinal qualities, in a very short period, and become worthless, consequently it has been found necessary to use the solid extract of Honduras Sarsaparilla, from which these Pills are prepared, combined with other valuable remedies, and therefore more real benefit will be derived by the use of one box, than from half a dozen bottles of any preparation of Sarsaparilla in use, many of which are an imposition on the Public, as notoriously known. These pills act as a powerful alterative, and tonic, and mild aperient, strengthening the stomach, &c., and being of a purely vegetable composition, are perfectly safe in their operation, and may be taken by the most delicate females at any period, and will be found most valuable for any irregularities peculiar to them.

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sect Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that it can command in Canada, to offer terms of Assurance much more reasonable than the rate of interest obtainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it expends all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which case this is merely a salutary instance; neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel themselves unable to continue the payment of their premiums, the Company will grant Policies, payable at death, fully representative of the value of such payments as they may have been made, & it further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders then assured.

A peculiar feature of the Company is, that it is not desirous to make profit by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
