THE ONLY TRUE RESTORATIVE TO HEALTH.

DR. CORBETT'S HIGHLY CONCENTRATED SHAKER SYRUP OF SARSAPARILLA.

This singularly efficacious medicine, by its astonishing cures, is daily winning for itself the highest testimonials from the about Physicians and Chemists in this country.

It is used by the Medical Faculty very generally, in their practice; and by permission of one who has prescribed it with continued success, we publish the following statement of cure, so that those who are suffering may

READ, AND BE HEALED.

In the Autumn of 1848, I commenced taking "Corbett's Shaker Syrup of Sarsaparilla," having been previously much debilitated and reduced in health and strength, and felt with a bad cough My blood was very much diseased, and I was troubled with a scrofulous affection. My limbs and joints were swollen and very lame. After taking six bottles, my health was restored. My cough, lameness and pain have been entirely removed, and I have gained twenty-three pounds since I commenced taking the Syrup.

I know this Syrup is the sole cause of my restoration, and that it is a most valuable medicine. I recommend it as a sovereign remedy for all impurities of the blood, &c.

NEW EDITIONS

ARMOUR & RAMSAY.

THE Subscribers, in publishing new editions of the National School Books, beg leave to return their most grateful acknowledgements for the liberal patronage which has been extended by all classes of the community to their publications. The rapidity with which the previous Editions were disposed of, evinces in the most satisfactory and decided manner, that the publishers did not miscalculate, when they reckoned with the most entire confidence upon the intrinsic merits of these Books securing for themselves the countenance and favor of the inhabitants of British America.

The Series consists of the following Books, all of which are printed on substantial paper, in a clear type, and strongly bound with linen:—

A, B C, and Figures, on sheets to be hung up.
General Lessons, to hang up in schools.
The First Book of Lessons.
The Second Book of Lessons.
The Sequel to the Second Book.
The Third Book of Lessons.
The Fourth Book of Lessons.
The Fifth Book of Lessons, just published from new stereotype plates.
The first Book of Arithmetic.
Key to ditto.
An English Grammar.
Key to ditto.
A Treatise on Book-Keeping.
Key to ditto.
A Treatise on Mensuration.
Appendix to the Mensuration for the use of Teachers.
An Introduction to Geography and History, by Professor Sullivan, with several Maps.
Elements of Geometry.
Lessons on the Truth of Christianity.

These Books form a complete system of education, and they can have been entirely taught by those, may be considered as perfectly well qualified to enter upon the pursuits of active life, and to have acquired a fund of preliminary knowledge amply sufficient to enable them to prosecute the study of the most important branches of human knowledge with profit and ease. The lessons contained in the reading Books, are in importance, from the first to the last; and they possess a very distinguishing and characteristic merit, that, during the whole time the pupil is engaged in learning to read, he is at the same time acquiring a knowledge of sound moral principles, and of a vast number of important facts, in History, Literature, and Science. The Treatises on Arithmetic, Grammar, Book-Keeping, Geography, Mensuration, Geography and History, are unequalled, certainly unsurpassed, in the English language. The rules which they contain are simple, yet so comprehensive, so clear, yet so profound; that the youth who has once become thoroughly acquainted with them, can experience no difficulty, on applying to every case which can be presented to his mind. That this Series of School Books should be procured at as cheap and such undoubt at rate, is not to be doubted, when it is considered, that it has emanated from an honorable and enlightened body, as the National Board of Education of Ireland—a body which numbers among its members, some of the highest names of which the British Empire can boast for talent and learning. In the lessons which these Books contain, there is a thing unknown, and hence, they have received the most unequivocal expressions of approbation, from men in every rank of society, and who possess the most competent and reliable skill and knowledge. The late celebrated Governor General, Lord Metcalfe, when the public business originally issued their editions, took the influence of his authority and name, and they have been sanctioned by the Roman Catholic Church, by its ecclesiastical Congresses of the Church of England, by the Synod of the Church of Scotland, by Clergymen in connection with the Methodist, Baptist, Congregational, and other Churches, by the Municipal Councils of many Districts, by a great number of Teachers, by the Chief Superintendents of Education in Eastern and Western Canada, and so far as the Sale goes have yet been obtained, by all the District and Township Superintendents in the Western section of the Province, and they have been declared in the most emphatic manner, by the Edinburgh Review, "to be the very best books of the kind in the English language."

The National School Books are now so generally used and so universally known that little need be said respecting them. For the information, however, of such as from long use of others have not yet adopted these publications, the Publishers submit the following testimonials selected from a great variety of others with which they were favored when they commenced the publication.

EDUCATION OFFICE, DUBLIN.

Gentlemen,—Having laid before the Commissioners of National Education your letter of the 23 ult. enclosing "Copies of various certificates in favor of the School Books published by the Board," with the perusal of which they were much gratified, we are directed to inform you that you have the sanction and authority of the Commissioners for printing for the use of Schools in Canada, each of the Irish National School Books, as you may think fit.

We are to state further, that these books are in use not only with National Schools of this country, but have a very extensive circulation in England and Scotland—they have been besides translated into several of the Continental languages.

PRIVATE SECRETARY'S OFFICE, MONTREAL.

Gentlemen,—I am commanded by the Governor General to acknowledge the receipt of your letter, and to inform you in reply, that His Excellency will be very glad to have his name connected in the manner you propose, with an undertaking which he considers to be of such a public benefit, and the Excellency also desires me to say; that it will give him pleasure to aid you in the work in which you are engaged, by any means in his power.

I have the honor to be,

J. M. Higginson.

Messrs. Armour & Ramsay, Montreal.

The publishers were prompted to insert the following on the books:—

IN BEHALF OF THE ROMAN CATHOLIC CLERGY.

"Avec l'approbation des Surintendans Roman catholiques."

III.

From the Synod of the Presbyterian Church in connexion with the Church of Scotland.

EXTRACT.

"The Committee reported that they had carefully examined the following School Books which Armour & Ramsay proposed to republish, viz:—

(Here followed a list of the Books.)

and that they considered the Books extremely well adapted to tuition in the various branches of Education to which they relate. Whereupon the Synod agreed heartily to recommend these School Books to the notice of Parents and Teachers, and all others who feel an interest in the mental improvement of the youth of this country, or who exercise an influence over their education."

ANDREW BURN, Synod Clerk.

EDUCATIONAL OFFICE, C. W.

Gentlemen,—I begin to learn that you have commenced reprinting for the use of Schools in Canada, the series of admirable School Books which the Government commissioners appointed by the Protestant and Roman Catholic Archbishops of Dublin have published for the National schools of Ireland. These books have been prepared under the auspices of men of great learning and experience, and are remarkable for cheapness and no small skill, elegance and comprehensiveness of definition and arrangement.

I have been informed by the Government, to turn my attention to the preparation and selection of Books to be recommended for general use in the Common Schools of Canada. I am glad that you are so far in advance, and anticipated me, as to have already secured the republishing of a set of books which appear well adapted to the purpose, and which some of them used in our Common Schools. Not an I expect that I shall be able to do better than recommend to general and permanent use in our Schools, some of the elementary books which you are reprinting.

Canada is already and is likely to be still more deeply indebted to your enterprise for an improved set of School Maps and Books. I wish you the most extensive success in your laudable endeavours to improve the most indifferent department of our Government—the Common Schools of Canada.

I have the honor to be, &c.

EGERTON RYERSON.

From the Rev. M. Cochin, Rector of the High School, Quebec.

I have long known the Books published for the use of the Irish National Schools under the superintendence of the Commissioners of Education, having seen them extensively used in England with a private families and in public institutions; and as well as they seem to be adapted to the purposes to which they were compiled, that I could consider any other work to extend their circulation, as detracting of the patronage and encouragement of all classes of the community.

REV. JOHN COCHIN,
Rector of the High School, Quebec.

VII

From the Rev. Dr. W. Agar Adamson, of the Church, Montreal.

I am well acquainted with the Books published and used by the Commissioners of National Education in Ireland.

They have held the very highest place in my estimation since I witnessed the beneficial effects of their first introduction into Public Schools and private families, in that country.

I have used them in the instruction of my own children, and have repeatedly urged upon members of the Provincial Government the expediency of expending them for Educational purposes in Canada.

Messrs. Armour & Ramsay having undertaken to republish them in a form calculated for general circulation in this Province, I consider them as entitled to the generous support of every one who is desirous to spread abroad the blessings of Education, and as deserving of the sincere gratitude of all who have the welfare of this Province at heart.

W. AGAR ADAMSON,
Chaplain Legislative Council, Assistant Minister of Christ's Church.

From the Hon. Henry Wilson, A. M., Montreal.

Gentlemen,—I rejoice to hear of the information you have done me the honor to communicate that your extensive house is engaged in the republication of the Education Works of the Irish National Board, for the use of the Public Schools in Canada.

It appears to me that the importance of having an uniform series of Elementary works of Irish authorship, for the training to be given in our Schools, cannot fail to strike every mind. The machinery needed in public Education can be needed to better purpose, if it be understood, especially what works are employed for the purpose of training throughout all the Public Schools; with the bad effects upon a thinly peopled, and an improving country. The frequent removal of the pupils with their parents, which, in a population like ours must continue to be a common occurrence, would not operate so disadvantageously as the progress of such pupils, if the Books used in Elementary Education were uniform.

In regard to the excellence of the Series in the main, I personally like it. They have well considered the application of tests more than usually rigid, and they have generally right, and they have generally proved an acceptable training to pupils. Without being entirely acquainted with them all, but having somewhat carefully examined several of them, my opinion is, that their introduction into all our Public Schools would not fail to be a national benefit. Next to a sufficient supply of good Teachers, good books are a desideratum on the Colonies; it is matter for congratulation that you are about to supply the want.

Without being any way authorized to express the sentiments of the religious body with which I have the honor to be connected, yet I may be permitted to state that from my knowledge of the general opinions of the Fathers, I have no doubt but that the Series will meet with an enlightened and cordial reception among them.

I am, Gentlemen, yours respectfully,

Henry Wilson.

From the Reverend J. M. Creamy, President of the Highland College.

Gentlemen—It gives me great pleasure to learn that you are about to publish a selection from the Irish National School Lessons, for the use of Elementary Institutions in Canada. I have been long acquainted with them themselves and value them much. They have been used in my own family which number seven, &c.

In the peculiar excellence of this Series of Lessons, that it is a combination of facts and truths with which all ought to be acquainted. Formerly, children were taught words rather than things. These lessons teach things rather than words. The information they contain is highly interesting and instructive, and the style in which it is conveyed for improving.

In addition to these commendations, it is to be observed that there is an entire freedom from all sectarian bias. Christians of every persuasion may place these volumes in the hands of their children without the slightest fear of weighing on the religious state of society in Canada.

I sincerely hope that this enterprise will be strongly patronized by the public, and shall be happy to see a cheap edition of Chemical School Books.

I am, gentlemen, your obedient servant.
