The National School Books
NEW EDITIONS
ARMOUR & RAMSAY.

THE Subscribers, in publishing new editions of the National School Books, feel bound to express their most grateful acknowledgements for the liberal patronage which has been extended by Members of the community to their publications.

The rapidity with which the previous Editions were disposed of, evinces in the most satisfactory and decided manner, that the publishers did not miscalculate, when they embarked with the most entire confidence upon the intrinsic merits of these Books, meeting, for themselves the encouragement and favor of the inhabitants of British America.

The Series consists of the following Books, all of which are printed on substantial paper, in a clear type, and strongly bound with linen:—

A, B C and Figures, on sheets to be hung up.
Universal Lessons, to hang up in schools.
The First Book of Lessons.
The Second Book of Lessons.
The Sequel to the Second Book.
The Third Book of Lessons.
The Fourth Book of Lessons.
The Fifth Book of Lessons, just published, from new stereotype plates.
The First Book of Arithmetic.
Key to ditto.
An English Grammar.
Key to ditto.
A Treatise on Book-Keeping.
Key to ditto.
A Treatise on Mensuration.
Appendix to the Mensuration for the use of Teachers.
An Introduction to Geography and History, by Professor Sullivan, with several Maps.
Elements of Geometry.
Lessons on the Truth of Christianity.

These Books form a complete system of education, and they will have been wisely taught by them, may be considered as perfectly well qualified to enter upon the pursuits of active life, and to have acquired a fund of preliminary knowledge amply sufficient to enable them to prosecute the study of the most important branches of human knowledge with profit and ease. The Lessons contained in the reading Books, are in importance, from the first to the last; and they possess in a very distinguishing and characteristic mark, that, during the whole time the pupil is engaged in learning to read, he is at the same time acquiring a knowledge of sound moral principles, and of a vast number of important facts, in History, Literature, and Science. The Treatises on Arithmetic, Grammar, Book-Keeping, Geometry, Mensuration, Geography and History, are unequalled, certainly unsurpassed, in the English language. The rules which they contain, are so simple, yet so comprehensive, so clear, yet so profound, that the pupil who has once become thoroughly acquainted with them, can experience no difficulty, in applying to every case which may be presented to his notice. That this Series of School Books should be considered so many and such undoubted merits, is not wonderful, when it is considered, that it has emanated from authorized and dignified body, as the National Board of Education of Ireland—a body which numbers among its members, some of the highest names of which the British Empire can boast for talent and learning. In the Lessons which these Books contain, there is nothing sectarian, and hence, they have received the most unequivocal expressions of approbation, from men in every rank of society, and who maintain the most opposite and widely differing forms of belief. The late venerable Governor General, Lord Metcalfe, when the publishers originally issued their editions, had, through the influence of his authority and name, and they have been sanctioned by the Bishops of the Roman Catholic Church, by, in an influential Congregation of the Church of England, by the Synod of the Church of Scotland, by Clergymen in connection with the Methodist, Baptist, Congregational, and other Churches, by the Municipal Councils of many Districts, by a great number of Teachers, by the Chief Superintendents of Education in Eastern and Western Canada, and so far as the Subscribers have yet been informed, by all the District and Township Superintendents in the Western section of the Province, and they have been declared in the most emphatic manner, the Editor-in-Chief Review, to be the very best books of the kind in the English language."

The National School Books are now so generally used and so universally known that little need be said respecting them. For the information, however, of such as from long use of others, have not yet adopted these publications, the Publishers submit the following recommendations selected from a great variety of others with which they were favored when they commenced the publication.

EXECUTIVE OFFICE, TORONTO.

Gentlemen,—Having laid before the Commissioners of National Education your letter of the 25th instant, enclosing "Copies of various Correspondence in favor of the School Books published by the Board," with the perusal of which they were much gratified, we are directed to inform you that you have the sanction and authority of the Commissioners for printing for the use of Schools in Canada, such of the Irish National School Books, as you may think fit.

We are to state further, that these books are in use not only with National Schools of this country, but have a very extensive circulation in England and Scotland—they have been besides translated into several of the Continental languages.

MARCUS CLARK, } Sec. to Commissioners.
JAMES KEARS, }

Messrs. Armour & Ramsay, Montreal.

I.

PRIVATE SECRETARY'S OFFICE, MONTREAL.

Gentlemen,—I am commanded by the Governor General to acknowledge the receipt of your letter, and to inform you in reply, that His Excellency will be very glad to have his name associated in the manner you propose, with an undertaking which he considers to be of such great benefit, and His Excellency also desires me to say, that it will give him pleasure to aid the work in which you are engaged, by any means in his power.

I have the honor to be,
J. M. HIGGINSON.

Messrs. Armour & Ramsay, Montreal.

The publishers were permitted to imprint the following on the books:—

"APPROVED by the ROMAN CATHOLIC ORDINARY. "Avec l'approbation des Superieurs Ecclesiastiques."

III.

From the Synod of the Presbyterian Church in connexion with the Church of Scotland.

(EXTRACT.)

"The Committee reported that they had carefully examined the following School Books which Armour & Ramsay prepared to republish,—

(Here followed a list of the Books.)

and that they considered the Books extremely well adapted to facilitate the various branches of education to which they refer. Whereupon the Synod agreed heartily to recommend these School Books to the notice of Parents and Teachers, and others who feel an interest in the mental improvement of the youth of this country, or who have an influence over their advancement."

ANDREW BELL, Synod Clerk.

EXECUTIVE OFFICE, C. W.

Gentlemen,—I flatter in hope that you have succeeded regarding the use of Schools in Canada, the series of admirable School Books which the Government commissioners headed by the Protestant and Roman Catholic Archbishops of Dublin have published for the National Schools of Ireland. These books have been pronounced under the sanction of men of great learning and experience, and are remarkable for purity and simplicity, chastened and comprehensiveness of definition, and arrangement, have been imitated by the Government in every attention to the preparation and selection of books to be recommended for general use in the Common Schools of Canada West. I am glad that you are so far engaging with and encouraged me, as to have already commenced the reprinting of a set of books hitherto prized and cherished than that of those used in our Common Schools. Not am I entirely that I should be able to do better than recommend to general and gentlemanly use in our Schools, some of the elementary books which you are reprinting.

Canada probably will in likely to be at it more deeply indebted to your enterprise for an improved set of School Maps and Books. I wish you the most extensive success in your laudable endeavours to supplant the most inefficient department of our Government—the Common Schools of Canada.

I have the honor to be, &c.,
EGERTON RYERSON.

VI

From the Rev. Mr. Cruikshank, Rector of the High School, Quebec.

I have long known the Books published by the Board of the Irish National Schools as the requisite of the Commissioners of Education, having seen them extensively used in England both in private families and in public institutions, and as well do they seem to be adapted to the purposes to which they were formerly, that I think especially any effort made to extend their circulation, as deserving of the patronage and encouragement of all classes of the community.

REV. JOHN CRUIKSHANK,
Rector of the High School, Quebec.

VII

From the Rev. Dr. W. Agar Adamson, of Christ's Church, Montreal.

I am well acquainted with the Books published and used by the Commissioners of National Education in Ireland.

They have held the very highest place in my estimation, since I witnessed the beneficial effects of their introduction into Public Schools and private families, in that country.

I have used them in the instruction of my own children, and have repeatedly urged upon members of the Provincial Government the expediency of supplying them for Educational purposes in Canada.

Messrs. Armour & Ramsay having undertaken to reprint these Books in a form embodied so general recommendation in the Province, I consider them as entitled to the generous support of every man who is desirous to spread abroad the blessings of Educational, and as deserving of the whole gratitude of all who have the welfare of the Province at heart.

W. AGAR ADAMSON,
Chaplain Legislative Council, Incumbent Christ's Church.

VIII

From the Rev. Henry Wilkes, A. M., Montreal.

Gentlemen,—I rejoice to hear of the intimation you have done me the honor to communicate that you contemplating being engaged in the republication of the Educational Works of the Irish National Board, for the use of the Public Schools in Canada. It appears to me that the importance of having an uniform system of Elementary works in British and Colonial, for the training of the young in our Schools, cannot fail to secure every appeal. The machinery needful in public Education can be worked to better purpose if it be understood precisely what work are employed for the purpose of training the youthful all the Public Schools, which the best of supported a thousand honorable, are the efficiency augmented. The frequent removal of the pupils with their parents, which, in a population like ours must continue to be a common occurrence, would not operate so disadvantageously to the progress of such pupils if the Books employed in Education were uniform.

In regard to the excellence of the Series in question, I presume little may be. They have, and maintained the application of men more than equally rapid, and they have assuredly rapid, and they have assuredly proved an unspeakable blessing to Ireland. Without being minutely acquainted with them all, but having somewhat carefully examined several of them, my opinion is, that their introduction into all our Public Schools would not be to be a national benefit. Next to a sufficient supply of good Teachers, good books are a desideratum in the Colony; it is matter for congratulation that you are about to supply the want.

Without being any way authorized to express the sentiments of the religious body with which I have the honor to be connected, yet I may be permitted to state that from my knowledge of the general sentiments of the Pastors, I have no doubt but that the Series will meet with as cordial reception among them.

I am, Gentlemen, yours respectfully,
HENRY WILKES.

59, Antoine Street.

IX

From the Reverend J. M. Cramp, President of the Baptist College.

Gentlemen,—It gives me great pleasure to learn that you are about to publish a selection from the Irish National School Lessons, for the use of Educational Institutions in Canada. I have been long acquainted with those lessons and value them much. They have been used in my own family which manifest advantage.

It is the peculiar excellence of this Series of Lessons, that it is a storehouse of facts and truths with which all ought to be acquainted. Formerly, children were taught words rather than things—those lessons teach things rather than words. The information they contain is highly interesting and instructive, and the style in the respectable for perspicuity.

In addition to these commendations, it is to be observed that there is an entire freedom from all sectarian bias. Christians of every persuasion may place these volumes in the hands of their children without the slightest fear of imparting to the opening mind a bias to sectarian.

I sincerely hope that this enterprise will be abundantly blessed with abundant success, and shall be happy to aid it in any way in my power.

I am, gentlemen, you obedient servant.

LATIN CLASSICS.

Cheap Colonial Editions for Colleges and Schools.

THE success which attended the expression to an over and tender uniform the Books used in the Common Schools of Canada, as set forth in the following advertisement, emboldened the Subscribers to undertake the publication of the Classical series now advertised for the use of Colleges, High Schools, Private and Grammar Schools.

The numbers of the series consist of the following:

Excerpta from Cornelius Nepos. 1s 6d.
The First Four Books of Caesar. 1s 3d.
The Third and Fourth Books of Quintus Curtius. 1s 3d.
Cicero de Amicitia. 1s.
Cicero de Senectute.
Tacitus Agricola. 9d.
The Georgics of Virgil. 1s 6d.
The Pasts of Ovid. 1s 6d.
The Odes of Horace. 1s 3d.
The Three First Books of Ovid. 1s 6d.

Or the whole can be had uniformly bound in two vols., price 6s. 3d. for the Prose and 3s. 6d. for the Poetry.

We appeal at this noble attempt to facilitate the study of the Classics in Canada by reducing the expense of procuring them per non to those which are used in the Schools. Thirty-two, compositors and operatives of the series of Classical Texts quoted, full in every respect, and are in use Grammar Schools and Colleges. Messrs Armour & Ramsay have been the pioneer Publishers of cheap book series of Colonial School Books and the are now laying the country under additional obligations by their excellent reprints of Classical School Books. We hope to see the day when Canada will receive in her own printed Classical, as well as general literature, as at your time to some extent, and we hope will be a much greater extent, in an own country—Journal of Education, Toronto.

Orders will be addressed to the Subscribers, Montreal, Canada, or by the Booksellers.

GENERAL ADVERTISEMENTS.

BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 3.

THE provisions of the Institution in Strength and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The rates of the Britannia are the lowest which can be offered consistently with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greater part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable investment to the growth working in Assurance.

All claims payable within THREE MONTHS after proof of death. No proof of death is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, unless any misrepresentation, by afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by personal application to

THE above, is a cut of a SILVER MEDAL awarded the subscriber at the New York State Agricultural Fair, at Buffalo, and the Fifth Premium in the last nine years. Also, the first prize at the late Fair at Syracuse, in competition with over three hundred pictures from some of the first galleries in the United States. This Gallery has now become the PICTURE EMPORIUM for the entire Western World, and the standard of imitation. Our competitors involuntarily acknowledge their inferiority by following in our wake and trying us in every particular except THE PRICE!

Therefore, strangers visiting the city are respectfully solicited to compare our pictures with those executed by others. Also, all who have long been prepossessed in favor of other Daguerreans, and have pictures taken by them, are very urgently invited to call and have one executed at this establishment, that they may have an ocular demonstration of the vast difference in portraying the same individuals.

The subscriber would also notify the people of C. W. that he has opened a branch gallery on Princess St. Lambton House, Kingston, where persons may expect such pictures of themselves and friends as will rarely if ever be offered to that community again.

N. B. The undersigned would most respectfully further notify the public that no premiums or diplomas have ever been awarded by the New York State Agricultural Fair to any Daguerreian in Buffalo except the subscriber.

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sell Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that it can very commonly in Canada, to offer terms of Assurance much more reasonable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that of wealth all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which case this is nearly a solitary instance) neither Great Britain nor the neighbouring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thereon.

A peculiar feature of the Company is, that it is EXPRESSLY DESIGNED to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.

FIRE! FIRE!

CAPITAL, $300,000.

The St. Lawrence Insurance Company Chartered in 1826, continues to insure at as cheap rates as any other sound Company in New York. It insures from fire to any amount, annually, and presents the following advantages.

1st. Its total rates for five years do not exceed the rates of Stock Companies for two years on fire property.

2d. It does not insure buildings in blocks, nor even hazardous risks, but ordinary and detached buildings only. In the several towns of Plattsburgh, Watertown, Canandaigua, Port Hope, and Picton, lately destroyed, in each of which the Company had agencies, the total losses were less than $100,000.

Stock Facts Speak.

3. The Company is bound by the Survey of the agents; and this is insured on all policies.

4th. The total liability of the member in the note, and the company cannot assess beyond that sum, as is the case in most Companies of the State.

5th. The Capital of this Company is almost WHOLLY UNPAID, as it has but one small assessment in FIVE YEARS, and the cash balance in favor of the Company, October 1, 1829, and above all liquidated liabilities was about

$112 000 00.

6th. The policy covers loss from 12 o'clock, noon, the day the money is paid on the assessment.

7th. The notes of the members of this Company are never negotiated, as money, but a member can withdraw his note and cancel his policy when he may please, by paying his share of loss to that date.

8th. The capital of this money is thus fixed, not get up to answer the requirements of the law of the State by taking mortgages, notes, or encumbrances by hazardous property, but the notes are on note CERTAIN INSURANCE.

This Company has twelve millions of Insurance—three hundred thousand dollars capital, the heavy surplus fund above stated—its risks are well and carefully chosen; and if prudent management, great economy, small risks, and a large business can save the members from assessments will be done. This Company regards it similar to a bank, and an imposition to say mutual Cos. will by reimbursement in agents in promising more than it can, or ought to, but gives the facts, and parties must be their own judges.

We consider the past a good guarantee for the future. During the past year the Company paid its losses $33,417 10, and its expenses were only $2,125 64 exclusive of the fees to the agents. It includes $300 paid to the officers; about $[illegible] for postages, and the balance was for printing and other incidental expenses.

N. B.—Agents have commissions signed by the Secretary, and parties paying premiums will require their production and receipts. The Company will not hold itself in any way responsible for the act of any person not having both in its possession.

If the policy be not received, the party will send the receipt to this office in writing, and the policy or cash will be returned.

AGENTS, who can come well recommended for proper age, judgment and character, are wanted, to whom liberal inducements are offered. Address the Secretary.

DIRECTORS—Thomas Vine, President—Wm Bowen, V Pres—Jos Whitlock, B Coddam, S Stilwell, Jr, Walter Wilson, Alex Chaney, W E Grant, J G Hopkins, Jos Hale, Wm E Sterling, V Street, Royal Vine.

NOTICE TO FARMERS!

THE Subscribers are manufacturing FANNING MILLS in Kingston, at the head of Princess Street, one door East of Messrs John & Wm. Beaver's, and would invite all those desirous of purchasing, or wishing to examine, to give them a call. They warrant their Mill to do good work, and feel satisfied that a fair trial will prove its superiority over others of a similar kind.
