AMERICAN HOUSE,
HANOVER STREET, BOSTON.
THE undersigned having entirely Refitted and Refurnished the above extensive establishment, containing in all about three hundred and fifty rooms, would respectfully give notice that it is now ready for the reception and accommodation of the travelling community.
As extended use of the unsurpassed conveniences of this House is the most sure barometer of its merits, the undersigned would only add that the patronage with which they have been favored for years, is its best testimonial. Suffice it to say that no expense has been spared to render it equal in every respect to any other hotel in Boston.
The furniture was made expressly for it, regardless of cost, and nothing of the kind, especially the Dining rooms, will be found to be of the most beautiful and tasteful construction. The Baggage-rooms are commodious, and the hours for meals and all business arrangements so as to suit the convenience of the family and guests.
Every department will be conducted in a manner not to be surpassed by any establishment in Boston, and the Proprietors flatter themselves that the American House shall be truly the Travellers' Home.
