LATIN CLASSICS.

Chicago Colleges, Academies, Colleges and Schools

THE success which attended the experiment on our first edition of the Classics used in the Common Schools in Canada, as set forth in the spirited advertisement, emboldened the Subscribers to undertake the publication of the Classical series now introduced for the use of Colleges, High Schools, Private and Grammar Schools.

The numbers of the series consist of the following:

Principia from Cornelius Nepos. 1s. 6d.
The First Four Books of Caesar. 1s. 9d.
The Third and Fourth Books of Caesar. 1s. 9d.
Caesar in Americam. 1s.
Caesar in Scoticam.
Tacitus Agricola. 1s.
The Georgics of Virgil. 1s. 6d.
The Fasti of Ovid. 1s. 6d.
The Odes of Horace. 1s. 3d.
The Three First Books of Virgil. 1s. 6d.

On the whole can be had neatly bound in two vols. price 6s. 3d. for the Prose and 3s. 6d. for the Poetry.

We wished at this public attempt to facilitate the studies of the Students in Canada by saving them the expense of procuring those one from which are present in the Schools. Thus, we hope, convenience and economy of the work of Classical Texts cannot fail to secure their introduction and use in our Grammar Schools and Colleges. Messrs. Armour & Ramsay have been the pioneer Publishers of our first series of Common School Books and the are now laying the country under additional obligations by their excellent reprint of Classical School Books. We hope to see the day when Canada will rival in the cities printed Classical, as well as practical books, as it now does to print cheap, and we hope will in a much greater extent, in its own literary one.—Journal of Education, Toronto.

Orders will be received by the Booksellers throughout Canada, or by the Publishers,

BRITANNIA LIFE ASSURANCE COMPANY,

No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

INCORPORATED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 8.

THE great success of this Institution in Europe, and the numerous Policies issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The annexed Prospectus are the terms which can be offered permanently, with security to the Assured, and the attention here respectfully invited to the numerous Tables of Rates, specimens of advantages to be secured by effect.

The income of the Company, independently of the large subscribed Capital, inclusive Equity and Reserve Thousands Pounds Sterling, yet chiefly consisting of the premiums paid to exclusively secure the payment of losses.

A party effecting an Assurance with this Company, may do so for a Short term, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risks but participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an equal division of the Profits, and which being supported by the other Branch of the Institution, full and very ample security is thereby afforded to the person insuring.

All policies payable within twelve months after proof of death. No policy of Life is impeached by the time it has been in force, the special consent being, between man, who first holds the Policy, contrary, under any circumstances, be afterwards called in question. Policies effected by persons on their own lives are not vitiated even in case of death by shooting at the hands of justice. In the event of assignees of the Policy be assigned to a bona fide Creditor, the sum insured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Royal Patent.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sell Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms to Assurers much more reasonable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of the receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

On no other Life Assurance Company can it be said that it vests all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (cause this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To persons who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & to other engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders that assured.

A peculiar feature of the Company is, that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
