BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL £1,000,000 STERLING.

ENDOWED BY ROYAL CHARTER WITH 4 Vic. Cap. 9.

THE great increase of the business in Europe and the extensive Patronage, marked by the different Appointments in Canada, evidently shows that the advantages of this Assurance are daily becoming more and more appreciated by those who look into the economy of making small payments for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the Britannia are the lowest which can be offered consistently with security to the Assured, and the subscribers have authority to invite the attention of the inhabitants of Kingston, to the following Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds Sterling, per annum, and of this the greatest part is additionally accumulating for the payment of losses.

A party effecting an Assurance with this Company, may die to a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an absolute Estate by paying a sum than is absolutely required to provide for the risk—but if participating in profits is preferred, by so doing, there are "Bonus Policies" adopted by the Company, which offer an annual division of the Profits, and which being capitalized by the other Branch of the Institution, fold with very safe and profitable inducement to the parties entitling to Assure.

All claims payable within twelve months after proof of death. No proof of birth is required at the time a claim is made; the report the Assured being, in every case, admitted to the Policy, certain, unless any circumstances be subsequently evident to contrary. Policies effected by parties who have three and one half years of age, on the decease of the intermediate holder, or surviving a term of years. For instance, a person 30 years of age, by paying an annual premium of £2 10s. he secures an Estate at the age of 60, or payable sooner, if death should occur. Will grant annuities, insurance, conditions, insurance &c. Also Calendars Books taken at the lowest rates.
