[REPORTED FOR THE BRITISH WHIG.]

THE TRAGEDY AT NEWARK

NEWARK, Oct. 9.—The morning has been consumed in taking testimony for the defence, chiefly showing that the prisoner's mind was fettered by the troubles and pecuniary loss of character. After the examination of one or more witnesses the prosecution will continue the case.

WASHINGTON, Oct. 9.—It is understood that the President has issued orders to the District Attorney of Northern New York, directing immediate prosecution of all who took part in the recent outrage at Syracuse.

MANCHESTER, N. H., Oct. 9.—The present Agricultural Fair surpasses anything of the kind ever before seen in this State. Secretary Webster was received at the cars and escorted to a platform opposite the depot where he was welcomed by S. H. Ayers; Mr. W. replied briefly, and was then escorted to Hanover Square, where Col. Wilder delivered an address, and Mr. W. spoke at some length in reply.

BOSTON, Oct. 9.—The native Americans were to have held a public meeting in State Street to-night, but it has been postponed till some future day.

ARRIVAL OF THE

ASIA.

LATER FROM EUROPE.

NEW YORK Oct. 10.

The Steamer Asia arrived at her wharf this morning at 8½ o'clock, bringing dates to Sept. 27. She brings 124 passengers, amongst whom are Madame Celeste and James Wallack, the Tragedian.

LIVERPOOL MARKETS.

COTTON—No material change. FLOUR—prime Southern in fair receipt at last rates; inferior grades rather lower. INDIAN CORN commands attention at full prices; White is quoted at 27s 6d; yellow 28s 6d a 29s; mixed 25s a 25s 3d. WHEAT in request; White 3s 2d a 3s 4d; Red 4s 8d a 5s per 70 lbs.—PROVISIONS dull, fine beef only in demand; buyers of Pork confine their attention to Hamburgh, French and Irish. LARD in more request. CHEESE 38s a 39. The state of trade in Manchester is quiet, and prices of both goods and yarn reported steady. In the Money and Stock market there was not a single novel feature. Failures continue to occur among Cotton, Silk and Produce Merchants; the funds had fluctuated generally, and what was lost the one day was made the next. Consols had closed on the 26th at 90¼ a 91¾. In American Stocks nothing doing.

GREAT BRITAIN.—The tidings of the final sack and execution of Lopez has relieved no inconsiderable weight of anxiety from the public mind. In English politics the dead calm appropriate to the season, continues. The Exhibition receipts remain £2,300 to £2,700 per day. Notice had been given, that the removal of Goods may commence on the 16th of October, and an order has been issued regulating such removals. Lord Palmerston's constituents at Liverpool had given the noble Lord a public dinner, at which he made a speech, evidently designed as a political manifestation previous to asking votes at the general election. The Submarine Telegraph which France and England were laying down between the two countries, had been extended to within 3 miles of the French coast, the communication with the English being perfect to that point.

FRANCE.—The chief news at present is a profound tranquility, the President had taken advantage of it, to remove to S. Cloud.

In Spain the greatest rejoicing was caused by the Cuban news, but it was still resolved to send out the reinforcement already ordered for the Island.

WASHINGTON TO DAY.—The President has given orders to fire salutes and extend all military honors to Kossuth at New York and other places, upon his arrival, and a great dinner will be given at the President's house.

THE undersigned having entirely REMOVED and ENLARGED the above extensive establishment, containing in all about three hundred and fifty rooms, would respectfully give notice that it is now ready for the reception and accommodation of the travelling community.

An extended notice of the unsurpassed conveniences of this House is deemed superfluous, as the numerous improvements which have been made cannot be properly given in an advertisement. Suffice it to say that no expense has been spared to render any apartment perfect.

The furniture was made expressly to order, regardless of cost, and certain portions of it, especially the Drawing-rooms, will be found to be of the most beautiful and tasteful manufacture. The Dining-rooms are capacious, and the boats for ready will be so arranged as to suit the convenience of the early and late.

Every department will be conducted in an unexceptionable manner, and the Proprietor pledges himself that the Hanover House shall be truly the Traveller's Home.

Here We are Again!

THE Subscriber having removed to his NEW STORE in BAGOT STREET, fitted up expressly for a STOVE and TIN SHOP, would call the attention of the public to his present stock, feeling assured that after they have seen the Tasteful Stoves advertised in other Shops, they will be amply repaid by a call on him, as his collection is too numerous to be detailed.
