LITERARY LABOR IN NEW YORK.—Probably there is no city on the globe where so many young men aspire to get a living with the pen as in New York. An American lad never thinks of learning a trade. He must be a "professional man," a clerk, book-keeper, editor, or reporter. To be a "common mechanic" is considered disgusting. On the same principle that leads an American girl to sell her virtue, in preference to going to service, a young man will prefer living in a state of genteel poverty as a book-keeper, rather than obtain a comfortable livelihood by mechanical pursuits. There is a very common and general idea prevailing in England, that the literary field is extremely wide here; but those who come and try it will testify that it is much easier for a man of ordinary abilities to obtain profitable employment in London than in New York as a newspaper reporter or editor. The Western States are far preferable in this respect to New York. Although, if a man possess above the average talent, he cannot find a better market for it than New York; but these intellectual gentlemen do well enough at home, and we do not see a great deal of them this side of old ocean.—The salary of a reporter in this city ranges from 15 dols. to 25 dols. per week; the average being 20 dols., or about £4 English money, with which a man and a very small family can live well on. Editorial writers get from 1,500 to 5,000 dols. per annum; very few, however, obtaining more than 2,000 dols. (£400). These sums probably look large; but when the cost of food and clothing is taken into consideration, it will be seen such is not the case.—N. Y. Paper.

NEWS OF THE DAY.

WEDNESDAY MORNING, JAN. 29, 1868.

A RARE PHENOMENON.—One of the finest sights that can occur in the heavens, and one which occurs very rarely, has been seen for the last two nights shortly after sunset, namely,—Jupiter, Venus, and the Moon close together. The moon, now in her first quarter, will only be in close proximity for one or two evenings to these planets, which appear at present very near each other. On Thursday (to-morrow) the conjunction of Jupiter and Venus takes place at 46 minutes 27 seconds past 3 o'clock p. m., and should the weather prove favorable from the time of the conjunction till about 7 p. m., six of the most conspicuous and beautiful members of the solar system may be all seen in a telescope with a field of over one degree. The sight of the last two evenings has been very brilliant.

☞ No Anonymous Communications are ever published in the British Whig.—This is reiterated for the One Hundredth time!

POLICE COURT, Tuesday.—Carrie Dawson was charged with frequenting a house of ill-fame. The case was remanded.—Robt. Kennedy was brought up on a charge of breaking a peace warrant. The persons who had gone his bail desired that he should be arrested. Thomas O'Neil, drunk and a vagrant, was sent to gaol for one month. These were the only cases this morning.

☞ The Governor General, in accordance with instructions from Her Majesty's Government, has formally recognized Thomas F. Wilson as United States Vice Consul General for British North America at Montreal.

☞ The snow storm delayed the Western train of yesterday morning nearly 12 hours. The afternoon train from the same direction was many hours delayed before reaching here. No mails were received in time for distribution last night.

The Archbishop of Paris recently made a solemn appeal to God in the Cathedral of Notre Dame, "to defend the arms of France."

When the Duke of Edinburgh (Prince Alfred,) entered Melbourne, Australia, eleven thousand children sang the National Anthem.

Prince Edward Island is just now deprived of telegraphic communication with this continent. The submarine cable connecting with Nova Scotia has suffered some injury which cannot be repaired until spring. For communication with the outer world, the island is dependent upon the slow and uncertain iceboats.

Cardinal d'Andrea has made as full and humiliating a retraction as even the Pope could desire. His opposition to the Papal See, the scandal he caused, and the heretical doctrines he promulgated, are confessed and repented of and the pardon of the Pope and of all those whom the Cardinal offended is most humbly sought.

Since the general election in California two State Senators have died, and special elections have been held to supply the vacancies. The deceased were Republicans, but in each instance a Democrat was chosen in the place. This shows that the tide of the Democratic revolution is steadily rolling on in the Pacific coast, and that the Democracy are much stronger than when they carried it last year.

A new trial in a murder case was ordered recently at Halifax because one of the jury, before they had rendered a verdict, left the room, and went to his home during the night, returning the next morning.

Mr. Brydges has offered to convey 200 barrels bulk, free of charge, over the Grand Trunk, for the relief of the Nova Scotian poor.

Latest American Despatches.

Havana, Jan. 27.

The famous Imperial General Marmoey arrived here from New Orleans yesterday. He escaped from Mexico in disguise and reached New Orleans some weeks ago.

Slight shocks of earthquake are still felt at St. Thomas. There had been 410 since November.

A fatal disease had attacked the sheep on the Island. It killed them in a few hours.

San Francisco, Jan. 27.

Late advices from the Northern coast give accounts of an unusually severe winter. Communication was interrupted with Oregon. Floods had caused an immense destruction of property through the territory. Such a rainy winter was never before experienced in that country. Several vessels sailed for Sitka with lumber and stores from Port Townsend. It was thought that Alaska would hereafter be a good market for the productions of the territory.

HELP THE PATIENT, NOT THE DISEASE

Disease is weakening. So are drastic purgatives. To give them is to prostrate the patient, and afford disease an easy triumph. Radway's Regulating Pills have exactly the opposite effect. They not only discharge all the impurities of the system through the bowels, but soothe, tone and invigorate the whole internal organization.

Price 25 cents per box, coated with sweet gum, free from taste. Sold by Druggists. 21

* THE GREAT NEED SUPPLIED.—Pills have been supplied to millions. Salves have been rubbed in by the pound. Dr. Maggiel's two grand specifics are putting an end to this wholesale system of medication. One of his famous Pills is a dose. A box of his healing Salve is of more value, as a remedy for sloughing and eruptive diseases, than a ship's cargo of the ointments advertised to cure everything, but are all, in fact, either useless or deleterious.

Dr. Maggiel's motto is CONCENTRATION. He has placed in the smallest compass the active principle of the most potent vegetable specifics. There is no mineral in his Pills—they do not gripe—they do not enfeeble. They create a vigorous appetite, and correspondingly strengthen the digestion. They tone the liver, clear the head and steady the nerves.

No form of scrofulous disease can resist the disinfectant operation of the Salve. Tumor Abscesses, Salt Rheum, Boils, Pimples, Pustules, etc., are thoroughly eradicated by this unrivalled medicine. In fact, Maggiel's Bilious, Dyspeptic and Diarrhœa Pills cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, Maggiel's Salve is infallible. Sold by all Druggists at 25c per box.

"COUNTERFEITS! Buy no Maggiel Pills or Salve with a little pamphlet inside the box. They are bogus. The genuine have name of J. Haydock on box with name of J. Maggiel, M.D. The genuine have the Pill surrounded with white powder." 195
