NEWS OF THE DAY.

WEDNESDAY MORNING, FEB. 5, 1868.

THE LATE FIRES.—Mrs. McLaughlin, whose case is now well known to the public, states that she was not insured in the Phœnix Insurance Company to the amount of $2,000 on the building on Clarence street, the scene of the late fires of Saturday morning, as stated. She holds only a small policy in the Provincial Insurance Company, of which Mr. James Harty is agent. The insurance on the whole property in Clarence street was comparatively small.—The Queen Insurance Company has come to an amicable arrangement with the holders of its policies who have suffered loss by both fires.

THE GOVERNMENT SAVING BANK.—The Post Office Act of this Session having provided for the establishment of a Savings Bank Branch in connection with that Department, Mr. J. C. Stewart, of the Secretary's Branch, was appointed to the charge of it, with the title of Superintendent. Mr. Stewart has been connected with the Post Office Department for the last thirteen years, and has won a high character for himself as a public officer of ability and merit. Mr. Stewart's former place has been filled by the promotion of Mr. W. D. LeSueur, B. A.

A TELEGRAPH FEAT.—On Friday night last the telegraph offices at Heart's Content and San Francisco held direct communication with each other; and Valentia and San Francisco exchanged compliments, the messages being of course repeated at Heart's Content. The time at Valentia was 6:55 a. m.; at Heart's Content 3:15 a. m.; and at San Francisco 10:10 p. m. In other words, the message from Valentia was sent on the morning of the 1st inst.; arrived at Heart's Content three hours and forty minutes before it was despatched, and reached San Francisco at ten minutes past ten on the night previous (Jan. 31st)! Despite the delay at Heart's Content the message, therefore, gained eight hours and three quarters on the journey. Surely, this is beating time with a vengeance.

POLICE COURT, Tuesday.—One drunk was fined $2, and Bridget Keys, the only other candidate for magisterial favors, was sent to gaol for 30 days for vagrancy.

The St. John (N.B.) Telegraph says the Hon. Mr. Gray has been selected by the Government for the important position of Chairman of the Law Commission for the Dominion. Mr. Gray's salary will be $4,000 a year, with travelling expenses, contingencies, etc.

A Washington despatch says there is every reason to believe that Father McMahon, confined with Col. Lynch and other Fenian convicts in the Penitentiary here, will very soon be liberated. Certain influences have been at work in Washington which can hardly fail to secure that object.

The Aylmer murder trial ended as stated before, in a verdict of manslaughter.—The case was one of peculiar atrocity.—Downey shot Sullivan in the woods, Sullivan dying in a few moments. Judge Lafontaine's charge causes much unfavorable comment in legal circles. He took en delibere an absurdly simple question raised by the counsel for the defence, to the effect that as every vein, muscle, &c., was not examined by a surgeon, there was not exhaustive evidence of death from shooting.

A recent report of the St. Catharines' town council shows about $500 spent to support foundlings.

A Cincinnatti paper contains a statement that a Fenian privateer, with five hundred armed men, recently left New York, designed either to prey on England commerce, or to land at some unprotected point in Ireland.

The Boston Fenian circles have voted to work on St. Patrick's day, instead of marching in procession, and devote the earnings toward revolutionary purposes in Ireland.

Thomas Homewood, a soldier of the 16th Regiment, who shot his comrade, John Sheeham, in December last, has been tried by a general court-martial, in Montreal, found guilty of shooting with intent and sentenced to penal servitude for life.

The St. Albans (Vt.) fire department consists of one engine and five wells. And the Kingston Fire Department has not much over it to boast of.

a few pairs assorted of the largest and best made to be sold cheap

The Great Secret of selling goods cheap is to buy them cheap and charge a small profit. We don't repeat the old cry of Selling off at Cost Price, Sacrificing the Stock, &c. We come out boldly before the public, and quote the price of our goods, and show them at the door with the prices marked in large figures. Or to save ladies from the annoyance, now so common, of being rudely forced to buy, we will send samples on application, postpaid, to any address.

THE NEW PATENT SUN BURNERS

ARE the best yet invented, giving 50 per cent. more light than ordinary Burners of the same size, and throwing the light downwards like a Lamp Shade. The Chimney, which is not heated by the flame, can be removed at pleasure without extinguishing the light.

For sale at the Medical Hall.
