## Pine Street.

(To the Editor of the British Whig.)

MY DEAR OLD WHIG,—

I like to call you by that name, for I have known you intimately for the last thirty years or more, and I have always found you the same in principle and practice, ready to do good and denounce evil, whether in politics or morals, and generally coming out all right at the end of the chapter. The inhabitants of Pine Street are under obligations to you for the notice which appeared in one of your papers last week, and they trust that, appearing in such an influential medium, their representations will meet with some attention from the powers that be.

Although hitherto an obscure and scarcely known part of the city, of late we have arrived at some degree of importance.—Since the erection of "All Saints" Church in our midst, or neighborhood, not only many of the "upper tendom," but many of the unpretending, honest people of the heart of the city, have found their way to the new place of worship. Whether actuated by curiosity, or a more commendable motive, I cannot say, but the fact is that the little Church has been filled, ever since its opening, by attentive and, apparently, ardent worshippers. I have no doubt in my own mind that many of the attendants were attracted thither by the false reports that had got abroad that "All Saints" was a Romanising institution, got up by a party to propogate doctrines subversive of the pure Protestantism of the English Church. I hope, however, after witnessing the simple services of the Church, that those expectants of novelties were agreeably disappointed. In fact, I have heard that some intelligent Methodists and Presbyterians have expressed themselves quite pleased with the Services, and have repeated their attendance frequently.

The only novelty in the routine of worship is the intoning of a small portion of the service, and the choir (composed of boys principally) being clothed in white surplices. Surely there is nothing offensive in that! So far from this being a novelty, the writer remembers well, in 1843, a gentleman belonging to the First Boys, (Mr. Whitemore) inaugurated a choir, with surplices, composed of men of the Band and boys of the Regiment, with the sanction of the present Bishop of Huron, who chanted the psalms, litany and other parts of the service in a most delightful and acceptable manner, and I never heard a word of objection to the practice. The Rev. Mr. Cronyn, (the Bishop of Huron,) as is well known, is an Evangelical clergyman, and never would have tolerated anything in his church savoring of Puseyism or Romanism, had he conceived that the mere chanting of the Service, or the wearing of surplices by the choir, had that tendency. At the same time no man was more opposed to innovations in the purity and scriptural practices of the Established Church than the venerable and learned Diocesan of Huron.

H.

Kingston, March 25th, 1868.

DECREASE OF CRIME.—Mr. Justice Hagarty received a pair of white kid gloves from the Sheriff at Guelph on Tuesday last, there being no criminal cases on the calendar. The Sheriff of the county of Lanark performed the same pleasing ceremony at the opening of the Assizes at Perth, lately by Mr. Justice John Wilson. Crime in Ontario must be on the decrease.

*** The above is the veriest rot possible. The Quarter Sessions, and Recorder's Courts, the jurisdiction of which is very great, have recently been held all over the Province, and the Jails have been all emptied, and therefore the giving of White Gloves is not only a farce but a delusion. It only shows that no capital cases remain untried. The Kingston Jail has just been emptied, and the giving of Gloves may possibly take place to-day.

UNHAPPY MEXICO.—It is probable that we shall shortly hear of another series of executions in Mexico, inasmuch as the men who endeavored to put Juarez out of the way have been seized and imprisoned. About half of them are Mexicans, the remainder foreigners of various nations. It is said that the conspiracy originated partly with adherents of the Imperial cause, who sought thus to avenge the murder of the Emperor Maximilian, partly with men who went into the matter simply with the design of making money, a large reward being offered to them if they succeeded in kidnapping or killing the President.

## The New Banking Bill.

The new Banking Bill, introduced by Mr. Rose, briefly summarized, is to the following effect:

The currency of Canada shall consist of pounds, dollars, shillings, pence, cents and mills, the pound, shilling and penny having the same relative value as in the United Kingdom, and the dollar to be one-fourth of a pound currency. The pound currency shall represent 101 grains and 321,000 parts of a grain of gold, and the dollar shall be of one-fourth part of this weight. The pound sterling shall be equal to £1 4s 4d, or $4 86⅔ currency.

All silver coins which Her Majesty may have directed to be struck for use in any of the Provinces heretofore, and silver coins of the United Kingdom, shall pass current in Canada until otherwise ordered, but shall not be a legal tender to the amount of more than ten dollars or two pounds ten shillings currency in any one payment.

All copper coins of the United Kingdom shall pass current in Canada, so long as lawful current in Great Britain, and shall be a legal tender to the amount of twenty cents, and copper half-penny for one cent. Any copper coin of the weight which Her Majesty may have directed or may direct to be struck, shall pass current in Canada.

Foreign coins the gold eagle of the United States coined before July 1st, 1834, shall pass current in Canada for ten dollars and sixty-six cents and two-thirds of a cent, and the gold eagle coined after the day mentioned shall pass current in Canada for ten dollars, or two pounds ten shillings currency.

These sections of the Act are at present in force here, and will come into force in Nova Scotia on and after a day appointed by the Proclamation of the Governor.

The second part of the Bill provides that if in accordance with a bill now before Congress the weight and value of the gold coins of the United States shall be altered in order to coincide with the currency of France and other European nations as suggested at the recent international monetary Conference held at Paris, the currency of the Dominion and the current value of American coins here shall be changed accordingly. The great advantage of a uniform currency among the principal commercial nations of the world, has recently been very clearly demonstrated, and a base of such uniform currency has been agreed upon by most of the delegates who attended the Conference to which we have just referred.

ON DIT.—That the Hon. George Brown will soon re-enter public life; that North Oxford will be assigned to him as a resting place; that Mr. Mackenzie urges this step upon the Grit chieftain, because the Opposition in the House of Commons have no leader, and one is absolutely necessary if an opposition to the government is to be kept up.—Belleville Intelligencer.

## Crete.

60 CHRISTIANS MASSACRED BY TURKS.

Washington, March 23.

Accounts from Crete relate the massacre of 60 Christians by the Turks. The Grand Vizier at first undertook to punish the murderers, instead of which he gave a cordial welcome to their chiefs. The Christians were so much disgusted at this that they applied to the Consuls and the Russian Admiral to be conveyed to Greece. The Cretans maintain their independence; and although fresh Turkish troops have arrived, no battle of importance has occurred.

## The Militia Bill.

The Globe's correspondent has found out another difficulty in the Cabinet. Hear him:

There was a stormy sitting of Council on Saturday, prolonged until 7 o'clock. Mr. Cartier's Militia Bill was under consideration. It is said that Sir John A. Macdonald and Mr. Rose has been taken completely aback with the provisions of the Bill, which consists of about one hundred clauses, and only provides for an active volunteer force of about 40,000 men in the Dominion, making a very slight increase of the present force in Ontario and Quebec. Sir John and Mr. Rose both strongly opposed the Bill in Council, as so contrary to the spirit of Lyson's Bill of 1862. Sir John urged the difficulty he would have in getting men like Mr. Cartwright and others of his supporters to go for the measure. Mr. Rose asked for time to communicate with his military friends in Montreal. Mr. Cartier was greatly tickled at the position assumed by Sir John and Mr. Rose, and graciously gave them time to communicate with their friends. Mr Cartier has introduced some features into this Bill which gave evidence of his recollection of the C. B. business. He has introduced the Queen's name where the Governor-General's name was formerly used. Sir John's Bill of 1862 gave Lord Monck for aide-de-camp. Mr. Cartier's Bill gives him none. Then, the regulations that were before framed by Lord Monck as Commander-in-Chief, are to be prepared by the Governor-in-Council—which means the Minister of Militia. The whole affair is of a most spicy character, Sir John and Mr. Rose are expected to eat their leak in silence when Mr. Cartier's Bill is again brought up in Council. The great works in front of Montreal to cost five millions, and the entrenched camps at London, Toronto and Kingston, are spoken of.

## FROM OTTAWA.

Ottawa, March 24.

Several members, including some from Nova Scotia and New Brunswick, arrived to-night.

There is no truth in the report about changes in the ministry. Should any take place it will not at any rate be till after the prorogation of parliament.

In the Committee on Privileges and Elections to-day, the returning officer for Kamouraska and some witnesses were ordered to appear before the committee on Wednesday week, with copies of all papers.

LEGISLATURE OF NEW BRUNSWICK.—A despatch from Fredericton states that on Monday last the Lieut.-Governor prorogued the Legislature of New Brunswick with the usual formalities.

## BY ATLANTIC CABLE.

London, March 24.

An influential meeting was held at the Mansion House yesterday afternoon which was presided over by the Lord Mayor. A committee was appointed to urge forward telegraphic communication to India, China, and Australia, by submarine cables. The English government will be asked to assist this important enterprise.

Emeutes are reported to have occurred at Bordeaux, and seditious placards have made their appearance at Paris, Lyons, Marseilles, and Rocens. The reforming of the Guard Mobile is the assigned cause of these disturbances.

## NEWS OF THE DAY.

THURSDAY MORNING, MARCH 26, 1868.

QUEEN'S UNIVERSITY.—A meeting of the Convocation of Queen's University takes place in Convocation Hall at three o'clock this afternoon for the purpose of conferring degrees in Medicine, when also the Royal College of Physicians and Surgeons will confer the diploma of the College upon those who have passed the recent examinations and are entitled to rank as Licentiates. The meeting is free to the public.

HO! FOR CALIFORNIA.—Mr. H. McKay, Money Broker, of Kingston, has been recently appointed Agent for the Sale of Tickets to California, via Aspinwall and Panama, for a new and rival Company of First Class Steamships, the price of which is put down exceedingly low, owing to the competition. Persons going to California this Spring will do well to call at Mr. H. McKay's Office, in Ontario Street, next door to the Burnett House.

FIRE INVESTIGATION.—The Enquiry into the origin of the Fire at Mrs. Welsh's on the 10th inst., was resumed yesterday at the City Hall before Dr. Harker, Coroner, and still further adjourned until to-day, some material Witnesses keeping out of the way, for whom Warrants will be issued.

AN AGENT WANTED.—The Phœnix Life Mutual Insurance Fire Company, of Hartford, Conn., (Albany, N. Y., Agency) is in want of an Agent in this district. See advertisement. The Company is one of the most flourishing extant, and its agencies are those to be desired, as it is most liberal in its terms, more so than the English Companies.

LISCOLN.—Mr. Thos. R. Merritt, of St. Catharines, is to be a candidate for the vacant seat in the House at the approaching election for the county of Lincoln. He represents the commercial and ship-owning interests extensively. Mr. Merritt is not pledged to any political party, but approves of the course of the Ministry. Mr. Rykert, M. P. P., who was also spoken of in connection with the position, and received a largely-signed requisition asking him to come out, has declined the honor, and will support Mr. Merritt's claim.—It is very probable that the latter gentleman will be returned, though Mr. Eccles is a candidate.

FIRE ALARM.—The prompt bell of No. 3 Engine House rang out an alarm about ten o'clock yesterday morning, and soon it became general in the upper part of the city.—No. 3 Fire Company hurried off to the head of Johnson Street, where they discovered that a fire had existed in a four by five feet wood shed, and was extinguished by the efficient local brigade on the spot with a cup-full of water. Loss, two shavings and a shingle; no insurance. Origin of fire, as usual, unknown.

THE NUISANCE GROUND.—It will be seen by advertisement elsewhere, that the complaints of the people of the upper part of the city, regarding the situation of the nuisance ground, have prompted the Board of Health to select a more suitable locality—Bryant's farm, Division street, where all filth must be deposited.

POLICE COURT, Wednesday.—John Nicholson, Jr., was summoned up this morning by Inspector Mostyn to answer a charge of driving a cab without license. He was fined $2, or in default seven days in gaol. Cyrill Sursoit was charged with wantonly kicking and abusing a dog on Wellington Street on Monday last. Policeman McLoughlin deposed that his attention was called to defendant's kicking a dog in a most brutal manner by a gentleman passing by, and when the dog got away from his tormentor and went on the steps in front of defendant's house, he was pulled down and stamped on in a shocking manner. Defendant's excuse was that he could do as he liked with his own property. But the Magistrate informed him other otherwise, and fined him $1 for his bravery.

The covetous people of Belleville are grumbling because the troops are not sent there to occupy the buildings prepared for them. They say also, that the government contractors for Commissariat supplies have been put to great inconvenience.—Why can't they abide their time till the spring distribution of troops takes place?

On Saturday last, a person was arrested in Port Hope on suspicion of being concerned in the late dreadful murder on the Grand Trunk Railway. He has been taken to Brockville.

It is said that the defalcations in the Grand Trunk Freight Department amount to nearly $80,000.

A number of the licensed victuallers of Toronto have been summoned for selling liquor without having the usual government license. Saloon keepers of Kingston will all do well to secure their licenses.

The Post Office authorities of Montreal have intercepted a large number of copies of a New York weekly journal on a charge of obscenity.

OPENING OF NAVIGATION.—The Chatham Banner thinks that a general re-opening of navigation will take place at once. Indeed steamers are already running between Sandusky and Kelly's Island. Buffalo and Toledo harbors are also said to be nearly clear of ice. The St. Clair river has been open for about ten days, and Lake St. Clair is likewise clear.

Navigation between New York and Albany will be resumed this week.

The Goderich port is open, and only a small moiety of ice is to be seen near the shore, but nothing to impede navigation.

LATER.—A telegram informs us that the steamer Reindeer had arrived at Fort Huron, and navigation is now open on Lake Huron and as far as Cleveland on Lake Erie.
