NEWS OF THE DAY.

WEDNESDAY MORNING, OCT. 7, 1868.

ELECTION COUNTY OF FRONTENAC.—A large meeting, called in the interest of Mr. Calvin, was held at Langworth's Tavern, in the Township of Kingston, on Monday evening. Chas. Lee, Esq., was elected to the chair, and Mr. John McIntyre, Barrister, Secretary. The Chairman, after stating the object of the meeting, called on Mr. Calvin, who at some length very lucidly enunciated his position. Afterwards, at the suggestion of the Secretary, Mr. Britton, who was present, was invited to speak, which he proceeded to do. At the conclusion of Mr. Britton's address, Mr. Wm. Ferguson, Jr. (who accompanied him) also spoke strongly against Mr. Calvin and his friends R. J. Cartwright, Esq., M.P. for Lennox, and Mr. McIntyre then followed in spirited and able addresses on behalf of Mr. Calvin. A decided vote in favor of Mr. Calvin was carried by the electors present.

READINGS.—The public are reminded of the readings by the Messrs. Bell tomorrow evening. From articles which have been published both in American and Canadian papers they seem worthy of all praise, completely electrifying their audiences. Their readings will embrace all classes of subjects; serious, comic and broadest humor.

SEASON FOR TRAPPING.—No Beaver, Muskrat, Mink, Otter or Fisher shall be trapped, hunted or killed between the 15th of November and the 1st of May, under a penalty of a heavy fine. A couple of Indians were up before the Police Magistrate and let off, on pleading ignorance of the law. It seems hard that Indians, the Aborigines of the land, should be subject to a penalty for hunting or killing their food.

MURDER TRIAL.—At the Fall Assizes in Belleville on Saturday last, Oliver Ladueck, a laboring man, was put on his trial for the murder of John Hyland at the Western Hotel there, on the 11th of May last. The prisoner and deceased were drinking at the hotel, and the latter got into an altercation with a third person. The prisoner endeavored to separate them, when Hyland struck him in the face. Then bad blood began to show itself, and the prisoner plunged a knife into Hyland's shoulder, which led to his death 19 days after. It was shown that both men had been fast friends, but on this occasion were too drunk to control their actions. The jury returned a verdict of "manslaughter" against Ladueck.

REMOVALS.—Mr. S. P. White, the Tobacconist, having prospered in business, a short time since bought the Foster block in Princess street, and this week he has opened a new store there, a few doors above his old stand. We are pleased to see this sign of success in business.—Mr. James Agnew has removed his law office from the Anchor Buildings to Bagot street, near the "British Whig" Office.

SESSION OF 1868-9.—The Winter Session of the Queen's University and the Royal College of Physicians and Surgeons will be opened this afternoon at three o'clock, when an address will be delivered in the Convocation Hall by Professor Mowatt. The attendance of the public is once more invited.

TOWNSHIP SHOW.—The Annual Show of the Pittsburg Agricultural Society was held yesterday at Barriefield. In every respect the Show surpassed any thing that was expected, or had before been approached, the general display not being unworthy of a County Fair. The show of cattle was exceedingly good, while that of sheep could not be excelled by any township in the district. The grains were splendid in quality, and the garden and field productions, though not proportionately so numerous, were unusually fine in quality. A large proportion of the articles are entered for the County Show to-day. We shall publish the Pittsburg prize list in our weekly issue.

LA CROSSE.—The Pittsburg La Crosse Club play the Exhibition Game with the new city La Crosse Club, composed of the Butchers, this afternoon, at the Crystal Palace Grounds, while the County Show is progressing. A spirited and interesting match is anticipated.

The Gananoque Club—the Beavers—have arranged to play the return match with the Pittsburg Club on Friday afternoon, on Barriefield Commons. This match will bring forth all the energies of both Clubs.

ATTEMPTED SUICIDE.—On Monday evening last, a man apparently 50 years old, a laborer, respectfully dressed, was seen to ascend the hill at the Pittsburg road, Kingston Mills, and enter a field near the residence of Mr. Edward Byrne. Afterwards he was observed to fall by Mr. Hyman, who approached him and found him lying with his throat cut. Mr. Hyman gave the alarm, and drew the family of Mr. Byrne and others to the spot, who at once did all they could for the unfortunate man till Dr. Sullivan, who was sent for to the City by Mr. Byrne, arrived. The Doctor found a horrible gash in the throat, a double cut from ear to ear, and the patient very weak from loss of blood, though the congealing of a portion in the wound had considerably stopped the flow. The muscles of the neck were so large and prominent that they protected the main arteries, to which the man owes his life, if it be saved. He was kindly taken care of by Mr. Byrne, and under the Medical and other care offered, has a fair chance of recovery. Though the attempt was most determined, repentance very shortly followed the deed, for the man no sooner felt the pain than he used his best energies to reach the road, his course being marked by a blood track. The instrument of the deed, a very keen razor, was found at the spot, with its case. From papers found on his person, and his own admission, his name appears to be Wellington Mott, and he hails from Lyn. He gives no motive for the deed. About in silver was found in his pocket.

HORRIBLE SENSATIONS.—Positive pain is preferable to the gnawings, sinkings and flutterings of the stomach, which are sometimes experienced by Dyspeptics. HYPOCHONDRIASIS

Is one of the most difficult to treat successfully of all nervous diseases. Reasoning with nervous or hypochondriacal and insane persons rarely proves serviceable. The mind cannot be overcome while the nervous system is weak. In many instances the deriding laugh at the unfortunate or the more temperate appeal to the reason is absolutely injurious, by exciting irritation in the mind of the sufferer, who thinks his advisers either unfeeling or incredulous toward his complaint. There is, however, no longer necessity of resorting to such treatment. Both the feeling and the reasoning faculties are now successfully treated by

FELLOWS' COMPOUND SYRUP,

through its direct and potent action on the nervous centres.

Sold by Apothecaries. Price $1.50 per bottle, or 6 for $7.50.

A Great Sensation!—A Good Sensation!!

PAIN CURED IN AN INSTANT.

In 1847, the great grand principle—of stopping the most excruciating pain in an instant, without employing such a dangerous agent, as Chloroform, Opium, Morphine, Aconine, Ether, ect., was first made in

Radway's Ready Relief.

This Remedy accomplished this wonderful and delightful destruction in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body, where inflamation or pains existed—it at once relieved the patient of the most violent and excruciating pangs and throbs of pain, and imparted the delightful sensation of ease and comfort.

Ere a kind of pain, whether Rheumatism, Neuralgia, Toothache, Pains in the Chest, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, one application was sufficient to kill and exterminate the pain.

Taken internally 20 drops to a tea-spoonful would cure and will cure, Asiatic Cholera, Fever, and Ague, Chills and Fever, Bilious Cholic, Inflammation of the Bowels, Cramps, Spasms, Diarrhœa, Dysentery, and every pain that may exist in the inside of man, woman or child; this was RADWAY Ready Relief, of 1847, and it is Radway's Ready Relief greatly improved in 1868.

We then stated it is its mission of relieving the infirm, pain-stricken, sick, distressed and crippled of all nations throughout the world, and now to-day it is used, and patronized and revered as a household necessity, in palaces of Sultans, Emperors, Rajahs, Kings, High Priests, Nobles, as well as in the cottages of the laboring Classes of every nation on the face of the earth.

In every war that has taken place within the last 20 years, this remedy has been used as a preventive of malarious and infectious diseases—as well as a cure for wounds, stiff joints, bruises, accidents, and to relieve the soldiers from pain. Letters from Army Surgeons and distinguished Generals and soldiers in our late war are on file, certifying to the wonderful service of the RADWAY'S READY RELIEF. It will prevent all against attacks of the worst diseases that prevail, as plagues or epidemics, and those who are seized will at once check the disease and cure the patient sometimes with, and at others without remedial assistance. This is Radway's Ready Relief. Persons affected with external pains or rheumatism, neuralgia, tooth ache, cramps, spasms, etc. Bathe the parts affected, either by rubbing with the hands or with a sponge dipped in the RELIEF, and will pain cease to exist.

The miserable stuffs scented with the Oil of Cassia or Peppermint, sold under the name of paint, etc., are nothing but weak imitation of RADWAY'S READY RELIEF, sent forth to the world under our old advertisements of 1847, etc. They are but imitations, and will die out in a few months. Their makers—nothing but a set of vagrants, street hawkers, and camp followers of side shows to circuses, after the fashion of the "For Four Cent Man," knowing as much, or rather little, about medicine as Barnum's "What is it?" The dogrel advertisements, they pay hungry Bohemians to write for them. The existence of these miserable imitations of the great and good Ready Relief of Dr. Radway, will be brief—old patrons of Radway's Ready Relief are daily coming back, and so it will ever be—Radway's Ready Relief will ever stand the first, the best, and the cheapest and quickest remedy for the instant cure of pain in the world.

RADWAY'S READY RELIEF is sold for 25 cents in bottles holding three times as much as any 25 cent bottle of any other remedy for the same purpose—and as much as $1 of the Pain Killers. One bottle will hold out longer and do more good than half a dozen bottles of any other remedy. Sold by Druggists everywhere at 25 cents per bottle and at 439 St. Paul Street, Montreal.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and* falling out of the hair; *and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

The County Election.

To the Electors of the County of Frontenac:

GENTLEMEN,—The death of your late member, Sir Henry Smith, having rendered vacant the representation of the County of Frontenac in the Legislative Assembly of Ontario, I am induced to think that the offer of my services might be acceptable to the Electors. Long identified with the County Interests, and having as an old member of the County Council, and a Warden, become thoroughly conversant with your local affairs, I am, I think, in a position to be of service to you in the Legislature. Many of you, too, have had knowledge of me in my business transactions, and you can thus in both respects form an opinion of my fitness for the honor which I seek at your hands.

Agriculture will have in me a warm and active friend, and I shall always be ready to lend my aid to all measures having its advancement in view.

The promotion of the settlement of the country I shall endeavor to further by seeking to have the Back Roads completed, by endeavoring to secure the passage of a generous Homestead Law, and the adoption of a more liberal policy with respect to Free Grants of Public Lands.

Education has been greatly fostered in Canada for many years past by grants of public money. I believe that most good can be done with such grants by adopting the channels which the various denominations of Christians among us have selected for the expenditure of their own means, and I will advocate the continuance of the Grants to the several Colleges in Ontario which they have hitherto received.

The present Government of Ontario has met the just expectations of the people in the economical administration of public affairs, and is entitled to my cordial support.

I will endeavor to see you as far as time will permit, between now and the Election, and will be ready to explain my views on all public questions.

D. D. CALVIN.

RUTTAN'S Ventilating Stoves! FOR HEALTH & ECONOMY.

[From the Building Committee.]

These may certify that the Board of School Trustees for the City of Toronto put up (December, 1867) in their new School-house, on Elizabeth Street, four of Ruttan's Air-Warming or Ventilating Stoves, say one in each School-room. These Stoves were in regular use during School hours until fires were discontinued, about the beginning of the month of May, and they have given full satisfaction in every respect. Although the weather was severe and prolonged, the "Ruttan" Stoves kept the School-rooms comfortably warm, without overheating them, while the ventilation was at the same time thoroughly good. These Stoves are also very economical in fuel, as is proved by the fact that the four in question consumed only two and a half cords of wood each during the period of time above mentioned.
