Madrid, Nov. 3.

A large naval and military expedition for Cuba is fitting out at Cadiz. General Dulce, the newly appointed Captain-General, will sail with the fleet.

Gen. Prim declares that the members of the provisional government have not even discussed the name of any candidate for the Spanish throne.

London, Nov. 3.

It is inferred that President Lopez desires the mediation of England between Paraguay and the South American allies. He recently gave the captain of the British gunboat Gunet permission to survey the Paraguay river, and it is believed this unusual concession was intended to secure for Paraguay the good offices of the British Government.

London, Nov. 4.

The Post announces the following programme as quasi official:—The dissolution of Parliament will take place on the 11th inst. All uncontested elections are to commence on the 16th, and contested in boroughs on the 17th, and in counties at a later date. The new Parliament will be summoned to meet on the 9th of December, when the Queen's speech will be delivered and the policy of the ministry on the questions at issue announced. The Right Hon. John Evelyn Denison will be re-elected speaker. It is believed that the House will be ready to proceed to business by Monday, the 14th of December. The opposition will probably move as a test question an amendment to the address in reply to the Queen's speech, which the House will debate until Friday, the 18th, when it is supposed the motion will be carried by a large majority, and the House will adjourn until the following Monday. On the re-assembling of the House the Premier will announce his resignation and that of his colleagues in the ministry. Mr. Gladstone will follow with a motion to adjourn over for the holidays, to afford an opportunity for the formation of a new cabinet.

Edinburgh, Nov. 4.

Mr. John Bright was publicly received here yesterday by the Lord Provost and members of the city government, and presented with the freedom of this city.

The Court of Sessions, of Edinburgh, on a final appeal, has rendered a decision disallowing the claims of women to the rights of franchise.

The Provisional Government has received many petitions for the abolition of slavery.

It is positively asserted that the government will now recognize the Mexican Republic.

Berlin, Nov. 4.

King William to day opened the session of the Prussian Diet with a speech from the throne. He said new sources of revenue were needed to provide for the increased expenditure of the kingdom. The relations of Prussia with all foreign powers were satisfactory and friendly. He hoped that Spain would succeed in independently reconstituting her affairs on a basis which would render the future welfare of her people secure. The King concluded by declaring that the wishes of sovereigns and the popular craving for peace would ensure peace, and should remove those groundless fears of which advantage is too often by the enemies of peace.

Paris, Nov. 4.

The Gealois asserts that the members of the provincial government of Madrid are unanimous in their opposition to the Duke of Montpensier.

The following are Democrat Specials:

THE ALABAMA CLAIM QUESTION.

London, Nov. 3.

The settlement of the Alabama claims has not yet come to a satisfactory conclusion. Several points concerning the valuation of the damages done and the compensation, which the United States are entitled to in consequence, are not yet solved. Everything looks as if an arbitration has become indispensable. The work of Reverdy Johnson is far from being as much advanced as is generally believed.

MRS. LINCOLN IN PARIS.

Paris, Nov. 3.

Mrs. Lincoln the widow of the "Lamented," arrived yesterday at Paris. She has taken apartments in a private house near the Champs Elysees.

UNION OF SWEDEN WITH DENMARK.

Copenhagen, Nov. 3.

The union of Denmark and Sweden becomes every day more popular among the people of both kingdoms. This is one of these ideas which will eventually be realized. The betrothal of the Prince Royal of Denmark with Princess Louisa of Sweden, is a preliminary step to the fusion of the two Crowns.

UNION OF HOLLAND TO FRANCE.

La Hague, Nov. 3.

A secret treaty has been signed between Holland and France, in virtue of which, it is said, the two countries are to lend mutual assistance to each other in case of war, and to establish a commercial union looking towards the complete abolition of tariff.

NEWS OF THE DAY.

FRIDAY, MORNING, NOV. 6, 1868.

ONTARIO DIOCESE.—The Lord Bishop of Ontario has signified his intention of holding an Ordination on Sunday, December 20th. The candidates for Ordination will assemble at St. George's Hall, Kingston, for Examination, on Tuesday, December 15th.

ALL SAINTS' SERVICE.—The high churchmen of All Saints will not relish the manner in which the late Thanksgiving Service is noticed in the Globe:

RITUALISM.—The Episcopal Church of All Saints, at Kingston, was decorated on Thanksgiving Day, after the style of the Haydock mummery; the pig's cheek being only wanting to complete the absurdity. Crosses, screens, fantastic clothing, processions, &c., were all brought into play, to the disgust of all.

HORSES STOLEN.—The Chief of Police received information yesterday morning that three horses had been stolen—two from Napanee and one from Tyendinaga. The two from Napanee were stolen on the 5th inst., and are described as bay-colored, white hind feet, and medium size. The one from Tyendinaga was stolen the night previous, and is described as a dark bay mare, nearly 16 hands high.

Intercolonial Railway—Rideau River—Two men Carried over the Chaudiere Falls.

Ottawa, Nov. 4.

Ministers are still engrossed with the Intercolonial question. They had another lengthy sitting to-day.

The water in the River Ottawa and Rideau Canal, which was partially interrupted by low water, is now resumed.

Two labourers, named Glande and Francois Le Rocque, were to-day carried over the Chaudiere Falls. They undertook to remove the coffer dam used in the construction of the breakwater lately erected above the Falls, notwithstanding being warned of the danger. The frail bark canoe in which they were, upset, and both, clinging to it, were carried over into the Big Kettle, in the presence of about 30 spectators, who could not render them the slightest assistance. Below the bridge one of the men were seen with his arm above water, but only for a moment. Their bodies have not been recovered. Glande leaves a widow and nine children. LaRocque has been married only six months.—Globe.

FROM QUEBEC.

Quebec, Nov. 4.

The S. S. Cleopatra arrived in port this morning, with government stores.

H. M. S. "Constance, with a greater part of the 16th regiment on board has taken her departure for Halifax.

The number of fires for six months ending 31st October, 37; alarms, 36; corresponding period last year, 37 fires, 28 alarms.

Twenty-three thousand dollars worth of Dominion Telegraph Company stock is subscribed for in this city, and is expected to reach $50,000 before the list is closed. Public interest will be benefited by this competition.

A fire occurred last evening at the store of Mr. Lebel, grocer, opposite Champlain market. A clerk was in the cellar drawing some spirits when a candle came in contact with it, and instantly all was in a blaze, and the young man was severely burnt. There being no water on, the fire brigade brought out the barrels of liquor, and literally stamped out the fire. The loss will amount to very little.

H. G. Joly, M.P., has raised hemp on his farm at Rivere du Chene, which in quality and size is considered better than that imported from Russia.

INHIBITION OF RITUALISTIC PRACTICES.—The recent 'Harvest Festival,' at St. James Chapel, Brighton (Eng.), on account of which lately appeared in the London Times, has called forth a declaration on the subject from the Bishop of the diocese, who says:—'The ritualistic practices at St. James Chapel, Brighton, are often profanely irreverent violations of the church.' In consequence of these doings, the Bishop has inhibited the clergyman of the said church from preaching, administering the sacrament, or officiating in divine service in the diocese. Nevertheless, the latter maintains that he is legally justified in disregarding the inhibition.

BLOOD TELLS.—Pure, rich, strong blood makes healthy flesh and fibre. When the blood is pure the system is free from disease, and the surface free from sores and skin eruptions. Dr. Radway's Sarsaparillian makes the purest and best, strongest and richest blood, that ever circulated through the veins of man, woman or child. If the blood is deficient in either of its natural constituents, a few doses of Radway's Sarsaparillian will supply the deficiency. Some men have more courage, endurance, and superior physical power than others. The secret of this is in the blood; and that which will supply the blood with nourishment, strength and purity, will develope in the physical organization those qualities that are present in a healthy body.

RADWAY'S SARSAPARILLIAN RESOLVENT cures the worst diseases that ever disfigured the tabernacle of the flesh, and its effects are experienced so quick, that every day the patient realizes some new change that fills with hope of a final cure, and every day he sees and feels the disease departing from him. No wonder either; for this great remedy is prepared for the best species of Sarsaparillas, Pareira Brava, Fuci, and other roots of rare excellence, that are gathered in their proper season by agents of intelligence under the exclusive pay of Dr. Radway, so that not one atom of impure or spurious substance is mixed with these roots. You feel at once the strengthening power of Radway's Sarsaparillian Resolvent, and in a few days those who are annoyed with Scotches, Sores, Eruptions, Pustules, Tetters, &c., on the surface of the body, will see them disappear and the skin become clear and beautiful.

Those afflicted with Chronic disease—such as Fever Sores, Scrofula, Syphilis, Salt Rheum, and the several species of Skin diseases—will feel better in health, and receive by its wonderful effects on the system, assurances of a cure. Those suffering with Kidney, Bladder, Uterine complaints, with Gravel, Diabetes Brick Dust deposits in the urine, and pain when discharging water, will derive quick benefit.

In Consumption, Asthma, Bad Coughs, Bronchitis, it affords immediate relief, and has made astonishing cures. As an evidence of the importance of young children using this remedy, if they have been sick with Measles, Scarlet Fever, Erysipelas, Smallpox, Varioloid, &c. where the disease has been smothered only, and not fully cured, we publish the following letter. In all cases where persons know that in their bodies lay some hidden taint,—as Scrofula, Consumption, Dropsy, or any other Family Complaint,—Radway's Sarsaparillian should be given to the child; this will exterminate the virus of the disease from the blood of the child. Think of this, parents! and start your children with a good constitution to begin with:

(COPY.)

Russell, Ont., Sept. 28, 1868.

DR. J. RADWAY,—

Dear Sir:—I herewith send you a voluntary statement regarding the case of my son. He will be, if he lives until November next, five years of age. From his birth he has been a sickly, and in every way delicate child. When a year and a half of age he had an attack of measles, and since then he has suffered from a cutaneous eruption of a very severe type. His face, neck, arms and head were completey enveloped with disagreeable sores and with sores in the head, which at times, destroyed his hearing, and caused us to despair of his life. The sores or eruptions first appeared in bright red spots like burns, and then, after a time blistered and became running sores. I tried several physicians of high repute, and numerous proprietary and other preparations highly recommended for cutaneous disease, but the little sufferer continued to gow worse.

I was induced to try your Sarsaparillian Resolvent, but without the slightest hope of the benefit of my child, but to my surprise, he speedily recovered under its use. I first commenced administering it in very small doses, half teaspoonful three times a day, and after using one bottle, to my surprise and pleasure, he was perfectly cured.

I cheerfully recommend it to others afflicted with disease of a similar nature, knowing its efficacy by actual observation.

Your humble servant,

NATH HELMER,

Sold at 439 St. Paul Street, Montreal. Six bottles for $5 will be sent by express.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
