Spanish Troops for Cuba—Cuba not for Sale—A Portuguese Expedition Destroyed.

London, Nov. 7.

The bark Kate Darten, Captain Slocum, of St. John, N.B., from Liverpool July 13th for Bombay, was burnt at sea on the 18th of September last. The captain, second mate, and 10 of the crew had arrived at St. Helena, but the fate of the rest of the crew was unknown.

Madrid, Nov. 7.

The provisional government will immediately dispatch a force of 9,000 men, with 4 batteries of artillery, to Cuba to suppress the insurrection there.

London, Nov. 7.

The liberal party, in view of present indications of the pending campaign, estimate that it will have a majority in the new House of Commons of at least one hundred.

Paris, Nov. 7.

Ex Queen Isabella of Spain and suite have arrived here.

Brussels, Nov. 7.

The Independance Belge writes that the provisional government of Spain will entertain no proposal from the United States, looking to the purchase of Cuba.

London, Nov. 7.

Accounts have just been received here, announcing the almost complete annihilation of a Portuguese expedition in Mozambique, South Africa. This expedition, which consisted of about 500 soldiers with artillery &c., was sent into the interior of that country, when it was attacked by the natives. Nearly all the soldiers were killed, and their artillery, small arms and ammunition were captured. About 60 escaped to the sea coast with their lives.

LATENT.

London, Nov. 8.

The Papal army continues to be decreased by desertions, which are on the increase.

Madrid, Nov. 3.

Marshal Serrano has confirmed the appointment of General Prim as commander-in-chief of the armies of Spain.

Warsaw, Nov. 8.

A rumour is afloat here that the peasantry have raised in arms against Volhynia, the Russian commander. The Catholic clergy are said to be at the head of the movement. The Russian police are on the watch. Sentries have been doubled.

NEWS OF THE DAY.

TUESDAY MORNING, NOV. 10, 1868.

CITY NIGHT SCHOOL.—The Young Men of the City, particularly those who have had but small opportunities of improving themselves in education, will be pleased to know that the Board of School Trustees intend immediately to establish a Night School for Young Men during the ensuing Winter. They have appropriated a sum of money partly to pay the Teacher (Mr. Bonney), and will have a School Room prepared with fires and lights. But in order that the Teacher may be properly remunerated for his time and labor, it is expected of each pupil that he pay One Dollar a month for his tuition. Thus for $4 a young man can receive four months' good teaching.

COOL IMPUDENCE.—Some one, unknown to us, who signs himself 'J. Howard Hunter,' sends us a long printed Letter to the Toronto Telegraph, with the heading 'Please insert in next issue,' just as if the British Whig would play second fiddle to any newspaper in a controversial matter about which nobody here cares a dump. If Mr. J. Howard Hunter wants his opinions ventilated, let him pay for it like a gentleman.

ACCIDENTS ON THE TRACK.—A section foreman on the G. T. R. was killed on Saturday afternoon, between Brockville and Lyn. He was endeavoring to get a truck off the track, when the engine of the afternoon up Express struck him on the temples and dashed his brains out. He expired in a few minutes.—While the Grand Trunk accommodation train going west on Saturday was nearing Shakespeare, near Toronto, one of the passenger cars took fire from some cause and was so badly damaged as to necessitate its being uncoupled and left at that station. None of the passengers were injured, although some were badly scared.

BEARS.—The encroachment of Old Brain on the settled parts of the country foretells, so the knowing ones say, a hard and severe winter. This year the bears have advanced further into civilization than they have for years been known to do. Lately a child was lost in the township of Hinchinbrooke, having strayed from its home. From the finding of some pieces of raw flesh, it is more than suspected that some prowling bear claimed it for a victim. Last week a very large bear was shot by two Indians on White's Island, near Coburg. Numbers have been seen there, and a large crowd of hunters are now disputing the occupation of a swamp at Harwood with a formidable specimen of the race. At Athol, Glengarry, the hunting of these inexorable disturbers of the peace has become quite a sport, and several fine animals have fallen under the bullet and knife of the hunters. The bears come out to feed on beach nuts, but sometimes receive a collation of cold lead in lieu. They must hold poor ideas of the hospitality of mankind.

SABREVOIS MISSION.—Sermons have been preached, and large collections taken up, in the Episcopal Churches in this city, on behalf of this mission to the benighted (?) French Canadians of Quebec province. A very satisfactory account is given of the workings of the out missions and the general progress of the movement, and the promise is made of still more encouraging reports in the future. Fudge!

SNOW SHOE CLUB.—The La Crosse and cricket clubs of Montreal and other places having closed up the summer's business, are now forming into snow shoe clubs, to take some sport out of the snow, when it arrives. Why should not a large snow shoe club flourish in Kingston? Here there is abundance of material. Numbers of young men would be attracted by the sport afforded, besides which there are many persons who, having taken vigorous exercise in the summer season, require a frequent tramp to keep up their health and strength during the winter months. What do the young men say? Shall we have it?

RAIN.—On Sunday, and a portion of yesterday, a great quantity of rain fell, leaving the streets in anything but a desirable condition. The fine weather of last week was of short duration.

FOR QUEBEC.—The three Companies of the P. C. O. Rifle Brigade, ordered from Coburg to Quebec, have passed downwards. The buildings they lately occupied in Coburg will be handed over to the Dominion authorities, the military having no further use for them.

POLICE COURT, MONDAY.—The Court this morning presented more than an ordinarily large docket. Owing to the presence of the Magistrate being required elsewhere, the business of the Court was transacted at an earlier hour than usual, which prevented the large attendance in the gallery common on occasions of cases of interest. The police on Saturday night made a raid on a house of prostitution in that well-known locality, the grove and made a "haul" there of seven persons besides the two women keepers of the same. There was nothing of special interest in the case; each of the accused admitted the charge, and were punished accordingly, the whole hearing of the matter occupying a very short space of time. The names of several drunks were also on the docket, and one or two other cases of minor importance. The following are the cases:—Margaret Aussen and Nancy Spence were charged with keeping a bawdy house, and David Rodgers, Daniel Eaves, Ellen Black, Elizabeth Beldron, James Aussen, Margaret Jones and Walter Millard with being inmates of the same. The prisoners fully admitted the charge, and with the exception of James Aussen and Walter Millard, were fined $3 or 30 days in gaol. The two latter were discharged, Aussen on account of sickness, and Millard was sent to his home in the States, the police being instructed to see him safely on board the boat this afternoon. Thos. Gallagher and Wm. Aussen, known as "Billy Barlow," were charged with being drunk and disorderly on the streets on Saturday night last. They were fined $3 each, or 30 days in gaol. The old woman, Ellen Turner, charged with stealing a coat on Friday, was allowed to depart, as no one appeared against her. John Whalen, charged with stealing, was remanded until this morning. John Glancey was fined $5 for being drunk and threatening his father with a razor. He was also required to find bail to keep the peace towards his parent.

FROM NEW BRUNSWICK.

St. John, N. B., Nov 7.

The Lieutenant Governor has issued instructions to the Police Magistrate of St. John to investigate and report upon the kidnapping case, for the information of the General Government. It is reported to-day that owing to the interference of the British Consul at Boston, Mills has been released, and will arrive in St. John by Tuesday's boat.

PHILOSOPHY OF MARRIAGE.

Pocket volumes containing these Lectures, will be forwarded post-paid, on receipt of 25 cents, by addressing "SECRETARY, New York Museum of Anatomy and Science, 618 Broadway, New York." 121

Sarsa-pa-ril-li-an.
Associated with other powerful vegetable ingredients that form RADWAY'S SARSAPARILLIAN RESOLVENT, is curing the worst cases of Chronic, Scrofulous, Syphilitic, and Urinary Diseases, as well as Skin Diseases.
A medical gentleman inquires "If the Resolvent is a cure for Sperm-atorrhœa, Impotence, and Discharges from the System, that threaten dissolution," &c.
THE RENOVATING RESOLVENT, when prepared under the old process, cured many persons in this city and elsewhere, who, from self-abuse, had almost placed themselves beyond the reach of cure, but who were cured, and since married, and have children. This is good evidence of its powerful curative and fruitful efficacy.
As a Blood Purifier, it is superior to all Sarsaparillas—these decoctions are mere washes compared to the powerful, stimulating, strengthening, and life-invigorating effects of the true SARSAPARILLIAN RESOLVENT. So quick is this remedy is passing into the circulation, that it may be detected in the Blood and Urine in ten minutes after it is taken.
In ordinary Pimples, Blotches, Worms of Insects in the Skin, Black Spots, Sores, Eruptions, &c., a few doses is sufficient to make the skin clear, smooth, and healthy.
In aggravated Disease of the Skin, Sores, Ulcers, Fever Sores, Salt Rheum, Syphilis, Secondary or Primary, this remedy cures permanently, and has cured after the treatment of Rivord, Velpeau, Du Barry of Paris, and the same treatment in this country, failed. (For the theory of cure, see Dr. Radway's new medical book, False and True, now ready;) also, many other diseases not proper to mention in a public advertisement. But so powerful is this remedy, that physicians, who formerly had no faith in Sarsaparilla, are deeply interested in its wonderful effects, as prepared by Dr. Radway in the SARSAPARILLIAN RESOLVENT.
I is acknowledged to be a superior, a safe, and more rapid cure than Buchu, Juniper Cubebs, Turpentine, Copaiba, &c., for all diseases of the Urinary, Bladder, or Uterine Organs, and the only sure cure for Teleration and Degeneration of the Kidneys. Dr. Radway has for several years given special attention to diseases of these organs, and his treatise on Kidneys, Bladder, and the Urine is "False and True" is the most thorough and explicit of any published.
THE SARSAPARILLIAN RESOLVENT is the best remedy in the treatment of Consumption of the Lungs and Bronchitis.—It purifies the Blood and loosens the phlegm, so that expectoration is easy. It supplies the waste and decay of the body with new and healthy material, and repairs the emaciated body with new strength—it secures a good appetite, and checks the waste and dissolution of the lungs. A few doses in consumption will do good.
Read FALSE AND TRUE. Send one letter-stamp to RADWAY & CO., No. 87 Maiden Lane, N. Y. Information worth thousands will be given you. Price of RESOLVENT, SARSAPARILLIAN, $1 per bottle, or $10 per dozen.

BEFORE USING AFTER USING
HALL'S
Vegetable Sicilian Hair Renewer
Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GREY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*
It is recommended and used by the First Medical Authority.
The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

LIFE DEPARTMENT.
The Corporation has granted Assurances on Lives for nearly a Century and a Half, having issued its First Policy on the 7th June, 1721.
Two-thirds of the entire Profits, without any deduction for expenses of management, are allotted to the Assured. This arrangement will be found to be more advantageous to the Policy-holders than an apparently larger proportion of the Profits, subject to the expenses of management. The Profits are declared at the end of every five years, and the share of the Policy-holders may be appropriated either in increase of the Sum Assured, or as an immediate Cash payment.
