Royal Trip — Toleration in Rome—Napoleon's Health.

Compiegne, Dec. 2.

The Prince and Princess of Wales left Compiegne yesterday where they went to take leave of the Emperor and Empress. They left for Copenhagen to-day by an express train. General William Knollys, Col. Keppel, Doctor Hunter, and a number of ladies of honor, are composing the retinue of the Prince and of the Princess.

Paris, Dec. 2.

An hour before his death Mr. Berryer subscribed a sum of 3,000 francs to the erection of Bianchi's statue.

Rome, Dec. 2.

People from all nations and classes are wondering on the intimate relation, existing between His Holiness, Pius IX, and the representative of the Grand Turk, Fuad Pacha, who, fell ill a week ago in Rome, and was visited during his illness by the Chief of Christendom, and received from him the most touching tokens of regard and affection. The visit of the successor of Saint Peter to Mohamed's disciple, is not one of the last surprising signs of the times. It shows to how great a degree religious sentiments and etiquette are secondary to the spirit of toleration of our age, and by whose insensible progress the canons formerly existing between the gospel and the Koran has gradually disappeared.

Paris, Dec. 2.

The semi-official press contradicts the news of the reported illness of the Emperor. This piece of information is of the same character with that published three weeks ago of a cabinet council, in which a conspiracy against the government were said to have been disclosed. The two canards have authentically the same origin. They were fabricated by some excited opposition journal, which unable to get rid of the Emperor in an effective manner, has deemed it proper to kill him on paper. This summary and easy method of proceeding is unfortunately, not very original and not very new.

LATER.

The Resignation of the Ministry—Banquet to Mr. Johnson—Friendly Sentiments—Excitement in Paris.

London, Dec. 3.

Mr. Gladstone has gone to Windsor Castle. There will be merely a formal meeting of parliament on the 10th, when an adjournment to the 15th of February will then take place in order to give him time for the selection of a new ministry.

London, Dec. 3.

The Hon. Reverdy Johnson, the American minister, was entertained at a banquet last night given in his honor by the Chamber of Commerce of Birmingham. Mr. Bright was one of the guests. Mr. Johnson, in the course of the response to the usual complimentary toast, referred to the change in the ministry, and said he knew those who were likely to succeed to the government were anxious to continue the present policy in the negotiations between England and the United States.

Mr. Bright said—The presence of the American minister is a proof that the United States forgives its crimes in England as freely as it has forgiven the rebels in America. He then reviewed the policy of the British during the rebellion in the United States, and deplored action in recognizing the rebels as belligerents. He rejoiced in the prospect of speedy and amicable settlement of the difficulties between England and America.

The London Times comments with severity on Mr Disraeli's resignation. It denounces what it terms his defeat as cowardly, and says it is unprecedent except in the case of the resignation of the Earl of Ripon, who had become premier, however, only during a recess.

The Post, Telegraph, News and Standard applaud the prompt action of the premier as calculated to save the Queen from embarrassment and the party from needless mortification.

Berlin, Dec. 3.

Count Von Bismarck has arrived in this city.

Pesth, Dec. 3.

The Austrian delegation have passed the war budget. Czarbarowski, the representative of the Poles, urged the adoption of the budget, on the ground that Europe was in a dangerous state.

Bucharest, Dec. 2.

The Premier of the new ministry, in a speech to the Deputies declared that it would be the policy to observe their allegations to the Sublime Porte, and maintain an attitude of strict neutrality with all powers.

Berlin, Dec. 3.

The King of Prussia received the French ambassador to-day, and assured him of his friendship for France.

London, Dec. 3.

Despatches from Paris report that the police fearing that manifestations would be made in honor of Baudin, took every precaution to prevent people, from assembling at the tomb. A large number of people, however, gathered in the neighbourhood of the Mont Martre Cemetery. The police dispersed the crowd, but they retired sullenly and continued for some time to occupy the neighbouring streets. A few of the more obstinate persons were arrested, but there was no actual violence. At last accounts all was quiet in the vicinity. One of the French journals which appeared yesterday with a black border was immediately seized by the police. The prosecution of editors and publishers for promoting the Baudin subscription continues.

WHOLESALE BUTCHERY.—Reports the Haynville (Ala.) Examiner:—"We are informed that about a week ago a ferry on the Conecuh River near the line of the Crenshaw and Pike, was the scene of a terrible tragedy. We did not hear the names of the parties, but the facts are to the following effect: A white man and his wife, whom the negro ferryman suspected of having money about them, were at the river for the purpose of crossing. He killed them both and threw their bodies into the river. The negro then went to a house a short distance from the ferry, where there was a little white girl. He thought she suspected him of the crime, and he was pursuing her when interrupted by another white man, who rode up. This man he killed and threw into a well. He then killed the little girl and threw her remains into the river. A brother-in law of the last man killed was attracted by the howling of the faithful dog of his relative, and gathering several neighbors, went in pursuit of the ferryman. The latter had seized a horse and fled. He was overtaken that night and hanged at once.

BISHOP LYNCH.—This distinguished prelate from Charleston, S.C., according to announcement, preached in the Roman Catholic Church, Lindsay on Sunday morning last, when a collection was taken up to be devoted to aid in rebuilding the churches of his diocese destroyed during the late rebellion, which, we learn, amounted to $215. In the evening, he lectured to a very full house of all denominations, taking for his subject, "Authority," and again on Monday evening, his subject being "The Temporal Power of the Sovereign Pontiff." The latter lecture particularly was very interesting and very fluently delivered. The proceeds of both lectures amounting to $203, are to be applied to the building fund of the Separate School now erecting in this town.—Victoria Warder.

A TOCCHINO INCIDENT.—At the Masonic Festival in Medina, on June 24th, there was a banquet in the evening. Among those present was Ossian E. Dodge, who, of course, was called on to sing. The song he selected was the "Snow Storm," written by Seba Smith. Mr. Dodge, before singing the song, narrated the incident to which it related. In the year 1821 Mrs. Blake, with her husband and child, were crossing the Green Mountains during a snow storm, and lost their way. When discovered by some persons in search of them, Mrs. Blake was frozen to death, and Mr. Blake almost unconscious. Near the dead body of Mrs. Blake was a little hillock of snow, on removing which was found a bundle, when unwrapped, was found to contain the baby and well, wrapped in the clothing the mother had taken from her own person. When taken up the child looked in the face of its rescuer and smiled. During the singing of the piece a lady and gentleman in Chesterfield were nearly affected, and kept composed. The majority of the audience sympathized with the mother and wept also. The gentleman was the Hon. H. G. Blake, one of her who had perished in the snow, and brother of the babe, and the lady was his wife.—Cleveland Herald.

NEWS OF THE DAY.

SATURDAY MORNING, DEC. 5, 1868.

PROF. MCGREGOR, THE HORSE TAMER, is coming to Kingston again, and will open School for the purpose of teaching his new system of educating the horse. All those wishing to know a perfectly easy and reliable way of handling the horse, would do well to avail themselves of this, their last opportunity of seeing the Professor in Kingston. He has reduced the price of tuition to $2 per scholar, so that all may join. He will open his School at the Bay of Quinte Hotel yard, on TUESDAY, Dec. 10TH, and will remain FOUR DAYS ONLY. 287

☞ The Lord Bishop of Ontario will preach in St. Paul's Church on Sunday evening, at the free evening service, commencing at 6:30 o'clock.

POLICE COURT, Friday.—Before Ald. Henderson.—The only names on the docket this morning were those of the well-known Archy Buchannan and Chas. McPhilliam, the latter a stranger. He was rescued about five o'clock this morning by Policemen McLoughlin and Cunningham from drowning in the water in rear of the Fish Market. The policemen were drawn to the spot by the cries of the man, and one of them, by the aid of a stick of wood, kept him afloat while the other went for a rope. After the rope had arrived they managed to extricate him. The fellow was under the influence of liquor at the time, and upon reaching terra firma he proceeded to d—n the policemen for not getting him out sooner. Rather grateful, truly. Both the prisoners were discharged.

The yard of Mrs. Hislop, York street, was entered on Thursday night, and the clothes line cut and carried away. About eighteen articles were on the line at the time.

ACCIDENT.—Wednesday morning after the arrival at 2 a.m. of the Toronto express at Kingston, while Mr. Woodley & Son of Quebec, were waiting in a cab for the driver, the horse, frightened by a passing engine, ran off towards Kingston. Being alarmed, Mr. Woodley jumped out, falling in the road, cutting his head and face severely and injuring his arm. On his arrival at the British American Hotel, Dr Sullivan was sent for, and his wounds dressed. The horse was stopped shortly after by running against another cab, in which the Hon. Wm. Cayley and Mr. Wyatt, of Toronto, were riding, but no further damage was done.—Toronto Telegraph.

A Broker Absconds—Funeral of Judge Smith—Notman's Case.

Montreal, Dec. 3.

J. R. Watson, another Place d'Armes, broker has absconded, taking with him a large sum of money.

OVER 500 new buildings were erected in Montreal last year.

The funeral of the late Judge Smith took place this afternoon. Six Judges acted as pall bearers. Many of our citizens, including a large number of the bar, were in the procession. The bar have resolved to wear mourning for one month.

There is a rumour that Notman is to be liberated from the Penitentiary next week.

The promotion of Judge McKay to the Queen's Bench gives great satisfaction.

A well known restaurant keeper is reported to have eloped with a young lady, leaving his wife behind.

The Quebec Government have ordered to Judge Cursel to organize a new police force, to be called "Montreal Provincial Government Police." Twenty members were sworn in to-day.

AN ANTI-MEETING—PROPOSED ANTI-LEAGUE—ANNAND WRITES ANOTHER LETTER.

Halifax, Dec. 2.

Fifty persons attended the anti-meeting held last night. A committee was appointed to consider the possibility of constituting a Repeal League. They are to report at another meeting. Mr. McDonald adhere to the anti-party. There is no doubt that a League will be formed.

The Hon. Wm. Annand writes another long letter to the Chronicle. He concludes by saying that the new Government now forming in England will be appealed to, and new facts and arguments in favor of a repeal of the Confederation Act presented to them. It was possible that this last appeal might fail, but with such a cause to contend for, and such momentous and all important interest at stake, it would be criminal not to make the attempt.

This remedy has now been before the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases of Cough, Cold, Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflammation of the Lungs, which even Consumption itself has yielded to its magic influence when all other means have failed. Its whole history from 1846 to the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all over the land.

UNSOLICITED TESTIMONY.

From Andrew Archer, Esq., of Fairfield Me.

"About eight years ago my son, Henry A. Archer, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of Lungs and general debility, so much so that our family physician declared him to have a "Settled Consumption." He was under medical treatment for a number of months, but received no benefit from it. At length, from the solicitation of friends and others I was induced to purchase one bottle of Winter's Balsam of Wild Cherry, which benefited him so much I obtained another bottle, which in a short time restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all its purpose to be—the Great Lung Remedy for the Times." The above statement, gentlemen, is my voluntary offering to you in favor of your invaluable medicine, for your disposal.

The mind governs the Muscles through the Nervous system, as the telegraph apparatus is influenced by a remote operator through the new wire. If the Mind is impaired by age or disease, the muscles are made to perform strange or unnecessary acts; but if the Nervous System is deranged, the muscles of the Stomach, Liver, Heart, Lungs, are sure to suffer, and from their inactive produce Dyspepsia, Disease of the Heart, Lungs, and General Debility, with their accompanying trains of evil and resulting diseases.

A Diseased Nervous System, Vitiated blood, Bad Digestion and Weak Lungs, always precede Consumption.

By the timely use of Fellows' Compound Syrup the Nerves regain their vigor, the Brain becomes clear and powerful, the Muscles healthy, Dyspepsia a disease of the past, the Heart's regular action is restored, the Blood made pure, the Lungs strong, and all the functions of the body are brought up to a healthy standard.

We are enable to state the above on the most convincing testimony.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and* falling out of the hair; *and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
