British Ministery—Demonstrations in Paris—The Elections.

London, Dec. 4.

Mr. Gladstone had an audience with the Queen yesterday, and formally accepted his appointment as chief of the Ministry. There was a great gathering of liberal chiefs at the house of Mr. Gladstone last night.

The Times thinks Lord Romilly, the present master of the rolls, will be elected Chancellor of the Exchequer and Sir Roundell Palmer master of the rolls.

Monitour gives an account of an attempted demonstration at Mont Mater Cemetery on the anniversary of Baudin's death, fully confirming the reports previously received from Paris. The crowds were dispersed by the police who made only a few arrests.

Robert Collier, Q.C., will probably be Attorney General in Mr. Gladstone's Cabinet. Mr. Bright has been asked to join the new ministry.

Alexander, Dec. 4.

Hulim Pasha, the uncle of the present Viceroy, has been arrested for being implicated in a conspiracy against his nephew. He will be tried for the crime of high treason.

London, Dec. 2.

The election returns have disappointed the expectation of the Liberals. Their majority in Parliament will not be much over that of the last session. The support given to Mr. Gladstone by Bright and his Radical phalanx has rather damaged him. In London the nobility, the landed aristocracy, and the mercantile class are of opinion that Mr. Disraeli ought to be maintained at the head of affairs during the present session, at least until Mr. Gladstone breaks all relations with the Radical party.

Greenwich Works, Dec. 3.

The manufacture of the French cable is progressing at a rapid rate. Nearly one thousand miles have been already shipped by the Maintenance Company on board the Great Eastern, now anchored in the Mersey.

A HINT TO UNPOPULAR CANDIDATES.—In the wilder parts of the settlements members have of ten been elected, not so much for their talent as for being "good hands at the poker," or "great on a spree," and one of these ("the honorable gentleman from Mariposa,") on getting up to speak in the California legislature, and essaying several times without much effect, was greeted with shouts of "Git out. Oh! git out." They mistook their man, however, for, 'ah one of his supporters remarked before his election, he ain't much on the speak, but jist git him mad once, and he'll give'em fits." "Look ye here, you gentlemen," he remarked, cocking a Derringer pistol "ye may holler 'Git out out, git out' as long as God'll let ye, but my speech is already begun, and the next man who shouts 'Get out' in the house wil bring to his ears the ominous click of small-arms. What is it the gentlemen wish, and would they have? Is my life so dear, or my peace so sweet, that it must be purchased at the expense of incapacitating a few on ye for military service? No, sir-ree! I know not what course others would take, but as for me, I would finish my speech, or there'll be a dead senator found round these premises in about fifteen seconds by the clock." He was allowed to finish at his leisure.—"For Western Lawgivers and Preachers," in all the Year Round.

ANNAND'S LAST.—Mr. Annand, in his last letter to the Halifax Chronicle in reply to Mr. Howe, says that no one influenced the people more against the Canadians than he (Howe.) Annand contrasts the present position of Nova Scotia in the Dominion with what it would be as a State in the American Union. He says he is not clear even now that Howe does not favor annexation. The Local Government desires to only recover the right of self-government; but not annexation; and will make no effort for it until all constitutional means have been exhausted to regain their liberty. Annand expresses no opinion on the question now, because it is not part of the programme; but if things remain unaltered, the time may come when Yankee sincerity in the Monroe doctrine, not to allow any community on this side of the Atlantic to be coerced into vassalage, may be put to test.

Attempt to Murder.

A MAN BURIED ALIVE IN A GRAVE HE HELPS TO DIG.

On Sunday afternoon an extraordinary attempt was made to murder a man by burying him alive on the Kingsbridge Road, N. Y. About 2:30 o'clock on Sunday afternoon several men more or less intoxicated, and all hailing from the neighborhood of Spuyten Duyvil, made their appearance on the Kingsbridge Road, Westchester County, when they quietly and deliberately set to work to dig a hole or grave. After digging the pit nearly six feet deep one of the men was seized by his companions, and, after a desperate struggle on his part, he was thrust into the hole and the dirt hurriedly thrown in upon him, thus literally burying their victim alive. After succeeding in accomplishing this brutal act, the gang shouldered the tools and disappeared.

Fortunately, however, for the buried man, the proceedings had been watched at a distance by some citizens, who, when the gang had disappeared, hastened to the scene, and succeeded in rescuing the unfortunate man from his perilous position. He was very much exhausted when exhumed, and it was only by the prompt application of restoratives that he was restored to life. Had he remained in the grave but a few minutes longer, death would have been the result. The Police did not hear the facts of the case for some hours after, and they have so far failed to obtain the name of the intended victim or his would-be murderers. Neither could they ascertain what possible motive the wretches could have had in thus burying a companion alive.

Hastings Gold Region.

GOOD RESULTS.

It will be gratifying to every one interested in the Hastings gold region to know that the operations at the Richardson mine are continuing to produce good results. A. G. Northrup, Esq., Secretary of the Company, brought to our office this morning a button of gold of the value of $176.25, the result of last week's crushing. Twenty-five tons of rock were crushed, and it may as well be remarked that this rock is not the average taken from the mine, but some from which the best had been selected some time ago. The yield is something over $7 per ton. The expense of crushing was $1,25 per ton, thus leaving a handsome margin. However, it is expected that still better results than this will be obtained when the average quality of rock is used.—Intelligencer.

NEWS OF THE DAY.

MONDAY MORNING, DEC. 7, 1868.

ALMA MATER SOCIETY.—At the annual meeting of this Society, held on Friday evening, the following officers were elected:—

President—Donald McLean, M.D.
Vice Presidents (Non-resident)—Rev. Prof. Jardine, M.A., Rev. D. J. Macdonnell, M.A.; (Resident)—R. Campbell, B.A., W. H. Fuller, B.A., J. Mudie, B.A., G. M. Macdonell, B.A.
Secretary—Mr. Riddell.
Treasurer—Mr. Alexander.

ST. JAMES' CHURCH LECTURES.—On Friday evening a lecture was delivered at St. George's Hall, one of the series to be given fortnightly on behalf of St. James' Church, by the Rev. Professor Mowatt, upon the subject of "Genesis and Geology." As might be expected, from so interesting a subject, the lecture was much appreciated by the audience, whose appreciation was frequently apparent during its delivery. The Professor handled his subject with the skill and tact of one well acquainted with it, and master enough to bring forward its most prominent and interesting points. The meeting was well attended, and terminated about the usual hour. These lectures are becoming what it was desired they should be, popular lectures in every sense.

THE SKATING.—With the advent of the snow storm of Saturday the glories of skating have, for the present, passed away. The splendid sheet of ice above the bridge, while it remained clear, was largely patronized. As there is no prospect of a popular open air rink this winter, those votaries of the art skatorial who are not habitues of the covered rink, and who want enjoyment, will have in future to abide by the caprices of the weather.

ST. LAWRENCE WARD.—Mr. S. T. Drennan still continues to be a candidate for Aldermanic honors in St. Lawrence Ward, and solicits the aid of his friends towards his return.

THE SLIPPERY JACKS.—The latest acquisitions to the community, the burglars, appear to be satisfied with their exploits in the early part of last week, in the robbing of churches and poor boxes, as no further property was molested either on Thursday or Friday night.

SLEIGHING AT LAST.—It snowed gently all day Saturday, and at night there was poor sleighing, but poor as it was, it was very welcome. What is a Canadian Winter without sleighing?

KINGSTON FIELD BATTERY.—The Kingston Volunteer Field Battery of Artillery, Major Drummond, mustered in the city on Saturday and re-enrolled themselves for three years under the new militia roll to a man. Two or three members of the Troop were not accepted, not being of the age required by the act. Several new members were also enrolled.

PROF. MCGREGOR, THE HORSE TAMER, is coming to Kingston again, and will open a School for the purpose of teaching his new system of educating the horse. All those wishing to know a perfectly easy and reliable way of handling the horse, would do well to avail themselves of this, their last opportunity of seeing the Professor in Kingston. He has reduced the price of tuition to $2 per scholar, so that all may join. He will open his School at the Bay of Quinte Hotel yard, on THURSDAY, DEC. 10TH, and will remain FOUR DAYS ONLY. 287

EARLY WINTERS.—This year the skating and sleighing has set in fully one week earlier than last year, and 1867-8 was accounted an early and severe winter. But last year there was a break in the weather before Christmas and the same is likely to occur this year.

☞ The steamship Nova Scotian, from Quebec, arrived at Liverpool on Friday last.

POLICE COURT, Saturday.—Three drunks comprised the whole of the business of the Court this morning. They were discharged.

Wistar's Balsam of Wild Cherry.

This remedy has long been cherished by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases of Cough, Cold, Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflamation of the Lungs; while even Consumption itself has yielded to its magic influence when all other means have failed. Its whole history proves that the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all over the land.

UNSOLICITED TESTIMONY.

From Andrew Archer, Esq., of Fairfield Me.

"About eight years since my son, Henry A. Archer, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of Lungs and general debility, so much so that our family physician declared him to have a 'Seated Consumption.' He was under medical treatment for a number of months, but received no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase one bottle of Wistar's Balsam of Wild Cherry, which benefited him so much I obtained another bottle, which in a short time restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all its purports to be—the Great Lung Remedy for the Times! The above statement, gentlemen, is my voluntary offering to you in favor of your Balsam, and is at your disposal."

Prepared by SETH W. FOWLE & SON, 18 Tremont St. Boston, and for sale by Druggists generally.

GRACE'S CELEBRATED SALVE.

Amesbury Mass, Oct. 13th, 1868.

Mr. Grace—Dear Sir—Having been afflicted grievously for several weeks with a severe abscess upon my side, I used several remedies for its eradication without receiving any relief, until I applied your salve, which effected a speedy and permanent cure. I therefore feel happy to certify my confidence in its virtues. Yours with respect,

JAMES SEAN.

I certify to the truthfulness of the above statement.

DR. RECORD'S ESSENCE OF LIFE, the only unquestionable and absolute remedy for Nervousness, Debility and Restoration to Manhood. E. BAYLIS,

The mind governs the Muscle through the Nervous system, as the telegraph apparatus is influenced by a remote operator through the new wire. If the Mind is impaired by age or disease, the muscles are made to perform strange or unnecessary acts; but if the Nervous System is decessed, the muscles of the Stomach, Liver, Heart, Lungs, are sure to suffer, and from their inaction produce Dyspepsia, Disease of the Heart, Lungs, and General Debility, with their accompanying trains of evil and resulting diseases.

A Diseased Nervous System, Vitiated blood, Bad Digestion and Weak Lungs, always precede Consumption.

By the timely use of Fellows' Compound Syrup the Nerves regain their vigor, the Brain becomes clear and powerful, the Muscles healthy, Dyspepsia a Disease of the past, the Heart's regular action is restored, the Blood made pure, the Lungs strong, and all the functions of the body are brought up to a healthy standard.

We are unable to state the above on the most convincing testimony.

Sold by Apothecaries. Price $1.50 per bottle, or 6 for $7.50.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
