IMPERIAL INTERESTS AT HALIFAX.—A Repeal paper at Halifax has a report that the Imperial Government intends to sell the Queen's Wharf and Fuel Yard property and the Commissariat building in that city. The Dominion Government is to have the first offer at a certain price—the city of Halifax the next offer if the Dominion will not buy; and, should that fail too, the highest bidder is to get the property. There is also a statement to another quarter, that no man-of-war will winter in Halifax this year. We can understand the readiness with which Repeal newspapers would circulate such reports, as showing that the Imperial Government is about to withdraw from Halifax. The story of the proposed sale of the Imperial property in the city may have originated in a proposal which was under the consideration of the Public Works Department of the Dominion looking to the purchase of some of this property, if it could be had, for the use of the Nova Scotia Railway. But the Repealers may not assume that Great Britain will not abandon Halifax just yet.—Globe.

A Desperate Assault.

A MAN KNOCKED INSENSIBLE AND ROBBED.

Clifton, Dec 24

A merchant tailor, from Howell, Michigan, name unknown, was found lying insensible on the New York Central Railroad station platform, at Suspension Bridge, early this morning. A small travelling bag was found near him broken open and rifled of its contents. His trousers pockets were turned inside-out and some keys and a pocket knife were found by his side on the platform. He had left the Western Hotel a short time before, intending to take the 5 a. m. eastern train for New York and stepped into the station waiting room to await the arrival of the eastern train from the Falls. Feeling unwell, and the room being too warm, he walked out to the east end of the platform, was caught by the neck and knocked on the back of the head insensible, and lay in that state outside the station from 5 o'clock till past 6 a. m. He states that he has been robbed of several thousand dollars. Robberies reported in this vicinity similar to this having before been misrepresented, causes some doubt as to the truth of the man's statement. Officers are, however, making every effort to ascertain the facts of the matter, and to catch the thief.—Hamilton Times.

American Despatches.

New York, Dec. 25.

The steamer Austrasian, from Liverpool 12th via Queenstown, arrived to-day. George Francis Train was a passenger. In an address to the Fenians of this country, Train announces that James Stephens has been restored to the supreme control of the Fenian organization.

The Tribune says it may be considered certain that the 41st Congress will meet and organize on the 4th of March.

MEDLEY'S ATTEMPT TO ESCAPE FROM JAIL.—A few days ago the convict Medley, whose death sentence has been commuted to imprisonment for life, made a desperate attempt to escape from prison at Sandwich. He had at the time no reason to hope that the sentence of death, passed upon him, would not be carried out, and the prospect of dangling in the air at the end of a rope within a week prompted him to exert his strength and ingenuity in a final effort to cheat the gallows of its due. By some means at present unknown Medley got possession of a file, and with this he set to work to cut asunder his fetters; intending when the turnkey should open the door of his cell to afford ingress to the prison chaplain, to strike him down with a billet of wood which he had mysteriously procured, lock the minister in the cell to prevent his giving alarm, and then escape by means of the keys used by the turnkey. His scheme failed of success in the first feature—the file wore smooth before it had half accomplished the work assigned it; and C. S. Chisom, to whom Medley had confided his plans, having acquainted the gaoler with the facts, further efforts in the same direction were prevented.

MONDAY MORNING DEC. 28, 1868.

THE KINGSTON AND PITTSBURGH ROAD COMPANY.—The Tolls of Cataraqui Bridge and those of the several Gates on this Road were sold by Auction, by Mr. Murray, last Saturday, and realized as follows:

The Cataraqui Bridge, Mr. Brewster	£743

" " 2—Patrick Blake	27
" " 3—Allen Geddes	30
" " 4—Jarvis Waller	87

The little difficulty touching the election of the Directors of this Company has been arranged to the perfect satisfaction of the City Corporation.

CHRISTMAS DAY. The attractions outside the cheerful abodes of the enthusiastic admirers of Merry Christmas on Friday were anything but inviting. The morning, until about nine o'clock, was fine, but at this hour a heavy blustering storm set in, which did not clear off until the afternoon. The evening, however, was fine and clear, and those who from the state of the weather during the day had deferred the coveted jaunt in the sleigh, now made the best of it, and enjoyed themselves under the patronage of an unusually bright and clear moon. Indoors of course there was no end to mirth and jollity worthy of the merriest day of all the year. Notwithstanding the bad weather, the churches were well filled, and the services were of special, and in one case, of peculiar character. In the various Episcopal Churches, in and near the city, the offertory was devoted to the benefit of the clergymen, and a fair opportunity was afforded of judging of the liberality of the different congregations, taken into connection with their appreciation of the ministrations of their pastors, and the efficacy of their labors.

DULL.—If Friday was "the merriest day of all the year," Saturday was the dullest. No market; no trade. One could not help mistaking it for a "Blue Monday."

FATHER DOLLARD'S CHAIR.—A Lottery will take place on Thursday, the 7th of January next, for the handsome armchair belonging to the late Father Dollard, for the benefit of the Ladies of the Congregational Nunnery. The Chair is to be seen at the City Book Store.

THE UNKNOWN MAN.—The identity of the man found drowned near the Cottages at Point Frederick is still unravelled. Two intimate relatives of the missing Mr. Ferguson have arrived here and have seen the body, but are positive it is not that of the person they are in search of. The same conclusion had been formed by others who compared the body with the photograph of Mr. Ferguson

CURLING.—The eight medals given by the Royal Caledonian Curling Club of Scotland, were at the last meeting of the Canadian Branch allotted to be competed for, as follows, during the ensuing winter, viz.: Quebec against Montreal Caledonia, Buckingham against Kingston, Hope against Bowmanville, Ancaster against London, Paris against Thames, Hamilton against Ayr, and Ancaster Thistle against Chatham.

Speaking of Curling, by the way, has anything been done towards reviving the departed spirit of the Kingston Curling Club, and securing a building fit for the practice of the roaring game? Exert yourselves, gentlemen, and again show your brother Curlers in other cities what you can do.

NEW VOLUNTEER COMPANY.—It was urged as an objection to Sir G. E. Cartier's Bill, now the Militia law of the Dominion, that it would destroy the volunteer arm of the service, as men would be loth to subject themselves to compulsory to its provisions. But the action of the volunteers of this county has disproved this assertion, so far as it applies to them, by almost unanimously re-enlisting for three years service, though many of them have already stood by their country for a long period. But it is still more pleasing to notice that a new volunteer company is being formed at Barrie field, to be attached to the 47th Battalion Infantry Volunteers. Within a very few minutes twenty five men enrolled themselves, and a full company can at once be obtained. By general wish Capt. J. B. Macaulay, late of the 14th Battalion, has consented to be its captain. The company will contain the finest rifle shots in this district, as Barrie field has been distinguished for its marksmen, and in every respect will be a credit to the service.

MILITARY SCHOOL.—Mr. Jas. E. Magee, Odessa; and Mr. Solomon Stuart, Iroquois, have passed an examination and obtained second class certificates.

☞ The trips of the ferry steamer Watertown have been discontinued on account of the ice formed by the recent frost.

☞ The Kingston Driving Club had another gay and dashing turn out on Saturday afternoon, but the cold weather had some effect in diminishing the usual attendance of members' sleighs.

POLICE COURT, Saturday.—This morning, notwithstanding Friday was Christmas Day, the docket at the Court contained only six names, two of whom, anticipating the festive season rather too zealously, were taken by the police early on Christmas eve in a state of oblivious drunkenness, and in that state conveyed to the Police Station, where in that unpleasant and dreary situation they spent their Christmas Day. In consideration of these mitigatory circumstances, the Magistrate allowed them to depart, which permission they immediately availed themselves of, and were seen soon afterwards hastening to the nearest hostelrie to, as they expressed it, freshen their nip and indemnify themselves for the compulsory self-denial of yesterday. Patrick Lynch and John Harris were out on a bender on Christmas eve, and their funds having run out, and in order to raise the wind they entered Mr. Woolford's Hotel by the back door, and calling the attention of the landlord, the ostler being out at the time, to a fine team and sleigh under the shed, coolly gave them into his charge as their own property, and took the drinks on the strength of it. It turned out, of course, that the team was not theirs, and Mr. Woolford sent for the police, and the gentlemen were consequently arrested, and their Christmas was spent in the gloomy cells of the Police Station. The Court fined the prisoners $4 each, or one month in gaol. Ellen Little and Ambrose Grossie, two old offenders, by their own request, were sent to gaol for one month each.

MIND AND MATTER.—The intimate connection between the Brain and the Muscles through the Nervous system may be shown by closing the hand, or by any voluntary movement of the body. The involuntary muscles are those which control the Stomach, Liver, Lungs, Heart, etc.; they are also influenced directly by the mind, so that close study, anxiety, grief, irritation, and a host of other excitants acting directly on the brain, disturb the nervous system, and prevent due muscular in those actions necessary to sustain life. Here lies the great cause of Dyspepsia, Headache, Jaundice, Neuralgia, Impoverished Blood, Languor, Debility, Bronchitis, Consumption, &c., &c.

FELLOWS' COMPOUND SYRUP will not only supply the waste going on in the brain, but will enable the mind to endure a greater tax than ever before, without involving other organs of the body, it will impart vigor and promote clear conceptions to the intellect, it will strengthen the nerves and give power to all the involuntary as well as the voluntary muscles of the body.

Wistar's Balsam of Wild Cherry.

This remedy has long been celebrated by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases of Coughs, Colds, Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflammation of the Lungs, and even Consumption itself, has effected cures in cases in which all other means have failed, and we, in many parts of the world, have produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail in our climate.

UNSOLICITED TESTIMONY.

From Andrew Archer, Esquire, Fairfield, Me.—About eight years ago my son, Henry A. Archer, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of Lungs and general debility, so much so that our family physician declared him to have a Settled Consumption. He was under medical treatment for a number of months, but received no benefit from it. At length, from the solicitation of mine and others, I was induced to purchase one bottle of Wistar's Balsam of Wild Cherry, which benefited him so much I obtained another bottle, which in a short time restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all its purports to be—the Great Lung Remedy for the Times! The above statement, gentlemen, is my voluntary offering to you in favor of your Balsam, and is at your disposal.

Mr. Grace—Dear Sir:—Having been afflicted grievously for several weeks with a severe abscess upon my side, I used several remedies for its eradication without receiving any relief, until I applied your salve, which effected a speedy and permanent cure. I therefore feel happy to exercise my confidence in its virtues. Yours with respect.

JAMES BEAN.
