ST. JOHN'S CHURCH, PITTSBURG.—The late promise of a long lease of good sleighing led to innumerable announcements of tea meetings and lectures in the country, and though it unfortunately happened that the sleighing did not last out as well as was expected, several gatherings have been held with gratifying success. The most prominent, perhaps, was the annual tea meeting held on Wednesday evening in connection with St. John's Presbyterian Church, Pittsburg, of which Mr. McMorine is the popular and efficient pastor. The fine large edifice was, as the common phrase runs, filled to repletion, so much so that seats were strongly in requisition throughout,—whereas standing room was an object as well. So far for the financial success. The literary efforts were worthy to be praised, inasmuch as the Rev. M. Inglis, of Kingston, presided, and amused the company with his good humor; as Prof. Murray read a clever and amusing selection from Dr. McLeod's contributions to "Good Words," with his usual ability; as Mr. Saml. Woods, of Kingston, portrayed "national characteristics" with truth and anecdote, entertaining his auditors more and more by each delightful little morceau; and as Mr. Alexander, of the Grammar School, and Mr. McMorine, spoke freely on more grave topics. The choir of St. Andrew's Church was present, under the leadership of Mr. Wm. Craig, and sang several anthems, duetts, and solos,—the appreciation of which was marked by frequent applause. The meeting must rank among the best of its class. Last evening the children of the Sabbath School had a Social in the same Church, which also promised to be a success.

REV. DR. FRESHMAN'S LECTURE ON JUDAISM.—On Wednesday evening a tea-meeting was held in the Town Hall, Cataraqui, on which occasion a lecture was delivered on Judaism by the Rev. Dr. Freshman, formerly a Jewish Rabbi, now a Minister of the Wesleyan Methodist Church. The learned lecturer spoke for nearly two hours on the history, literature, character, and present condition of the Jewish people, in a most able and eloquent manner. He certainly must have labored assiduously in the study of the English language, which he speaks with great fluency and accuracy. Those who attended Dr. Frenchman's lecture enjoyed a rich intellectual treat.

WEATHER charming, almost too fine for the season. Sleighing, though, there is scarcely any, and farmers loads are brought in with difficulty.

THE MADOC RAILWAY.—Mr. Alfred Woods the Vice President who was appointed to attend meetings of the township councils and to induce the passage of by-laws to give effect to the promised bonuses to the Kingston and Madoc Railway, expects to meet councils of the townships of Elzevir, Hungerford and Sheffield this week. He is also prepared to go to Hinchinbrooke if the council of that municipality desire him.

FALSE REPORT.—A very damaging and malicious report has been circulated for several days past regarding Mr. Richard Martin, a well known Kingstonian, and his son, who are seeking their fortunes in California. From a letter which was shewn to us yesterday, we are happy to learn that they are still in good health and spirits, and as yet unconscious of any such dire calamity befalling them as that which has been represented here. If it had occurred, they would hardly be concious of it at this late period.

Police Court.

Thursday.

Before the Police Magistrate.

After a storm there is generally a calm (we reverse the order of things), and there was only one case before the Court this morning, viz., that of Charles Smyth, not the aristocratic name of Smith, who was charged with being "squiddigelled" (Greek word). The prisoner was arrested by Policemen Lane and Stacey, who deserve credit for the efficient manner in which they "kafuzeled" their man. His Worship, after mature deliberation, mulcted poor Smyth to the tune of $2, and being rather a respectable chap, the Magistrate gave him time to raise the required amount of "spondulicks." An old pensioner named Lennon, hailing from the ancient town of Prescott, was found in rather a shaky condition this morning by the police, and taken to their quarters, where he will take up his residence until to-morrow. He wants to go to Brockville, and the Magistrate very kindly promised to send him there, doubtless glad to get rid of him. A charge was preferred against a well known young gentleman, for the breach of a certain city by-law. The charge, however, was not proved, and the matter was allowed to stand in statu quo, on condition that he paid his footing at the Dr.'s (Market Square), which he did indeed like a gentleman. The Sergeant Major announced that it was time to adjourn. The motion being put, was carried unanimously, and the audience dispersed.

BELLEVILLE.—The little town is fast earning a reputation for rowdyism under the demoralizing influences of the Intelligencer. Another disgraceful fracas, for which the locality has acquired an unenviable notoriety, occurred on Monday night in the "Tiger" tavern, and on the bridge. Two men named Dalton and Lawlor were engaged in a scuffle, and, although a sufficient number of police were on hand, no arrests were made. The Intelligencer says of another case:—

"Our readers will be glad to learn of the arrest of the scoundrel Smith, to whom practices we alluded in a recent issue. It appears that, after leaving Belleville, he proceeded to Brighton, where he succeeded in outraging the person of a little girl of some ten years of age. He then went to Coburg, where he was followed by two men named respectively Deacon and Johnson, (relatives of the girl Johnson whom he enticed away from home here) who had been on his track since leaving this place. They there seized Smith and kept him in custody in a hotel until a policeman could be found, when he was arrested on a warrant issued at Brighton, where he will probably be brought before the Magistrates on some day this week."

OTTAWA.

Ottawa, Jan. 19.

The Ministry have taken up the question of Mr. Archibald's mission to Washington. A deliberate course will be adopted, and the duty, or rest, which just now devolves upon them, will be cheerfully assumed by the people of Nova Scotia.

Hon. W. MacDougall, C.B., and Lady have kindly given the use of their house for the accommodation of Parliament, and will be able to explain to the members of the House the actual position of affairs at the date of his last advices from Red River. There appears to be no room to doubt that the negotiations of Wm. McDougall and Col. De Salaberry will be sufficient to induce the half breeds to send a deputation to Ottawa, and that, notwithstanding all difficulties between the half-breeds and the Canadian government, will be adjusted before the opening of Parliament on February next.

Dr. Tupper, Mrs. and Mr. Cameron arrived here from Pembina by this morning's train, well, but fatigued by the journey.

The new regulations with regard to the customs department will probably be adopted next week. Mr. Kavanagh, inspector of customs for the province of Canada, arrives here yesterday. Two other inspectors will soon be appointed—one for Nova Scotia, the other for Quebec and the northern parts of New Brunswick.

A SUPREME COURT.—The Minister of Justice, Sir J. Jas. A. Macdonald, will present at the forthcoming session of the Federal Parliament to be held at Ottawa next month, a bill for the formation of a Supreme Court, which will be a Court of Appeal, having jurisdiction over cases originating in any of the Provinces of the Dominion. The right of appeal to the Privy council in England will not, we learn, be abolished by the new law.

Fenian Flopdoodle.

ANOTHER RAID ON CANADA PROPOSED.

From information given by prominent officers of the Brotherhood, it appears that there is no foundation for the serious charges against general officers of the O'Neill branch of the Fenian Brotherhood.

A communication was received yesterday from Ireland reporting the state of affairs there. The men enrolled in the brotherhood in Ireland express their willingness to revolt as soon as their brethren here strike Canada. The next Fenian Congress, it is said, will be a Canadian raid. Preparations are being made for the event, and large quantities of arms are daily forwarded to Ireland. In the City of Cork 15,000 men are enrolled; in Dublin about the same number; and there is scarcely a doubt that from 40,000 to 50,000 men in Ireland are available for immediate active service if called on. They are, however, insufficiently supplied with arms, and no effort at insurrection will be made until there is some prospect of success.

Nothing known equals Dr. J. Briggs' Modern Curative for Corns, Bunions, Bad Nails, Frosted Feet, Chilblains, &c. Many have tried it, and rejoice in its beneficial use. If you would enjoy a rural walk or fashionable promenade, these lovely Winter days, treat your feet kindly, and cure your corns with Dr. J. Briggs' Modern Curative. Sold by Druggists and Country Dealers. Dr. J. Briggs & Co., Proprietors, 208 Broadway, N.Y., and No. 6 King St. West, Toronto.

Catarrh, a disease which distresses us and disgusts our friends, can be instantly relieved and quickly cured by using Dr. J. Briggs' Arlevantor, an invaluable Remedy for all pain and inflammation. Sold by E. H. Parker and R. White, Kingston; and all Druggists.

Dr. J. Briggs' Pile Remedy is acknowledged by all who have tried it (and their name is Legion) to be the best, most successful and effectual Remedy ever used for that disease. Sold by E. H. Parker and R. White, Kingston; and all Druggists.

A corn is a disease as much as a decayed tooth is, but skilful dentists are universally employed and respected, and surgeon chiropodists are now meeting a similar claim for the respect and confidence of the community. It is needless to say that the success which Dr. Briggs has achieved in his profession as surgeon chiropodist has been unparalleled in this city; many of our most estimable and worthy citizens, ladies as well as gentlemen, have been relieved from corns, bunions, club and inverted nails, without the slightest pain or uneasiness, and doubtless many more would, had they adequate appreciation and knowledge of his ability. Few individuals are aware that the diseases of the feet, if not fatal to one's life, are certainly as annoying as can be, and the remedy is simple and sure; the corn, bunion, or inverted nail must be skillfully and carefully treated, and the pain entirely ceases. The best way to obtain this relief is to purchase a box of Briggs' Modern Curative, which you can obtain at any Druggist's or Country Merchants throughout the country and we will warrant you will find it the most reliable and efficacious Remedy in the known world; we only ask you to give it a trial. Dr. J. Briggs & Co., Proprietors. Offices 208 Broadway, New York, and No. 6 King St. West, Toronto, Canada.

Frosted Feet, Chilblains, Corns, Bunions, Bad Nails, &c., are positively cured by the use of Dr. J. Briggs' Modern Curative. This remedy has been compounded with great care, and, used as directed, never fails. Sold by E. H. Parker and R. White, Kingston; and all Druggists.

Consumptives, try Dr. J. Briggs' Throat and Lung Healer. It will relieve and cure you. For all diseases of the Throat, Chest, and Lungs, nothing can surpass its beneficial effects. Sold by E. H. Parker and R. White, Kingston; and all Druggists.

R. R. R.

Ladies should always keep Radway's Ready Relief in their escritoires or toilet cases; it will be found of great value in all the varied complaints which ladies are more or less troubled with. Headache, Toothache, Wandering Pains, Dizziness, &c., are instantly relieved and cured by its use.

LADIES BEWARE!

Insanity, Fits, Heart Disease, Rush of Blood to the Head, Vomiting of Blood, Weakness, Bad Dreams, Lowness of Spirits, Languor, Loss of Appetite, Consumption, and rapid decrease, to low speed by Irregularities and Retentions. To guard against these evils, let the best be sought in warm water, mixed with Ready Relief daily, for three or four days before the expected period. If afflicted with either of these symptoms, take Radway's Regulating Resolvent, and at night two boxes of Radway's Pills. A few days' use of these medicines will remove all obstructions, and restore the system to health and regularity.

Sold by Druggists and Country Merchants, at 25 cents per bottle.

See Dr. Radway's Almanac for 1870. 304
