MASONIC BALL.—The only Masonic Ball given by the Free Masons of this District, for many years past, is that of To-night by the members of the Elysian Lodge, Garden Island, exhibiting much spirit and brotherly, or rather sisterly love, seeing that the Fair sex cannot be dispensed without at such Masonic Assemblages. It promises to be a very, gay affair.

SLEIGHING.—On Monday the long-looked for-coming at last snow arrived in some quantity, and the sleighing once more is very fine. But how long will it last? Recent vicissitudes of the weather do not warrant us in the predicting its continuance for more than one day longer. With the advent of the snow, we lose the fine skating, but it is a loss which will be lightly borne.

ACCIDENT.—The Perth Courier relates a fatal accident that lately happened in the Township of Clarendon, by which a young man lost his life. Deceased—a young man named James Geddes—in the employ of Messrs. Gillies & McLaren, at Barries's shanty, was engaged after dark, hauling timber. A small tree obstructing their passage, it was cut down, and in falling lodged against another tree, threatening to fall on the horses. He and two men along with him attempted to push it away in another direction, but the tree broke in two, and a piece about five feet long struck him on the head in its descent, and knocked him senseless. He was carried to the shanty, where he expired in about nine hours after, never speaking a word in the interval. He was only 21 years of age, was a resident of North Sherbrooke.

INCONSISTENCY.—We believe there is a City by-law in existence requiring the citizens to remove the snow from the side walks in front of their premises. This law is to a great extent obeyed by the citizens, but the city authorities seem to ignore it altogether. The snow in front of the city buildings is knee deep, with little prospect of its being removed. Those who enact laws should certainly obey them. What is the Chief of Police and his satellites about?

LECTURE—THIS EVENING.—So much has been said of the talents of the Rev. Lecturer who is to discourse this evening in Ontario Hall, on 'The Catholic Church and Civil Liberty,' and of the expected interesting character of the lecture, anent the Ecumenical Council, that little remains to us as a duty to the public, but to remind them of the occurrence this evening, in order that they may be forewarned, and not lose the best intellectual treat of this season. The St. Vincent de Paul Society deserve high public recognition for their efforts to entertain the public, by procuring for us lecturers of no ordinary standard; and therefore let the Hall be crowded.

For the especial benefit of young and inexperienced printers, who are fond of "strikes" we publish hereunder the 42nd Section of 32 and 33rd Victoria Chap. 20:—

"Whosoever in pursuance of any unlawful combination or conspiracy to raise the rates of wages, or of any unlawful combination or conspiracy respecting any trade business or manufacture, or respecting any person concerned or employed therein, unlawfully assaults any person or in pursuance of any such combination or conspiracy, uses any violence or threat of violence to any person, with a view to hinder him from working or being employed at such trade business or manufacture, is guilty of a misdemeanor, and shall be liable to be imprisoned, in any gaol or place of confinement, other than a penitentiary, for any term less than two years, with or without hard labour.

The Hamilton Times has a long biographical notice of Lt. General Wyndham, introducing a reform in the matter of obituaries. The most striking point is that the old General is not dead yet.

The Belleville Intelligencer is agitated over the question propounded by our reporter: "Can't they (the Police) arrest somebody under the vagrant act?" Its editor fears a personal application of that act should he ever visit Kingston. He feels that his probationary course in Belleville entitles him to some such distinction.

The union for ever. A negro Senator at last. The Mississippi Legislature has elected the Rev. W. H. Revel, a native negro, United States Senator.

"I can marry any girl I please," said a young fellow, boastingly. "Very true," replied his waggish companion, "for you can't please any."

The President of the Irish Amnesty Association, says that the "clerical declaration" in favor of the Fenian prisoners, has been signed by one thousand two hundred clergymen.

A familiar object of interest will shortly disappear from the Thames. The Seamen's Hospital is to be immediately transferred to the of Greenwich Hospital, and the old Dreadnought, which the society has hitherto occupied, will be removed from the river early in the spring.

There is danager of the small pox, in New York, taking the form of an epidemic. The Health Authorities no longer attempt to keep the presence of the disease a secret, but are making strong efforts to prevent its spread.

The Belleville Inteligencer says—no, it don't. It don't say anything.

There are seventeen papers in America called the *Telegraph*.

No snow in New Brunswick or Newfoundland.

When you see the word "bosh" printed, do not think it slang. It is a pure Turkish word. "Bosh der," say the Turks, which, translated into English, is, "it is nothing."

William McKean, who married a young lady in Albany in expectancy of a $20,000 fortunate and didn't get it, has been held to bail for a support of his better-half.

Hindoo girls (says Dr. Norman MacLeod) may be betrothed, or formally married, as early as their fourth year; and may be mothers at twelve.

An English Bishop querulously remark-

ed to his servant that he was dying. "Well, my lord," said the good fellow, "you are going to a better place." "John," replied the prelate, with an air of conviction, "there is no place like Old England!"

A Fair but ingenious Yankee in North Haven, Connecticut, has invented a machine for feeding his horses, cattle and poultry without the help of any attendant. It is a clock work arrangement, by which at a certain hour a bottom drops out of a hopper and the food goes to the animals, while the farmer lies soundly in his bed or hovers in the chimney corner.

The Cork Examiner reports that very desperate fighting took place in Granard during the Longford County election between the partisans of the rival candidates, there being at one period as many as 3,000 combatants engaged. After one of the most determined affairs the Martinites took refuge behind a line of the Fortieth regiment. Their opponents following in hot pursuit came in contract with the soldiers, whom they attacked with stones and bludgeons till the officers in command ordered his men to fire. Three men were wounded by the volley, and the crowd were driven off at the point of the bayonet.

PREMATURE BALDNESS.—Mr. J. Sergeant bookseller, of Linton, Cambridge, has made public a curious case of a young man, named Haylock, of Ashdon, whose Hair came off entire from some very unaccountable cause, and left him in a state of premature baldness. He purchased from Mr. Sergeant several popular preparations, which he applied, but without any effect whatever. At last, however, he made a trial of the Macassar Oil of Messrs. Rowlands', of London, and exhibited to the most incredulous the proof of its efficacy in a thick crop of Hair. Mr. Sergeant permits a direct reference to him on this very interesting fact. It may be obtained at the principal Chemists and Store-keepers throughout the Country. 20

Insanity, Fits, Heart Disease, Rush of Blood to the Head, Vomiting of Blood, Weakness, Bad Dreams, Lowness of Spirits, Languor, Loss of Appetite, Consumption, and rapid decline, follow speedily Irregularities and Retentions. To guard against these evils, let the feet be soaked in warm water mixed with Ready Relief daily, for three or four days before the expected period. If afflicted with either of these symptoms, take the Renovating Resolvent, and at night two to six of Radway's Pills. A few days' use of these medicines will remove all obstructions, and restore the system to health and regularity.
