THE GREAT SALE.—The Sale of Silver Ware, Furniture, Horses, Carriages, Harness, &c., belonging to the officers of the H. C. Rifles., takes place this morning at the Tete du Pont Barracks. The whole of the goods which have been imported, including Wines, will be sold free of duty.

THE NAPANEE BATTERY OF ARTILLERY.—This corps returned to Napanee on Monday, their services being no longer required by the Government for the present, as the Fenian raid has evidently collapsed. The gunboat Rescue is lying at the Dock Yard awaiting further orders. It is likely she will soon be tied up.

Dr. Wistar's Balsam of Wild Cherry is "a combination and a form indeed" for healing and curing diseases of the throat, lungs, and chest. It cures a cough by loosening and cleansing the lungs, and allaying irritation; thus removing the cause, instead of drying up the cough and leaving the disease behind. 98

At certain seasons of the year most persons are subject to diseases, emanating from a low state of the blood. The causes are various, but it is necessary—in order for the prompt purification of that fluid—that the patient should use FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES, with full assurance of obtaining the desired results. The Syrup will strengthen the organs of digestion, promote healthy assimilation, nourish the muscles, and renovate the nervous system.

Price $1 50 a bottle; 6 for $7 50. Sold by F. Cundill & Co., wholesale agents, Montreal. 98

THE FLOODS.—The Intelligencer says that on the Trent the damage has been much greater. The water is still raising at Hastings and Campbellford. The Government works on the Trent, as far up as Healey's Falls, have been all destroyed, and the lumbermen will have to resort to the old method to bring their lumber down. Some of the timber merchants have already made arrangements with the Cobourg and Port Hope and Lindsay Railway Companies, to have their timber moved by Railway. The damage to these works is estimated at $60,000.

PRESENTATION TO CAPT. WERNER.—On Monday night after parade, the non-commissioned officers and men of No. 5 Co. 14th P. W. O. Rifles presented Capt. Werner with a very handsome gold chain and locket, in appreciation of his many acts of kindness and as a token of the very high esteem in which the gallant Captain is held by both officers and men. The chain is very heavy Albert and was purchased in Montreal. On the inside of the locket are engraved the words, "Presented to Captain Werner by the Non-Commissioned Officers and men of No. 5 Company 14th P. W. O. Rifles, as a token of their esteem."

After the presentation Captain Werner entertained the officers and men of his Company at supper at the Albion Resturant. Capt. Thibodo and Ensign Lally were present. Several toasts were proposed including of course that of Capt. Werner, and speeches made, and after a pleasant evening the Company dispersed at a seasonable hour.

THE RED RIVER BOATS.—The Ottawa *Mail* stated lately, and the assertion has been wisely circulated, that the boats built for the Red River land and water route were unfitted for the purpose intended. We can speak for those built in Kingston, that they answer fully their design. They are strong and capacious, and still of light draft and easy to be handled. Those who have seen them, we are sure, could conceive nothing more suited to the purpose.

THE LATE WARDEN.

To the Editor of the British Whig:

SIR,—With reference to your remarks on the late Warden, let the dead alone, unless you wish to provoke a controversy.

X.

Kingston, April 26th, 1870.

*** And why not a controversy?

POLICE COURT, TUESDAY.

Before the P. M.:

Elizabeth Albert, who has just come out of gaol, was charged with drunkenness and vagrancy. The prisoner appeared in Court minus her hat and looking very penitent indeed. The Police found her on the railway track nea. the Tete du Pont barracks in a most helpless state of intoxication. The Magistrate gave her one chance more and she dug.

Jas. Gowan, drunk and disorderly, was reprimanded and discharged.

ROME.

INFALLIBILITY.

Rome, April 23.—The police are active in destroying pamphlets issued by Hefel Ramesber and Swartzenburg against infallibility. Photographs of these gentlemen have also been seized.

Vienna, April 23.—There is a strong movement in Tyrol for secession from the Roman church in case the question of infallibility is pressed upon the Council.

WINNEPEG.

SCENE IN THE HOUSE AT WASHINGTON.

In the United Senate on Saturday Mr. Chandler, of Michigan, made a buncombe speech against the British lion. His theme was Winnepeg, and he showed the Senate how England owed them for half of the expenses of the war, and ought to be made to pay in real estate. He claimed the whole boundless North was theirs, but was willing to take the Red River on account. The dastardly Britons came in for a large share of his withering scorn. He felt that they could whip them with the utmost ease. Our volunteers are superior to the soldiers of other nations. The United States is the strongest military power on the earth, &c., &c. Mr. Chandler was followed by Mr. Rumsey, who hoped that no British soldiers would be allowed to cross American soil to chastise the Winnepegans, and by Messrs. Howard and Sumner, who were equally full of fight. After this farce, which produced peals of laughter from the grave Senators the subject was quietly permitted to go to sleep.

Catarrh, a disease which distresses us and disgusts our friends, can be instantly relieved and quickly cured by using Dr. J. Briggs' Allevantor, an invaluable Remedy for all pain and inflammation. Sold by E. H. Parker and R. White, Kingston, and all Druggists.

Riel, the Red River Tyrant.

Some worthless bard invokes the muse,
With Riel's inglorious name;
And on that tyrant's bloody deeds,
Erects a hero's fame.
The loyal heart, the honest soul,
Reject a traitor's rhyme,
And brand that base, ignoble wretch,
Who glories in his crime.

Puff'd up with vile presumptuous power
Proud Riel mounts his throne,
And belches forth his stern decrees,
To let his power be known.
Around this Prince of Beesebub,
His courtiers bend the knee;
But those who spurn his lawless power,
Are forced to fall or flee.

A sovereign on his lawful throne,
Tho' tott'ring in his might,
Would spurn to wield so base a power
To justify his right.
But in this bastard's savage breast,
No manly honor reigns;
His courtiers are but servile imps,
Who forge his cruel chains.

Behold the victim at the stake,
His life a moment's breath,
And friends are pleading, but in vain,
To save poor SCOTT from death.
The murd'rers fall on bended knees,
But mock their God in prayer,
To plead His mercy on that soul,
Their mercy would not spare.

The tyrant leader gives command,
The deadly missiles fly,
The victim falls—but still his life
Unwilling seems to die.
His head they pierce—yet, still he lives,
And gasps with dying breath;
The savage monsters mock his pangs,
And triumph o'er his death.

A patriot to his country's cause,
A martyr's death he died,
Because he claim'd those rights and laws
The tyrant's power denied.
His blood for justice loudly cries,
His pangs are doubly felt,
Our nation's voice in wrath replies,
And vengeance shall be dealt.

Injustice to our fellow race,
Has never stained our laws,
We've always spurn'd the tyrant's rod,
To vindicate our cause.
But when a vile usurping wretch
Becomes our murd'rous foe,
The power that would have justice shown,
Shall them no mercy show.

St. Jean Chrysostome,
Chateauguay Co., P.Q.

RED RIVER EXPEDITION.

The Red River expeditionary force will consist of 1,800 men, and the command has been assigned to Col. Wolseley, 800 being Canadian Volunteers drafted from the different battalions, as detailed in the general order, and 1,000 men being British regulars, drafted from the forces now in Canada, whose places will be filled by troops to be despatched from England. It is intended to form a Camp of Instruction at Collingwood on the 1st May proximo, and the expedition will start thence as speedily afterwards as they are in a complete state of efficiency. It is a fact that some cavalry will form a part of the expedition. But such cavalry will be formed at Fort Garry and act as mounted police under Capt. Cameron, R. A., who has already enlisted a number of men for this special service.

BRIEF MENTION.

Riel is said to have only forty or fifty men under arms.

The Toronto Car-Wheel Co. has been formed. It can manufacture 50 wheels per day and have already received large orders.

The refuse of a feather bed in the ribbon of the hat is coming in again among young gents as a peice of "swell" head-gear.

Capt. Cameron has engaged fifteen Canadians in Montreal to make up the quota required of French-speaking men for the Red River Police Service.

The Silver movement is working well in Belleville. Presto, American silver. It has gone.

The famous Esmonde Will case, Dublin, has been compromised.

There is something original in the Quebec Telegram anent the City Election: "All quiet now. The fighting will not probably commence till the returns are announced at the polls."

A horse is like a thief and a reporter, simply because he's fond of takin' oats.

The total exports to Cape Vincent last week, as entered at the American Consul's office, were $17,872, and included 145 Cows, 20 Steers, 7 Horses, 530 lbs. Butter, 40 tons Pig Iron, 13,240 bushls. Rye, 6,350 bushels Barley and household goods.

"Hanging is played out," in one instance in England, if not in New York. A condemned prisoner has a malformation of the neck which will prevent a proper execution and cause lingering agony. Other means are now sought to shuffle off his mortal coil for him.

The Belleville Intelligencer says that fish are plentiful on the market there, but like the people, they are all suckers.

Beggars may be got rid of at present by offers of employment at sawing wood or digging garden.

Just the weather to make gardening operations active.

Messrs. Smith, Brown and Robinson request us to publish a disclaimer from them that they are included among the candidates for the vacant Wardenship. They are, with ourselves, the only persons we can state positive are not candidates.

Good motto for merchants, manufacturers and tradesmen generally:

"Early to bed—early to rise—
Never get tight—and advertise."

The water is "going back" very slowly on Montreal.

Lady Young's reception at Rideau Hall, on Saturday, was largely attended.

A foolish fellow, named Thorne, proposes, to make a series of leaps from the heights at Niagara Falls, *a la* Sam Patch.

A sow, with a load of cattle, while being towed to Morristown, was swamped nigh the American shore, and twenty-nine head were drowned. Loss about $1,000.

HOMAGE TO RIEL'S DELEGATES.—When Father Richot and Scott were discharged at Ottawa they were followed to the Bishop's palace by about a couple of hundred Frenchmen, and on their arrival at the palace, numbers shook hands with the delegates and congratulated them. Somebody called for three cheers for Father Richot, and the crowd took off their hats to respond; but the Father expressed his wish that there should be no demonstration in his favor.

A PARADISE FOR CRIMINALS.—The ruffian Chambers, who deliberately shot down Mr. Voorhees, in a bar-room in New York a month or two ago, was tried for the murder last week. There was not the shadow of a doubt of his guilt; yet the jury, without leaving the box, declared him innocent of wilful murder on the ground of insanity, and sent him to an asylum instead of the gallows. On leaving the court he remarked that he had played off insanity well, and expressed the hope that the asylum was a comfortable place to live in. But it is not likely that he will be allowed to live there long. Some of those days his friends will have him up on a writ of *habeas corpus*, the result of which will simply be his discharge from custody on the ground that he is no longer insane. He will be turned out on society again, and probably become a prominent ward politician, and "one of the most remarkable men in the country." New York is an exceedingly comfortable place for murderers.—*Telegraph.*

MARAVILLA COCOA.—*For Breakfast.*—The Globe says "Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London. 1
