SUFFOCATED.—A child about seven years of age, daughter of Mr. Samuel Mills of this city, died on Saturday from the effects of suffocation, caused by the poor little creature falling into the pit of a water-closet attached to the Queen St. School, and which is in a most disgraceful condition. Who is responsible for this frightful occurrence? An inquest should certainly be held, and the blame, if any, placed upon the proper shoulders.

DENIED.—The rumor, that either the Archbishop of Quebec, or the Bishop of Kingston, were instrumental in obtaining for the Hon. Hector Langevin, C.B., the distinguished order of St. Gregory the Great, just conferred upon that gentleman, is positively denied.

THE RAILWAY.—A meeting of the Directors of the Kingston and Madoc Railway is appointed for Saturday next 23rd inst.

SOAKED.—The Kingston forwarders are in ill luck. Those who live on the water must occasionally die, or the next thing to it, by the water. Mr. Thompson, of Messrs. Miller & Jones office, got in the other night while passing from the elevator to a barge by the plank giving way. He got out safely however, with assistance, after struggling a wee bit.

THE MARKET.—The Market on Saturday was not as large as usual, altho' well supplied with all the luxuries of the season, which might be had at prices within the reach of all, both rich and poor.

THE BAND IN THE PARK.—The Band of the P. W. O. Rifles, under the leadership of Professor Hindmarsh, performed in the Park on Friday evening to the great delight of a large number of our citizens. The programme was an excellent one and the execution of several pieces gave great satisfaction. The citizens are under infinite obligations to the fine band of the P. W. O. Rifles, and we trust they will be encouraged in their efforts to please the lovers of good music, by the Corporation voting them a handsome sum and thereby secure the services of the band at least once a week.

NEW BARGE.—One of the new steam barges, built in Kingston harbor this season, the *Carlisle*, has left for Openeica Lake on her first trip, to load lumber for Cape Vincent. She is a very fine boat of her class, is 108 feet in length, 7 feet in depth of hold, and 22 feet in beam; capacity 8,000 bushels grain. As soon as the grain season opens she will ply between the Bay of Quinte and Oswego. Her boiler and engine, which are found to work admirably, were constructed by the Canadian Engine and Machinery Co.

POLICE COURT, SATURDAY.

Before the P. M.:

The proceedings in this Court were not of a very diversified character this morning.

LARCENY.

Mrs. Lydia Stigney was charged with the larceny of a few old traps, in the whole not worth more than twenty-five cents, the property of Francis Little. The prisoner, who is a miserable drunken wretch, appeared in the dock with two of her unfortunate children—little girls. She admitted the charge and the Magistrate sennt her up for 14 days. Just after this case was disposed of the drunken husband of the unfortunate woman reeled into Court enquiring "what's up?" and after the state of affair was explained to him by the Magistrate, he was quietly informed that there was an old charge standing against him for assaulting his wife, and on which the P.M. had suspended judgment in order to see how the fellow would behave himself. The Magistrate now fined him $3. It was really a pitiable sight to see a whole family reduced to such a state of misery and degredation by that cursed whiskey.

HORRIBLE MURDER.

Toronto, July 15.

A horrible murder was perpetrated about five miles from this city last night. A laborer named F. M. Shepherd got drunk last evening. While in this state he usually labored under the impression that his wife was unfaithful. Last night, on returning home, the jealous demon seized him; he took a gun, loaded with shot, went to his wife's room, and fired at her. The charge struck her in the breast, tearing it frightfully. She lingered till this morning, when death came to her relief. Shepherd was arrested, and handed to the county authorities.

ODD TO SUMMER.

The hot weather in Boston has brought out the following ode to midsummer:—

Oh for a lodge in a garden of cucumbers!
Oh for an iceberg or two at control!
Oh for a vale which at midday the dew cumbers!
Oh for a pleasure-trip up to the Pole!

Oh for a little one-storey thermometer,
But nothing but Zeroes all ranged in a row!
Oh for a big, double-barrelled hydrometer!
To measure this moisture that rolls from my brow!

Oh that this cold world were twenty times colder!
[That's irony red hot, it seemeth to me.]
Oh for a turn of its dreaded cold shoulder!
Oh what a comfort an ague would be!

NEW INSURANCE COMPANY.—The Agricultural Insurance (Fire) Company of Watertown, N.Y., has complied with the requirements of the Canadian Statute, relative to Foreign Insurance Companies transacting business in this country, and deposited $51,500 in U. S. bonds in the hands of the Receiver General of the Dominion. The "Agricultural" stands at the head of the ninety-four Insurance Companies of the State of New York, and its stock is worth double of any other company in the State. The assets of the company are $498,894, and the net surplus $207,028. Each share of $100 of the stock is worth $307.03, which shows that the affairs of the Company are in a healthy state.
