POLICE INSPECTION.—There will be a meeting of the Board of Commissioners of Police at their Chambers this morning at 11 o'clock. The Police Force will be inspected as usual and other business transacted. We trust that the memorial of the Police, asking for an increase of pay, will be favorably considered by the Board, as the amount which they are in receipt of at present is hardly sufficient for daily wants. We have an admirable Police Force and it should be liberally remunerated.

Families Travelling may secure elegant suits of rooms, by telegraph, at the American House, Boston, with every convenience for comfort or luxury. Messrs. Rice have won an enviable reputation as landlords.

TROTTING RACE.—To-morrow a match for $100 a side, is to come off at Belleville, between the Belleville trotter, 'Dutchman,' and the Kingston horse 'French Boy.' The race is to be at mile heats, best three in five, Dutchman to go to waggon, and French Boy in harness.

KINGSTON GARRISON.—It is arranged that the Royal Artillery and detachment of the 60th Rifles are to move out of Fort Henry, Kingston, this morning, at which time the fortification will be taken over by the Dominion Government. The Royal Artillery, with the exception of the Inspector of Military Stores, his foreman and the non commissioned officers attached to the control department, will join their battery at Quebec; and the 60th Rifles will be quartered in the Tete de Pont barracks, which for a short time longer will be held in Imperial possession.

THE SMALLEST MAN.—General Littlefinger did not prolong his stay at the Capital. On Friday he arrived in Kingston, and found that his fame had preceded him. He was the observed of all observers, and hundreds of persons, singularly, thought it a privilege to buy a photograph from so diminutive a specimen for 25 cents. He is certainly all that the fancy of the Ottawa writers painted him—one of smallest men in the world; a genuine rival to Tom Thumb. As a proof of this we may mention he is only 31 inches in height and weighs but 28 lbs. His reputed age is 21 years but this is a subject on which, like many ladies, he maintains a masterly reticence, with evident good reason.

PATENTS.—Among the new Canadian patents issued, and recorded in the *Official Gazette*, is the following:

No. 225. Absalom Briggs, of the township of Wolfe Island, for certain new and useful improvements in the construction of knives for reaping and mowing machines.

WHO WAS IT?—The New York *Sun* says:—At Kingston, Canada, a dry goods clerk was recently accommodated with the loan of a revolver to blow out his brains with, in order to spite a lady who had rejected him and married another. On sober second thought he sold the revolver and got drunk.

HIGH.—It is truthfully said that Canadians when they go abroad make their mark well. Case in point: Watertown is agitated over what is termed an elopement in high life, a business daughter marrying a hired man from Canada. How is that for high?

OVER.—The hay harvest is over, and in the beginning of next week the farmers in this section will be in the midst of the grain harvest; as under the influence of the continued hot weather cereals will ripen rapidly. Laborers are scarce, but as many farmers have provided against such possible contingency by bringing machinery to their aid, but little inconvenience will be occasioned in consequence.

THE MURDER.—A contemporary says that "claimants for the reward offered for the capture of the Traill murders are very numerous." Are they indeed? There were not so very many present at the capture.

POLICE COURT, SATURDAY.

Before the P. M.:

There has been very little doing in this Court for the past few days.

This morning there were only one case on the docket, that of Thomas Knox, for drunkenness. Thomas was fined the usual $1, which he planked and very kindly invited the whole Court out to drink.

Three men, named respectively Knox, O'Hara and Whelan, were arrested by the police about eleven o'clock in the forenoon, charged with being disorderly and fighting on the street at Mrs. Griffin's corner. The two former were fined $5 each, and the latter was discharged. O'Hara gave notice of appeal, and the Magistrate ordered Knox and him to find sureties to keep the peace. O'Hara also laid a complaint against Whelan for an assault, and asked the Magistrate to bind him over to keep the peace.

DREADFUL FIRE IN THE WOODS—THREE PERSONS PERISH.—The woods in the vicinity of Stanstead, Shefford and Chambly have been on fire some time, and a French Canadian having been surrounded by a belt of fire, placed his family, consisting of his wife and three children, in a wagon and started them off to their neighbors. The flames overtook them, and the poor woman and two children were burned to death. The eldest of the children escaped but was so badly burned that it is thought she will not recover.

S. bonds in the hands of the Receiver General of the Dominion. The "Agricultural" stands at the head of the ninety-four Insurance Companies of the State of New York, and its stock is worth double of any other company in the State. The assets of the company are $493,804, and the net surplus $207,028. Each share of $100 of the stock is worth $317.03, which shows that the affairs of the Company are in a healthy state.

Mr. Henry Cline is the General Agent for Canada, and his office is in J. C. Clarke & Co's Exchange Office, Corner of Ontario and Clarence Streets, Kingston.

The use of Tobacco causes indigestion, palpitation, slowness of intellect, a desire for strong drink, and an intermittent pulse; it destroys the vitality of the blood, produces dizziness, disturbs sleep, makes a man unstable and prematurely old. When the diseases are serious and stubborn the best remedy is FELLOW'S COMPOUND SYRUP OF HYPOPHOSPHITES, as it restores the circulation, the nervous ganglia, builds up the muscles, and induces healthy Liver, Heart, Stomach and Intellect.

Price $1 50 a bottle; 6 for $7 50. Sold by apothecaries and by E. Cundill & Co., wholesale agents, Montreal. 174

Alkabasar

ARRIVED AT LAST.

THIS elegant Turkish Tonic is one of the most salutary and delicate preparations ever submitted for public approval in this hemisphere, and asserts its pretensions to patronage on the following grounds:—

That it is a preparation of one of the most eminent Purveyors to the Ottoman Court.

It prevents acidity of the stomach.

It relieves lowness of spirits.

It is a mild and invigorating tonic, and and a most efficient but innocuous stimulant.

It renders the breath sweet and agreeable.

It stimulates the appetite if taken *before* meals.

It promotes digestion if taken *after* meals.

It neutralizes the propensity for strong liquors.

It renders the intellect bright and clear.

If taken habitually it imparts vitality and energy to all the bodily organs.

By its use the man of 70 will become, as it were, restored to the elasticity of 30; and to persons of delicate constitutions it is strongly recommended.

It is an especial favorite with Oriental ladies.

Secure then health, longevity and vital energy by the habitual use of the

ALKABASAR TURKISH TONIC.

Kept in stock by the principal Druggists and Grocers in the Dominion.
