THE SUDDEN DEATH IN BEDFORD.—The Coroner's papers in this case were yesterday returned to the Clerk of the Peace. It appears that the deceased, Mr. Jolin Anderson, a wealthy and respected farmer of Bedford, had attended the township nominations at Fermoy, where he had been named to be returned again to the office of Councillor, which he then held. A great deal of liquor was drunk over the elections during the day, and at night when he left for home in a double sleigh with his brother-in-law and three other voters, Anderson was in a helpless state and laid in the bottom of the sleigh. When the party arrived home, he was found to be quite dead. An inquest was called for, and Coroner Cowdy proceeded to hold it. Medical testimony went to show that death was caused by apoplexy, and a verdict was rendered in accordance.

THE CITY BRASS BAND.—The city was made musical on Christmas Eve, and again on Monday afternoon, by the strains of the new City Band, of which Mr. W. H. Hindmarsh is leader. They made their début, playing through the streets, and serenading the prominent citizens. Their playing abundantly proved that Kingston can support two good amateur bands. The 14th Battalion Band made a promising debut a couple of weeks ago, and the City Band, composed of older players and organized in shorter time, is clearly a rival. The more the merrier, as competition is the life of professions as well as trades.

NEW PRIZE COLLARS.—W. J. Percy has just received at his Clothing Store, Brock Street, One Thousand Boxes of the new Prize Collars. In every 10 boxes he will guarantee five prizes. The manufacture guarantees the prizes to be worth from 50 cents to $1.00.

THE PROVINCIAL PENITENTIARY.—It is now stated with much probability of truth, that Mr. Creighton will take charge of the Provincial Penitentiary in the first week of January. He has not yet been gazetted.

COLD.—Cape Vincent has had the frost 14° below zero. The snow is very deep in the village and neighborhood, being over the tops of the fences. The trains on the Rome and Watertown railroad have been snowed up a second time. Yesterday the str *Watertown* had to remain over all day at the Cape waiting for the train to arrive, and carry its passengers to Kingston. Therefore the Nellie Nelson Troupe did not arrive here to appear last evening in the announced piece "Lost in London."

ARRIVALS.—Joseph Tisdale and Wm. Macdonald, two young men, arrived here yesterday from St. Thomas for a four years' residence in the Kingston Penitentiary. They were convicted of conspiracy to impose counterfeit money on the public.

POLICE COURT.

Before Mr. Creighton.

MONDAY.—The police had a jubilee over Christmas this morning. The lambs for the sacrifice and the attendance of ye gods in the parquette were all that could be desired. Though a holly-day generally it was no holiday in the temple of justice. The liberties of the subject are dearer than the reverence due to the merry season.

W. J. Gibson had only been drunk—only this and nothing more. Discharged, with a slight admonishment, not calculated to lacerate his wounded feelings.

Robert Burke was charged with vagrancy, which, of course, Robert thought was severe on an old man. He was let off on promise of amendment. Daniel and Elizabeth Madden, the well known blind beggar and his faithful sponse and guide, were charged with having no visible means of support—a base slander, where were their legs? They proved it a slander by promising to stump it all the way to their unappreciative native place, Brockville, if let off. Mr. Creighton was happy to have the city rid of them so easily, and speedily entered a noble prosequi.

A resident on the Montreal road named Belangean charged Chas. Duncan, one of a party who were keeping Christmas not wisely but too well, with wantonly assaulting him on Sunday. The little diversion cost Duncan $10 and costs. Young men, pause and take warning.

Peter Christie, a young man of 22 years, was charged with larceny. Wm. McCarthy of Ernestown, a passenger for the G. T. Railway, was sleeping in the waiting room at the Kingston depot, and his watch, the chain of which was exposed, was stolen from his pocket. The prisoner was the only occupant of the room, and taking his leave rather strangely about the time the article was missed, was followed by G. T. R. Constable McDermott and arrested with it in his possession. He pleaded hard before Mr. Creighton that he intended to return the watch—very likely, and still harder for a lenient punishment. In consideration of his having a mother to support, and his antecedents not being known to be bad, he was committed to gaol for 30 days. The curtain fell to slow music.

TUESDAY.—The only victim of too much festivity was Benjamin Clark. He was discharged in consideration of the season. There were three old stagers. Robert Burke was up again, after being discharged, and with Mary Healey and Ellen Little, les miserables, was sent up for 60 days in gaol. No more.

AFTERNOON SESSION.—Three young men named respectively, Christopher Gaskin, H. F. McKeever and one Dandy, were brought before the Police Magistrate this evening, charged with assaulting Mr. John Henderson, book-seller, and his two clerks, Daniel McFarlane and Robert Kennedy, about half past two o'clock on Saturday morning last at the corner of Princess and Wellington sts. Two of the party only were identified by the prosecutors. McKeever was fined $5 and costs; Gaskin $7 and costs, and Dandy not being identified was discharged.

DR. WISTAR'S WILD CHERRY BALSAM.—This Balsamic compound has become a home mixture. Let all who suffer, and have in vain attempted to cure their coughs, colds, bronchial or pulmonary complaints, make use of this unequaled remedy. It can be relied upon the mass of testimony that has been published since its introduction, being ample proof of its efficacy. 305

The Bishop of Montreal wants to establish a Roman Catholic University in that city. There is Regiopolis College Kingston, to answer every purpose, we should judge.

The Bishop of Montreal prohibited nunnery school children going home for Christmas in consequence of the Pope's humiliation. The liberal Catholic families are indignant at such assumption.

Rev. Father Morrison, of Napierville, and Mr. S. Paynette, of Montreal, have been tried and convicted on a charge of assaulting a bailiff in the execution of his duty. Sentence has been deferred.

If the Bay of Quinte were suddenly to dry up, it would not produce as much excitement as reigns in Belleville over the Municipal Elections. The two candidates for the mayoralty, Messrs. Robertson and Holden, are in a glorious state of anxiousness.

Murray, who is charged with having killed Ryan near Tyendinaga, about a year ago, after serving three months in the Syracuse penitentiary, and paying a fine at Pulaski this week, for beating a constable, has again been set at liberty. The Canadian authorities did not appear anxious to get him.

Many of our readers will sympathize with the Premier of Quebec, the Hon. Mr. Chauveau, in his sudden loss of his third daughter, who has died at Bermuda of yellow fever. A month ago she was married at Quebec to Lieut. Glendonwyn of the 69th Regiment, and accompanied her husband, along with his regiment, to that island. The sudden bereavement of the Premier was very feelingly alluded to in the House of Assembly.

Mr. Richard Wallace, the testementary heir of the late Marquis of Hertford, has given away £20,000 in Paris alone within a period of little more than two months to necessitous Englishmen and the inhabitants generally.

The London police magistrate have lately adopted a course excessively annoying to those dashing fellows of the "jolly dog" type, who, giving full play to a free flow of spirits, turn off gas, punch policemen's heads, and are obtrusive in their attention to women. They send these choice spirits to jail for a month with out the option of a fine. It is a good precedent.

Ex-Governor Eyre has settled down in the country. The total fund raised for this gentlemen was £15,000. More than half of this was absorbed by law costs, and expenses and he received a cheque for £7,000. The Government will pay him £4,000 to defray the cost of his defence, this being the rule when the defendant is a Government servant put on his trial for charges relating to his official duties.

Queen Victoria did a very graceful and gracious little action lately. Hearing that the ex-Empress had mentioned that amongst the articles specially regretted which she had been compelled to abandon in her hasty flight was an album given to her long ago by the Queen, containing various interesting portraits, Queen Victoria immediately gave orders that a fac-simile should be made and despatched to the imperial refugee.

A DREADFUL CATASTROPHE.

Christmas morning at Richmond, Virginia, was ushered in by a terrible fire. Spottiswood Hotel, a large five-story building, was discovered to be on fire at 2.15 in the morning, and before all the inmates could be aroused egress through the doors was impossible. One man jumped from a three-story window, and was fatally injured. Several ladies appeared at one of the fifth story windows and screamed for assistance, but before they could be reached the floor gave way, and they perished in the flames. The guests lost all their clothing, and the ladies had to walk barefoot over the snow to places of shelter. An incident of the fire was the appearance of a man at one of the upper windows, paralized by fear, who sat tearing paper into small pieces, and throwing them out of the window, till he fell back into the flames. Among the remarkable escapes was that of C. Shaffer who was in the 4th story and escaped by dropping from window cornice to window cornice until he reached the ground. He was badly burned, however the night was the coldest for thirteen years.

AN EXTRAORDINARY SHOT.—A French sergeant fighting the other day at Cheilly, had just discharged his piece, when he felt a violent kick from it, and found that he could not load again. When the musket was examined, it was discovered that a Prussian bullet had entered, clear and clean, at the muzzle, and had gone right down the barrel. It may be safely said that such an extraordinary shot has never before been fired. Yet, at the siege of Rome, in 1849, a cannon ball from the ramparts went into the mouth of a French gun in the same manner—a still more remarkable instance that "every bullet has its billet."

GOOD NEWS FROM IRELAND! During the Irish famine we sent a million dollars' worth of food to Cork. Ireland is now repaying the debt with interest; not from her exchequer, not from harvest fields, but from the adamantine rocks on her coast. An enterprising company in New York is importing ship-loads of the edible moss that grows on her cliffs, and converting it under the name of Sea Moss Farine, into an economic source of nourishment and palatable food. The new source of aliment is prepared under a patent, and although but a year in the market, has already taken precedence of all the gelatinous agents heretofore used in cookery. No epicure who has tasted the puddings, custards, and jellies made from Sea Moss Farine, will deny that they are incomparably. The saving effected by using this article instead of maizena, farine or corn starch (all of which it excels in palatability), is about fifty per cent.

BREAKFAST.—EPPS'S COCOA.—GRATEFUL AND COMFORTING.—The very agreeable character of this preparation has rendered it a general favourite. The CIVIL SERVICE GAZETTE remarks:—"The singular success which Mr. Epps attained by his homœopathic preparation of cocoa has never been surpassed by any experimentalist. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills." Made simply with boiling water or milk. Sold by the Trade only in ½lb., ¼lb., and 1lb. tin-lined packets, labelled—JAMES EPPS & Co., Homœopathic Chemists, London, England.

VERY NATURAL.—When a person has proved an article and found it good, and answering the purpose for which it is intended, he will not readily abandon it for one of doubtful reputation, or concerning which he knows nothing. We are led to make these remarks owing to the course always pursued by those who have used that celebrated and truly valuable homemedicine known as "Darley's Condition Powders and Arabian Heave Remedy." All are so well pleased with it that they will not use any other; many have waited several week until the agent could obtain a new supply. There is nothing equal to it as a condition medicine, or for any complaint affecting the wind of horses. Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all Medicine Dealers.

TWO QUESTIONS EASILY ANSWERED.—Why should men wear beards? Because they are a great protection to the throat and lungs, and add much to their personal appearance.

Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, Hoarseness, &c., they act like a charm. Ministers and Lawyers use them, physicians recommend them, and singers and public speakers say they are the very best medicine in existence for the cure of such complaints. Sold by all medicine dealers, at 25 cts per box.

MARAVILLA COCOA.—*For Breakfast.*—The Globe says "Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London.
