THE CASH BONUS SYSTEM

OF THE

LIFE ASSOCIATION

OF SCOTLAND

(Class A.) reduces the outlay of the Policy-Holder to 12s. 6d. or 15s., instead of 20s. per £1 of the usual premiums. Until the time of participation in Bonuses, a portion only of the premiums need be paid, and the Annual payments for Policies are thus as follows:—

Age.	£300	£600	£1000
30	$27 37	$15 62	$91 25
40	35 69	59 47	108 97
50	51 10	85 17	170 33

In Class B. the Bonuses are Accumulated as Additions to the Sums Assured, and are available as a Provision for the Policy-Holder himself in Old Age.

A late statement in the *Times* Newspaper, of the Business of 70 Life Offices, for 12 months, showed that out of 69 British Offices, Sixty-five transacted less business than the Life Association of Scotland.

TUESDAY MORNING, APRIL 11, 1871.

Town and Country.

THE HON. Mr. Campbell presented the report of the Directors of Penitentiaries to Parliament on Saturday.

MASONIC CONCERT.—This concert is to be quite public to all. Masons in good standing are, however, expected to appear in regalia.

ALL THINGS WERE BEAUTIFUL.—On Sunday evening there was a most brilliant display of aurora borealis in the heavens. These exhibitions have been so frequent of late as to be now interesting, simply.

ARRIVALS AT THE ANGLO-AMERICAN HOTEL.—Robert McCrobbs, Port Hope; H H Thompson; Belleville; George Hobert, New York; Dr Monson, Watertown; W E Dewes, do; Miss J Shaw & sister, New York; G E Wales, Syracuse.

PROF. SMITH'S CONCERT.—This Concert is promised on the 4th of May. Prof. Smith is actively preparing for it, and will be able to present the Overture from Tancredi in good form by the 14th Princess of Wales Own Rifles Band.

A CHEERING sign of improvement in Kingston is the great demand in the city for houses furnished and unfurnished. It will be some relief, when the new buildings now under contract and construction are completed. There is an unusual amount of buildings contemplated. An advertisment of a vacant house to let now excites considerable attention.

EASTER SEASON.—On Sunday the sacred edifices were filled, as become the day of the Church's release from her mourning, and the advent of joyfullness. St. Mary's Cathedral, spacious as it is, was filled by reason of the promised grandeur of the services, the number of Protestants attending almost equalled their Roman Catholic brethren. Yesterday being Easter Monday—a statutory holiday—the banks were closed, to the inconvenience of the business public.

THE CHURCH MUSIC IN ST. MARY'S CATHEDRAL.—The Music at High Mass on Easter Day and also that at Vespers on the same day was unusually excellent. Professor Des Rochers, the organist, has had these Services a long time in preparation, and the Choir did full justice to the pains he took. Some of the Solos was particularly well sung. The Cathedral was crowded to excess on both occasions. Were it not a church service, there would be much to say in praise of individual members of the Choir.

MARINE.—The early vessel fleet has all left for the upper lakes, and until the steamers move, there will be little to chronicle in port items. The tug Mixer was out yesterday on trial trip of the season. The schooner Eliza White arrived from Cobourg yesterday, and discharged 300 bbls of plaster at Jas. Swift & Co's, and left for Ogdensburg with balance of cargo—barley. The schooners Elvina and Geo. L. Wren have left Milwaukie for Kingston with wheat.

KINGSTON CRICKET CLUB.—This evening the Kingston Cricket Club is to meet at the Anglo-American Hotel, to make further preparations for the really promising season now setting in. The subject of home and foreign matches will be entertained, and the plans for the new Club House, the fund for which has been nearly completed by the generous subscriptions of the citizens, will be discussed and decided on. It will be an important meeting of the Club. Already the first practice has taken place, and the members are promising a much greater and yet needful practice this year. Matches are anticipated with the Oswego and Syracuse Clubs.

THE ASSIZES.—The Kingston Assizes will be opened to-morrow at noon, before the Hon. Mr. Justice Wilson. Mr. Jas. O'Reilly, Q.C., will act as Crown Officer. The civil docket will be a full and interesting one, and the criminal calendar is large. There are in custody to be tried: James Aussam, charged with the murder of his brother at the Grove; Jas. Markey, committed for larceny, stealing a coat from Mr. Thomas Makins; Thomas Gray, for larceny and burglary at Mr. Thos. Routley's. The following are out on bail, and will be called on to answer: Allen and John Palmatier, murder; Philander Allen and Peter Almond, two convicts remanded from last Assizes, attempting to escape; Henry Conley, Penitentiary, libel; Aaron Smith and Alexander Ely, larceny; Wm. David, receiving; William Jenkins, Samuel Jenkins, —Walker, rape; R. Parterson, manslaughter.

DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA is the best tonic for use, because it is the most physiological, being composed of ingredients absolutely essential to the development of the system. It speedily relieves Indigestion, promoting a vigorous appetite and hearty nutrition. All cases of debility arising from wasting diseases, such as Consumption and Scrofula, and diseases of the skin, diseases of the blood, prostration of the nervous system, caused by protracted mental exertion, anxiety, or over-work, will obtain immediate relief, frequently beginning with the first dose. It is a delightful cordial to take, and its use may be protracted for an indefinite period without becoming disagreeable to the patient. Evans, Mercer & Co., Wholesale Agents, Montreal, and sold by all Druggists.

SOFTENING of the brain is becoming uncomfortably prevalent. Statistics show that in ten years, 1856-66, 11,685 deaths were registered from this cause in England alone. This disease emanates from overtaxing the brain, and not supplying substance to replace the waste. By the use of FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES the material for thought is supplied, and mind made vigorous, and the body fortified against disease.

Price $1 50 a bottle; 8 for $7 50. Sold by apothecaries and by F. Cundill & Co., wholesale agents, Montreal.

BREAKFAST.—EPPS'S COCOA.—GRATEFUL AND COMFORTING.—The very agreeable character of this preparation has rendered it a general favourite. The CIVIL SERVICE GAZETTE remarks:—"The singular success which Mr. Epps attained by his homœopathic preparation of cocoa has never been surpassed by any experimentalist. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills." Made simply with boiling water or milk. Sold by the Trade only in ½lb., ¼lb., and 1lb. tin-lined packets, labelled—JAMES EPPS & Co., Homœopathic Chemists, London, England.

BEAUTY.—The largest collection of beauty ever published in the United States is afforded in the Parlor Album, advertised in another column. This Album embraces the finest specimens of chromo lithographs, steel engravings, and fine wood engravings ever afforded the public. The American Publishing Company of Rutland, Vt., desire an active Agent in every town and village, to whom they offer liberal terms. Read the advertisement of PARLOR ALBUM. 54

A GOOD HORSE.—There is much pleasure and profit in the service of a good horse, and but very little of either in a bad one; no person from choice will retain a bad horse, many, however are in possession of such who need no be. We think there are few horses so bad but that their condition can be improved and rendered more valuable and useful for their owners, to effect which, there is nothing equal to 'Darley's Condition Powders and Arabian Heave Remedy,' it has effected astonishing results in thousands of cases. Remember the name and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers. 82

AFTER WAR—pestilence and intemperance, could lead to the greatest destruction of human life, maiely, because it is considered by many to be of no consequence and hence systematically neglected, until a simple, curable disease is converted into a fatal pulmonary one. Everyone troubled with what is called a slight cold or cough, should immediately use Bryan's Pulmonic Wafers—they allay irritation at once, and exert a most beneficial influence on all the Bronchial and pulmonary organs. Sold by all Druggists and country dealers. Price 25 cts. per box.

THREE SCORE YEARS AND TEN instead of being the limit assigned to human existence, should be its average duration, if people would avoid the causes that excite disease, or use the proper remedies to remove it. At this season when the melting snows and the spring showers make earth and air equally damp, the respiratory organs are peculiarly liable to be affected, and a neglected cold often settles down upon the lungs, producing Consumption, Asthma, Bronchitis and other formidable disorders. Three remedies are however to be found which obviate such evil consequences, viz. HOBART'S PULMONIC TROCHES as an internal medicine; ARNOT'S ARNICA ANODYNE, used externally or the chest and throat; and in chronic cases, HOBART'S COD LIVER OIL WITH HYPOPHOSPHITES. Every one suffering from a cold should profit by this advice.

AYER'S AMERICAN ALMANAC, for the New Year, has arrived for delivery gratis by druggists to all who call for it. This little annual has the largest circulation of any book in the world, made by the fact that it furnishes the best medical advice which is available to the people—enables them to determine what their complaints are and how to cure them. It contains the startling announcement of the conflagration of a world, or the combustion of one of the stars in the firmament, with all its attendant planets. 60

No organ of thought or action can be employed without the assistance of the blood, and no organ can be employed safely or with impunity without a supply of healthy blood. With healthy blood the exercised organs become well developed, whether they be muscular or intellectual. By the use of Fellows' Compound Syrup of Hypophosphites the blood is speedily vitalized and purified, and so made capable of producing a sound mind and sound body.

HOW TO MAKE MONEY.—Send to the American Publishing Company, Rutland, Vt., for their beautiful Specimen Book, and make ten dollars the first day you show the book. Read their advertisement in another column, concerning the Parlor Album, and you will get full particulars. The Parlor Album contains more beautiful embellishments than any other work extant. The Specimen Book is sent free on receipt of postage.

MARAVILLA COCOA.—*No breakfast table is complete without this delicious beverage.*—"The Globe says" Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London. Export Chicory Mills, Bruges, Belgium.
