## NEWS

# School board taps reserve

Halton District School Board trustees have voted to use a portion of a reserve fund to pay for their attendance at an upcoming education symposium in Toronto.

At the Dec. 17 school board meeting, all 11 trustees voted in favour of spending up to a maximum of \$9,500 from the Reserve Account for Trustee Professional Development to cover the registration costs for the trustees, and registration and accommodation costs for two student trustees, to attend the Ontario Public School Boards' Association (OPSBA) Public Education Symposium (including the pre-symposium). The Public Education Symposium (PES) will be held Jan. 29-31 at the Sheraton Centre. The OPSBA symposium provides an opportunity for trustees to learn

about the role of a school board trustee as well as new and proposed provincial legislation and current issues in education.

The Halton public school board's all-female board of trustees is comprised of six new faces to the board from the Oct. 27, 2014 municipal election.

"The first PES in a term is specifically designed as an introduction to the role and provides many opportunities to learn and also meet other trustees from across the province. The pre-symposium workshop is being planned to be specifically ministry training," stated a motion from the five re-elected trustees in giving reasons why the symposium is important.
