THE CASH BONUS SYSTEM

OF THE

## LIFE ASSOCIATION

OF SCOTLAND

(Class A.) reduces the outlay of the Policy-Holder to 12s. 6d. or 15s., instead of 20s. per £1 of the usual premiums. Until the time of participation in Bonuses, a portion only of the premiums need be paid, and the Annual payments for Policies are thus as follows:—

| Age. | £300 | £600 | £1000 |
|---|---|---|---|
| 30 | $27 37 | $45 62 | $91 23 |
| 40 | 35 69 | 59 47 | 108 97 |
| 50 | 51 10 | 85 17 | 170 33 |

In Class B, the Bonuses are Accumulated as Additions to the Sums Assured, and are available as a Provision for the Policy-Holder himself in Old Age.

A late statement in the *Times* Newspaper, of the Business of 70 Life Offices, for 12 months, showed that out of 69 British Offices, Sixty-five transacted less business than the Life Association of Scotland.

THURSDAY MORNING, APRIL 13, 1871.

## Town and Country.

THE new term of Kingston Grammar School opened yesterday.

THE Oswego *Times* says that the Canadian Navigation Coy's steamers will run to that port from the first of May. Doubtful.

MERCHANTS' BANK stock is running up rapidly. There were sales in the city yesterday at 142½. Last week it was quoted at 124.

THE Revd. George Grafty of Kingston addressed the Chaboillez Square Church temperance meeting at Montreal on Tuesday evening.

ALL SAINTS' CHURCH.—At the Easter vestry meeting, the incumbent, Rev. Mr. Pless, appointed Mr. J. Stacey as Minister's Churchwarden, and Mr. J. J. Christie was elected for the people.

GARDEN ISLAND.—Arrived.—Schr. Denmark, Hamilton, timber; schr. Sweden, do., do.; schr. Trade Wind, do., staves; schr. Tranchemontagne, do., do. Cleared—Bark Gibraltar, Welland Canal; schr Denmark, Toledo.

CORRECTION.—In our report of St. Paul's Church Vestry we mentioned that the Vestry favored the wearing of the Surplice at Morning Service for *conscience* sake. It should have been *convenience* sake—a slight difference.

EXPORT OF HORSES.—A great load of horses, of very fine stock, was taken over to Cape Vincent yesterday by the steamer *Watertown*. They arrived from Belleville, in the *Rochester*, and are highly spoken of in an item from the *Ontario*, published elsewhere.

ON THE LAKES FOR KINGSTON.—From Milwaukee: Schr Elvina, 17,304 bu wheat; schr Knight Templar, 17,500 bu wheat; schr Monterey, Kingston, 20,000 bu wheat. From Chicago: Schr Idaho, 15,300 bu wheat; schr Hungarian, 17,015 bu wheat. 6—Bark Advance, 19,386 bu wheat; schr Hubbard, 14,736 bu wheat.

ARRIVALS AT THE ANGLO-AMERICAN HOTEL.—Henry J Pitt, Montreal; A R White, Hamilton; M C Wilson & wife, Montreal; Geo C Steel, Rochester, N Y; E D Jordan, London; John S Greenfield, Montreal; W Cole, Watertown; Mrs. Williams & child, Michigan; Wier Anderson, Kingston.

THE PREMIER IN WASHINGTON.—At the Grand Masonic Banquet in Washington, Sir John Macdonald was called on to respond to the toast to "Free Masonry." Sir John was received with great applause, and after thanking his auditors for a welcome as warm as the weather, gave a few incidents of his former visit to the country.

THE STEAMERS.—The "Passport" will be the first Passenger steamer for Toronto and Hamilton, leaving here on Wednesday next, at half-past five in the afternoon. She will proceed to Prescott on Tuesday, on a trial trip. The "Kingston," will follow her on the following day. Commencing on Tuesday the 25th, the steamers of the R. M. Line will begin their daily trips East and West.

THE WEATHER.—The months was undoubtedly reversed this season; we had April to a considerable extent in March, and now we have March in April. The peculiarities of the spring of 1871 are shewn by these facts: on March 18th a butterfly was out; on April 12th (yesterday) light,—though very light—flurries of snow fell—It is quite chilly and uncomfortable out doors.

MARINE.—The barque Fanny Campbell arrived here yesterday from Toledo, with the first timber through the Welland Canal this season. The sch. H. N. Todman, from Picton to Toronto, ran in yesterday for shelter from the gale prevailing on the lake. She noticed the sch. Denmark and other vessels under South Bay Point. The prop. St. Lawrence was re-launched from the shipyard at Portsmouth yesterday. She has been on the ways, all winter, for extensive repairs. She looks fine.

CAPE VINCENT.—The schooner L. S. Hammond arrived at Cape Vincent with 21,000 bushels of corn from Toledo, for Hammond & Barnham, being the first arrival of the season, at that port, of vessels from the upper lakes. The trade in ore from Cape Vincent has already grown to considerable magnitude. Fifteen lake vessels were in the harbor at one time this spring to load with ore for Cleveland, Detroit and Chicago.

ATROCITIES.—Kingston and neighborhood is getting notorious of late for horrors. We lately reported the brutal assault on and treatment of A. Grairat at Portsmouth, and to-day we have to record a case of deliberate stabbing at the G. T. Railroad Station. After the passengers by the 4:50 train sat down to dinner an apparently gentlemanly person took a seat immediately opposite a young lady. The carving knife lay before him. He without any sign of intention deliberately took up the carving fork and plunged it into the unsuspecting victim before him—into the breast of a deceased hickey. The man is still at large.

POLICE COURT, Wednesday.—One pensioner was brought up for drunkenness, and fined $2. Yesterday was quarterly pension day, but the court sheet does not shew a bad record, there being only this prisoner. Jas. Cullen was charged with tearing down a water pipe from the house of Robert Duncan. It was a trumpery case. Cullen was a tenant of complainant's and had put up the pipe. He thought he had a right to take it down on his leaving. To this Duncan demurred. The case was adjourned, but it is sure to go up spout in the end. A case of stone throwing, in which a very little boy was the accused, was put off, but as the complainant did not appear, the little fellow was allowed to go home on promise to come forward again if called on. The step mother of John O'Shaughnessy, a known Italian about town, took out a warrant against him for beating her. The case will come up this morning.

BEAUTY.—The largest collection of beauty ever published in the United States is afforded in the Parlor Album, advertised in another column. This Album embraces the finest specimens of chromo lithographs, steel engravings, and fine wood engravings ever afforded the public. The American Publishing Company of Rutland, Vt., desire an active Agent in every town and village, to whom they offer liberal terms. Read the advertisement of PARLOR ALBUM. 54

A GOOD HORSE.—There is much pleasure and profit in the service of a good horse, and but very little of either in a bad one; no person from choice will retain a bad horse, many, however fire in possession of such who need no be. We think there are few horses so bad but that their condition can be improved and rendered more valuable and useful for their owners, to effect which, there is nothing equal to 'Darley's Condition Powders and Arabian Heave Remedy,' it has effected astonishing results in thousands of cases. Remember the name and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers. 82

AFTER WAR.—pestilence and intemperance, could lead to the greatest destruction of human life, mainly, because it is considered by many to be of no consequence and hence systematically neglected, until a simple, curable disease is converted into a fatal pulmonary one. Everyone troubled with what is called a slight cold or cough, should immediately use Bryan's Pulmonic Wafers—they allay irritation at once, and exert a most beneficial influence on all the Bronchial and pulmonary organs. Sold by all Druggists and country dealers. Price 25 cts. per box.

BREAKFAST.—EPPS'S COCOA.—GRATEFUL AND COMFORTING.—The very agreeable character of this preparation has rendered it a general favourite. The CIVIL SERVICE GAZETTE remarks:—"The singular success which Mr. Epps attained by his homœopathic preparation of cocoa has never been surpassed by any experimentalist. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. Made simply with boiling water or milk. Sold by the Trade only in ½lb., ¼lb., and 1lb. tin lined packets, labelled: JAMES EPPS & Co., Homœopathic Chemists, London, England.

HOW TO MAKE MONEY.—Send to the American Publishing Company, Rutland, Vt., for their beautiful Specimen Book, and make ten dollars the first day you show the book. Read their advertisement in another column, concerning the Parlor Album, and you will get full particulars. The Parlor Album contains more beautiful embellishments than any other work extant. The Specimen Book is sent free on receipt of postage.

THREE SCORE YEARS AND TEN instead of being the limit assigned to human existence, should be its average duration, if people would avoid the causes that excite disease, or use the proper remedies to remove it. At this season when the melting snows and the spring showers make earth and air equally damp, the respiratory organs are peculiarly liable to be affected, and a neglected cold often settles down upon the lungs, producing Consumption, Asthma, Bronchitis and other formidable disorders. Three remedies are however to be found which obviate such evil consequences, viz. HOBART'S PULMONIC TROCHES as an internal medicine; ARNOT'S ARNICA ANODYNE, used externally on the chest and throat; and in chronic cases. HOBART'S COD LIVER OIL WITH HYPOPHOSPHITES. Every one suffering from a cold should profit by this advice.

MARAVILLA COCOA.—*No breakfast table is complete without this delicious beverage.*—The Globe says: "Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London. Export Chicory Mills, Bruges, Belgium.
