Patent Seed Sower

AND

HAND CULTIVATOR.

SINGLE OR COMBINED.

THE SEED SOWER combines in itself the Best Qualities of all other SOWERS. It marks its own rows, makes its own drills, and evenly drops and covers the Seed, fully accomplishing the difficult sowing of Onions, Carrots, Turnips, Peas, Beans, &c., &c., and being the only one that will sow Beets and Parsnips with regularity. No slides, weeds or brushes generally used in other Sowers and liable to disorder are used. The Cultivator so runs over the ground in a garden or among root crops, as to pulverize and mellow the soil and destroys the weeds and prevent their growth. It takes the place of half a dozen men, by entirely dispensing with wheel or Hand Hoes. To secure a Crop use the SEED SOWER for Garden or Farm. Sold at Manufacturers prices by

A. CHOWN.

AGENT for the JOSEPH HALL, Works of Oshawa. Orders for their Machinery, Printing Presses, Mowing Machines, &c., &c., thankfully received and promptly executed.

TUESDAY MORNING, ARIL 25, 1871.

Town and Country.

THE sidewalks are being patched up. Half a good plank is evidently considered better than one whole bad one.

THE S. S. *Peruvian* arrived at Father Point yesterday afternoon. Her mails will arrive this afternoon.

THE Hon. Alexander Campbell arrived in Kingston yesterday lafternoon by train. He will remain here a few days.

CATTLE.—The steamer *Norseman* made a trip from Cdburg on Saturday night, with 130 head of cattle, which were shipped to the States per str. *Watertown*.

SIXPENNY READINGS.—Of course every body is going to the Sixpenny Reading this evening. It will in all probability be the last of the season.

BATH TOLL GATES.—Road Stock may be said to be looking up. The Tolls of the Bath Roads were sold yesterday at an advance of 25 per cent. over last year. No. 1 Gate was sold for $570, and No. 2 Gate for $410.

NOW is the City Property being offered for sale. This is sensible. The city speculations in real estate have not been very remunerative. In fact this department should form part of some sinking fund or other.

THE SIXPENNY READING.—Mr. F. D. Cunningham, lately arrived from England, who is at present canvassing Kingston for the well known publishing house of Messrs. Virtue & Jorston, Toronto, has kindly consented to sing one of his favourite solos at the City Hall to-night.

STREET ORNAMENTATION. — Alderman Price is a model alderman, since he practices what he preaches. He is in favor of planting trees in the public streets, and has set a good example, by planting quite a number of healthy looking shoots on Bagot street.

CHANGE OF TIME.—The Brockville & Ottawa Railway and the Canada Central Railway changed their time-table yesterday, and put on another Express train, making four trains each way. The Express trains leave Brockville going north at 9.30 a.m., and 3:50 p.m.

RIVER ITEMS.—The harbor of Ogdensburg employs two steam dredges, with four scows. The intention is to have 15 feet of water in the channel. A petition has been presented to the Public Works Department, Ottawa, to make a light house of the historical Windmill one mile below Prescot. It would be a great advantage in ascending the river from the Galop Rapids.

COLONEL KERR.—In the Volunteer appointments in another column it will be seen that Major Kerr, of the 14th P.W.O. Rifles, is promoted to the well-deserved rank of Lieut. Colonel by brevet. As an energetic, persevering officer, Lt.-Col. Kerr is not to be excelled. He is very popular with the Battalion, which will hear with pleasure of his new honor.

ARRIVALS AT THE ANGLO AMERICAN HOTEL.—Thos Henderson, Rochester, N Y; H Dickson, Montreal; And Hodge, do; J Warwich, do; R Morden, Northforte; Dr Campbell, wife & child, do; E Edwards, Brockville; J J Wilson & wife, Oswego, N Y; Capt E C Gow, Ogdensburg; E B Woolf, Morrisburg; A McArthur, Toronto; Dr Lafferty, Perth; C P Daley, Toronto; Sam Day, Picton; Henry Marsh, Providence R I; H W Watson, New York; Mrs G P Ferren, Cape Vincent.

THE LAST OF REAL ALIAS MURRAY, FOR A WHILE.—The Oswego *Press* says: "The District Attorney has done the county good service by ridding it of Murray, the Canada desperado, who has brought nothing but trouble and terror into every community he has visited. He has commenced on his five years at Auburn. Before leaving the court room he said to the Judge, "It won't do a d——d bit of good!" He also threatens death to those instrumental in convicting him." Murray lately made a bold stroke for his liberty at Oswego gaol.

ST. GEORGE'S DAY.—Sunday was the anniversary of England's Tutelar Saint, but no body would have known it. Except that St. Paul's Church organ patriotically peeled forth the National Anthem at the conclusion of the morning service, it would have passed off unnoticed. However, it is the custom now, and the proper one, too, in Sabbath-observing communities, of which Kingston pre-eminently is one, to honor anniversaries falling on Sunday, on the Monday following. Yesterday, accordingly, the flags on the City Buildings were hoisted, and this example being followed by the custodians of all the public building, the day was noticed to some extent. Belleville had a procession and Public Dinner, and the spirited St. George's Society of that town made the day pass off with eclat. Bravo—the Englishmen of Belleville!

POLICE COURT, Monday.—Nancy Spence, who did not appear on Saturday morning, in accordance with her parole of honor, was taken into custody on Saturday evening at the Grove and brought to the Station house. This morning she gave bail in $100, and two sureties in $50 each, to appear at the first court, to answer the charge under which she was indicted—keeping a bawdy house. The report of the Grand Jury and the remarks of Judge Wilson will lead to a closer circumspection in regard to houses of ill-fame in the city for the future. On Saturday night the police made two radis on the Grove. In the first raid they got Mary Dalyonly; the other inmates and frequenters spred the advance of the minions of law, and fled in the direction of the depot. They returned, however, and so did the police, who nabbed Nell Black and three sailors. The latter were fined $5 each. Ellen Black was ordered to go to gaol or leave the city; Mary Daly was fined, and given the alternative of leaving the city.

THREE SCORE YEARS AND TEN instead of being the limit assigned to human existence, should be its average duration, if people would avoid the causes that excite disease, or use the proper remedies to remove it. At this season when the melting snows and the spring showers make earth and air equally damp, the respiratory organs are peculiarly liable to be affected, and a neglected cold often settles down upon the lungs, producing Consumption, Asthma, Bronchitis and other formidable disorders. Three remedies are however to be found which obviate such evil consequences, viz. HOBART'S PULMONIC TROCHES as an internal medicine; ARNOT'S ARNICA ANODYNE, used externally on the chest and throat; and in chronic cases, HOBART'S COD LIVER OIL WITH HYPOPHOSPHITES. Every one suffering from a cold should profit by this advice.

"CLEANSING THE BLOOD," upon which charlatans have harped so much, is not a mere catch-word and delusion. The microscope shows that some diseases exist like parasitic growths upon the globules of the blood, and it is further known that some subtle substances destroy or expel them. These substances have been combined to make Ayer's Sarsaparilla, which does effectually expel the disorders that breed and rankle in the blood, to rot out, as it were, the machinery of life. [Mercer (Pa.) Whig.] 86

☞ Consumption, so prevalent and so fatal, is dreaded as the great scourge of our race, and yet in the formative stages, all pulmonary complants may be readily controlled by using "Bryan's Pulmonic Wafers." They will relieve the worst cough in a few minutes, and have a most benefical influence on the bronchial and pulmonary organs—but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25 cents per box. 92

VERY SENSIBLE. Horse dealers who are supposed to know what affects their interest, purchase Darley's Condition Powders and Arabian Heave Remedy by the dozen and feed it to their horses for the purpose of improving their condition, which it always does—others should profit by their example. Remember the name, and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers. 92

THE mind governs the muscles through the Nervous System, as the telegraph apparatus is influenced be a remote operator through the wire. If the mind is impaired by age or other causes, the sympathetic nerves become debilitated, and through the nerves the muscles of the Stomach, Liver, Heart, Lungs or Genital Organs become weakened, and disease in the form of Dyspepsia, Disease of the Heart, Weak Lungs, or General Debility follow with their accompanying trains of evil. Fellows' Compound Syrup of Hypophosphites restores tone to the mind, the nerves and the muscles. In this way it overcomes disease. 92

Dr. Wheeler's Compound Elixir of Phosphates and Calisaya is the best tonic for use, because it is the most physiological, being composed of ingredients absolutely essential to the development of the system. It speedily relieves indigestion, promoting a vigorous appetite and healty nutrition. All cases of debility arising from wasting diseases, such as Consumption and Scrofula, and diseases of the skin, diseases of the blood, prostration of the nervous system, caused by protracted mental exertion, anxiety, or over-work, will obtain immediate relief, frequently beginning with the first dose. It is a delightful cordial to take, and its use may be protracted for an indefinite period without becoming disagreeable to the patient. Evans, Mercer & Co., Wholesale Agents, Montreal, and sold by all Druggists.

BEAUTY.—The largest collection of beauty ever published in the United States is afforded in the Parlor Album, advertised in another column. This Album embraces the finest specimens of chrome lithographs, steel engravings, and fine wood engravings ever afforded the public. The American Publishing Company of Rutland, Vt., desire an active Agent in every town and village, to whom they offer liberal terms. Read the advertisement of PARLOR ALBUM. 54

HOW TO MAKE MONEY.—Send to the American Publishing Company, Rutland, Vt., for their beautiful Specimen Book, and make ten dollars the first day you show the book. Read their advertisement in another column, concerning the Parlor Album, and you will get full particulars. The Parlor Album contains more beautiful embellishments than any other work extant. The Specimen Book s sent free on receipt of postage.

MARAVILLA COCOA.—*No breakfast table is complete without this delicious beverage.*—The Globe says: "Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London. Exports Chicory Mills, Bruges, Belgium.

TO BOARDERS.—A Vacancy for a few Boarders at No. 50 Brock Street. A Parlor and Three Bedrooms, to let Furnished.
