The London Line of steamers leave Quebec fortnightly.

☞ See advertisements on first page.

TUESDAY MORNING, MAY 23, 1871.

Town and Country.

THE city is for—rain!
THE dust is awful!

THE weather is fine for building operations, but it is fearful on the crops.

THE STEAMERS complain of poor lake and river freights. The grain forwarders are happy, though.

THE Rev. Mr. Bland does not approve of horse races, and does not wish his congregation to countenance any.

THERE was sport and excitement on the Catarhqui track last evening. The horses are taking their last "spurt," before the races.

CAPTAIN WERNER and Sergeant Kincaid, of the 14th P. W. O. Rifles, will probably be selected on the Wimbledon team.

IF the people of the city were to look minutely into the water they drink from the waterworks, it would make some of them feel uncomfortable.

THE COURT OF REVISION gladdened the hearts of some petitioners yesterday afternoon.

AN EXAMINATION of Gunnery School Cadets was going on before Col. French at the Drill Shed yesterday.

THE PHYSIOGS.—There was a display and Grand Procession of the Physiognoscopochriphal Society last night, but it was very late and we have only space to notice that it took place. More anon.

MR. J. J. LINTON.—The two severe paragraphs in the British Whig and Daily News, touching this Auctioneer, who was reported as absconding from Kingston, were both groundless, for Mr. J. J. Linton turned up on Monday morning all safe and sound, and made good his liability to Mrs. David John Smith. He certainly was most imprudent in his proceedings, and brought upon him, through his own imprudence, the censure of the Press.

THE STEAMERS.—At Swift & Co's.—Down on Sunday, steamers Kingston, Osprey, and prop. Indian, from Hamilton. Up, strs. Huron and Passport. The str. Picton passed up yesterday morning and the prop. Bruno arrived from Toledo with a cargo of corn for Montreal, of which she lightened 3,000 bushels.

FATAL FALL.—William Howell, carpenter, an old resident of Newburg, while working at a barn for W. Doran, of the township of Ernestown, fell from a scaffolding on Saturday and was instantly killed. His skull was literally smashed. The deceased leaves two daughters and two sons.

NEW MOON.—We have a new moon. This is the time for young ladies who wish to possess long and silken locks, to train their hair; so an old superstition reminds us. Somebody says that the Physing turnout comes so close on the season of the new moon as to give occasion for singular remarks!

ANOTHER FLEET.—Another grain fleet slanted in with the fair wind on Sunday, and is reported elsewhere. The harbor has been constantly active all season, and this last fleet has caused, but a temporary rush. It is pleasant to the flourishing state of the forwarding trade.

CHARTERED FOR KINGSTON.—At Chicago:—Schr. J. Latham, corn at 9½c. To Ogdensburg—Prop. City of New York, oats. To Port Colborne—Schr. Dick Somers and Golden Harvest, wheat at 5c. From Milwaukee: To Kingston—Schrs. Amaranth and J. M. Richards, and brig Saxon, wheat at 10c.

ARRIVALS AT THE ANGLO AMERICAN HOTEL.—Cool Burgess & wife, R V Ferguson & wife, Toronto; James Bankes, Charles Skatcher, New York; A Sutherland, C Wain, Wm Taylor, Toronto; F C Watson, Watertown; Geo W Conner, steamer Corin, Pilan; Geo E Campbell, Brockville; B F Wood, Ogdensburg, N Y; P Clark & Lady, Blomfield; Miss Brock, Blemfield; J C Jackson, Michigan; John P Williams, Rome, N Y;

MILITARY.—The Adjutant General of Militia, Col. P. Robertson Ross, will be in Kingston to-day, on business connected with the Volunteer Camp and rifle ranges. He will be present this evening at the inspection by Col. Patterson, D. A. G., of the 14th P. W. O. Rifles, at the conclusion of their annual drill. The battalion will muster strong, and there will be an attraction to the Drill Shed in the Battalion Band, which will play some of its best pieces.

THE WARM WEATHER has set in at last. On Saturday the weather was genial, but on Sunday it was warm—very warm. The heat coming on so suddenly, if not unexpectedly, was quite oppressive, and there has been a general casting off of thick garments. It has given life to vegetation, which was at a stand still. The rain if it had fallen yesterday as it threatened, would have given the crops a splendid start, and worked an immensity of good. The ground is now so hard that the blades can scarcely peep out. It will require an earthquake to loosen the ground and raise them.

COOL BURGESS TROUPE.—Last night owing to the great turn out in the streets the Galeto Vaudeville Troupe had not the great house it really deserved. It is an excellent company, the best that the popular man, Cool Burgess has ever travelled with and he has travelled with a number. The performance is very good indeed, and has every pretension to respectability and real excellence. Miss Agnes Sutherland is a charming vocalist, and Mr. Ferguson a capital commedian, and a fine vocalist besides, "Cool" who is always an entertainment in himself is as full of life and fun in white face character as a negro character delineator. To-night there will be a bumper house, we feel sure. It has been so hot for the last three or four days, that it would be nice if we could keep Cool for Wednesday.

THE BOAT RACE ON WEDNESDAY.—Those persons who desire to enter boats for the race on the Queen's Birthday, will have to do so this evening at Mr. Falconer before eight o'clock. The entrance fee is one dollar per boat, and the prizes will be; 2nd class $15, 3rd class $10, the second boat receiving the entrance money in their respective classes. The following boats intend entring:—2nd class—"Belle" "Island Maid," "Adams," and "Coulter." 3rd class—The "Junk," "Qui Vive," "Arrow," "Confederation," "Blue Eyed Maid" and "Dauntless." All the boats are good ones and the race no doubt in each class will be a close one. The start will be made from the Grand Trunk wharf at 8 30 sharp, and the course will be arranged so that that the the boats will be in sight most of the time.

POLICE COURT.—Monday.—Before the Mayor.—There was a batch of "obfuscatory" cases this morning, and the Mayor came down hard on some of their "feelinks"—Daniel McCarthy celebrated his return to town by a real old tear. He thought prices were higher in Kingston than formerly, when he was called on to pay $4 and costs. Angus McMurphy came from the country, and got on a spree. He was a stranger and they took him in. He was discharged with an admonition. Moses Redmond had been drunk and disorderly to the extent of $2 and costs, and Charles Crowley, who interfered for his friend and resisted the Police, was made painfully aware of sin in his case, by a demand for an atoning contribution of $3 and costs. The defendant in the case of alleged fraud and embezzlement, returned to the city on Saturday evening, and surrendered himself. This morning the case was settled, the plaintiff receiving the amount of his claim, and the case being dismissed. Six saloon keepers were charged with non-payment of license. Two of them came down, and the four others will be sought after. The case against George Houston, for non payment of poll tax, was settled, defendant paying the tax and the costs. Mary McClennan was charged with selling liquor without license, but the case was adjourned, as the witnesses are off for a cruise on the raging canal.

General Gossip.

The Queen, it is stated, intends to settle the estate of Balmoral upon the Princess Louise. It is a delightful spot on the beautiful banks of the Dee, and as it adjoins the ample domains of the Duke of Argyle, will be peculiarly acceptable to the the lately wedded couple.

It is believed that Parliament will assemble in November and adjourn over the Christmas holidays, and thus making it the last session of the present Parliament. The ratifying of the Washington treaty within six months is thought to be six months after action by the Senate or the Imperial Parliament.

Despatches from Cuba are of a more than usually sanguinary nature, and with a brevity that chills the heart state that probably a dozen persons were executed for various treasonable offences, while in actual warfare a raid resulted in the death of five leading rebel officers of lower rank.

According to the Halifax journals fourteen opponents of the Provincial Government have been returned to the Legislature, while there are two "independents" and twenty ministerial supporters. This is a great advance in the Confederate cause since the last elections in 1867, when the Unionists elected one member (Mr. Blanchard), and the repealers had everything their own way. The Government has been sustained, but its victory affords no ground for boasting.

"Declaration Day" did not pass over in Nova Scotia without the exercise of the privilege of protesting against the return of the successful candidates in the recent elections. Dr Hill, the rejected and unseated of Halifax, brought up charges of bribery and illegal proceedings against Mr. Garvie. Similar action was taken in several other counties; and the new House will have a number of contested elections to dispose of.

MR. FELLOWS is daily in receipt of letters of enquiry, from various parts, respecting his Syrup of Hypophosphites. One recently received, leads to the belief that the public mistake his meaning in reference to its effect in imparting superior energy to the mind. Where the intellect has been impaired by overwork or by kindred causes, the use of the Syrup, together with proper precautions in the use of food, clothing, exercise and rest, will restore full power to the brain and nerves. Superiority of genius consists in great capacity of brain for assimilating material from every quarter, and of developing in proportion, but as by far the greater number are not well-endowed by nature, consequently lacking this capacity, it would be quite impossible to find cranium space for material necessary to constitute the brilliant genius. Hence, although the Syrup will assist in restoring the mind which is lost, it cannot change a natural born idiot into an intelligent man.

THREE SCORE YEARS AND TEN instead of being the limit assigned to human existence, should be its average duration, if people would avoid the causes that excite disease, or use the proper remedies to remove it. At this season when the melting snows and the spring showers make earth and air equally damp, the respiratory organs are peculiarly liable to be affected, and a neglected cold often settles down upon the lungs, producing Consumption, Asthma, Bronchitis and other formidable disorders. Three remedies are however to be found which obviate such evil consequences, viz. HOBART'S PULMONIC TROCHES as an internal medicine; ARNOT'S ARNICA ANODYNE, used externally on the chest and throat; and in chronic cases, HOBART'S COD LIVER OIL WITH HYPOPHOSPHITES. Every one suffering from a cold should profit by this advice. 104

COUGHS AND COLDS, when left to themselves, frequently bring on pulmonary complaints, which lead to that distressing and fatal disease, consumption; but if attended to in time, "Bryan's Pulmonic Wafers" are a certain remedy.—They stop the irritating cough, and soothe and strengthen the bronchial tubes, allaying all irritations and inflammation. They are also particularly adapted for the use of singers and public speakers. Sold by all Druggists and country dealers. Price 25 cents per box.

[ADVERTISEMENT]

A $2,000 HORSE.—We are informed that J. H. Allan, Esq., has sold the well-known trotting Stallion, Grey Hawk, to an American gentleman—a Mr. Bond, of New York State for the sum of $2,000. Grey Hawk, we believe, is the only imported Thoroughbred Horse in the County, and we are therefore sure that all who are interested in improving the breeds of horses in this section, will regret that the sale has been made. The trotting qualities of this horse are well-known, he having carried off a number of valuable prizes for speed, both in Canada and the United States. Mr. Allan now has in his possession a valuable Gold Medal which he received at Watertown, N.Y., last fall, Grey Hawk being in competition with good stock, the race being open to all stallions. The conditions of the sale are such that the season's engagements as advertised will be faithfully carried out, and we would strongly recommend those desirous of improving their breeds to avail themselves of the opportunity now offered. In this connection we may say that a two-year old colt, a get of Grey Hawk, and raised by Mr. Matthew Benson, was also sold to the same gentleman, for $250. He could trot a mile in about 3½ minutes. Could any further evidence be adduced of the superiority of this stock?—*Picton Gazette.*

—This Horse can be seen at his Stands as follows:

From May to August.

Picton, Globe Hotel, every Monday.
Napanee, Campbell Hotel, " Tuesday.
Odessa, Wycott's Hotel, " Wednesday
Kingston, I. T. Hances Hotel, Thursday
Bath, Ferrin's Hotel, " Saturday.

Kingston, May 20, 1870. 119

BEAUTY.—The largest collection of beauty ever published in the United States is afforded in the Parlor Album, advertised in another column. This Album embraces the finest specimens of chromo lithographs, steel engravings, and fine wood engravings ever afforded the public. The American Publishing Company of Rutland, Vt., desire an active Agent in every town and village, to whom they offer liberal terms. Read the advertisement of PARLOR ALBUM. 54

The microscope shows the color of the hair due to a deposition of pigment in its substance. When the hair glands become enfeebled, this pigment fails. One after another the hairs become white, or fall out, producing baldness.—Baldness is easy to prevent but hard to cure. Ayer's Hair Vigor stops it; even restores the hair sometimes, always restores its color. Immediate renovation is at once visible; softness, freshness, and the gloss of youth. This great ornament should be preserved, since it can be by Ayer's Hair Vigor, which is beautifully clean and free from anything injurious to the hair. (Tribune, Springville, New York.

HOW TO MAKE MONEY.—Send to the American Publishing Company, Rutland, Vt., for their beautiful Specimen Book, and make ten dollars the first day you show the book. Read their advertisement in another column, concerning the Parlor Album, and you will get full particulars. The Parlor Album contains more beautiful embellishments than any other work extant. The Specimen Book sent free on receipt of postage.

A WONDERFUL POWER.—Radway's Pills vary from all others introduced. They differ from various cathartics in many points. In the first place, *Radway's Regulating Pills* are purely vegetable, free from all mineral, all poisonous ingredients. Secondly, they are so elegantly coated with gum as to become tasteless, and leave no smell. And they never produce any of the disastrous ulterior consequences that too often follow the indiscreet use of those powerful mineral medicines. They are an excellent remedy for Dyspepsia, Asthma, Headache, Fevers in all forms, Pneumonia, in adjusting the Liver, Bowels, Kidneys, Bladder, and nothing so sure for Nervousness. For all disorders of the stomach, and the various glands of the system, there are no Pills so good. They have stood high in value in every climate, have been the means of saving tens and tens of thousands of lives during the past half century. They are always effectual and speedy. Never cramp nor purge heavily, but possess the wonderful power of curing Diseases. Sarsaparillian Resolvent $1 per bottle, 6 bottles for $5. Ready Relief 25cts. per bottle. Pills 25 cts. per box. 110

MARAVILLA COCOA.—*No breakfast table is complete without this delicious beverage.*—The Globe says "Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London. Exports Chicory Mills, Bruges, Belgium.

HOW TO MAKE MONEY.—A horse dealer residing in the vicinity of Keyport, N. J., and who buys up horses for the New York market, purchases 'Darley's Condition Powders and Arabian Heave Remedy' by the dozen and feeds it to his horses; he says it is superior to anything that he has ever used as a condition medicine, that the horses are so much more improved by its use as to sell more readily and command higher prices. Two other horse dealers, one residing at Huntingdon, the other at Glen Cove, L. I., also purchase it by the dozen and for the same purpose; these men, as well as many others similarly engaged, know too well the value and importance of this medicine ever to be without it.—Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

Dr. Wheeler's Compound Elixir of Phosphates and Calisaya is the best tonic for use, because it is the most physiological, being composed of ingredients absolutely essential to the development of the system. It speedily relieves indigestion, promoting a vigorous appetite and hearty nutrition. All cases of debility arising from wasting diseases, such as Consumption and Scrofula, and diseases of the skin, diseases of the blood, prostration of the nervous system, caused by protracted mental exertion, anxiety, or over-work, will obtain immediate relief, frequently beginning with the first dose. It is a delightful cordial to take, and its use may be protracted for an indefinite period without becoming disagreeable to the patient. Evans, Mercer & Co., Wholesale Agents, Montreal, and sold by all Druggists.

TO LET.
