TUESDAY MORNING, JUNE 20, 1871.

Town and Country.

City Council—Aldermen Robinson, Price and Drennan.

THERE are 2,367 volunteers at the Goderich camp; and at Niagara camp 4,673.

THE Soda Water and Ice Cream market has an upwards tendency.

Frontenac County Council—Messrs. Godfrey, (Warden), Calvin, Boyce, Dawson and Day.

The crop of thistles on vacant lots is very promising, notwithstanding the late draught.

Gardeners are jubilant over the late rains, which have done an immensity of good. Now, however, they pray for heat. They are down on the pesty potatoe bug, too.

THE Gunboat Rescue arrived safely at Windsor, en route to Collingwood. She will return to Kingston as soon as her duties in connection with the surveying expedition are ended.

NEITHER of the parties engaged in the scuffle near the Park, on Wednesday last is an officer of the Provincial Penitentiary. They appeared yesterday at the Police Court and Payne was fined $2 and costs.

THE Local Committee of the Provincial Exhibition was to meet yesterday to take steps to repair the exhibition grounds, but in consequence of so many members leaving town on the Pembroke delegations, the meeting was posponed.

THE STEAMERS.—The Rochester arrived on Sunday afternoon. The prop. Enterprise arrived from Port Dalhousie with grain. The str. Kingston passed down, and the Spartan and Osprey up. The propeller Brantford passed down yesterday.

THE POPE'S JUBILEE.—On Wednesday next, 21st inst., the 25th anniversary of the coronation of the Pope Pius IX., a solemn mass of thanksgiving will be celebrated in St. Mary's Cathedral. On Sunday a solemn *Te Deum* was sung after the parochial mass in all the Churches in Canada.

DELEGATES TO THE U.S.—Rev. G. R. Sanderson, the new Wesleyan Clergyman in Kingston, and Co-delegate, and Rev. A. Sutherland were appointed by the Wesleyan Conference, delegates to the general Conference of the M. E. Church in the United States, which will be held in Brooklyn in May next.

THE SAGUENAY.—The Steamer "Magnet" left Montreal on Monday morning to take her place on the route between Quebec and the River Saguenay. The Royal Mail Line will now make all its connections until September with five Steamers, and the express Line.

RIDEAU CANAL.—A deputation from Kingston and other places, and of the Ottawa City Council waited, on Monday up on the Minister of Marine at Ottawa, specially, to urge upon the Government the necessity of improving the works upon this route so as to develope and accommodate the increasing trade of the canal.

DELEGATIONS TO RENFREW.—Yesterday afternoon members of the delegation to Renfrew in the interest of the Kingston and Pembroke Railroad, left the city to meet the County Council about to assemble there to-day, and to lay the scheme again before them in its present very promising condition, and to urge the necessity of granting bonuses. Other members to complete the deputations left by this morning's train. They are composed of: Provisional Board—C. F. Gildersleeve, Esq., the President, and his Worship the Mayor.

NOT COMING.—Captain Swetman's Troop of Cavalry, from Adolphustown, Fredericksburgh and Napanee, is not coming to Kingston. Captain Swetman, who is a Lieut.-Colonel in the Militia, considers himself as superior officer to Captain Duff, who is only a Major in the Militia, but as the Adjutant General thinks differently, and gives the command of the Cavalry Regiment to Major Duff, Captain Swetman won't bring his Troop to Kingston on the 21st inst.

VICTORIA COLLEGE.—The Wesleyan Conference has unanimously adopted series of resolutions, moved by the Rev. Dr. Nelles, Principal of Victoria University, for the establishment of a curriculum to unable students, graduates in arts, who are candidates for the ministry, to proceed to the degree of Bachelor of Divinity, (B. D.) The Conference also decided to establish a college at Stanstead, Quebec, to be called "The Stanstead Wesleyan College," as soon as $25,000 has been subscribed towards its endowment. The Endowment Fund of Victoria College has reached upwards of $80,000.

THOSE PIGS—which are said to be a nuisance to residents on Wellington Street near William Street, are reported by the Health Officers to be as cleanly kept as possible. The owner is as careful as possible to avoid annoyance to her neighbors. The persons who complain, however, have still reason to regard them as a nuisance as in fact they are in the centre of the city. It is wrong to tolerate them.

GREAT HAULS OF WHITE FISH.—At Nine Mile Point, and places at the head of Wolfe Island, immense quantities of the finest White Fish are caught every day. On Monday morning more than 1200 were taken out of the Gill Netts at Nine Mile Point. They cannot all be sold in Kingston, and Mr. Vanorder, one of the Fishermen, is trying to save them with salt.

THE WOMEN are beginning to congregate on Barriefield Commons in advance of the volunteers. Seven creatures arrived yesterday. The Police Commissioners promised to order a police raid in that quarter. It is proper it should be carried out at once.

COLLISION.—Yesterday morning a heavy fog hung over the city and the lake. The prop. Brantford which arrived here from Toronto, reported colliding with a schr. loaded with lumber, off the Ducks. They met almost bow to bow. The vessel had her head gear carried away but the propeller lost only a portion of her rail. The Brantford laid by, but the schooner did not seem to need half.

CRICKET MATCH.—On Saturday afternoon the match between the Kingston Cricket Club and Mechanics' Club resulted in favor of the former by 51 runs, in the two innings. The ground was in bad condition, and the batting was not so so good as it might have been. The batters did not seem to get their hands in so well as the bowlers, since better bowling has not been seen on the Kingston ground than that of Mr. C. Smith, while Sewell, Thurston, and Fenwick approached him closely. Rogers, a young batter, played for for the first time, and promides well. The Kingston Club has received a challenge from the Montreal club, which will come up on Dominion Day and play here.

CONFIRMATION.—On Sunday morning His Lordship the Bishop of Ontario held a Confirmation in St. Paul's Church, at which over thirty young candidates were confirmed. In the evening at the Confirmation at St. James' eighteen candidates received the laying on of hands. The attendance on both occasions of church people was very large. The young people at St. Paul's afterwards partook of the Holy Sacrament, and a special administration of the Holy Communion will take place at St. James' on Sunday morning next, for the benefit of the candidates there. On each occasion on Sunday His Lordship addressed the children very ably and sensibly on the nature of the rite they had participated in and on their duty in future life.

COMPLIMENTARY SUPPER TO THE COUNTY COUNCIL.—The resident directors of the Kingston and Pembroke Railway Company entertained the County Council at supper at the City Hotel on Friday evening. A very pleasant re-union was had, a great many toasts were drunk, and a great deal of hearty conviviality enjoyed. Unfortunately the invitation extended to the members of our staff was forgotten to be delivered, and consequently we were without a report. We learn, however, Mr. Gildersleeve, the President, occupied the chair, and Mr. O'Reilly, the vice-chair. The Mayor, and Messrs. Aldermen, Kinghorn, Cunningham and Price and Mr. John Breden of the Board were present. The Warden of the County and nearly all the members of the County Council accepted the invitation. After the loyal toast of the Queen, the chairman proposed success to the county bonus by-law, and elicited speeches from different members of the Council, who spoke quite encouragingly of the prospects of the law being ratified by the people. The toast of the Warden and County Council was given, and the Warden subsequently proposed the Mayor and Corporation of Kingston. Mr. Gildersleeve's and Mr. O'Reilly's healths were both toasted, and there was considerable speech-making up to twelve o'clock, at which hour the party broke up, after having spent a pleasant, sociable evening.

POLICE COURT, Monday.—Before the Mayor.—The drunks had a field day on Saturday. That evening three were trought up at an extra sitting and fined. This morning there were two more, John Little, whose case was a simple one of first offence. He got a simple man's pardon, being let off. Thos. Enright is disorderly when he gets on the tare, and therefore his charge was $2 and costs. The adjourned case of Ann Foley, charged with selling liquor without license, came up. The charge being admitted, a fine of $20 and costs was imposed. The Inspector has issued summons against eleven dealers in forty rod who have not paid their licenses. There will be a large attendance on Wednesday morning of the dispensers. A summons had been issued against a party on Rideau street, for permitting a nuisance, but complainant withdrew, intending to carry it before the Grand Jury at the Sessions. Thos. Hilton summoned William Hyatt for using abusive and indecent language towards him on Barrie street. Hyatt's voluble propensity received a check by a fine of $2 and costs. Peter Gingras had the same kind of case against James Murphy and his wife. The whole party live in Gildersleeve's yard, and are in continual contention. Very bad language and bad spleen seems to have been indulged in on both sides. It was dismissed, being a case of six of one, and half a dozen of the other. Gingras pays costs. The case of the clerk of the market against Jonathan Ferris was further adjourned. John Payne was charged with assaulting Michael Swift. They are both young men, and seem to have got into a child's squabble, in which Swift's ankle was sprained. The assault was proved, and defendant fined $2 and costs. Policeman Lane reports that Margaret Lawson, a strange girl from Toronto, was taken ill in the streets on Saturday afternoon with violent cramps. He had her driven to the General Hospital, but she was refused admittance without an order. He brought her back and got the Mayor's order but reception of the patient was again refused. A third time she was brought back, and this time, after considerable trouble, an order was obtained from a Governor of the Hospital, and she was at last taken in and cared for. Had she died, though, what would have been thought of the previous inhumanity.

The demand for carpenters, bricklayers, stone-masons and painters was never so great in Toronto as at present. Builders are offering extraordinary wages.

ASTHMA AND BRONCHITIS.—No parts of the human frame are so delicately constructed or so easily affected as the *throat* and *chest*, more especially in cold climates. Where damp and cold affects the constitution, it behoves the sufferer to adopt effectual remedies. One of the simplest and most valuable is "Datura Tatula," which affords instant relief, and the good results are confirmed by the personal experiences of most eminent physicians. It is prepared only by "Savory & Moore," of 143, New Bond Street, the Chemists to the Royal Families of England, France, and Belgium, and sold by them and all Chemists and Storekeepers as Cigars, Cigarettes, Tobacco, and Pastilles for inhalation. The directions given bear their *names*, and none without are genuine.

A WONDERFUL POWER.—Radway's Pills vary from all others introduced. They differ from various cathartics in many points. In the first place, *Radway's Regulating Pills* are purely vegetable, free from all mineral, all poisonous ingredients. Secondly, they are so elegantly coated with gum as to become tasteless, and leave no smell. And they never produce any of the disastrous ulterior consequences that too often follow the indiscreet use of those powerful mineral medicines. They are an excellent remedy for Dyspepsia, Asthma, Headache, Fevers in all forms, Pneumonia, in adjusting the Liver, Bowels, Kidneys, Bladder, and nothing so sure for Nervousness. For all disorders of the stomach, and the various glands of the system, there are no Pills so good. They have stood high in value in every climate, have been the means of saving tens and tens of thousands of lives during the past half century. They are always effectual and speedy. Never cramp nor purge heavily, but possess the wonderful power of curing Diseases. Sarsaparillian Resolvent $1 per bottle, 6 bottles for $5. Ready Relief 25cts. per bottle. Pills 25 cts. per box. 110

DON'T KNOW WHAT TO DO.—We sometimes hear persons say, 'my horse is sadly out of condition, and I cannot tell exactly what is the matter with him, or how to get him in better order;' they appear to be ignorant of the fact that there is within their reach a remedy safe, sure and effectual in all cases. Many persons who deal in horses use large quantities of it, and testify that its effects are most satisfactory. One horse dealer informs us that his horses' condition and appearance are so much improved by its use that they sell more readily and for higher prices. The article is Darley's Condition Powders and Arabian Heave Remedy. Nothing else is equal to it for the same purpose. Remember the name, and see that the signature of Hard & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

AMONG THE INDIANS.—Lieut. Herndon tells us that no tribes of aborigines are found in the deepest forests of South America, from the Andes to the Atlantic coast, that do not have and use Doct. Ayer's medicines and Lowell cottons. "Tremont," "Suffork," "Booth," are seen stamped in large red and blue letters upon their garments, while Ayer's Pills and Cherry Pectoral are among the treasures of their habitations. Their native soil furnishes them all their food and most of their remedies, but they suffer from some afflictions which must have the interposition of higher skill. —*Sentinel, Liberty, Va.* 137

THREE SCORE YEARS AND TEN instead of being the limit assigned to human existence, should be its average duration, if people would avoid the causes that excite disease, or use the proper remedies to remove it. At this season when the melting snows and the spring showers make earth and air equally damp, the respiratory organs are peculiarly liable to be affected, and a neglected cold often settles down upon the lungs, producing Consumption, Asthma, Bronchitis and other formidable disorders. Three remedies are however to be found which obviate such evil consequences, viz. HOBART'S PULMONIC TROCHES as an internal medicine; ARNOT'S ARNICA ANODYNE, used externally on the chest and throat; and in chronic cases, HOBART'S COD LIVER OIL WITH HYPOPHOSPHITES. Every one suffering from a cold should profit by this advice. 104

The age of railroads and the telegraph gives rise to fast living, and increases the desire for making rapid fortunes,—some wishing to outstrip, and others to be at least equal to their neighbors. In order to keep up with this eager and unequal contest, the brain is taxed to its utmost power, while humanity is rendered an easy prey to disease. The Heart, Liver, Stomach, Lungs, or Nervous System becomes afflicted, and sickness, in the form of Heart Disease, Jaundice, Dyspepsia, Bronchitis, Consumption, Paralysis or Mania, is the result. The use of Fellow's Compound Syrup of Hypophosphites will enable the mind to sustain a greater strain unfettered by conflicting thoughts and unwearied by continued study. It imparts power of concentration. What before seemed difficult of solution becomes comparatively easy, and the body is physically stronger under its use.

☞ Is your throat sore, or are you annoyed by a constant cough? If so use promptly "Bryan's Pulmonic Wafers." They will give you instant relief. They relieve the air passages of phlegm or mucous, and allay inflammation, and no safer remedy can be had for coughs, colds, or any complaint of the throat or lungs, and if taken in time their efficacy will soon be proved. Sold by all Druggists and country dealers. Price 25 cents per box.

Dr. Wheeler's Compound Elixir of Phosphates and Calisaya is the best tonic for use, because it is the most physiological, being composed of ingredients absolutely essential to the development of the system. It speedily relieves indigestion, promoting a vigorous appetite and hearty nutrition. All cases of debility arising from wasting diseases, such as Consumption and Scrofula, and diseases of the skin, diseases of the blood, prostration of the nervous system, caused by protracted mental exertion, anxiety, or over-work, will obtain immediate relief, frequently beginning with the first dose. It is a delightful cordial to take, and its use may be protracted for an indefinite period without becoming disagreeable to the patient. Evans, Mercer & Co., Wholesale Agents, Montreal, and sold by all Druggists.
