Beautiful Women.

This country is justly proud of its beautiful women; but how many die annually or prematurely lose their health and youth, for want of a remedy suitable to their peculiar ailments. That remedy is found in JOB MOSES' FEMALE PILLS. We know hundreds of cases where they have been used with the greatest success. In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed, moderating excesses and removing obstructions, whether from cold or any other cause. Suffer no more anxiety or low spirits, but try them. Ful particulars get a pamphlet, free, of the Agent.

JOB MOSES, NEW YORK, SOLE PROPRIETOR.

$1.00 and 12¼ cents for postage, enclosed to Northrop & Lyman, Newcastle, Ont., general agents for the Dominion, will insure a bottle, containing over 50 pills, by return mail.

For sale by the following Druggists in Kingston:—Heath & Gunn, R. White, G. S Hobart, W. Skinner, J. G King and E. H. Parker.

TUESDAY MORNING AUG. 1, 1871.

Town and Country.

THE weather is cool. Ontario sends down her refreshing breezes plentifully.

THE churches have many vacant seats. The seaside and the large cities are the attraction.

THERE is an excellent freight and passenger traffic on the Rideau Canal this year, between Kingston and Ottawa. The steamer has had full employment all season.

YESTERDAY the change of time on the Cape Vincent branch of the R. W., and O R R. The hours of the ferry steamer *Watertown* are changed in consequence.

THE MOONLIGHT EXCURSION this evening is being managed by Mr. Wm. Montgomery, musician, and this will be a guarantee of it being well conducted.

GOOD CROPS.—The thistle farmers within the city limits cannot but rejoice at the full crop. The crop is shedding itself over the country, laying itself away for a rainy day next year. What is sown shall be reaped, and thus there is promise of a plentiful crop next year.

ST. VINCENT DE PAUL SOCIETY.—The St. Vincent de Paul Society have fully determined that their Excursion on Wednesday, August 9th, shall take place to Picton. It will be delightful—it always is that way up the Bay. A capital boat—the steamer *Picton*, has been engaged.

THE THEATRE.—The peices on the board for Thursday night are shorpot, pular ones, which will take exceedingly well, especially when played by the Townsends. They are: "Delicate Ground," Two Barristers," The Trial Scene from "Merchant of Venice," and the "Girl of the Period." Mrs. Harry Townsend sings three favorite songs on this, her first appearance.

RETURN OF FATHER MURRAY.—The numerous friends of Father Murray will rejoice to hear of his safe return to Wolfe Island. The reverend gentleman has been absent for a few weeks on a trip to the sea-side. He returned, looking remarkably well, and is now prepared to resume laborious duties with wonted energy.

PUBLIC SCHOOL EXAMINATIONS.—The Examinations of the candidates for teachers' certificates will be resumed this morning at nine o'clock, before the city and county Boards, the former in the High School, and the latter at the Grammar School. Those who present themselves to-day are candidates for first-class certificates only, being those who have passed a second class examination and have taught two years, or those who have taught five years.

EMIGRATION AGENTS.—The agents of the Dominion Government in the old country are not to be recalled, as report lately would have it. The only one now in Canada is Mr. David Shaw, at present sojourning at his home in Kingston. Instead of being recalled to Ottawa, it was with considerable reluctance that the Bureau of Agriculture granted him leave of absence to return home for a brief season. Next month a conference of Emigration Officers of the Dominion and Provincial Governments will be held at Ottawa; then possibly there may be some changes in the system.

THE ACCIDENT ON PRINCESS STREET.—The brick-layer named Gill, who was injured by the falling of a wooden building adjoining the new store in course of erection for Mr. Campbell, on Princess street, is lying in the Kingston General Hospital in a precarious state, having been frightfully bruised externally and injured internally besides. The wooden building had been gutted by firewood thieves, and was very uncertain in its supports. Gill did not heed the warnings, but trusted to the safety of the building while he ate his dinner. When in the midst of the repast the building fell and buried him beneath the ruins. There was no wind or other agency to cause the accident.

POLICE COURT, Monday.—Before Mr. Strange.—This morning the four offenders though two of them were old stagers—very old stagers—filed their appearance before the Magistrate for their first time, and were accorded the usual grace of a discharge, with an admonition not to sin again, which will be heeded of course. The sinners were James Brown and John Dickson, casuals; and Isabella Long and Archy Buchanan, drunk and vagrants. His Worship does not aspire to great dignity, and will be much better pleased with the designation of the plain but respectable "Mr." than with the official appellation of "Your Worship."

REGATTA.—The necessary funds are being subscribed at Quebec for the holding of a first class Regatta, during the term of the Provincial Exhibition in that city in September next. This would undoubtedly prove a great attraction to thousands of people. We learn that, in accordance with custom, it is proposed to hold a grand Regatta in Kingston Harbor during the week of the Ontario Provincial Fair here. We trust that the citizens will subscribe liberally, as we are encouraged by the success of the Regatta on Saturday and the number of local yachts which presented themselves, with the prospect of competition from Toronto, Brockville, Ogdensburg and other places, to think that we can prepare a Regatta which will uphold the aquatic fame of Kingston.

WAR PREPARATIONS IN GERMANY.

A letter from Berlin says: "The Emperor Germany, Count Von Moltke, and Count Roon, and all who have anything to decide to military affairs, use the same phrase. 'Let us be ready!' I am in a position to be able to inform you that formidable preparations are being made. I have just been assured by a man who ought to know, that all material of the German Army will be renewed in an incredibly short time—perhaps in two years. The field cannons will be at once more transformed, as, notwithstanding the fabulous services which they have rendered, defects are still found in them. The deficiencies are thoroughly understood and the means of obviating them as well. The *mitrailleuse* will be adopted, but the system is not decided upon. That of France, is repudiated, as well as that of Bavaria, both being considered awkward to handle. But the new musket is the great subject of interest. At once the needle-gun was rejected for two reasons—first, because it was too heavy, and next, because its range was too short. It hardly carries with precision to 500 yards, while the Chassepot reaches 1,500 or 2,000. But that is not the distance desired to be attained. Experiment has proved that a soldier does not take aim at anything beyond 1,000 yards, because that is as far as he can see. Moreover, the fact has been remarked that, no longer being able to aim, he is attacked with a species of demoralization. Trials with the Chassepot and Werder have proved that they are more accurate than the needle-gun, and great attention is paid to that point. The inferiority of the Prussian weapon was so notable that the Generals remarked it at the first battle; and immediately Count Moltke ordered that system of tactics, so destructive to the French, of commencing with cannon. The Generals will oftener make strategical excursions, which Count Moltke conducted sometimes, and which he again will occasionally direct. A hundred things will be improved in the sanitary service, and the coasts are to be formidably armed. Finally, Count Moltke desires that if one day France should attempt to take her revenge, she should strike her head against a wall."

ARRIVALS AT THE ANGLO-AMERICAN HOTEL.

A WONDERFUL POWER.—Radway's Pills vary from all others introduced. They differ from various cathartics in many points. In the first place, *Radway's Regulating Pills* are purely vegetable, free from all mineral, all poisonous ingredients. Secondly, they are so elegantly coated with gum as to become tasteless, and leave no smell. And they never produce any of the disastrous ulterior consequences that too often follow the indiscreet use of those powerful mineral medicines. They are an excellent remedy for Dyspepsia, Asthma, Headache, Fevers in all forms, Pneumonia, in adjusting the Liver, Bowels, Kidneys, Bladder, and nothing so sure for Nervousness. For all disorders of the stomach, and the various glands of the system, there are no Pills so good. They have stood high in value in every climate, have been the means of saving tens and tens of thousands of lives during the past half century. They are always effectual and speedy. Never cramp nor purge heavily, but possess the wonderful power of curing Diseases. Sarsaparillian Resolvent $1 per bottle, 6 bottles for $5. Ready Relief 25cts. per bottle. Pills 25 cts. per box. 110

MARAVILLA COCOA.—*No breakfast table is complete without this delicious beverage.*—The Globe says: "Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messors. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Coco. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London. Exports, Chicory Mills, Bruges, Belgium.

THE TRAVELLER'S FRIEND.—A gentleman who left this city the other day en route for Red River, remarked in the course of conversation that nothing gave more security to the traveller, and contributed more to his comfort than the possession of a small convenient Medicine Chest. This, he said, I carry in a most portable form, a single bottle is enough for my wants. If I have a nervous headache, a pain in my stomach or bowels, an incipient attack of Cholera, or any other internal disorder; half a tea spoonful sets me right again; while, if having caught cold, I suffer from Neuralgia or Rheumatism or Toothache, by using my bottle I am speedily well. As for mosquitoes and other insects, their bites or stings are so easily cured that I pay no attention to them. On being asked the name of this wonderful bottle, he replied, —Why! don't you know? the three As, Arnot's Arnica Anodyne.

Palpitation, Feeble and Irregular Action of the Heart Cured by Fellows' Compound Syrup of Hypophosphites.—Freeport, Digby County, N. S., February 10, 1869.—James I. Fellows, Esq.—Dear Sir:—Gratitude to you and sympathy for the afflicted, induces me to send you a written statement of my case and cure effected by using your compound Syrup of Hypophosphites.

In April, 1868, I was attacked with palpitation of the Heart, I sent for the Doctor, and he said that nothing could be done for me, and that I was liable to die very suddenly; being very weak and unable to leave my bed, I became discouraged.

After my physician gave me up, I was induced to use your Compound Syrup of Hypophosphites, and the effect was wonderful. In two days I felt the benefit of it, and after taking half a bottle I was entirely free from the complaint, and to this day have not been troubled with a return of the Heart Disease.

Yours, very truly,
SARAH LENT.

☞ Is health worth having? If it is protect it—it is a jewel as easily lost as virtue, and in many cases as difficult to recover. In this climate, and more particularly at this season of the year, people are very apt to take cold and suffer from sore throat, coughs, spitting of blood and pulmonary complaints generally, which if not checked immediately lead to serious consequences. The question arises—which is the quickest and most effectual? Bryan's Pulmonic Wafers have been before the public for twenty years, and have always given satisfaction, and invariably effect permanent cures when taken in season. Sold by all medicine dealers and country stores, at 25 cts. per box.

Dr. Wheeler's Compound Elixir of Phosphates and Calisaya is the best tonic for use, because it is the most physiological, being composed of ingredients absolutely essential to the development of the system. It speedily relieves indigestion, promoting a vigorous appetite and healty nutrition. All cases of debility arising from wasting diseases, such as Consumption and Scrofula, and diseases of the skin, diseases of the blood, prostration of the nervous system, caused by protracted mental exertion, anxiety, or over-work, will obtain immediate relief, frequently beginning with the first dose. It is a delightful cordial to take, and its use may be protracted for an indefinite period without becoming disagreeable to the patient. Evans, Mercer & Co., Wholesale Agents, Montreal, and sold by all Druggists.

ALABAMA CLAIMS.—We are informed that the most persistent and unyielding of the private citizens who have claims vs. the British Government, are Dr. J. C. Ayer & Co., of Lowell, Mass., the manufacturers of medicines. They will consent to nothing less than that their demand for medicines destroyed by the British pirates shall be paid in gold and in dollars to the last cent. They are emboldened by the fact that the destruction of their goods by the English in China and elsewhere (for where are not that troublesome nation, trampling upon somebody?) have hitherto been paid in full, and they now say that they shall be. They, however, propose this compromise:—Give us Canada and we will call it even, because we can then send our remedies there without duty.—Washington News.

HALL'S

Vegetable Sicilian Hair Renewer

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard, and to those who have never used it we can confidently say, that it is the only reliable and perfected preparation to restore **GRAY OR FADED HAIR** *to its youthful color, making it soft, lustrous, and silken; the scalp, by its use, becomes white and clean; it removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use the hair grows thicker and stronger. In baldness it restores the capillary glands to their normal vigor, and will sometimes a new growth except in extreme old age. It is the most economical* **HAIR DRESSING** *ever used, as it requires fewer applications, and gives the hair that splendid glossy appearance so much admired by all. A. A. Hayes, M. D., State Assayer of Mass., says, "the constituents are pure and carefully selected for excellent quality, and I consider it the* **BEST PREPARATION** *for its intended purposes." We publish a treatise on the hair, which we send free by mail upon application, which contains commendatory notices from clergymen, physicians, the press, and others. We have made the study of the hair and its diseases a specialty for years, and know that we make the most effective preparation for the restoration and the preservation of the hair, extant, and so acknowledged by the best* **Medical and Chemical Authority.**

In Chancery.

SALE OF FARM PROPERTY.

IN PURSUANCE of the decree bearing date the 17th day of January, A. D., 1871, in the cause Francis Collier Draper, and Frederick William Barter, against Mary Ryan and others will be Sold by Public Auction by William Murray, at his Auction Rooms, in the Market Square, in the City of Kingston, with the approbation of James A. Henderson, Esq., Master of this Court at Kingston, on

Thursday, 31st day of August Next, at Twelve o'clock Noon,

the following Property:

The North or rear parts of Lots Numbers Twenty-Two and Twenty-Three, in the First Concession, reckoned on the Eastern boundary of the Township of Pittsburgh, in the County of Frontenac, containing by admeasurement Two Hundred and Eighty-Seven Acres, be the same more or less, as more particularly described in a Mortgage made by one Michael Ryan to the Plaintiffs, and known as the Ryan property. The above land is well watered and valuable for farming purposes and is situate about ten miles from the City of Kingston. There is a small Log House with outbuildings on the premises.

There is a reserved bid on the Property. The purchaser shall at the time of Sale pay down a deposit in the proportion of $10 for every $100 of his purchase money to the Vendors or their Solicitors and shall pay the remainder of the purchase money in one Month thereafter.

The other conditions of the Sale are the standing conditions of the Court of Chancery.

For further particulars apply to Messrs. Kirkpatrick & Smythe, Vendor's Solicitors, Messrs. Kirkpatrick & Rogers, or at the Master's Office Kingston.

Dated at the Masters Office, Kingston, this 22nd Day of July, A. D., 1871.
