"For purposes of social exhilaration amongst classes who are not out-door laborers, beer is too coarse. Man, as a social animal, requires something which he can sip as he sits and talks, and which pleases his palate, while it gives some aliment to the stomach, and stimulates the flow of genial thoughts in the brain. No one who has ever made the experiment will fail to give the preference to wine over spirits, or can refuse to give a helping hand to any 'movement' that will banish spirits to their proper place, as medicines for the sick and aged, and not as beverages for the healthy. Civilized man must drink, will drink, and ought to drink; but it should be wine."—*From Dr. Druitt's Report on Cheap Wines.*

The late unhappy calamitous war in France, and subsequent disturbances, have affected our importations less than might have been anticipated, owing to the remoteness of the great wine districts of the south from the seat of hostilities. In some cases, the disorganization of the lines of railway has prevented or delayed the transport of wines from the interior, and more especially from Burgundy and Champagne, but on the other hand, the scarcity of money and the depression of business have enabled us to make some extensive purchases much below the usual rates, and to give our customers corresponding advantages.—*St. George & Co's Circular.*

TOWN AND COUNTRY

ANNIVERSARY meeting of the Kingston Sabbath Reformation Society this evening in the City Hall.

CAPE VINCENT TRAFFIC.—The stages make very regular trips to and from Cape Vincent, and the passenger traffic is quite heavy.

RACES.—The usual winter races will come off on the ice at Cape Vincent on Wednesday, Thursday and Friday, the 24th, 25th and 26th instants. There will be three races, one each day, for purses amounting in all to $350.

SINGULAR.—During the past week several flocks of wild ducks have been noticed about Kingston to be flying Southward. This is somewhat unusual at this season; we saw the very same thing remarked on in Western Ontario a couple of weeks ago as remarkable.

SNOW.—How wistfully the country has been looking for the snow! This morning it had every appearance of an arrival at last, and it did come, but in such small quantities that it could hardly be recognized. It has been tantalizing all day; will it not come down heavy?

ANOTHER RELEASE.—Nearly all the Fenian convicts have been pardoned out of the Kingston Penitentiary, in accordance with the resolve of the Executive some months ago to extend to these misguided men the clemency of the law. James Burke, of Tennessee, was discharged on Tuesday, and last evening he left for his home.

MISSIONARY MEETING.—A missionary meeting was held in St. Mark's Church, Barriefield, on Tuesday evening, the Rev. T. A. Parnell, Incumbent in the chair. There were also present the Rev. John A. Mulock, St. Paul's Church; Rev. Dr. Boswell, Rev. H. Wilson, St. George's Cathedral; Rev. H. Pices, Bath; Rev. W. Lewin, Picton; and Rev. G. W. Grout, Stirling. Addresses were delivered by a number of the clergymen, after which a collection was taken up, which amounted to $15.52. The meeting is said to have been very interesting.

CHURCH DEDICATION.—A new Wesleyan Methodist Church will be dedicated to the worship of God at Murvale, on Friday, February 9th, the Rev. G. R. Sanderson, co-delegate and chairman of this district, conducting the services. In the evening of the same day a tea-meeting will be held in the edifice, at which G. A. Kirkpatrick, Esq., M.P.P., will preside. Several prominent gentlemen and others will deliver addresses; and on the following Sunday appropriate sermons will be preached by Revs. Messrs. R. Wilson, D. Chalmers and S. C. Phillip.

SOIREE

ST. JOHN'S CHURCH PITTSBURG.—For many years past have the Annual Soiree of St. John's Church, Pittsburgh, been among the best and most largely attended entertainment of each succeeding year. The Soiree last evening was attended with even greater success than those of former years. The Church was crowded to its utmost capacity, many not being able to obtain seats.

The Chair was occupied by Rev. P. S. Livingston, B.A., Minister of the Congregation. The proceedings were opened by a few very appropriate remarks from the Chairman, after which the Choir of St. Andrew's Church, Kingston, sang "Nearer my God to Thee."

The refreshments were then served up, and much credit is due to the ladies of the congregation for the abundance and quality of the supply. Rev. Principal Snodgrass delivered an able and eloquent address, choosing for his subject "Mistakes." Rev. Prof. Murray gave a humorous Scotch Reading from "Good Words" with good affect. The Rev. Prof. is particularly happy in rendering Scotch and created much merriment among the audience. An excellent address was delivered by Rev. Mr. Chambers of Storrington. Rev. Prof. Ferguson gave a most interesting and instructive account of a "Journey in Egypt," taken from a Journal he kept during his travels. The Choir discoursed sweet music during the evening; the well known high reputation of this Choir speaks sufficiently for it. The singing of the Messrs. Craig was well appreciated and a piano duett by the Misses Davidson and Craig, received a well deserved encore. Mr. Livingston was educated at Queen's College, Kingston, where he made many warm friends, who showed their friendship by turning out in large numbers to his first Soiree. Since his induction into St. John's Church he has by his energy and devotedness added many members to the Congregation. We congratulate him on the success which has attended his effort, and wish him all prosperity in his new field, of labour which bids fair to be one of the best rural charges the church has in its gift.

Mr. Dougall has been trying for six months the experiment of issuing a daily religious paper in New York City. He reports its average loss to him as a business venture at about $100 a day.

Municipality of Pittsburgh.

Pittsburgh, Jan. 15.

The Council met for the municipality of the Township of Pittsburgh, pursuant to notice at one o'clock p.m.

Peter Graham, Reeve, Wm. A. Donaldson, Deputy Reeve, and Henry Wilmot, Alexander Martin and Davin Rose, Councillors.

All the members having subscribed the oaths of qualification and office proceeded to business.

The minutes of the last meeting were read and adopted.

Several petitions were handed and read.

The Reeve by virtue of his office, appointed Mr. Alfred Brown as one of the Auditors for the year 1872.

Moved by Mr. Donaldson, seconded by Mr. Martin, that Mr. John Brenner, Sr., be the second Auditor to the Corporation. Carried.

The case of Mrs. Julia Gordon being brought under consideration, she being in destitute circumstances, it was resolved that she be granted $2.00 for her relief.

The bill of J. Henderson for stationary, $1.00. Ordered to be paid.

The petition of Layflet Cowley for relief. Referred.

Moved by Mr. Donaldson, seconded by Mr. Martin, that the Bill of Jas. Cummings, $3.50, and the bill of H. Ryder, $1.00 for work done on road, be paid. Carried.

Moved by Mr. Wilmot, seconded by Mr. Donaldson, that the Treasurer pay Mrs. P. McCarey the interest due her on purchase money of right-of-way in 8th Con. Carried.

Moved by Mr. Donaldson, seconded by Mr. Martin, that the Council stand adjourned till Monday the 19th day of Feb at ten o'clock a.m. Carried.

The Ottawa Council has adopted a by-law which provides that all houses infected with small-pox shall have printed notice to that effect placed on the door. Interments to take place within two days after death; that no person infected shall appear in public places; that after the 31st Dec. next no interments whatever shall be made within the city. Heavy penalties are attached on violation of the by-law.

Australian Mining.

A NEW EXCITEMENT.

The latest Australian papers report an extraordinary excitement created by the wonderfully increased activity of mining speculation in connection with the Sandhurst gold field, where an incredible number of new companies have been formed to work the quartz mines. The stock in these mines has in some cases gone up to almost fabulous prices, and men whose only property a short time ago consisted of shares supposed to be worthless are now in possession of fortunes ranging from £10,000 to £40,000. The excitement is now spreading to Castlemaine, where large stores of mineral wealth in the shape of undeveloped deposits of auriferous quartz are believed to exist.

Mark Twain's Enigma.

I am composed of sixteen or seventeen letters.

My 16, 14, 3, 4, 6, 9, 15, is something or other, in a general way.

My 2, 11, 7, 16, is something else.

My 9, 6, 4, 10, 15, 11, is the other thing.

My 6, 16, 8, 14, 3, 2, 1, 11, is most anything.

My 5, 2, 9, 14, 7, 2, 1, 11, 5, 6, 16, 2, 13, is most anything else.

My, 4, 2, 16, 9, is a good deal like some of the things referred to above, though in what respect it has baffled even me to determine.

My 9, 3, 8, 12, is—well, I suppose, it is, although I cannot see why.

Now if anybody can cipher out that enigma he is an abler man than I am, notwithstanding I got it up myself. It would be a real favor if some one would try, however. I have figured at it, and worked at it, and sweated over it until I am disgusted, and I can make neither head nor tail of it. I thought it was rather neat at first, but I do not like it so well now that I can't find out the answer to it. It looks rather easy at a first glance, but you will notice that the further you get into it the more it widens out.

This is my first effort in the enigma line, and to speak the plain truth, I am considerably stunned at my own success. I do not seem to have just got the hang of this sort of thing; but I offer the entertaining little trifle to your readers for what it is worth; it may serve to amuse an idle year—and it cannot do much more harm—it cannot more than drive a man mad and make him massacre his relations.

BEFRIENDING YOUNG PEOPLE.—When John Wesley saw a young man in danger of falling into the snare of evil associates, he did not watch him sharply at a distance and speak of his shortcomings to others, predicting that he was on the "high road to ruin." He invited him to his table, and by a gentle, affable manner, sought to give good subjects for thought, or hints for conduct. Advice thus hospitably enforced was very impressive. He would draw out a young man in conversation, and learn what studies he was most proficient in, which were most essential to his success, and then assist him to acquire the mastery over them. Another most valuable way of aiding a young man whom social danger threatened was to make him acquainted with well disposed religious young man, who would lead him into good paths. He watched over their future career with a father's interest and tenderness, and in a very simple manner accomplished a vast amount of good, besides preventing a world of evil.

EXTENDING THE POSTAL SYSTEM.—It will be interesting to the public to know that mails are now made up at Windsor for the provinces of British Columbia and Manitoba, and letters for those provinces are now forwarded in closed bags, via Detroit, three times per week. Letters for Thunder Bay, Fort William, and Silver Inlet, Lake Superior, are also made up at Windsor in closed bags, and forwarded twice per week, via Detroit and Duluth. Letters for Bruce Mines, Byng Inlet, Collins' Inlet, Garden river, Killarney, Little Current, Manitowaning Michipicoten River, Point-au-Pins, Sault St. Marie, and Spanish River, are forwarded three times per month during the winter by Temiscaming Nietauguishene. The postage on letters for all the above-named provinces and places is the same as to other parts of the Dominion.

NIAGARA.—Visitors to Niagara Falls, during the coming season, may as well make up their minds in advance to pay heavy tribute to the Jehus. It is stated that an association of cab hackmen have paid $3,500 for the monopoly of the hack business of the Cataract House during the season, and will, of course, expect to make the sum and a good deal more by the well known system of hack swindling. Would it be out of the way to pass a general law prohibiting, under heavy penalties, the imposition of extortionate charges by hack-drivers, with a special clause fixing the rates at all places of public resort.

$150,000 IN CASH PRIZES.—Highest prize $50,000 Gold Coin, to be distributed legally by chance, January 30th, 1872, in aid of the Mercy Hospital, Omaha, Nebraska. Pattee & Gardiner, General Managers See Advertisement.

Iron in the Blood.—When the blood is well supplied with its iron element, we feel vigorous and full of animation. It is an insufficiency of this vital element that makes us feel weak and low-spirited; in such cases, the Peruvian Syrup (a protoxide of iron) can supply this deficiency, and its use will invigorate us wonderfully.

The use of Tobacco causes indigestion, palpitation, slowness of intellect, a desire for strong drink, and an intermittent pulse; it destroys the vitality of the blood, produces dizziness, disturbs sleep, makes a man miserable, and prematurely old. When the diseases are serious stubborn, the best remedy is Fellows' Compound Syrup of Hypophosphites, as it restores circulation, the nervous ganglia, builds up the muscles, and induces healthy Liver, Heart, Stomach and Intellect.

The crown of womanly beauty is an elegant *coiffure*. As this cannot be obtained without the use of some Hair Gloss or fixateur, even by the most skilful *artiste*, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age. *Coco-Glycerine*, which nourishes and beautifies the Hair, is delightfully perfumed, *and leaves no stain on the gentlemen's waistcoats.* Ask for *Coco-Glycerine.* 14

Is health worth having? If it is protect it—it is a jewel as easily lost as virtue, and in many cases as difficult to recover. In this climate, and more particularly at this season of the year, people are very apt to take cold and suffer from sore throat, coughs, spitting of blood and pulmonary complaints generally, which if not checked immediately lead to serious consequences. The question arises—which is the quickest and most effectual remedy? Bryan's Pulmonic Wafers have been before the public for twenty years, and have always given perfect satisfaction, and invariably effect permanent cures when taken in season. Sold by all medicine dealers and country stores, at 25c per box.

We were pleased to see, not long since, in one of our exchanges, some pretty severe remarks addressed to several persons who, during an interesting lecture by Rev. Jno. S. C. Abbott, kept a continuous coughing, which prevented many from hearing. People who cannot refrain from coughing, had better stay away from such places, or else take a bottle of Johnson's Anodyne Liniment with them.

The importance of giving Sheridan's Cavalry Condition Powders to horses that have been out in the cold rain, stood in cold wind, or drank too much cold water, cannot be over estimated; no man should be without them who owns a good horse.

Hide Bound Horses.—A horse is said to be hide-bound when his skin will not slip under the pressure of the hand, but sticks as if it was glued, which condition is always dependent on a deranged state of the stomach and digestive organs—by correcting which, and giving to them a healthy tone and condition, the disease or complaint will disappear. Experience has proved that the means best adapted to this end is "Darley's Condition Powders and Arabian Heave Remedy." It has been used in numerous cases with complete success, generally effecting a cure in a few days. It is the best condition medicine known, and may be given with perfect safety at all times, and does not require that the horse be kept from work. Remember the name, and see that the signature of Hurd & Co., is on each package, Northrop & Lyman, Newcastle, Ont., Proprietors for Canada. Sold by all Dealers.

NO RISK

Thomas' Eclectric Oil! Worth Ten Times its Weight in Gold. Do you know anything of it? If not, it is time you did.

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common SORE THROAT. One bottle has cured BRONCHITIS. Fifty cents worth has cured an OLD STANDING COUGH. One or two bottles cures bad cases of PILES and KIDNEY TROUBLES. Six to eight applications cure ANY CASE OF ECCORIATED NIPPLES or INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Daniel Plasky of Brookfield, Lycoming County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LIMB by six applications." Another, who has had ASTHMA for years, says: "I have half of a 10 cent bottle left, and $100 would not buy it if I could get no more."

Rufus Robinson, of Nauda, N.Y., writes: "One small bottle of your ECLECTRIC OIL restored the voice where the person had not spoken above a whisper in FIVE YEARS." Rev. J. Mallory, of Wyoming, writes: "Your ECLECTRIC OIL cured me of Bronchitis in ONE WEEK." Dealers all over the country say: "We have never sold a medicine that has given such complete satisfaction as this."

It is composed of SIX OF THE BEST OILS THAT ARE KNOWN, and is believed to be as good to take as for external use, and is believed to be immeasurably superior to anything ever made. Will save you much suffering and many dollars of expense. Is sold by one or more dealers in every place where these circulars are found. Price, 25 cents. Why not buy it to-day?

Prepared by S. N. THOMAS, PHELPS, N.Y., and NORTHROP & LYMAN, NEWCASTLE, Ont., Sole Agents for the Dominion.
