SEE FIRST PAGE.

TOWN AND COUNTRY.

SPLENDID weather for snow-shoeing. Not many are out though. The moonlight nights will soon slip away.

COMMISSIONS.—The Commissions of those officers appointed several months ago to the vacancies in the 1st Frontenac Reserve Militia were received here last evening from Ottawa.

THE TEMPERANCE BY-LAW.—The votes of the electors of Napanee will be taken on Monday next on the proposed By-Law prohibiting the sale of spirituous liquors within the corporation. We learn that it is likely to be voted down.

LENNOX DISTRICT L. O. LODGE.—The following were elected officers for the current year:—

Bro. D. Henwood, District Master.
" Joice, Deputy " "
" Wm. Grange, Secretary.
" J. D. Galt, Treasurer.
" S. B. Wilson, D. D. of C.

STEAM FIRE ENGINE.—Kingston is late again in buying a steam fire engine. Cobourg is arranging for the purchase of the last of Shand, Mason & Co.'s engines, coming out for Buchanan & Co, Montreal. Messrs. Hyslop & Ronald, of Chatham, whose engines have recently been so successful in a competition with Jones & Co.'s engines, are going to make the manufacture of them their principal business.

EARLY NEWS.—The Toronto *Telegraph* of the 25th inst., makes mention of the following:—

"It is said that Dr. Barker, of Kingston has been offered the appointment of Registrar of that city, and that in consequence he has concluded to retire from the editorship of the *British Whig*—a position he has had nearly thirty years."

Las December Dr. Barker was gazetted to the Registrarship, and left the *British Whig* on the 1st of the present month, after 39 years editorship.

CHARITY SERMON ON SUNDAY.—The distinguished Jesuit Preacher the Rev. Father Langkake, is to deliver a Charity Sermon at St. Mary's Cathedral, on Sunday next at 10:30 a.m. in aid of the funds of the Society of St. Vincent de Paul. Already has this most useful and meritorious Society expended a thousand dollars in charity the past season, and as funds are wanting to purchase more bread and fuel for the poor during the remainder of the winter, the good and charitable of the country, it is to be hoped, will assist by their offerings this laudable institution. The fame of the Preacher will draw crowds to hear him on Sunday next, as he is counted one of the most eloquent men of the day.

ORGAN FACTORY.—Organ and piano manufacturing in Kingston, though at first attended with a loss of money and great enterprise, is becoming a successful business. We have at other times, referred to the extensive and well regulated factory of Messrs. Weber & Co., whose pianos took first prize last Fall at the Exhibition, and now it gives us pleasure to speak of the Organ and Melodeon Factory of Messrs. Reyner & Co., on Gore street. This establishment is in full operation employing a number of hands, and completing each week a number of fine, handsome and well toned instruments, which are finding a market not only in Kingston and the eastern section, but are making their way to all parts of the Dominion. Messrs. Reyner and Mee are excellent musicians as well as practical men in this business, and are very capable of producing and recommending a good instrument. Mr. Reyner has lately proved his abilities by his artistic repairing and improvement of the organ in St. Mary's Cathedral. We trust that our home manufactures will be supported in all cases, especially where they can successfully compete with outsiders.

Dreadful Explosion in Liverpool.

FIVE PERSONS KILLED AND THIRTY INJURED.

On Dec. 29, about mid-day, a frightful boiler explosion took place at Paisley road, Glasgow. A 'road steam traveller,' known as 'Yuille's Traction Engine,' while on its way to the ship-building yard of Messrs. J. Elder & Co., Fairfield, stopped for a short time in Paisley road, opposite an eating house. From the comparative novelty of the sight, a crowd of children and idlers soon gathered round it. Suddenly, from some cause not yet ascertained, the boiler burst, scattering death and destruction in every direction. Three boys were instantaneously killed. The bodies were frightfully mangled, in fact, were afterwards principally identified by their clothing. A little girl six years of age, and a boy about 14, have since died in the hospital. So far as is known, about 30 persons, chiefly children, were injured, many of them very seriously. Several of them are not expected to recover. The wounds are almost entirely about the head. The boiler itself, wrenched from the solid framework on which it rested, shot rocket-fashion into the air, and fell through the roof of the tenement. Fortunately, though there were three persons on the premises, none of them were seriously injured. There were several other very narrow escapes.

The death is announced of one of the oldest graduates of the University of Cambridge, the Rev. Benjamin Maddock, at the age of 91.

NEWS CROP.

Stokes' trial will take place next Monday.

Passeer, the German dramatic poet, is dead.

The census of Rome, just completed, makes the population 240,000.

A single hair of Napoleon I. sold for $10 at a London fair last month.

The death is announced of Lt.-General Sir Edward McArthur, K. C. B., Colonel of the 100th Regiment.

A Horticultural Society has been formed in Ottawa, of which Mr. J. M. Currier, M. P., has been elected President.

A public subscription in aid of an expedition in search of Dr. Livingston will be opened by the Lord Mayor of London.

The Smiths had a dinner at Pittsburg, Penn. The first toast was "Pocahontas—Heaven bless her for saving the Smiths to this country."

One thousand dollars have been subscribed for prizes at the trotting races at Ottawa next week. How much is given for missionary labor.

The Emperor of Germany has knighted and conferred the order of merit on the distinguished English painter, Sir Edwin Landseer.

The death is announced of the Hon. Geo. Beer, of Prince Edward Island, at an old age. He had taken an active part in public life and was highly respected.

The Coburg *Star* says that operations in connection with the survey for the Grand Junction Railway have been stopped, with a very uncertain prospect of ever being resumed.

M. Gauthier, who for the past seven years has ably discharged the duties of French Consul-General in Canada, is about to leave us. He will be replaced by M. Chevalier, formerly Consul-General at Geneva.

The Minister of Public Works has granted an enquiry into the charges preferred against Mr. O'Hanly by men employed under him on the Pacific Railway Survey. Five men have returned from Mr. Austin's section of the survey; seven of the party were left behind at Pembroke, being badly frozen.

BIBLE READING.—The division of the book into chapters and verses has incidentally given origin to one of the greatest hindrances to a better knowledge of the Bible—we mean the desultory way in which it is so commonly read. One chapter here and another there, a passage out of Kings and a passage in the Epistles, are made to succeed one another as 'lessons,' when the effect is to take all freshness out of the Bible, and to lose its best instruction, in much the same way that the finest orator would be little else than mere sound to the hearer who was made to listen first to parts of an air, then the next moment to a small portion from the middle of a symphony, ending with the last notes of a chorus. How many, for example, take up the Epistle to the Galatians, and read it through from the beginning as they would a magazine article? And yet by such reading alone can the full meaning and design of the author be justly apprehended. It is on this account, also, that we would strongly recommend the paragraph Bible, both for private use and for Bible-class. But if such a method is the most profitable for reading, still more is a connected and systematic essential for Bible study.

IN GENERAL.

The Lindsay Railway committee ask the town council for a by-law to raise the sum of $50,000 to aid the Grand Junction Railway from Belleville to Lindsay.

The Roman Catholic clergy of London have announced to their flocks that they will not attend the funeral of any person over whose body a wake has been previously held.

It is in contemplation to have the names of officers of the Canadian Artillery and the Active Force of Canada published in the Army List along with those of the militia of England, Ireland and Scotland.

There is not (says the London Telegraph) one word of truth in the stories, to the effect that in revising the pantomimes of the present season the Lord Chamberlain or his censor struck out all passages reflecting on the government of the day.

Before the Grand Jury now in session in New York concludes its work, it will indict some forty or fifty persons for complicity in the municipal frauds, which now undeniably amount to fully fifteen millions of dollars.

A colored member of the Legislature, and a correspondent of the Charleston *News* had a difficulty in Columbia, S.C. The latter shot at, and dangerously wounded Mr. Byas, the colored member.

The Standing Committees elected their chairmen: Railways—Mr. Mackenzie. Private Bills—Mr. Pardee. Privileges and elections—Mr. Prince. Public accounts. Mr. McLeod. Printing—Mr. Galbraith.

Hon. Mr. Tilley presided at the Anniversary Meeting of the Canada Sunday School Union, Montreal. Principal Dawson, of McGill University, and Rev. Alfred Taylor, of New York, were amongst the speakers.

The *Atlantic* thinks the critics are right in saying that Joaquin Miller's poetry is "a new creation," inasmuch as there is certainly a great deal of original chaos about it; and the *Tribune* calls Walt Whitman "the Barnyard Homer." Two good things excellently said.

Before leaving Sandringham the Queen intimated to Dr. Gull her intention of conferring on him a baronetcy and creating him one of Her Majesty's physicians in-ordinary. His labors in the sick chamber when nurses broke down and strangers were not allowed to enter, were, it is said, almost superhuman.

Brantford is looking up. It has just had the honor of originating one of the most extraordinary elopements of the season. A love-stricken swain could not make up his mind with regard to the merits of two fair damsels who shared his affections, and in order to avoid giving any cause of jealousy he ran away with both!

Cornwall seems destined to become a cotton manufacturing town, despite its adversities. Mr. D. McInnes now proposes to erect a large factory at that place, provided a sufficient bonus be given by the town. The terms offered by Mr. McInnes have been accepted by the town council, and it is anticipated that work will soon commence.

Not to be out of the fashion, Brother Jonathan has at last discovered that he has not an effective gun for naval and sea-coasting defence. A writer in the New York *Herald* declares that "by actual experiments made at Fortress Monroe, and at Shoeburyness, England, and the tests in Austria, Prussia, and Russia, it has been clearly demonstrated that the United States have not a gun that can equal in range, accuracy or penetration, or even approach with any degree the effectiveness of the heavy naval ordnance now used by European Powers."

$150,000 IN CASH PRIZES.—Highest prize $50,000 Gold Coin, to be distributed legally by chance, January 30th, 1872, in aid of the Mercy Hospital, Omaha, Nebraska, Pattee & Gardiner, General Managers See Advertisement.

Having used Fellow's Compound Syrup Hypophosphites for some time, in my practice, I have no hesitation in recommending it to my patients who are suffering from General Debility, or any Disease of the Lungs, knowing that even in cases utterly hopeless, it affords relief. H. G. ADDY, M.D.

"An Eminent Divine says," "I have been using the Peruvian Syrup." It gives me new vigor, buoyancy of spirits, elasticity of muscle. J. P. Dinsmore, 36 Dey Street, New York, will send, free, a pamphlet of 32 pages, containing a full account of this remarkable medicine, to any one sending him his address.

A Distressing Cough causes the friends of the sufferer almost as much pain as the sufferer himself, and should receive immediate attention. Dr. Wistar's Balsam of Wild Cherry speedily cures coughs, colds, influenza, sore throat, &c. It will always relieve consumption, and in many well attested cases it has effected a perfect cure.

The crown of womanly beauty is an elegant coiffure. As this cannot be obtained without the use of some Hair Gloss or fixateur, even by the most skilful *artiste*, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age. *Coco-Glycerine*, which nourishes and beautifies the Hair, is delightfully perfumed, *and leaves no stain on the gentlemen's waistcoats.* Ask for *Coco-Glycerine.* 14

Be Wise.—Too often a cold or slight cough is considered a very ordinary, trifling affair, just as well left to go as it came, and hence systematically neglected until a simple curable affection is converted into a serious pulmonary disease. The more prudent, aware that a cough or cold should never be trifled with, promptly use "Bryan's Pulmonic Wafers," which have sustained their reputation for over 30 years. They are always efficacious, and exert a most beneficial influence on all the bronchial and pulmonary organs. Sold by all Druggists and country merchants. Price 25 cents per box.

Very Natural.—When a person has proved an article and found it good, and answering the purpose for which it is intended, he will not readily abandon it for one of doubtful reputation, or concealing which he knows nothing. We are led to make these remarks owing to the course always pursued by those who have used that celebrated and truly valuable horse-medicine known as Darley's Condition Powders and Arabian Heave Remedy." All are so well pleased with it that they will not use any other; many have waited several weeks until the agent could obtain a new supply. There is nothing equal to it as a condition medicine, or for any complaint affecting the wind of horses. Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., Proprietors for Canada. Sold by all Dealers.

We received a very pleasant letter of thanks from our old friend Kendall, since his return home, for a bottle of Johnson's Anodyne Liniment which we gave him, and which he says has entirely cured him of the troublesome and dangerous cough he had when here.

On the death of one of England's most eminent physicians, all his effects were sold by auction, and among other things was a sealed packet, marked "Advice to Physicians," which brought a great price. The purchaser on opening the packet, read as follows: "Keep the head cool, the bowels open and feet warm." If physic is necessary, use Parson's Purgative Pills; they are the most scientifically prepared pill that has appeared in the last hundred years.

MARAVILLA COCOA. *No breakfast table is complete without this delicious beverage.*—The Globe says "Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doub whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage. Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Orgina, Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London, Exports, Chickory Mills, Bruges, Belgium.

NO RISK.

Thomas' Eclectric Oil! Worth Ten Times its Weight in Gold. Do you know anything of it? If not, it is time you did.

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common SORE THROAT. One bottle has cured BRONCHITIS. Fifty cents worth has cured an OLD STANDING COUGH. One or two bottles cures bad cases of PILES and KIDNEY TROUBLES. Six to eight applications cure ANY CASE OF EXCORIATED NIPPLES OR INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Daniel Plank, of Brookfield, Lioga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LIMB by six applications." Another, who has had ASTHMA for years, says: "I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more." Rufus Robinson, of Nunda, N. Y., writes: "One small bottle of your ECLECTRIC OIL restored the voice where the person had not spoken above a whisper in FIVE YEARS" "Rev. J. Mallory, of Wyoming, writes: "Your ECLECTRIC OIL cured me of Bronchitis in ONE WEEK." Dealers all over the country say: "We have never sold a medicine that has given such complete satisfaction as this."

It is composed of SIX OF THE BEST OILS THAT ARE KNOWN. It is as good to take as for external use, and is believed to be immeasurably superior to anything ever made. Will save you much suffering and many dollars of expense. Is sold by one or more dealers in every place where these circulars are found. Price, 25 cents. Why not buy it to-day?

Prepared by S. N. THOMAS, PHELPS, N.Y., and NORTHROP & LYMAN, NEWCASTLE, Ont., Sole Agents for the Dominion.

NOTE.—*Electric*—Selected and Electrized.
