Stop That Waste of Fuel!

BY USING

CCMSTOCK'S

Patent Revolving Flue

RADIATOR.

THIS RADIATOR is constructed on an entirely different principle from any of the so-called Heating Drums, most of which have proved worse than useless, the Revolving of this keeps it clear of soot. The heat and draft can be regulated at will. It is adapted for use on all Heating and Cooking Stoves, burning either wood or coal, and in any place where Stoves are required; it may be used as an upper room heater, taking the place of the old unsightly Dumb Stove. It consumes gas and smoke, and will save one-third the fuel ordinarily consumed. At the same time

Increases Heat 30 per Cent

When the Radiator is in a proper position, it is impossible for sparks to pass through to endanger the building. For this alone it is worth more than the price asked for it.

TOWN AND COUNTRY.

☞ SEE FIRST PAGE.

THE MEMBERS of the Band of the P. W. O. Rifles were entertained by Prof. Smith, at his residence, King street, last night, and spent a very pleasant evening, the party breaking up at 11 o'clock.

A TELEGRAM was received here last evening announcing the interesting fact that the Bill legalizing the various by-laws granting bonuses to the K. & P. R.R., and to provide for the future assessment of the town of Pembroke, passed its second reading yesterday.

SIR John A. Macdonald paid a visit to the works of the Canadian Engine and Machinery Company. He was received by Mr. J. G. Tandy, superintendent, and Mr. Gilbert, secretary, and conducted over their extensive premises. He was pleased with his visit, as any one could not fail to be in this busy hive of industry.

ORANGE INSTITUTION.—At a meeting of the new Orange District of Rideau, held at the lodge room of Loyal Orange Lodge No. 709, Pittsburg, on Monday, Feby. 5th, the following officers were elected:—W. D. M., William A. Donaldson; W. D. D. M., William Shannon; Secretary, Edward Hunter; Treasurer, John McFadden; Chaplain, Thomas Hutton.

THE MISSION.—Father Lancake preached in St. Mary's Cathedral to a very large congregation. He chose as the subject of his discourse the story of the Prodigal, and in powerful and impressive language urged an abandonment of a godless life for one of Christian grace and purity. The Reverend Father will continue the same subject in his sermon this evening.

TREAT TO SCOTCHMEN.—The Rev. Donald Masson, of the Gaelic Church, Edinburgh, now on a tour through Canada and the United States, will next Sunday, d.v., preach a Gaelic sermon in the St. Andrew's Church Lecture Room, William street, at 2 p.m. Mr. Masson is widely known as an able Gaelic scholar and an eloquent preacher. The rare treat this offers to the Highland residents in this city and neighborhood will, no doubt, be gratefully appreciated.

ENTERTAINMENT.—The first entertainment of the Victoria Fencing School and Gymnastic Club comes off to-morrow (Saturday) evening, in St. Patrick's Hall. Since the establishment of this institution it has received the liberal patronage of the young men of the city, who, under the directorship of Mr. C. Dearnally, have made such progress as to exceed expectations, and to prompt them to give a public exhibition. The programme, besides the gymnastic exercises, is composed of comic songs and excellent music, the performance opening with the farce "As Cool as a Cucumber." It will be well worth attending.

SUNDAY-SCHOOL ENTERTAINMENT.—On Wednesday evening a Concert was given by the pupils and teachers of the Sydenham Street Wesleyan Methodist School before a crowded audience. The programme, which was equally well prepared and executed, included choruses by the smaller boys and girls, readings and singing by the older pupils and several musical contributions from teachers and others. Among the musical items, songs from Miss Greenwood, Miss Bibby, and Mr. R. Tandy, as well as duetts from Miss and Master Hindmarsh, and the Tandy Bros., gave special pleasure. Capital readings and recitations were given by Messrs. Clarke, Lovell, Sanderson and Heath. From the hearty votes of thanks adopted by the audience we gather that the credit for the decided success of this entertainment was entirely due to Dr. Lavell, Superintendent of the School, Mrs. W. Tandy, its organist, and the Misses Bibby and Lavell, who, it appears, had equally shared the labor of its preparation.

The Wood Market Dispute.

DEAR WHIG.—Pending the report of the committee to whom was referred the subject of the disputed Wood Market in Clergy street, I would suggest, as a convenient spot, both for sellers and buyers of wood, for a stand, that triangular vacancy formed by the intersection of York, Barrie and Ordnance streets. It would be conveniently accessible for loaded sleighs from Pittsburg, Storrington and the direction of Cataraqui, is not much out of the way for buyers in the upper part of the city, and certainly would not incommode wayfarers either on foot or in vehicles. As to the objections of the market contractor, they amount to nothing in competition with the convenience of the people.

ONE OF THEM.

Feby. 9th, 1872.

Facts and Figures

A ton of straw makes 850 pounds of paper.

There are 89,000 vacant dwellings in Paris now.

There are 80,000 different shades in ribbons.

The Methodists built four churches a day last year.

There are 78 railroads in Germany, owning 19,145 miles of road.

It is estimated that one seventh of the population of America are church members.

It takes over 850,000 worth of grindstones, besides coal and other things, to make 423,000 axes.

Five hundred and twenty-five thousand six hundred trains leave London in the course of one year.

About ten thousand lasts of herrings, or 132,000,000 fish, have been landed at Great Yarmouth this season.

Sir Walter Raleigh's tobacco box is thirteen inches high, seven across, and will hold a pound of tobacco.

The total number of deaths from small-pox in London during the last year was 8,000. The average of 31 years preceding is 600.

The average income of 9,000,000 of people in Great Britain is less than two shillings per day; 18,000,000 live on a shilling per day.

The British House of Commons.

London, Feb. 7.—The subject of the treaty of Washington and the claims of the American Government for indirect damages, was again introduced in the House of Commons to-day, and gave rise to another exciting discussion.

Mr. Ralph Osborne addressed the House at length, and in the course of his remarks said that the Alabama question was the most momentous one England had been called to pass upon with a century. He compared the astute lawyers who composed the American Commission with the novices who represented England, and said the latter had been completely outwitted. "If," said he, "lawyers had planned the English case, we could have escaped with the payment of £6,000,000 sterling. The American Commissioners had served their country well, and achieved a triumph." Osborne, continuing said:—"The trouble lay at home; the Government had armies which could not march and ships which were unseaworthy, and now they had a treaty which they could not stand upon."

Mr. Arthur J. Otway blamed the Government for all the trouble which had been wrought. He thought, however, that the American Government would recede from its extreme demands; but in case it did not, England having admitted the principle of indirect claims, must be prepared to meet the enormous demands of the United States.

Mr. Gladstone and several other members defended the action of the Commissioners and the Government, and said they hoped the American claim for indirect damage would be withdrawn.

Dr. Wistar's Balsam of Wild Cherry is a combination and a form indeed for healing and curing diseases of the throat, lungs, and chest. It cures a cough by loosening and cleansing the lungs, and allaying irritation; thus removing the cause, instead of drying up the cough and leaving the disease behind.

NEWS CROP.

A sub-committee of the present grave crisis in the relations between Great Britain and the United States, proposes the appointment of a commission consisting of two foreign ministers, and a sixth, to be the president, to consider and report upon the claims. Evidently the negotiators have little faith in the stability of the U.S. treasury.

The nine hours movement is spreading and waxing strong apace. In London an effort is being made to call a mass meeting for its discussion, and a meeting was held in Brantford for the same purpose to keep the ball rolling.

The first instalment of the new Canadian silver coin, being $50,000 in half and quarter dollars, has been received in Montreal. The smaller denominations have been delayed by the breakage of dies, but will soon be long behind.

A Lodge of the Knights of Pythia, a secret order somewhat resembling Odd Fellows, is to be instituted at Toronto. It will be the first Lodge in Ontario.

The Grand Lodge of Idaho has also recognized the recently formed Grand Lodge of Quebec. This makes twenty-seven Grand Lodge recognitions to date.

There is a rumor at Halifax that the military will be withdrawn from that station, consequently there is little probability of any regiments being sent to Canada.

It is stated that an Inspector of Customs for Ontario will soon be appointed, and that Mr. G. R. Spencer, now Collector of Customs at Winnipeg, Manitoba, will get the office.

$150,000 IN CASH PRIZES.—Highest prize $50,000 Gold Coin, to be distributed legally by chance, January 30th, 1872, in aid of the Mercy Hospital, Omaha, Nebraska. Pattee & Gardner, General Managers. See Advertisement.

Life has few charms for the Dyspeptic, which is not to be wondered at when we take into the account the amount of bodily and mental suffering that this distressing malady generates. The Peruvian Syrup (a protoxide of iron) has cured thousands who were suffering from this disease.

The extraordinary effect of Fellows' Compound Syrup of Hypophosphites is due to its power of imparting the vital principle to all constitutions impaired by wasting or debilitating maladies. It is acceptable to the palate, and suitable for all ages and all constitutions. The blood is restored to purity and health, the nerves and muscles are strengthened, while tuberculous or consumptive deposit is retired.

The crown of womanly beauty is an elegant *coiffure*. As this cannot be obtained without the use of some Hair Gloss or Restaurer, even by the most skilful artiste, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age, *Cocoa-Glycerine*, which nourishes and beautifies the Hair, is delightfully perfumed, and leaves nothing on the gentlemen's waistcoats. Ask for *Coco-Glycerine*. 14

Begin's Wafers, (the great public remedy,) have now been in use over twenty years, hence it cannot be said that they are on trial. They have been thoroughly tried, and pronounced (on the authority of those whose lives and health they have preserved) to be a cure, harmless and eminently salutary preparation, and if taken in season will invariably cure colds, coughs, sore throat, and all bronchial affections. One fair trial will convince the most skeptical. Sold by all medicine dealers, at 25 cts per box.

It now generally admitted by honest physicians, that when once the consumption is fairly fastened upon the lungs, no human power can save the patient from death. They also say that about fifty per cent. of those who die from this disease can trace the cause to a neglected cough or cold, which might have been cured by a small bottle of Liquid Opodeldoc, or what is the same thing, Johnson's Anodyne Liniment.

Cut this notice out and bring it with you. We are authorized to refund the cash to any person or persons who shall buy and use Parsons' Purgative Pills and fail of relief and satisfaction.

Two Questions Easily Answered. Why should men wear beards? Because they are a great protection to the throat and lungs, and add much to their personal appearance. Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, hoarseness, &c., they act like a charm. Ministers and lawyers use them, physicians recommended them, and singers and public speakers say they are the very best medicine for the care of all complaints. Sold by all medicine dealers, at 25 cts. per box.

Physicking Horses.—Many persons physic their horses frequently—especially every spring. This is a great error, and one which has caused the loss of many valuable horses, as physic as it is usually given, often produces inflammation of the bowels which generally proves fatal; it also weakens the horse and thus renders him more liable to disease, or less able to throw it off—what is required is a medicine which will operate gently upon the bowels, and act upon the liver and lungs, removing all obstructions therefrom, purifying the blood and enabling all the organs to do their work without overtaxing any, which is accomplished by the use of "Darley's Condition Powders and Arabian Heave Remedy"—it is always safe and certain. Remember the name, and see that the signature of Hurd & Co is on each package, Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

NO RISK

Thomas' Eclectric Oil! Worth Ten Times its Weight in Gold. Do you know anything of it? If not, it is time you did.

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common SORE THROAT. One bottle has cured BRONCHITIS. Fifty cents worth has cured an OLD STANDING COUGH. One or two bottles cures bad cases of PILES and KIDNEY TROUBLES. Six to eight applications cure ANY CASE OF ECCORIATED NIPPLES OR INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Daniel Blank, of Brookfield, Lioga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LIMB by six applications." Another, who has had ASTHMA for years, says: "I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more."

Rufus Robinson, of Nauda, N.Y., writes: "One small bottle of your ECLECTRIC OIL restored the voice where the person had not spoken above a whisper in FIVE YEARS." "Rev. J. Mallory, of Wyoming, writes: "Your ECLECTRIC OIL cured me of Bronchitis in ONE WEEK." Dealers all over the country say: "We have never sold a medicine that has given such complete satisfaction as this."

It is composed of SIX OF THE FINEST OILS THAT ARE KNOWN. It is as good to take as for external use, and is believed to be immeasurably superior to anything ever made. Will save you much suffering and many dollars of expense. Is sold by one or more dealers in every place where these circulars are found. Price, 25 cents. Why not buy it to-day?

Prepared by S. N. THOMAS, Phelps, N.Y., and NORTHROP & LYMAN, Newcastle, Ont., Sole Agents for the Dominion.

NOTE.—*Electric*—Selected and Electrized.

Sold in KINGSTON by E. H. PARKER, HEATH & GUNN, R. WHITE, H. SKINNER, and by all medicine dealers.
