TOWN AND COUNTRY.

MONDAY EVENING, FEB. 12, 1872.

THE KINGSTON TURF CLUB.—The meeting to form this Club, whereby the racing sports in Kingston would be conducted in a responsible manner, was not a success.

INSPECTION OF STORES.—To-day Lieut.-Cols. Jarvis, French and Corbett made an inspection of the stores in the Dockyard, Fort Henry and other military repositories.

IN the Montreal City Council, a letter was read from J. J. Burrowes, Esq., Hon. Secretary, asking for a grant in aid of Kingston General Hospital, on the ground that that institution has often to extend its charity to people from Montreal.

DOMINION ARTILLERY.—It is stated in Saturday's General Order that Capt. Cotton, of Ottawa, and Lieutenant Holmes, of St. Catherines, having completed their short course of instruction with a Battery and School of Gunnery at Kingston, are retained for the long course of instruction.

PROF. BELL'S READINGS.—The first of Prof. Bell's literary evenings will be given to-morrow evening in the City Hall. The already known abilities of the Professor, as exhibited at his last readings here, together with the popular programme elsewhere presented, bespeak a large audience.

TROTTING RACES.—To-morrow the cabmen of Kingston are to hold their first annual races, for which the subscriptions in money have been large, on the ice in front of the city. There are three races, in which cab horses can alone be entered. The matches will be the most interesting of the winter sports.

IS IT the January thaw that so beautifully disappointed us last month which is now setting in? We cannot believe the January can be so far telescoped into February, and so must conclude that the blessings of the January thaw have passed by, and that the delights of the February melting are at hand.

THE OTTAWA HOTEL.—This elegant Montreal hotel is making a new stride into popular favor under its new proprietor, Mr. C. S. Browne. He is attentive to his guests and liberal in his table, and with the help of the improvements made in the hotel, is enabled to please and accommodate them exceedingly well. Montreal has good hotels for a certainty.

GAELIC SERVICES.—The Rev. Donald Masson conducted the Gaelic services in the St. Andrew's Hall, William street, yesterday afternoon. The congregation numbered upwards of sixty, and seemed to be deeply impressed at hearing the Word of God expounded in the language of their youth, the listening to which translated them for the moment back to the glens and hills of Auld Scotia.

SHORT NOTES.—The English mails per *Scandinavian* were delivered this morning.—Good people as well as sinners stood on slippery places to-day. Prudent ones took the middle of the street for their walks.—Special services are to be held in the Anglican Churches on Ash-Wednesday, day after to-morrow. Throughout Lent services will be held every Friday evening in St. James' Church.—St. Mary's Cathredal was very much crowded last evening.—Go early to the Concert if you are anxious for a good seat.

VICTORIA GYMNASIUM.—The performance in St. Patrick's Hall on Saturday evening was well attended, and quite successful. The performances of Master Dearnally on the bars, &c., were indeed very good, and he promises to become a first class athelete. He was well supported by Master Meagher and others, all good gymnasts. The dramatic pieces were well performed by the amateurs connected with the school, and especially the "Mimic."

PRESENTATION.—The Rev. R. Pattison, P.M., Pastor at Colinsby, ministers also in the Church At Elginburg, and lately his residence, the Parsonage at Collinsby, was the scene of a pleasant affair. The Rev. gentleman and Mrs. Pattison were visited by their friends at Elginburg and others nearer home, and presented with a China Service Sett, and a well filled purse, in recognition of the esteem in which Mr. Pattison is held by them. The latter returned grateful thanks for the kind and generous offering, and assured all that it would long be remembered.

POLICE COURT, Monday—Before Mr. Strange, P. M.—Mary Thomas, a squaw, who was found in a snow bank sleeping off the effects of her indulgences, was discharged. John Guthrie said it did not pay him at $2 or 30 days. John Purcell was charged with larceny. Mr. Livingston's grocery wagon was left standing at Mr. James Marshall's, Princess street, and prisoner was seen to jump into it, and drive off. An hour later the horse was found on York street, with about $20 worth of groceries missing from the sleigh. The police traced the affair up, and found the groceries at Nancy Duncan's. Purcell was committed for trial.

ANOTHER LIVERPOOL LINE OF STEAMERS.—The attention which the trade of the St. Lawrence is attracting is proved by the numerous schemes for the establishment of new lines of steamers to Canada from different ports in Great Britain. Some of these schemes have been abandoned; but the desire to partake in the large business of the St. Lawrence continues among shipowners, and our advertising columns announce that a new line between the Mersey and Montreal will begin its regular trips with the opening of the navigation. The Messrs. Shaw who, as agents for the London steamers, have already advertised that their fortnightly line of last year will this year become a weekly line, now announce the first ship of the new Liverpool fleet, to be followed by other vessels, weekly, throughout the season. It is expected, says the Montreal 'Herald,' by the gentlemen in England who are concerned in the adventure, that they will be able to place upon this route a number of new vessels which had been originally designed and built for service between Liverpool and a port of the United States. In any case we are assured that the ship employed are to be in every respect of a firstrate character. The 'Potomac' is to leave Liverpool on the 18th of Liverpool.

WESLEYAN CHURCH AT MURVALE.—The dedicatory services at the opening of this church took place yesterday, being conducted by the Rev. G. R. Sanderson, co-delegate of the Conference. The church was crowded to its utmost capacity, and the sermon was one of Mr. Sanderson's happiest efforts. In the evening a most successful tea meeting was held, and the church was often more crowded, if possible, than in the afternoon. Mr. G. A. Kirkpatrick, M. P., presided, and, in an excellent speech, opened the exercises. The Rev. Messrs. Ferguson, Young, Wilson and Sanderson then addressed the meeting, and were listened to with great attention. The Violet choir contributed largely to the success of the evening by beautiful selections of music. The proceeds of tickets sold and the subscriptions taken up at the close of the meeting realized $400. The church edifice is a handsome structure of Gothic architecture. The building is of stone, beautiful in all its proportions and well finished, and has cost about $3,000. Yesterday three sermons were preached, in connection with the opening services, by the Reverends R. Wilson, D. Chalmers and S. C. Philp.

THE BEAUTIFUL SNOW.—How pleasant it is to have the pure white snow to fall down like a mantle of sweet charity upon the earth and cover up its bare and ugly spots; and to fall down the back of your neck, melt there and run down your back; and to lodge upon the branches of the trees and glittering diamonds in the light of the sun; and to be formed into momentous spheres with which the ragged urchin plugs you in the ear and dodges round the corner, while his companions set up a shout of triumph; and to make a smooth and sleeny road over which the gay cutter swiftly glides, when under the warm robe the dear one nestles at your side the while you whisper in her ear the words of tenderest love; and to rout you out of bed at day-light to clear off about sixteen hundred feet of sidewalk before breakfast or be fined two dollars. Oh! it's nice to have the beautiful snow; but we will give three and six pence to the man who will invent a method of avalanching it off of the sidewalks without muscular exertion.—*Spectator.*

HUSBAND MARKET.—Rather a novel method of celebrating the advent of leap year has been adopted at Southville, Kentucky, and one quite unpleasant for the victims. This is nothing more or less than a public sale of the bachelors and widowers of that enterprising town by the young ladies of that vicinity.—They brought the following prices:—Lawyers (an inferior grade), $5 a head; farmers, from $4.25 to $5.50; doctors (common stock, and evidently "drugs in the market,") $5; widowers, $1,000, bidding spirited; bachelors without any distinctive professions or trades, 75c to $1.05, and the bidding slow. The high price paid for the widowers seems unaccountable to the bachelors. It is a pity to hold up so strong an inducement for men to wish to be widowers.

Life has few charms for the Dyspeptice which is not to be wondered at when we take into the account the amount of bodily and mental suffering that this distressing malady generates. The Peruvian Syrup (a protoxide of iron) has cured thousands who were suffering from this disease.

The extraordinary effect of Fellows' Compound Syrup of Hypophosphites is due to its power of imparting the vital principle to all constitutions impaired by wasting or debilitating maladies. It is acceptable to the palate, and suitable for all ages and all constitutions. The blood is restored to purity and health, the nerves and muscles are strengthened, while tuberculous or consumptive deposit is retired.

The crown of womanly beauty is an elegant *coiffure*. As this cannot be obtained without the use of some Hair Gloss or fixateur, even by the most skilful *artiste*, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age. *Coco-Glycerine*, which nourishes and beautifies the Hair, is delightfully perfumed, *and leaves no stain on the gentlemen's waistcoats.* Ask for *Coco-Glycerine*. 14

Bryan's Wafers, (the great public remedy,) have now been in use over twenty years, hence it cannot be said that they are on trial. They have been thoroughly tried, and pronounced (on the authority of those whose lives and health they have preserved) to be a cure, harmless and eminently salutary preparation, and if taken in season will invariably cure colds, coughs, sore throat, and all Bronchial affections. One fair trial will convince the most sceptical. Sold by all medicine dealers, at 25 cts per box.

It now generally admitted by honest physicians, that when once the consumption is fairly fastened upon the lungs, no human power can save the patient from death. They also say that about fifty per cent. of those who die from this disease can trace the cause to a neglected cough or cold, which might have been cured by a small bottle of Liquid Opodeldoc, or what is the same thing, Johnson's Anodyne Liniment.

Cut this notice out and bring it with you. We are authorized to refund the cash to any poson or persons who shall buy and use Parsons' Purgative Pills and fail of relief and satisfaction.

Owners of Horses Rejoicing.—And why not? and who knows but their horses are rejoicing as well; who can prove the contrary!! But their owners rejoice because of the astonishing and almost miraculous effects on their horses of "Darley's Condition Powders and Arabian Heave Remedy." Some were lean and poor having no appetite, others would devour their food ravenously, yet derive no benefit from it; some were hide-bound, with rough and shaggy hair; others had severe colds and coughs; many had the heaves and other complaints peculiar to horses; on all it operated as a charm, the disease or complaint was speedily removed, the appetite and digestive organs corrected, the skin softened, and a sleek and shining appearance given to the coat all without any danger to, or preventing the horse being used.—Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

NO RISK

Thomas' Eclectric Oil! Worth Your Times Its Weight in Gold. Do you know anything of it? If not, if you have not, if you have you did.

Pain cannot stay where it is used. It is the cheapest Medicine ever invented. One dose cures common SORE THROAT. One bottle has cured BRONCHITIS. Fifty cents worth has cured an OLD STANDING COUGH. One or two bottles cures bad cases of PILES and KIDNEY TROUBLES. Six, to eight applications cure ANY CASE OF EXCORIATED NIPPLES or INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Daniel Plank, of Brookfield, Lioga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LIMB by six applications." Another, who has had ASTHMA for years, says: "I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more."

Rufus Robinson, of Nunda, N.Y., writes: "One small bottle of your ECLECTRIC OIL restored the voice where the person had not spoken above a whisper in FIVE YEARS." "Rev. J. Mallory, of Wyoming, writes: "Your ECLECTRIC OIL cured me of Bronchitis in ONE WEEK." Dealers all over the country say: "We have never sold a medicine that has given such complete satisfaction as this."

It is composed of SIX OF THE BEST OILS THAT ARE KNOWN. It is as good to take as for external use, and is believed to be immeasurably superior to anything ever made. Will save you much suffering and many dollars of expense. Is sold by one or more dealers in every place where these circulars are found. Price, 25 cents. Why not buy it to-day?

Prepared by S. N. THOMAS, PHELPS, N.Y., and NORTHROP & LYMAN, NEWCASTLE, ONT., Sole Agents for the Dominion.

NOTE.—*Electric*—Selected and Electrized.

Sold in KINGSTON by E. H. PARKER, HEATH & GUNN, R. WHITE, H. SKINNER, and by all medicine dealers.

Stop That Waste of Fuel!

BY USING

COMSTOCK'S

Patent Revolving Flue

RADIATOR.

THIS RADIATOR is constructed on an entirely different principle from any of the so-called Heating Drums, most of which have proved worse than useless, the Revolving of this keeps it clear of soot. The heat and draft can be regulated at will. It is adapted for use on all Heating and Cooking Stoves, burning either wood or coal, and in any place where Stoves are required; it may be used as an upper room heater, taking the place of the old unsightly Dumb Stove. It consumes gas and smoke, and will save one-third the fuel ordinarily consumed. At the same time

Increases Heat 30 per Cent

When the Radiator is in a proper position, it is impossible for sparks to pass through to endanger the building. For this alone it is worth more than the price asked for it.
