CAPE VINCENT is to have a newspaper. Hurrah!

RETURNED.—Mr. D. D. Calvin, M.P.P., returned home this morning.

POLICE COURT, Wednesday.—There were no cases again this morning. Sound the loud timbrel.

ARREST.—This afternoon Mr. John Waddell was arrested on a warrant, setting forth on the information of Mr. Jones' that "he, the said John Waddell, did on the 23rd day of May last, at London, Ont., forge an endorsement to a promissory note for $613.50, and thereafter did forge endorsements to other promissory notes."

STEAMBOAT OPPOSITION.—A company is to be formed in this city to run a steamboat between this port, Picton and Cape Vincent, or between Kingston, Picton and Montreal. The business of the officers of the Rome, Watertown and Ogdensburg RR., who were in Kingston yesterday, was in connection with the enterprise.

WATCH STEALING.—Thomas Howie, a young farm servant of Mr. John Armitage, of Odessa, left his master's place suddenly last week, and was accompanied by a silver watch of Mr. Armitage's. The police here would like to see Mr. Howie, who was here in the city, but has fled, and a reward is offered for the return of the ticker.

SIXPENNY READINGS.—To-morrow evening the best Readings of the season, comparing the programmes are to be given in the Victoria Hall, in aid of St. John's Church, Portsmouth. These Entertainments, especially in gloomy Lent, do not lose their popularity, and a great attendance is to be expected.

DROPPED DOWN.—The horse is liable to some of the worst ills of the superior creature—man. To-day a fine horse, one of a team owned and being driven by a farmer of Wolfe Island, fell down on Johnson street, near the cathedral. Mr. McIntosh, Veterinary Surgeon, who was near at hand, found it a case of stroke of paralysis, the animal's legs being powerless. He took the difficult case in hand.

HARROWSMITH LODGE.—The Albion Lodge at Harrowsmith, though a young lodge, is liberal and enterprising. It has built a new Masonic Hall, to be a monument of its energy and spirit. It will be dedicated on Thursday evening by R. W. Bro. J. Kerr, D. D. G. M., in the beautiful and imposing ceremony of the Order. The Kingston Brethren are to be present in numbers.

CATARAQUI.—"A friend of the cause and a subscriber" writes from Cataraqui to correct an error, stating that the Penny Readings given on Friday were held in the handsome stone school house, not in the Town Hall. Besides, the entertainment was not, as stated, in aid of the Mortuary Chapel lately built in Cataraqui. It was, he rather thinks, to be applied to the purchasing of coal oil, &c., to throw more light on the subject.

CANADIAN NAVIGATION CO.—The following are the names of the masters of Canadian Navigation Company's steamers for the ensuing season, those going the rounds of the press being incorrect:—Corsican, Capt. Sinclair; Spartan, Capt. Dunlop; Corinthian, Capt. Farrell; Passport, Capt. Simpson; Magnet, Capt. Bailey; Kingston, Capt. Carmichael; Banshee, Capt. McCoy; Champion, Capt. Sherwood; Abyssinian, Capt. Estes; Athenian, Capt. Morley; Union, Capt. Courvette.

TEA SHINE AT BATTERSEA.—Last evening a very successful Tea Meeting was held in the Wesleyan Church at Battersea, of which the Rev. Mr. Fear is pastor. The church was filled with people. Mr. G. Spooner of Glenburnie, was called to the chair. A very plentiful supply of good things were provided by the ladies, with their characteristic generosity. Addresses were delivered by Rev. Messrs. Ferguson of Cataraqui, Chalmers of Bath, Chambers, of Storrington, Wilson, of Cataraqui; all of which were duly acknowledged. The choir sang splendidly their pieces chosen, and were highly praised.

A SPLENDID WINTER.—The winter of 1871-1872 has been really a splendid winter, with very delightful weather and most excellent "getting along." The sleighing is still at its very best, and it has been equally good since the latter end of November, now more than three months. Everybody is alive on the roads and the ice, and the quantity of produce of all kinds which has changed hands is a caution! The weather is good; the roads are good, the markets are good, and the country people are paying their debts. Good signs.

A CLUB FOR KINGSTON.—Why should she not have one? She did support one twenty-five years ago, and an effort is being made by several leading gentlemen of the city to prove that she can do so again. They are about to ask the co-operation of every one who is disposed to give to Kingston the same advantage of a quiet, social place of meeting as other cities, not to speak of some towns, possess. The Trust and Loan Company's building, soon to be vacated, lies in several easily, and it will make a capital club house. It is certain that under the management of some of the gentlemen whose name we have heard used in connection with the project, it will be well and respectably conducted.

CLEAR GAIT.—Yesterday afternoon, a horse attached to a light cutter ran away on Princess street, and when near the corner of King street, not liking the appearance of a well known establishment in that neighborhood, it threw the driver from his seat. He held his grasp of the reins, and was dragged over hard road and sidewalk along King street, then around the market until the animal was stopped near the Express office. He did not once loosen his grasp, being evidently a through passenger, not stopping at any way stations, not even for drinks. Every moment the spectators expected him to strike his head and be run off the track, but he was more fortunate, for when the crowd rushed on in breathless agony, to pick him up and collect his broken bones, he was about the most "collected" man in their midst. He was not hurt apparently, but he will have a sore time of it to-day. No damage was done to the horse or cutter. A farmer's team ran away opposite the Whig office this morning, but not having seen half so much to frighten them, and after just upsetting things a little, they were caught. No damage.

Mr. Bright's friends are now convinced that his health is not perfectly re-established. They apprehend that he will never be able to take his old share of public work.

In New York the prevalence of small-pox has made it the fashion to fumigate and disinfect houses. An average of seventy five dwellings a week are so cared for.

A Newburyport, (Mass.) woman lately became the happy mother of triplets, one of which has black hair, one red, and the other white. She won't have to tie pieces of ribbon on them to know them apart.

The Volunteer Review is to be held in England on Easter Monday as usual. This annual gathering of volunteers is useful if only, it affords the railway companies excellent practice in moving large bodies of men.

What is believed to be the most laconic "Address to the jury" on record, was delivered by Mr. Montage Bere, Q.C., at Bristol the other day. The Recorder summed up the case in the following words: "Gentlemen of the jury, which of the parties has spoken the truth?"

"Gentlemen of the jury," said a Western lawyer, "I don't mean to insinuate that this man is a covetous person, but I will bet five to one that if you should bait a steel trap with a new threepenny-piece, and place it within six inches of his mouth, you would catch his soul."

It is said that large numbers of counterfeit half-dollars, Canadian currency, are in circulation. They are said to be very difficult of detection from the genuine money—the color, feel and appearance being identical with the original, and over the weight compound. The only way they can be detected is by the sound.

The projectors of the North Shore Railway, in the Province of Quebec, intend that line to be as much as possible an air line, not exceeding 160 miles. The preliminaries of the work will begin in March, and the grading will commence in May. Soundings are already being made at Three Rivers for bridge foundations. The term for completion is fixed at three years.

Not long since a dyspeptic was beguiled by an advertisement to send to a New York individual a dollar, for which sum a cure for dyspepsia was promised. He received a printed slip with these words: "Stop drinking and hoe in the garden." The man was angry at first, then laughed, and finally stopped drinking and "hoed in the garden." In a short time he was as well as ever.

Mr. Alfred Waddington, the pioneer of the Canada Pacific Railway Company, died this afternoon in the hospital, of smallpox and typhoid fever. Deceased was 62 years age, nine years of which were spent in exploring the passes of the Rocky Mountains, and he was the discoverer of the Bute Inlet pass and of the Leatherhead Pass—the lowest pass of the Rocky Mountains—for which service the British Columbia Government gave him a town site of 320 acres near Bute Inlet. He was a man of undoubted energy and pluck.

DO MISFORTUNES EVER COME ALONE?—It is very curious to note how much truth there is sometimes in the saying that misfortunes do not come alone. When the course of prosperity or domestic happiness is once broken by calamity there frequently comes such a furious storm of disaster that scarcely a survivor remains. A Lynn (Mass.) tells the sad story of a workman's family near that place. The man himself was caught in the shafting of a mill where he worked, last October, and died from his injuries. He left a widow, one daughter and two sons. In December the daughter sickened and died. In January the sons were both stricken with fever. One of them died, and the other recovered so as to go out a few days ago, but venturing upon the ice on a pond near his home, broke through and was drowned. The poor woman who, last September, had a happy and thriving family about her, is now a lonely and childless widow.

ROUSSILLON PORT, NO. 1. Older than the preceding and drier, but full flavored and with great body.

MASDEU. Styled the "Lafite of Roussillon." The wine of this vineyard bore a high reputation six hundred years ago.

ALICANTE. A sweet red wine, of full body, delicate flavour and bouquet, and a great favourite. From its blood-making properties it is most valuable as a restorative in cases of debility.

The Wines of this class especially have been found of great benefit to invalids and delicate persons, from their nutritious and strengthening qualities; and being of low alcoholic strength, as compared to those generally imported, they can be used freely and without any danger of any inflammatory effect; they have also been those most prescribed and relished by medical men from whom we have the most gratifying testimony as to their value.

COLLIOURE VIEUX. From a vineyard near Perpignan. An old, dry wine with all the character of a fine Port.

PORT. A full flavored Oporto Wine.

WE ARE NOW PREPARING TO BOTTLE
DAWES & CO'S (LACHINE) ALE,
which will be offered to the public at reasonable rates, when ready for market. Due notice will be given. Great care will be taken in preparing bottles, and none but good corks used.
