THE NEWS had not any railroad stock to sell at all; it was only pretending it had some for effect in dealing with Mr. Robinson. The only stock it has is telegraph stock, and that yields a poor return.

ST. PATRICK'S SOCIETY.—The annual meeting will be held on Monday evening, and the election of officers will take place. Arrangements will be made for a spirited celebration of St. Patrick's Day.

WESLEYAN MISSIONS.—The anniversary sermons in connection with the Kingston Branch Wesleyan Missionary Society will be preached to-morrow in the Sydenham Street Church, at 10 o'clock a.m. by Rev. W. M. Punshon, M.A., and at 6.30 by Rev. J. A. Williams, chairman of the Brockville District. Both these gentlemen will address the missionary meeting on Monday evening.

JUDGE MACAROW will assume his duties in Picton on Monday, March 10th.

NAPANEE is making many improvements in building. Its brick yards cannot supply the demand for material.

THE afternoon mails have been late for the past two days, and our contemporary has not his usual amount of telegraphic news. We felt sorry, because we like to see enterprise, especially in getting telegrams by mail.

REFORM CONVENTION.—The Reformers of Lennox and Addington are organizing and preparing for the approaching general elections. They recently had a meeting in Napanee, at which Mr. John S. Cartwright presided, and Mr. W. R. McRae acted as Secretary. Addresses were delivered by Messrs. Jas. S. Cartwright, Jas. Nimmo, S. S. Madden, J. O. Sexsmith and Wm. Miller. There was a strong feeling of unity in favor of a local man for representative. Messrs. J. S. Cartwright, John Stevenson, G. B. Sills, W. R. McRae, Jas. Nimmo and Thomas Flynn were spoken of as candidates, but no choice made. Mr. J. S. Cartwright declines however, to run.

Police Court, Saturday

Before Mr. Strange, P.M.

John Devaney, a discharged convict, got on a spree and broke his landlord's windows. The prosecutor did not appear, and as Devaney is about to leave for Quebec, he was allowed to depart in peace.

A POLICEMAN INJURED.

Alexr. Robinson was charged with having assaulted Policeman Jas. Wooten. He was being brought to the Station by Wooten, and it is alleged that he tripped him up so that both fell. Wooten's collar blade was broken, so that he will be incapacitated for duty for several weeks. The Police Magistrate had decided to remand Robinson for eight days to await Wooten's appearance, but Robinson pleaded for a summary justice, and acknowledged the assault. Fined $10 and costs.

FREE TOLLS.

PROGRESS IN LENNOX AND ADDINGTON.

We are glad to find a stirring movement in the adjoining United Counties in favor of Free Tolls. The wise men of Napanee are eclipsing Kingston and Frontenac altogether in this new reform. Kingston took it up first, but is likely, if something vigorous be not done to carry it out here, to fall in the line after many others. The Napanee *Beaver* says:—

"At the late session of the County Council, Messrs. Williams, Detlor and Denison brought up the matter of purchasing the roads of the Richmond Road Company, and a committee was appointed to investigate the question and report to the Council. A resolution was also passed authorizing the purchase of the road by the county in case they could be obtained for some $7,000. Our town Council have taken the question into consideration and have appointed a committee to canvass the stock holders and ascertain what each man will take for his stock in the concern, only some 26 per cent. of which has been paid in. Nearly all the stockholders are willing to take the amount they paid without any interest or profits and some will even give a free and clear receipt, so there is a good prospect of the roads being purchased by the county, in which case they will no doubt be made free, which will be a great benefit to the town and country."

NEAR HOME.

Revival meetings are being held in the M. E. Church, Lonsdale, with unusual success.

The ladies of the M. E. Church, Lonsdale, intend holding a tea meeting on the evening of March 6th.

The Sunday School festival in the M. E. Church, Napanee, on Wednesday evening, was one of the most agreeable of the season.

The Rev. L. A. Betts, of Morven, who has been for some time dangerously ill with a severe attack of bilious fever, is now convalescent.

The ladies of the W. M. Church, Clark's Mills, will provide a Literary, Musical and Polyphagous Entertainment in that place, on Friday evening, March 8th.

S. WOODS.

LETTER FROM FORT CARRY.

(To the Editor of the BRITISH WHIG.)

DEAR SIR,—In my first letter I gave a brief account of our journey to Fort Garry. I will now attempt to give a description of the country as far as I have seen it. The soil in the immediate vicinity of Fort Garry, and for a hundred miles to the west, north and south, is very productive. Ontario farmers would be rather surprised to see the yield of barley, wheat, oats, and in fact all kinds of grain, while the vegetables cannot possibly be surpassed. The people of this country seem to think that the climate is too cold for the growing of apples and all kinds of fruit in general, owing to the slight covering of snow on the ground; but Canadian farmers who came here last spring think that if the trees were properly cared for in their infancy it would prove a success. However, a few years will solve the question. A good deal of the land around Fort Garry and Winnepeg is taken up by half-breeds and squatters, but farther west the land is better, and there are not so many settlers; for instance, around Whili, Mud River and Portage la Prarie, 65 miles west, the land is very good, well wooded and watered, of course nothing like the wood in Ontario, but makes excellent fuel. The wood material for building is brought from the shores of Lake Winnepeg in rafts. Up the Red River a distance of fifty or sixty miles good lumber can be had for $40 per thousand. There are openings for numerous saw mills about Lake Winnipeg. I may here remark that there is ample room for almost all trades. The carpenter, bricklayer, blacksmith, etc., will without doubt succeed, as there is any amount of employment and a scarcity of mechanics, and wages, as a general thing, are no object if the work is well finished. Board here is worth from five to seven dollars per week, but the cheapest way in summer time is to buy a tent and live a la bachelor. They would have a decided advantage over hotel boarders, not only in a pecuniary point of view, but also as regards the "hash department" (please don't look for any joke). I will now notice the natives of the country. The half-breeds are, as a body, rather indolent, and to my idea, about half civilized, not caring to cultivate their lands, but it is to be hoped that the large influx of Canadians will have a tendency to improve them. The Indians, in my estimation, do not come up to the noble warriors of the plains, as portrayed by Fenimore Cooper. They lack the lofty bearing and eagle eye, and do not think themselves above taking any little favor from the white, viz., cold victuals, etc., and are often seen in a striking attitude before a saloon door begging for rum. The sale of liquor to the Indians is of course prohibited under the penalty of a very heavy fine. In conclusion, I would not advise your merchants to come up here with the intention of making a fortune in a year or two, for a new country like this is always overrun with merchants of all kinds, and we certainly have enough of them here. I will reserve further comments until my my next. The Kingston boys are all doing well, and intend to take wives and settle down to farming.

Yours, etc., THOS. TWEED.
Fort Garry, 10th Feb., 1872.

ASSASSINATION.—Providence has interposed, not only in preserving the lives of Her Majesty and the Prince of Wales, but in calling out the sympathies of the people of England in behalf of royalty. The cowardly shot aimed at Her Majesty will only serve to kill Fenianism. The worst enemies of revolutionary schemes could wish nothing worse to befall them than a resort to such arguments. The death of D'Arcy McGee was the death of Fenianism in Canada. The assassination of Lincoln destroyed all sympathy for the South. If these enemies of the human race were capable of learning anything they might have learned that such attempts, whether they succeed or fail, are suicidal, and succeed only in establishing what they are meant to overthrow.

LIBERAL.—For forty years the city of Hamilton was represented by Tories, and never during all that time received any favor from the Government; but under a Reform Government and with a Reform representative, we get $2,000 per mile to assist in the construction of the Hamilton and Erie Railway; $8,000 per mile in aid in the construction of the Wellington, Grey, and Bruce; and, without doubt, we shall get $2,000 per mile for a contribution towards the line from Palmerston to Kincardine. Hurrah for a Reform Government!—*Hamilton Times.*

NO RISK.

Thomas' Eclectric Oil Worth Ten Times its Weight in Gold. Do you know anything of it? If not, it is time you did.

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common SORE THROAT. One bottle has cured IRONCHITIS. Fifty cents worth has cured an OLD STANDING COUGH. One or two bottles cures bad cases of PILES and KIDNEY TROUBLES. Six to eight applications cure ANY CASE OF EXCORIATED NIPPLES or INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Imiel Plank, of Brookfield, Tioga County Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LIMB by six applications." Another, who has had ASTHMA for years, says: "I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more."

Rufus Robinson, of Nunda, N. Y., writes: "One small bottle of your ECLECTRIC OIL restored the voice where the person had not spoken above a whisper in FIVE YEARS." Rev. J. Mallory, of Wyoming, writes: "Your ECLECTRIC OIL cured me of Bronchitis in ONE WEEK." Dealers all over the county say: "We have never sold a medicin that has given such complete satisfactin as this."

It is composed of SIX OF THE BEST OILS THAT ARE KNOWN. It is as good to take as for external use, and is believed to be immeasurably superior to anything ever made. Will save you much suffering and many dollars of expense. Is sold by one or more dealers in every place where these circulars are found. Price, 25 cents. Why not try it to-day?

A curious law suit is reported from New York. A Mrs. Reinsen sues the Brooklyn Board of Health, claiming $10,000 for the loss of the services of her son, who was removed from her house in January, 1871, to the small-pox hospital, where he died.

Colonel Skinner's report on the Wimbledon team is published. He recommends that a team be sent annually to Wimbledon from the Dominion, for which special accommodation on the ground would be set apart by the National Rifle Association of England.

It appears a little over 73 p.c. of Toronto's school population attended school, 98, of Hamilton's, 89 of Kingston's, London's 96, and Ottawa's 75. The average percentage of attendance of those who entered school was, in Toronto over 48 p.c., Hamilton nearly 63, Kingston over 53, London over 50, and Ottawa less than 44.

Another attempt is to be made in the U. S. Congress to procure the passing of an Amnesty Bill, that will do away with the pains and penalties imposed on those who took part in the Southern the war of secession. In the interests of the States it is desirable it should pass, as the present disabilities of the Southern whites keep up the feeling of hostility towards the North.
