HALL'S
Vegetable Sicilian Hair Renewer
Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard, and to those who have never used it we can confidently say, that it is the only reliable and perfected preparation to restore GRAY OR FADED HAIR to its youthful color, making it soft, pliable, and silken; the scalp, by its use, becomes white and healthy; it removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use the hair grows thicker and stronger. In baldness it restores the capillary glands to their normal vigor, and will create a new growth except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair that splendid glossy appearance so much admired by all. A. A. Hayes, M.D., State Assayer of Mass., says, "the constituents are pure, and carefully selected for excellent quality, and I consider it the BEST PREPARATION for its intended purposes." We publish a treatise on the hair, which we send free by mail upon application, which contains commendatory notices from clergymen, physicians, the press, and others. We have made the study of the hair and its diseases a specialty for years, and know that we make the most effective preparation for the restoration of the hair, extant, and so acknowledged by the best Medical and Chemical Authority.

The last social of the season at Odessa will be held in the W. M. Church, next Wednesday evening, March 13th.

Mr. James Watts, formerly one of the managers of the Soby House, Napanee, has leased the large hotel at Odessa, from Mr. F. R. Wycott. Mr. Wycott intends going to Italy next summer for his health.

On the complaint of Mr. Robert L. Henry, one Edward Jaques was brought before Charles James, J.P., on Friday last, for stealing a piece of tweed, shirting and other goods from his shop in the village of Enterprise. The prisoner was committed for trial.

Information was received in Napanee one day last week, says the *Express*, that E. Card, a store-keeper at Roblin, was making arrangements to leave for parts unknown, his family having already been sent ahead. A merchant in town who was interested to the tune of about $1,700, despatched a couple of officers to "stay" proceedings, who arrived in time to arrest Mr. Card, and he was brought to town and placed in durance vile.

The *Express* says that the new paper mill at Newburgh, is in full blast, under the management of the enterprising proprietors, Messrs. Rathbidge, Thomson & Co. It will give employment to some fifty persons; will be run day and night, and manufacture about nine tons of good printing paper per week, worth $500 per ton, about $70,000 per annum. The material required will be 700 cords of poplar and basswood, fifty tons of rags, besides chemicals, and 2,000 cords of wood for the engines.

The Tichborne Case.

Though the jury has brought against the claimant there is little doubt there are many persons who still adhere to the idea that he is in reality, the long lost son and heir. Even the judgment of the court will not shake them in this idea. Whether the story told by this butcher or baronet, or whatever he turns out to be, is false or true, it is a most remarkable one. If the claimant is an impostor, as twelve of his countrymen decide him to be, the romance, of which he forms the central figure, claims recognition as one of the most extraordinary conspiracies of modern times to elevate a low-born boor to the ranks of the British aristocracy.

VALUE OF THE CLAIM.

The plaintiff's case set forth his claim as the rightful heir to the Tichborne baronetcy with the property belonging to its occupants, brings in an annual income stated variously at £20,000 and £30,000, but nets really £27,000, or within a fraction thereof.

CAUSE OF ACTION.

This suit was instituted by Orton's lawyers in the shape of an ejectment brought against one of the tenants on the Tichborne estate for non-payment of rent to the claimant. Orton's attorney served due legal notice on the man enjoining him to pay rent to the new found heir. The tenant refused, and hence the trial of the title of the estate.

The Tichborne baronetcy was created by the Crown of England in the year 1620 as a mark of royal honor to the members of a distinguished family.

THE ATTORNEY-GENERAL'S SPEECH.

There is probably nothing like it in literature, not even in the speeches on the Impeachment at Washington itself. The only thing approaching it is the Hindoo epic, the *Mahabharata*, consisting of 200,000 double verses, and relating, in the lowest, to the contest of two rivals for the possession of a large property, in the one case, Hindostan, in the other, the Tichborne estate. We don't wonder that the claimant, be he Tichborne or Orton, was frightened out of the case. Few men could brave it out after such a speech.

CHURCH REFORM.—One of the petitions presented by the Bishop of Winchester last week in the Upper House of the Convocation of the Province of Canterbury, was from the E. C. U., which is described as "consisting of nine thousand communicants." Amongst the points of agreement in the document with the recommendations of the Ritual Commissioners, are the shortening of the Sunday morning service, a special short form for week days; a third service for Sunday evening; and the reading of the Lessons by laymen, whilst the projected arrangement that parents may act as sponsors for their own children at baptism is not opposed. As to the Athanasian Creed, the Church Union adherents object to any alteration or omission, or optional none use; but they concede a revisal of the translation is necessary.

Persons suffering from impure blood, or whose health is giving way, either as ministers or those who study closely, will find in Fellows Compound Syrup of Hypophosphites *the material to build them up and the tonic to keep them there.*—Dw. Clay.

Eminent men of science have discovered that electricity and magnetism are developed in the system from the iron blood. This accounts for the debility, low spirits and lack of energy a person feels when this vital element becomes followed. The Peruvian Syrup, a protoxide of iron, supplies the blood with its iron element, and in the only form in which it is possible for it to enter the circulation.

The crown of womanly beauty is an elegant coiffure. As this cannot be obtained without the use of some Hair Gloss or fixateur, even by the most skilful artiste, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age. Coco-Glycerine, which nourishes and beautifies the Hair, is delightfully perfumed, and leaves no stain on the gentlemen's waistcoats. Ask for Coco-Glycerine. 14

There are probably a hundred or more persons in this and neighboring towns, who daily suffer from the distressing effects of kidney troubles, who do not know that Johnson's Anodyne Liniment is almost a certain cure. In severe cases great relief may be obtained, if not a perfect cure.

We notice that the Agricultural papers all over the country recommend the use of Sheridan's Cavalry Condition Powders.—Exchange.

Farmers and others in this section have long known and appreciated the advantage of these powders over all others.

☞ Thousands of people are now carelessly allowing themselves to drift through the preliminary symptoms of consumption under the fatal delusion that they are troubled with nothing but a cold. How necessary is it, then, that a cold should be cared for from its inception, and every exertion used to get rid of it. "Bryan's Pulmonic Wafers" will soon stop a hacking cough in a few minutes, and by their influence on the bronchial and pulmonary organs all fears of dangerous results will soon be dissipated. But they must be taken in time. Sold by all Druggists and country dealers. Price 25 cents per box.

Since the use of a few packages of your Cordial and Anodyne, we have been free from sickness, and have been completely restored, and have been told on all sides that we look more like health, and we feel younger. We have used Dr. Deloy's Cordial on Bowels and Anodyne Pain Remedy, we know you will be pleased to hear of our cure. The great superiority of Dr. Wheeler's Compound Elixir of Phosphates and Calisaya over all other remedies consists in its being purely physiological in its action, being composed only of principles that enter into the formation of the system and in such carefully selected proportions as are readily absorbed and assimilated. It supplies the wasting tissues from the decomposition of nervous matter, the result of mental and physical labor and nervous prostration and general debility. For building up constitutions enervated by long continued illness or by irregular habits, it has no equal, as it unsparingly imparts energy to the organs of digestion and creates healthy blood, the source of all vigor. Power is thus given, and it builds up diseased structures by the same manner as our daily food, with no liability of relapse. Sold by all druggists at $1.
