MONDAY EVEN'G, MARCH 11, 1872.

☞ *SEE FIRST PAGE.*

CITY COUNCIL.—Special meeting this evening at eight o'clock.

POOR people have reason to be thankful that the last cold spell has come to an end. It made an awful hole in the wood piles.

STARTLING.—An Ottawa paper says: "Lady Lisgar was out for an airing to-day."

THE second Reading at Garden Island, in aid of Trinity Church, Wolfe Island, will take place to-morrow evening. The programme is a capital one.

IN MEMORIAM.—Yesterday, St. George's Cathedral was draped in mourning, for the death of the wife of the beloved Curate, Revd. H. Wilson.

THE past four days have been tending unmistakably to an early advent of the season of eithreal mildness. To-day is delightfully indicative of the good time coming.

DAIRYMEN'S ASSOCIATION.—We again call attention to the important Cheese Copvention, to take place at Belleville on Wednesday and Thursday next. We trust the dairymen of Eastern Ontario will support it heartily.

PERSONS requiring emigrant workmen, either of the agricultural or artisan class, should apply at once to Mr. R. Macpherson, the Agent here, in order to have their wants supplied on the earliest arrival of this desirable class.

AT LAST.—Whisky Detective Mason, arrived from Toronto on Saturday afternoon with an official escort. He was driven to the Penitentiary, and for two years will have an intimate acquaintance with the details of its management.

ROME, WATERTOWN AND OGDENSBURG RR.—This Company is pushing its agencies in Canada, and have appointed as General Agent for the Dominion Mr. W. W. Johnson, who is now in Kingston.

SERVICE.—Each evening during the present week there will be preaching in the Sydenham street Church. The service commences at 7.30. During the past two or three weeks similar services have been conducted, large and interested congregations attending nightly.

ST. PATRICK'S SOCIETY.—This body met again on Saturday evening, and received numerous subscriptions and an addition of new members to its rolls. The Committee received authority to engage the 40th Band and preparations for the coming celebration were further advanced. Another meeting will be held to-morrow evening.

POLICE COURT, Monday. Before Mr. Strange, P.M. John Smith, who was lately reported to have arrived in town, the first of his race known here, was sent to gaol for 30 days as vagrant. John George and Richard Moore, two more of the class, were sent up for 30 days also. Jas. Airthers, another vagrant, was discharged, as he had but one arm, but a good tongue to beg off, was discharged.

A PUBLIC MATTER.—The condition of Milton's Burial Ground in Pittsburg is very disgraceful. The fences are down so that it is almost like a common, and the St. Lawrence is annually encroaching on it; with the washing away of its banks portions of the lots are carried off. What ought be the well-cared for and sacred resting place of the dead is almost a pasturage, filled with brush wood and other accumulations of a neglected spot. We hear that some action is contemplated in favor of having the ground put in decent order, inclosed with new fences and a break water, and otherwise secured from desecration. We trust it be carried out.

ALMA MATER SOCIETY.

QUEEN'S COLLEGE.

A regular meeting of this society was held in the Classical Class Room, on Saturday evening and the debate of which due notice had been given, took place and was conducted in parliamentary form. Mr. Cockburn was unanimously chosen Speaker and the Government with Mr. T. Alexander as the President of the Council, brought down a measure respecting Immigration. Mr. John McIntyre acted as leader of the Opposition.

Mr. Alexander in introducing the measure, briefly sketched the political history of Canada up to the Union of the British North American Provinces, and spoke of the marked progress made since that Union. In drawing a comparison between this Country and the United States he shewed, by statistics, that the latter in respect to immigration, had far out stripped us; which was chiefly owing to the liberal policy they had adopted.

The demand for labour in Canada was rapidly increasing. Railroads were permeating every part of the Country; these with the building of Public Works, the developement of our mineral wealth, the increase of Agriculture, call for a liberal Immigration Policy. It was a subject of national interest and a measure of public utility on which immediate action should be taken.

Messrs. Webster, Pringle, Snodgrass and Herald supported the measure.

Mr. McIntyre disputed the great importance attached to immigration, but complained that the policy proposed by the Government was not liberal enough, and he therefore moved an amendment which was supported by Messrs. A. McGillivray, Cormick, Shaw and McTavish.

After a lengthy discussion the ayes and noes were taken and the amendment lost. The original motion was put and carried. This closes the debates for the Session and we congratulate the society on the great success which has attended them.

MARAVILLA COCOA—Opinions of the Press:—"Those who have not yet tried Maravilla will do well to do so."—*Morning Post.* "It may justly be called the perfection of pure Cocoa."—*British Medical Journal.*

MARAVILLA COCOA—The Globe says, "Taylor Brothers' Maravilla Cocoa has achieved a thorough success, and supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguished the Maravilla Cocoa above all others. For Invalids and Dyspeptics, we could not recommend a more agreeable or valuable beverage."

HOMEOPATHIC COCOA—This original preparation, which has attained such a world-wide reputation, is manufactured by TAYLOR BROTHERS under the ablest homœpathic advice aided by the skill and experience of the inventors, and will be found to combine in an eminent degree the purity, fine aroma, and nutritious property of the fresh nut.

SOLUBLE CHOCOLATE, made in one minute without boiling. The above articles are prepared exclusively by Taylor Bros., the largest manufacturers in Europe, and sold in tin-lined packets only, by Storekeepers and others all over the world. Steam Mills, Brick Lane, London. Export Chicory Mills, Bruges, Belgium.
